An Introduction to Elmira College

Elmira College is a private, coeducational liberal arts college in the southern Finger Lakes region of New York State.

Each academic program is built upon a strong general education in the liberal arts and sciences, with special attention given to the development of communication skills and the exploration of world cultures. Students also participate in field experiences or projects related to career goals, and the College provides a wide range of other off-campus learning options, including a Community Service and Internship requirement.

The College seeks to blend theory with practice beyond the classroom with co-curricular experiences in intercollegiate athletics, career planning, residence life, student activities, and student leadership opportunities—all of which complement academic programs.

There is more to a college, however, than its majors, courses, and co-curricular programs. Elmira College takes pride in the talent, commitment, and dedication of its faculty and staff. Additionally, alumni and friends contribute greatly to the success of the College and to the quality of education it offers.

We take equal pride in the more intangible but equally important human dimensions of our people—their spirit of caring, empathy, openness and sensitivity. We believe these qualities are crucial in helping students develop their own paths of exploration and self-discovery. The holistic development of our students is at the heart of the mission of Elmira College and a key component of its tradition of transforming lives.

Elmira College Mission Statement

Grounded in the liberal arts and sciences, Elmira College provides a collaborative and supportive environment that enables students to become active learners, effective leaders, responsible community members, and globally engaged citizens. Proud of its history and tradition, the College is committed to the ideals of community service and intellectual and personal growth.

Accreditation and Memberships

Elmira College is accredited by the Middle States Commission on Higher Education, 3624 Market Street, Second Floor West, Philadelphia, PA 19104, (267) 284-5000. The Commission on Higher Education is an institutional accrediting agency recognized by the United States Secretary of Education and the Commission on Recognition of Postsecondary Accreditation. Elmira College is registered for teacher education by the New York State Education Department. Elmira College is a member of the Association for Advancing Quality in Educator Preparation (AAQEP). Pursuant to §52.21 of the Regulations of the Commissioner of Education, the educator programs offered by Elmira College are considered to be continuously accredited for purposes of meeting the New York State requirement that all such programs maintain continuous accreditation. The Nursing program is accredited by the Accreditation Commission for Education in Nursing Inc., 3343 Peachtree Road, NE, Suite 850, Atlanta, GA 30326, (404) 975-5000, www.nlnac.org.

The College is a member of The National Collegiate Athletic Association, the National Association of Independent Colleges and Universities, the Council of Independent Colleges, and other national and regional councils and associations.
Charter and Curricula

Founded in 1855, Elmira College is chartered by the Regents of the University of the State of New York. Curricula are registered with the New York State Education Department and are approved for the education of veterans and dependents of deceased and one hundred percent disabled veterans. The College is authorized under federal law to enroll nonimmigrant alien students.

Academic Programs

Graduation and major requirements serve as guides for students and academic advisors in the planning of individual degree programs. They represent the basic accomplishments necessary for an earned certificate or degree and reflect the College’s philosophy of education. Formal on-campus instruction is enhanced through Elmira College’s Field Experience programs and other special academic opportunities. Students may spend Term III in a variety of important programs such as studying marine biology on the Bahamian island of San Salvador or select other Elmira College study abroad opportunities.

Student Life

The out-of-class life on the campus offers a significant number of opportunities for students to participate in social, cultural, recreational and athletic activities. Many activities and events are organized for student development, participation and enjoyment. The College has traditionally held that the out-of-class environment makes a significant contribution to a student’s overall experience.

Research and theory note that each student enters college at a different developmental level. As is the case in many aspects of academic life, an effort is made to consider individual preparation levels. Students are urged to become involved in their personal development in a manner that complements academic development. We expect each student to take the initiative necessary to become an involved campus citizen, and access the many resources available for personal development.

Orientation

Elmira College has a unique series of programs designed to introduce new students and their families to the College community. During the summer, members of the new class are encouraged to attend one of our Summer Orientation programs. At this time students will work with an academic advisor to complete their course selection and registration for Term I. Parents are encouraged to participate with their student and will have an opportunity to meet many members of the College community. Our goal is to provide vital information about the College.

Prior to the beginning of classes for Term I and Term II, the College holds an orientation program for all new students. Orientation is designed to help students acculturate to college life. This event is designed to support the academic and social success of our students.

Residence Requirements

All students will be required to reside in College housing. Exceptions to this policy include the following:

- Married students
- Students residing with their parents or biological children within commuting distance (fifty miles from campus)
- Students twenty-five years of age or older
Students currently residing on campus who meet the above criteria and wish to live off campus must complete the Request to Live Off Campus form available in the Office of Residence Life. The request will be reviewed by the Director of Residence Life and Student Conduct.

All students over the age of twenty-five desiring on-campus housing will need to meet with the Director of Residence Life and Student Conduct before housing is provided. A determination will be made as to whether or not the residence halls will suit a non-traditional aged student’s needs. Final decisions are also based on available space in the residence halls and the suitability of living requirements.

Part-time students are those persons who register for fewer than 9 credits during Term I or Term II, or who enroll for fewer than 4 credits during Term III or Term IIIA. Part-time students who wish to live in a college residence should contact Mr. Nathan Friesema, Director of Residence Life and Student Conduct, Meier Hall, (607) 735-1821, for further information. To qualify, students must be matriculated and registered for coursework on at least a half-time basis.

Any student whose housing is revoked will be dismissed from the College unless the student lives within commuting distance (fifty miles) and the student resides with their parents.

Room selections are generally made for the academic year. Term III is viewed as an extension of Term II, and those students who select Term I housing will be obligated for the remainder of the year.

Students who are dismissed for academic reasons are eligible for a refund according to the refund policy. Students who are dismissed for disciplinary reasons are not eligible for any refund for the currently enrolled term.

Career Services
The Office of Career Services offers a variety of resources to assist students in the career exploration and development process. Students experience personal and professional growth by utilizing the following services:

Self-Assessment of Interests, Skills, Values and Personality through:
- career counseling
- Community Service
- Campbell Interest and Skills Survey
- job shadowing and networking opportunities
- Myers-Briggs Type Indicator

Development of Job Search Skills, Exploration, and Strategies through:
- career-related internships
- informational and practice interviews
- workshops on various career development topics
- resume and cover letter assistance
- building meaningful relationships with alumni
- recruitment and networking events such as the annual Community Service Fair, Graduate School Fair, and Field Experience Showcase

Students are encouraged to visit the Office of Career Services located in Student Learning Commons in the Gannett Tripp Library to discover, familiarize, and utilize the various services available.

Office of Student Success and Advocacy
The Office of Student Success and Advocacy is designated as the primary retention center for Elmira College. It is our commitment to ensure that students enjoy a positive and successful college experience. Our goal is increase the persistence and graduation rates of our students by providing the following services:
• Advocacy
• Tutoring
• Success Coaching
• Peer Mentoring
• Referral to appropriate campus resources
• Workshops focused on success strategies
• Assistance with the transition to college
• A safe place to share concerns and offer recommendations

In addition to the support services offered above, the Office of Student Success and Advocacy facilitates the Leave of Absence and withdrawal processes. The Office also receives Early Alert Referrals from the campus community that allows the staff to reach out to students who might be struggling. Students are encouraged to contact retention@elmira.edu for support and referral.

Tutoring Center
The George W. Howell Tutoring Center promotes the academic success and development of Elmira College students by fostering academic, social, and personal growth in a comfortable and supportive environment. Tutoring Services helps students in developing strategies that help strengthen academic skills in such areas as note-taking, study habits, test anxiety, and time management.

Tutoring Services provides support in cooperation with faculty by utilizing peer tutoring assistance with walk-in hours. Students are encouraged to meet with their professor during office hours, attend class regularly and complete all assignments prior to meeting with Tutoring Services. Students do not have to be experiencing problems to utilize the Tutoring Center but are encouraged to seek support as soon as they experience academic difficulties.

For more information contact tutoring@elmira.edu or call (607) 735-1808.

The Writing Center
The Writing Center at Elmira College, located in the Gannett-Tripp Library, aims to support student work in all forms of writing across the academic disciplines. Through one-on-one consultations and workshops, we are committed to offering effective feedback and strategies to help students improve each stage of their writing, from brainstorming to the final draft, all free of charge.

Our goal is to make the Writing Center a warm, friendly environment that encourages students from all majors and disciplines, both full-time and part-time students, to become more effective, more confident writers.

For more information and for current hours, visit the Writing Center website: www.elmira.edu/writingcenter.

Special Services for Students with Disabilities
Elmira College is committed to providing appropriate services to students who identify themselves with a disability. Once the proper disability documentation is shared with the Academic Accommodation Coordinator, students may then be provided access to reasonable and appropriate accommodations. The Academic Accommodations Coordinator consults with all Elmira College stakeholders to determine and facilitate accommodations to the individual students requesting these services.

Please contact the Academic Accommodations Coordinator, in McGraw Hall, room 113, via e-mail at: accommodations@elmira.edu, or call (607) 735-1857.
Clarke Health Center

Success as a student at Elmira College is as important to the institution as it is to every student and their parents. The College realizes that although good health does not insure good grades, poor health is a frequent cause of poor grades. We define wellness as not merely the absence of disease, but as productive physical, mental and social well-being.

Health care has changed drastically in the past decade and the future holds exciting options for individuals to enter a partnership with their health care providers. One of our goals at the Clarke Health Center is to educate students so they can knowledgeably enter into such a relationship and take their places as informed health care consumers.

The Clarke Health Center is staffed by registered nurses and a full-time Nurse Practitioner, Monday through Friday, 8:30 a.m. to 4:30 p.m.

Services available at the Clarke Health Center include assessment and treatment of illness and injury, referrals to higher level of care-specialists, wellness programs and health education, allergy injections, prescription management, immunizations and on site laboratory testing including mono, throat cultures and blood glucose testing.

Medical Forms Required

In order for the Clarke Health Center to provide competent and thorough treatment, we require all students to submit a completed Health Form prior to arrival on campus.

The New York State Department of Health requires proof of immunity against Measles, Mumps and Rubella. Failure to comply within thirty days of arrival to campus will result in the withdrawal of the student from classes until the mandated documentation is provided.

The Health Form can be found on the Elmira College website within the Health Center information.

Health Insurance

All students must carry health insurance while they are a student at Elmira College. Every student is automatically enrolled in the College Health Insurance Plan. If the student is covered by their own family policy, the student has the option to waive the College Plan. The waiver procedure must be completed at the beginning of each academic year. Students who do not waive the insurance by the deadlines published by the Business Office will be responsible for paying the full cost of the plan. All International Students MUST carry the College Insurance, as travel policies will not be accepted.

Transcripts

Students may receive an official transcript of all academic work taken at Elmira College by completing the appropriate form or submitting a signed letter of request to the Office of the Registrar. Official transcripts are free. Official transcripts bear the signature of the Registrar and the College seal. Transcript requests forms are located on www.elmira.edu under the Office of the Registrar link.

All requests must be in writing. No one, other than the person himself, may request a copy of an individual’s transcript. Copies will be sent to other parties only upon a student’s written request. There will be no exceptions to this regulation.

Transcripts will not be issued if an outstanding financial obligation remains in the Business Office. Institutional loan obligations must also be current to receive financial clearance for transcripts. Processing time, for all requests, is three to five business days.
Veterans’ Information

Veterans who wish to enroll at Elmira College should contact their local Veterans Administration field office or local office of the New York State Division of Veterans Affairs at the Veterans Affairs main web site at http://www.va.gov, or phone 1-888-GIBILL-1 or 1-888-442-4551, VA Regional Office, P.O. Box 4616, Buffalo, New York 14240-4616. Elmira College participates in the Yellow Ribbon Program, which is a provision of the new Post-9/11 GI Bill.

Elmira College also partakes in the Tuition Assistance Program for Active Duty, National Guard and Reservist within their branch of service. Please contact your service branch Education Counselor or Education Services Specialist (ESS), or Education Services Officer (ESO) for more information.

The Department of Defense requires the return of unearned TA funds on a proportional basis through at least the 60 percent portion of the course regardless of the reason for withdrawal (service-related or otherwise). The return of any TA funds will be returned directly to the military service, not to the service member. The requirement to return unearned TA funds on a proportional basis applies to the TA portion only. Any calculation performed by the institution would consider only TA program funds.

Elmira College is a member of Service members Opportunity Colleges, SOC, a consortium of national higher education associations and institutional members. SOC functions in cooperation with the Department of Defense, the Military Services, including the National Guard and the Coast Guard, to help meet the voluntary higher education needs of service members. Certification is ultimately handled through the Office of the Registrar, McGraw Hall, room 113, (607) 735-1895.

Students Called to Active Military Service

Being called to active military service during any term will trigger:

A. Credit for the full term of tuition, room, fees for future enrollment.
B. Credit pro rata for board fees to future enrollment.
C. Analysis, on an individual basis, of coursework and class standing to maximize the awarding of academic credits for work in progress, or to allow work to be completed upon return to classes after enlistment is complete, depending on which approach is more appropriate. Tuition will be charged pro rata for all credits awarded under this provision.
D. As long as student is on active duty, he or she will remain in good standing with the College.
E. Students should notify Office of Student Success and Advocacy, retention@elmira.edu and Mrs. Lesia Fadale, Certifying Official for Veterans’ Benefits, in the Office of the Registrar, McGraw Hall, room 113, (607) 735-1895, lfadale@elmira.edu.

Campus Engagement

Activities and events at Elmira College are many and varied. Participating in campus events is an effective way of developing, practicing, and refining leadership and interpersonal skills. Participation in student activities can range from attendance at events, to membership in a club, or leadership in the organization that plans the programs. Students can develop a wide range of useful skills through increased involvement in organizational leadership and especially through participation in program planning. All campus programming groups are open to student membership and feedback about types of programs that students would like to see on campus.

There are more than forty-five special clubs, student government organizations, and honor societies on the Elmira College campus. New clubs are formed each year, and you can begin one if you have an interest that is not currently being addressed by our wide range of existing clubs.

The activities are limited only by your imagination. We encourage you to get involved. Contact the Director of Campus Engagement to become an active and participating member of the student body.
Elmira College Athletics, Intramurals, and Recreation

The athletics program at Elmira College complements the co-curricular experience by providing an environment in which the student-athlete can achieve academic success, cultivate and enhance physical, psychological and social growth and development. Athletics provides theory and practice beyond the classroom to graduate responsible global citizens and leaders prepared for a lifetime of careers and personal growth; outcomes include: skills in communicating, leadership, team work, critical thinking, mathematical quantitative reasoning and community service.

We encourage student-athletes to practice and compete to their full potential, with emphasis given to sportsmanship and fair play. Elmira College maintains the highest safety standards to ensure the health and well-being of all student-athletes who participate, values cultural diversity and provides equitable participation opportunities for our men’s and women’s sports programs. We believe students need a variety of athletic and recreational opportunities with options ranging from well-structured and highly competitive varsity sports to the informal nature of the intramural activities program. Intramural Activities change from time to time, depending, in part, on student interest. Some annual events include: fun runs, dodgeball, badminton, broom ball, the cardboard boat race and softball.

Elmira College holds membership in the NCAA (Division III), Empire 8, UCHC (men’s and women’s ice hockey), and UVC (men’s volleyball). Intercollegiate sports teams include:
- Baseball (men)
- Basketball (men and women)
- Cheerleading (competition team)
- Cross Country (men and women)
- Field Hockey (women)
- Golf (men and women)
- Ice Hockey (men and women)
- Lacrosse (men and women)
- Soccer (men and women)
- Softball (women)
- Tennis (men and women)
- Volleyball (men and women)

Student Conduct Matters

Student conduct is an area which straddles the line between autonomy for individual expression and interdependence of community membership. We believe that each student is a responsible member of the community and, therefore, subject to the consequences of choices of behavior. We think that ideal conditions for development are created when each individual in a community guides behavior by balancing the need for individual expression against the rights of peers. The primary desired outcome from any conduct incident is educational in nature. It is the goal of the conduct system to be supportive of the curricular and co-curricular environment at the College.

More specific, detailed information about the College’s conduct system is provided in The Elmira College Code of Conduct, which is available online at Elmira.edu. Questions about the conduct system or expectations of students should be directed to the Dean of Students office.
**Illegal Drugs**

Possession, consumption, provision, or sale of illegal drugs or possession of drug paraphernalia is prohibited. Penalties associated with drug violations range up to and including suspension or dismissal.

Additional information on this topic is available in the Policies and Procedures section of The Elmira College Code of Conduct.

**Alcohol**

New York State law prohibits the possession or consumption of alcohol by anyone under twenty-one years of age. There is an institutional expectation that all members of the College community will abide by the State law. Violators of the law will be subject to disciplinary action by the College up to, and including, the possibility of suspension and dismissal.

Additional information on this topic is available in the Policies and Procedures section of The Elmira College Code of Conduct.

**General Social Guidelines**

The Elmira College Code of Conduct is considered to be an extension of The Elmira College Bulletin and, therefore, part of the series of documents intended to govern Student Life on campus. The Code of Conduct is available to all members of the College community online at Elmira.edu. The College expects all students to be familiar with the information provided in this publication and to govern their conduct by the guidelines in it. A copy of The Code of Conduct is available on the Elmira College website.

**Relation to Civil Law**

Elmira College cannot protect students or other members of the College community from prosecution under the law when there is a clear violation of Federal, State, or local laws. At times, Elmira College will also take disciplinary action when such violations have been committed.

**Special Academic Opportunities**

**The Honors Program**

The Honors Program at Elmira College embodies the conviction that the traditions of inquiry and knowledge historically identified with the liberal arts and sciences make up the core of a college education and the foundation of a productive and meaningful life. This is so regardless of one’s major or chosen career. The program is built around an exploration of the “practical liberal arts” in which intellectual exploration within the fields represented by the liberal arts and sciences is meant to empower one’s self and one’s career. In essence, the Honors Program at Elmira College aims to develop participants’ sense of wonder about the world in which they live and to heighten their sense of awareness about themselves and their place in the global and local landscape.

Students who display extraordinary academic abilities, a high degree of motivation and wide-ranging intellectual and cultural curiosity are invited to join a community of faculty, staff and peers in an integrated program of specially designed courses and co-curricular learning experiences. The program guides students as they engage actively with a variety of disciplines, undertake in-depth exploration of questions specific to at least one liberal arts discipline, explore the practical value and application of the study of the liberal arts through service learning projects and experiential learning, encounter a range of cultural productions from the literary, fine and performing arts, and recognize the interdependence of the various branches of knowledge through interdisciplinary coursework.
For more specific information on the program, admissions criteria and process, please contact Dr. Mark Pitner, Associate Professor of Asian History, McGraw Hall, room 202, mpitner@elmira.edu.

Term III

One of the distinctive characteristics of Elmira College is Term III, a six-week term from the middle of April to the end of May when faculty and full-time undergraduate students have the opportunity to participate in off campus overseas and domestic courses that provide distinctive educational opportunities. Representative Term III courses appear on pages 197-205. The complete Term III schedule is available in early March.

Term III courses have been defined and described by the faculty members of Elmira College as follows:

1. Term III courses tend to encourage innovation both in approaches to teaching and to selecting the kinds of subject matter to be examined;
2. Term III courses tend to take an interdisciplinary approach through team teaching or through the presentation by instructors of their expertise within the broadest possible context;
3. Term III courses tend to make possible foreign study, field experience (both internship and Community Service), and independent study;
4. Although many Term III courses tend to aim at the generalized aspect of student education, those specialized courses which best lend themselves to a six-week term may qualify as Term III courses; and
5. Although Term III courses will seldom include those courses listed in the Undergraduate Bulletin as required for a particular major or minor, they may qualify as “required electives” within a student’s major or minor, or as General Education courses.

Off-campus opportunities require good academic, financial, social, and disciplinary standing. Students with disciplinary records or those on academic probation may not be allowed to travel on off-campus College programs. Please refer to the Responsibilities Statement available in McGraw Hall, room 106.

Term III Off-Campus Opportunities

Elmira College offers a wide range of exciting off-campus opportunities. During Term III, Elmira College students have traveled with faculty to Spain, England, Ireland, Peru, India, Japan, Poland, Greece, Turkey, Australia, the American West, Washington, D.C., and the Bahamas. For more information on these opportunities, please contact Academic Dean’s Office, McGraw Hall, room 106, (607) 735-1795.

Pre-Law Preparation

Pre-law advising is offered to prepare students for law school. The aim of pre-law preparation is for students to develop the critical and analytical skills necessary for success in law school. Academic preparation for law school should proceed through consultation with the pre-law advisor, Dr. Daniel N. Clay, J.D., LL.M., M.S.C.J.S., McGraw Hall, room 224, (607) 735-1928, dclay@elmira.edu.
Pre-Medical Preparation

Elmira College offers courses preparing students for admission to a professional school of medicine, osteopathy, veterinary or dentistry. Students generally elect majors in Biology, Biochemistry, or Chemistry, although majors in other fields are possible. In order to meet specific science requirements for professional schools, students are advised to consult with the pre-medical advisor, Dr. Lynn Gillie, Kolker Hall, room 203A, (607) 735-1859, lgillie@elmira.edu, at the beginning of their freshman year.

Directed and Independent Study

Directed Study provides students access to material structured by a faculty member—that is, an Elmira College approved course that is not currently offered. Independent Study enables students to explore topics for which Elmira College does not offer courses but in which faculty expertise exists to provide adequate guidance.

If the instructor is not a full-time college employee with faculty rank, the full-time student must obtain the approval of the appropriate Division Chair and the Provost. The College’s policy is not to employ an adjunct faculty member in such a capacity if the full-time faculty has competence in the field requested. A fee is charged to Part-time Students.

Register for a Directed Study or Independent Study, students should:
1. Consult the instructors (who are to be the supervisors) to discuss the general outline of the proposals. The Office of the Registrar will provide the appropriate forms for the students to complete;
2. Complete the forms providing the information requested;
3. The students will:
   A. Obtain their advisors’ signatures;
   B. Obtain their instructors’ signatures, signifying concurrence in the projects;
4. Students will submit completed forms to the Office of the Registrar; and
5. Instructors will assign the grades at the completion of the projects.

Academic Fellows

Outstanding junior or senior students may serve as Academic Fellows with a faculty member in lower level courses in areas in which they are qualified by reason of previous coursework. Participants must be in their junior or senior year and must have a cumulative grade point average of 3.000 or higher. Students may obtain a maximum of 6.0 credit hours in the program. The student’s role should not be confused with that of a graduate “teaching assistant” as at a university; thus the title “teaching assistant” is not used. Likewise, the student’s role as Academic Fellow, by which academic credit could be earned, should not be confused with a work-study assignment, for which financial compensation is earned. At no time will the Academic Fellow teach the course in the absence of the instructor.

To register for the program, a formal, written agreement setting forth the duties and responsibilities of the student, as well as the evaluative procedure to be used by the faculty member, should be developed between the student and the faculty member. A copy of this agreement should be taken to the appropriate Division Chair for approval prior to registration. Academic Fellows will be graded on a pass-fail basis only and will not count against the number of S-D-F credits a student is allowed to accumulate.
Graduate Courses for Undergraduate Credit

An undergraduate student may take a graduate course for undergraduate credit on a space-available basis provided the student is matriculated, has earned at least 90 credit hours, and has a cumulative grade point average of 3.000 or higher. Request forms, available in the Office of Continuing and Professional Education, must bear the signature of the instructor, the advisor, and the Director of Continuing and Professional Education. The student must register using the graduate course field code and title, and the undergraduate course number 4580. The student is expected to complete the same work that is required of graduate students. Undergraduate tuition is charged.

Programs for High School Students

Secondary school students may be admitted as part-time students at Elmira College. Students must have completed the second or sophomore year of high school; have the recommendation in writing of their high school principal or guidance counselor, and scholastic records which give evidence of ability and potential; and have the approval of the Director of Continuing Education and the course instructor at the time of registration. The approval process must be completed each term for which the student is registering. If the student later is accepted for undergraduate study at Elmira College, the credit earned may be counted toward the degree.

Programs for Senior Citizens

Persons aged sixty or over who wish to take undergraduate or graduate courses for credit receive a ten percent discount on tuition.

Persons aged sixty or over who audit courses, thereby receiving no credit for the courses, pay no tuition. This tuition benefit provision is on a space-available basis. Senior citizens are responsible for paying any course or technology fees. Arrangements to audit classes must be made through the Office of Continuing and Professional Education.

United States Air Force ROTC Program

Elmira College students are eligible to participate in the Air Force ROTC Program at Cornell University through a cross-enrollment agreement. The Air Force ROTC Program prepares men and women for positions as officers in the United States Air Force. The program is designed to teach students about the mission and organization of the Air Force, leadership, and management. Qualified students can earn full or partial scholarships. Students interested in pursuing this program can contact the Department of Aerospace Studies at Cornell University at (607) 255-4004 (http://www.afrotc.cornell.edu) or the Elmira College Office of Admissions at 1 (800) 935-6472.

United States Army ROTC Program

The Army ROTC Program is offered to Elmira College students through a cross-enrollment agreement with Cornell University’s Military Science Department, although some courses are offered on the Elmira College campus. Completion of an approved program leads to a commission as a second lieutenant in the United States Army. Additional information may be obtained by contacting the Department of Military Science at Cornell University at (607) 255-4000 (http://armyrotc.cornell.edu) or the Elmira College Office of Admissions at 1 (800) 935-6472.
The 4 + 1 M.B.A. or M.S. in Accounting Programs:
Alfred University, Clarkson University, RIT, Union College and the University at Buffalo

Elmira College and the Schools of Business at a number of colleges and universities have cooperated in establishing 4 + 1 programs which enable qualified students to earn a bachelor’s degree at Elmira College and then, approximately one year later, either an M.S. in Accounting or an M.B.A. in general business. After four years of study and completion of one of the Business Administration specialization options, students can pursue a general M.B.A. at Alfred University, Clarkson University, Rochester Institute of Technology or Union College. After the completion of the 121 credit hour Accounting program, students may pursue the M.B.A. with a specialization in Accounting or an M.S. in Accounting at Rochester Institute of Technology or the University at Buffalo.

For more information on these programs, please contact Academic Dean’s Office, McGraw Hall, room 106, (607) 735-1795.

Regent’s University 4+1 Program

Elmira College has entered into an agreement enabling students to obtain a one-year master’s degree at Regent’s University in London. The program provides eligible students with the opportunity to study abroad and to broaden their cultural and international outlook, while obtaining an advanced degree from one of the UK’s premier independent, nonprofit universities.

Students graduating in 2015 and beyond who earn a minimum GPA of 2.5 or above and who are in good standing with the College are eligible for the program. Some post-graduate programs at Regent’s have additional entry requirements. A list of all eligible master’s degree programs that fall within the scope of the 4+1 program can be found on the Regent’s website: http://www.regents.ac.uk/study/postgraduate-study/programmes.

Additional information concerning the program is available from the Academic Dean’s Office, McGraw Hall, room 106, (607) 735-1795.

The 3-2 Chemistry-Chemical Engineering Program

This program combines three years of coursework in Chemistry at Elmira College with two years in Chemical Engineering at Clarkson University. Upon successful completion of all degree requirements at both institutions, a student will be awarded the appropriate bachelor’s degree (B.A. or B.S.) from Elmira College and a Bachelor of Science (B.S.) degree from Clarkson University. This program is highly selective. Students must be interviewed and accepted for this curriculum by Dr. Corey Stilts prior to admission to Elmira College. Admission to Clarkson University will be on a competitive basis and is not guaranteed. For further information, please contact Dr. Corey Stilts, Kolker Hall, room 106, (607) 735-1850, cstilts@elmira.edu.

Health Care Professions

Elmira College students have the opportunity to participate in special programs for early admittance to several health care professions schools including the following: Lake Erie College of Osteopathic Medicine Early Admission Program in medicine, dentistry, or pharmacy; New York College of Podiatric Medicine 3+4 program; Ohio College of Podiatric Medicine 3+4 program; New York College of Chiropractic Medicine 3+3 program; Logan University 3+3 program; Life University pre-chiropractic program; University at Buffalo School of Pharmacy 3+4 Affiliation agreement. For further information, please contact Dr. Lynn Gillie, Kolker Hall, room 203A, (607) 735-1859, lgillie@elmira.edu.
Academic Services and Regulations

The Provost supervises all of the educational programs offered by the College, including baccalaureate degree programs, graduate programs leading to the master’s degree, two-year programs leading to associate’s degrees, and programs for which a certificate of completion is awarded. Learning opportunities designed to augment and expand formal classroom instruction are also provided.

All students will follow the requirements of the majors, minors, concentrations, and General Education program, as described in The Elmira College Bulletin for the academic year in which they first enroll. If the courses needed for completion are no longer offered, and satisfactory substitutions cannot be arranged, a student, with the advisor’s approval, must petition the Registrar, who, in consultation with the Educational Standards Committee, will grant approval to change Bulletin year. Petitions are to be completed prior to the student’s earning 90 credit hours, including those credits brought in as transfer credit.

Questions, concerns, and comments about academic programs, services or regulations may be addressed to the Provost’s Office, McGraw Hall, room 105, (607) 735-1804 or the Office of the Registrar, McGraw Hall, room 113, (607) 735-1895, where every effort will be made to assist students in their progress toward a degree.

Academic Publications

Interested individuals are referred to the Course Schedule that is electronically published on the College’s portal shortly before the on-line registration for each term. These publications are as complete and up-to-date as they can be. Each course is described in detail to assist students in making responsible academic decisions.

Academic Advising

The principal function of the academic advisor is to assist students in developing and attaining their educational goals. Advisors interpret College policy and aid in the students’ educational and personal development. The advisors help to make sure that students fulfill the College’s goals, and approve all registrations before they will be accepted by the Office of the Registrar.

Entering freshmen, transfer students, international students, and students expressing an interest in particular majors are assigned to faculty and staff who have a special interest in advising them. After the first term, students may request an advisor of their choice.

Questions concerning the advising program should be directed to the Coordinator of Academic Advising, McGraw Hall, room 106, (607) 735-1795.

Student Responsibility

Although the academic advisor as well as other members of the faculty and administration are available to help the student plan a program and work toward the completion of a degree, ultimate responsibility for knowing and complying with these regulations and for meeting all requirements rests with the student.
**Academic Honesty**

Honesty is essential to the proper functioning of an academic community and is the responsibility of each individual member. Therefore, this academic community has established and enforces rules governing violations of the principles of academic dishonesty.

Academic dishonesty is any treatment of or representation of work as if one was fully responsible for it, when it is in fact the work of another or works in which one has received unacknowledged assistance from others. Academic dishonesty is also any collusion or cooperation in the academically dishonest activities of someone else; an accomplice in academic dishonesty is also guilty of academic dishonesty.

Academic dishonesty is a serious violation that is counter to the purpose and aims of Elmira College. A complete statement of the college policy on academic honesty is set forth in The Elmira College Code of Conduct in the section of academic policy.

**Copyright Policy**

Elmira College complies with the United States Copyright Act of 1976 as amended, the Digital Millennium Copyright Act of 1998, and Technology, Education, and Copyright Harmonization Act of 2002. These laws recognize that all intellectual works in all media (books, articles, programs, data, pictures, music, video and the like) are automatically covered by copyright unless it is explicitly noted to the contrary, as in the case of licensing agreements or written permissions from copyright holders. Fair Use is a legal principle that provides certain limitations on the exclusive right of copyright holders, allowing reproduction of copyrighted works under certain conditions for educational purposes, such as criticism, comment, news reports, teaching, scholarship, and research. Unauthorized use of intellectual works is a federal crime and subject to civil damages and criminal penalties, which may include fines and imprisonment.

Elmira College administrators, faculty, staff, and students who make, acquire, or use unauthorized copies of intellectual works shall be disciplined as appropriate under the circumstances. Such discipline may include termination or dismissal. Elmira College faculty, administrators, staff, and students learning of any misuses of intellectual works within the College should notify College officials. Administrators, faculty, and staff should notify the Dean of the Gannett-Tripp Library, the Director of Academic Technology and User Services, or the Director of the Bookstore and Special Projects.

Additional information on United States Copyright laws and Fair Use is available at the Gannett-Tripp Library, the Nathenson Computer Center or the McGraw Bookstore.

**Residency Requirement**

The last 30.0 credits of any undergraduate degree program must be taken at Elmira College. Exceptions to this requirement may be submitted to the Educational Standards Committee for review.

**Credits**

The Elmira College credit unit is the credit-hour, which is equivalent to the semester hour at other colleges. Earning 1.0 credit hour requires at least seven hundred fifty minutes of instruction and another 1,800 minutes of supplementary assignments.
Grading System

The following grades are included in computation of the grade point average (GPA).

A, A- (90%-100%) indicates a mastery of the knowledge and skills of the course. The student receiving this grade has demonstrated the ability to recognize, analyze, and solve new problems independently.

B+, B, B- (80%-89%) indicates achievement of a high order, involving high proficiency in the attainment and application of knowledge and skills.

C+, C, C- (70%-79%) represents an adequate performance, indicating familiarity with the content of the course and active participation in the work of the class.

D+, D, D- (60%-69%) indicates work which is in one or more respects below the acceptable standard for graduation, but which is sufficient in quantity and quality to be given credit toward the degree if offset by a sufficient amount of superior work in other courses.

F (Below 60%) indicates failure. No credit is awarded. It is calculated into the GPA.

Honor Points

Each of the grades identified above carries the Honor Points indicated below:

- A = 4.0
- A- = 3.7
- B+ = 3.3
- B = 3.0
- C+ = 2.3
- C = 2.0
- D+ = 1.3
- D = 1.0
- F = 0

Additional grades which are available for use, but which are not computed in the grade point average are:

I = Incomplete; final examination or project deferred for reasons of health or serious emergency; not a computable grade. It must become a computable grade within thirty days into the next term; if not completed, it will become an F. Students must be passing the course in order to receive this grade.

P = Passing; represents A through D- as defined above.

L = A grade noting a leave, recommended by the Office of Student Life, after consultation with the instructor, when emergency circumstances dictate a student’s leaving Elmira College for a period of time that forces the student to miss the final examination or project at the conclusion of the term in which the student is registered. A student who is either on a leave of absence or withdrawing may receive this grade. The L grade must be made up within one year of the term in which it is taken and will be replaced by grades A-F, W, as deemed appropriate by the course instructor. L grades may be extended by the course instructor when appropriate. Students must be passing the course in order to receive this grade.

W = Withdrawal; indicates withdrawal while passing the course.

S = Satisfactory, identified as C- or higher

Grade Point Average

A student must achieve a cumulative grade point average of at least 2.000 to graduate, as well as a 2.000 minimum average in courses taken in completion of the major.

The grade point average (GPA) is calculated according to the following formula:
Sum of Quality Points (i.e. credit hours x Honor Points)

GPA = \frac{\text{Sum of Quality Hours Earned (A-F)}}{\text{(Only credits received from Elmira College are included in this calculation.)}}

Grade Changes
Grades once submitted to the Office of the Registrar may be changed only under specific circumstances. Clerical and calculation errors may be corrected by the instructor and submitted to the Office of the Registrar until the end of the following term. Requests for grade changes resulting from other circumstances (such as illness, family death, and miscommunication) should be brought by the instructor to the Educational Standards Committee for consideration. Grades may not be changed for the purpose of ensuring good academic standing. Once a course has been finished and the final grade submitted, the grade may not be changed by the completion of missed assignments or additional (extra credit) work.

Complaints from students about grades received must be registered in writing with the Provost within six months of the date the grade was recorded by the Office of the Registrar.

Grade Appeal Procedure:
1. Student must attempt to discuss grade appeal with instructor.
2. A written petition from the student must be directed to the Provost for members of the Educational Standards Committee within six months.
3. A copy of the petition will be forwarded to the instructor by the Provost with an invitation to respond in writing prior to the meeting at which the appeal will be considered.
4. The student petition and instructor’s response are reviewed by the Educational Standards Committee.
5. The Committee may request the student and the instructor appear before it for further clarification.
6. The Committee may determine, in light of evidence presented, that the assigned grade was correct, or it may recommend that the instructor review the assigned grade.
7. The Committee will notify the student petitioner and the instructor of its decision.

S-D-F Grade Option
Students may elect to take up to 12 credits of work in which the announced grading system is A-F on an S-D-F basis according to the following guidelines:

A. Such election cannot be taken in courses that apply to the major, minor, or Education concentration or specialization or include Term III travel.
B. Prorations for transfer students will be administered by the Office of the Registrar.
C. Students electing a S-D-F grade must indicate this option during the last two weeks thirteen-week term, during the last eight days of a nine-week term, for a six-week term during the fifth week and for a three-week term during the last three days in the term. S-D-F forms may be picked up in the Office of the Registrar, McGraw Hall, room 113, and must be filed with the Office of the Registrar during the appropriate period. The advisor must sign all S-D-F forms.
D. The Office of the Registrar will convert the grades for those students electing the S-D-F option.
E. Satisfactory (S) grades do not affect the GPA (Satisfactory grades represent A through C-).
However, credits are awarded towards earned credit hours. D+, D, D-, F grades affect the GPA and no credit is granted for F grades.

F. Students planning to enter a graduate or professional school are reminded that their admission might be affected by S-D-F coursework.

The option does not affect courses that are currently only offered on a pass-fail basis: e.g. Student Teaching I and II, Nursing Career Related Field Experience, Community Service, and Career-Related Internship.

“Incomplete”

An Incomplete grade (“I”), is given at the discretion of the instructor when the student normally would have received a passing grade but at the conclusion of the term has been prevented from completing a course by an unforeseen emergency beyond her or his control. **The Incomplete grade must be removed within thirty days of the beginning of the term following that in which it was assigned.** An Incomplete not removed within the stipulated time period automatically becomes an F. An Incomplete grade received at the close of Term III or the Summer Session must be removed within thirty days after the opening of Term I.

The instructor who gives an “I” must accompany the grade with a statement of requirements the student must complete to remove the “I.” Copies of this statement must be given to the student and the Registrar. When the stated requirements have been completed, the instructor who gave the “I” must notify the Office of the Registrar in writing of the new grade to be assigned. Although instructors may extend incomplete grades into the following term, grades of incomplete may continue for no longer than two years. At that point, the instructor must submit a computable grade, or an administrative F will be posted by the Office of the Registrar effective beginning when the Incomplete is initially assigned.

**Course Load**

Full-time students at Elmira College normally complete 30 to 35 credit hours per academic year by registering for 12 to 14 credit hours in each of Term I and Term II and 6 to 7 credit hours in Term III. Full time students may elect to register for a minimum of 9 credit hours for Terms I and II, and 4 for Term III (for students who have external considerations such as grant and loan requirements or NCAA regulations this minimum may be higher) and a maximum based on their year:

- 16 credits in Terms I and II for first-year students
- 18 credits in Terms I and II for students beyond the first year
- 7.5 credits in Term III for all students

Transfer students coming in with more than 21 accepted credit hours will be considered students beyond the first year; transfer students with 21 or fewer accepted credit hours will be considered first year students. Overload: students may seek to take more than the above described limits with the approval of either the Registrar or the Provost. Each overload credit is subject to an additional charge based on the full-time hourly rate.

Part time students normally complete 12 to 26 credit hours per academic year by registering for 3 to 8 credit hours in each of Term I and Term II and 3 credit hours in Term III, 6 credit hours in the Summer Term.

- < 9 credits in Terms I and II for part time students
- < 4 credits in Term III for part time students
- < 9 credits for the summer term for part-time students
Auditing a Course

A student may audit a course with the consent of the instructor upon notification of the Office of the Registrar. An auditor is expected to attend classes, complete the assignments in consultation with the instructor, and participate in class discussions, but is not required to take examinations. Under no circumstances is credit given for an audited course. An audited course is included in a student’s course load at one-half of the amount of credits of the course. Registration for students auditing a course will be permitted during the two weeks prior to the start of a term, on a space available basis.

Student Status

A student’s status is determined by the cohort year, the year in which one enters the College as a full-time student. Transfer students’ class years will be determined by the Office of the Registrar at the time transcript evaluations have been completed.

For purposes of determining class status, however, the following standard is used:

- **Freshmen** are students who have completed between 0 and < 21 credits.
- **Sophomores** are students who have completed between 21 and < 54 credits.
- **Juniors** are students who have completed between 54 and < 87 credits.
- **Seniors** are students who have completed 87 or more credits.

**Full-time students**, are those persons who register for 9 or more credits during Term I or Term II, or who enroll for 4 or more credits during Term III. Students receiving financial aid and student athletes, however, may be penalized for taking fewer than 12 credits in Term I and Term II and fewer than 6 in Term III.

**Part-time students**, are those persons who register for fewer than 9 credits during Term I or Term II, or who enroll for fewer than 4 credits during Term III. Part-time students who wish to live in a college residence should contact Mr. Nathan Friesema, Director of Residence Life and Student Conduct, Meier Hall, (607) 735-1821, nfriesema@elmira.edu, for further information. To qualify, students must be matriculated and registered for coursework on at least a half-time basis.

**Exceptions:** The following are exceptions to the part-time credit limit:

- Part-time education students, may register for field experience and student teaching for one term of 9 credits and one term of 12 credits, to complete their student teaching.
- Part-time nursing students may register to finish the nursing program for one term of 9 credits and one term of 12 credits.
- Term III(a): a part-time student may enroll in full-time course load during Term III provided 3 of the 6 credits are taken in Term III(a).

Repeating Courses

Students may improve their overall grade point average, and possibly their grade point average in the major, by retaking courses in which they have received a grade of C- or lower. Please note that retaking courses or taking a reduced load of courses, although often warranted, may slow a student’s progress toward earning a degree.

For **required** courses, students may retake a given course once in which the original grade was C-, D+, D, or D-. Students must retake a given course if the original grade was F until they achieve a passing grade. However, students will not be eligible to receive Title IV funds for any course that they have previously taken and passed more than two times. For **elective** courses, students may retake a given course once in which the original grade was C- or lower.

All attempts at courses that are repeated will be labeled to that effect on the student’s transcript and will count of part of the student’s academic load. However, only the higher grade will be used in the
computation of the grade point average for all students not yet graduated from Elmira College. Should any course be repeated at an institution other than Elmira College, and a higher grade achieved, the original Elmira College grade would not be used in computation of the grade point average, nor would the grade from the other institution in accordance with the Transfer of Credit policy. Students normally receive credit toward the minimum 120 credit hours required for graduation only once for the same course.

**Internal Transfer**

A student may change from part-time to full-time status (or visa versa) after consulting with their academic advisor. If a student has completed less than 90 credit hours as a part-time student, he or she will be required to apply for admission as a full-time student through the regular admissions process and should contact the Office of Admissions. Students seeking this transfer must have at least a 2.000 cumulative GPA in order to be considered for admission as a full-time student.

If a student is full-time for more than fifty percent of his or her Elmira College career up to the 90th credit hour, then the graduation requirements for full-time students will apply even if the student becomes part-time. If a student is part-time for more than fifty percent of his or her Elmira College career up to the 90th credit hour, then the graduation requirements for part-time students apply, even if the student becomes full-time. Special cases will be decided by the Educational Standards Committee.

**Graduation Application**

Students who expect to complete degree requirements by June or August must submit an application for graduation in Term I (usually around November 1st) in the year in which they expect to complete the degree. In order to participate in Commencement an undergraduate student must be within 9 credit hours and a graduate student within 6 credit hours of completing the degree at the time of Commencement. Exceptions to this may be made by petitioning the Educational Standards Committee.

**Academic Honors**

Elmira College students may be awarded the following honors:

A. Full-time students who have achieved a grade point average of 3.600 or higher at the end of any Term I or Term II with twelve computable credit hours will be placed on the Dean’s List.

B. The Cowles Honors Scholars designation is presented to seniors who have earned a cumulative grade point average of 3.6 or above and have sustained this academic achievement throughout their Elmira College career.

C. **Latin Honors** are awarded to bachelor degree recipients who achieve the cumulative grade point averages indicated below. Students will need to have at least 60 earned credit hours from Elmira College. Transfer credit will not be factored in for Latin Honors since only credits transfer and not grades.

1. Summa cum laude — 3.800 and above
2. Magna cum laude — 3.600 to 3.799
3. Cum laude — 3.400 to 3.599

D. Part-time undergraduate students who have, during the current academic year, achieved a grade point average of 3.600 or higher at the end of the Spring Term (Term III), and who have completed at least twelve computable credit hours during the current academic year, will be placed on the Dean’s List.

E. **Phi Beta Kappa**, Pi Chapter of New York was instituted at Elmira College November 29, 1940. Inductees are elected during Term II of their senior year. Election does not result solely from high grades. Members in course are elected on the basis of scholarly achievement in the liberal arts (as an example, a student is elected when the student ranks fourth in scholarship among the seniors in the major field of study, and the student ranks in the upper sixth of the class in scholarship overall.)
distinguished from applied or professional work), broad cultural interests, good character, and promise of future intellectual growth and effectiveness. Candidates must be majoring in liberal subjects and demonstrate breadth of program, again in liberal subjects, as shown by the number and variety of courses taken outside the major. Candidates, further, shall have demonstrated knowledge of mathematics at least equivalent to three years of college preparatory secondary-school mathematics and a knowledge of a foreign language at least equivalent to the College intermediate-level course. Transfer students are eligible for consideration only if they complete two full years (60 credits) at Elmira College.

F. Elmira College has active chapters in more than a dozen other honor societies. For more information, please contact Dean Michael Halperin, McGraw Hall, room 113, (607) 735-1895.

Good Academic Standing and Satisfactory Progress

Students are in good academic standing if their cumulative grade point average is 2.000 or better. The Educational Standards Committee reviews the academic performance of all students at the end of Term I and Term III, considering students for academic dismissal, for removal from good academic standing, and for reinstatement to good academic standing.

First-year students will be reviewed at the end of their first term. First-term students who do not achieve a 1.750 will be put on academic probation. Students who achieve between a 1.750 and 1.999 will be given an Academic Warning, and will have until the end of Term III in the same year to raise their cumulative GPA to 1.850 and until the end of Term I of their sophomore year to raise their cumulative GPA to 2.000.

Continuing upper level students and transfer students with sophomore or higher status, achieving a cumulative grade point average less than 2.000 are placed on academic probation. If students raise their cumulative grade point averages to 2.000 or better by the end of either of the next two consecutive terms (excluding summer if so elected by the student), they will be restored to good academic standing. However, students will be reviewed after Term I and Term III of each academic year. Those who do not achieve a 2.000 cumulative grade point average by that time will be considered for dismissal.

Students who do not achieve a 1.500 grade point average at the end of their first term of work at the College will be considered for possible dismissal. Also, students who do or do not meet the minimum standards for good overall academic standing, but whose term grade point average is below a 1.500 for two consecutive terms, will be reviewed by the Committee for possible probation.

Students on academic probation should make every effort to improve their academic performance and should curtail any activity which does not lead to that end. They are ineligible to participate in the following extra-curricular activities: varsity or junior varsity athletics; club sports; service in an elected student government position; as a Resident Assistant or Orientation Leader; representing the student body on a standing committee of the Faculty; or serving in a leadership position in an active student club, in a major theatre production, the Octagon, WECW, or the Iris, unless such participation is part of coursework for academic credit. The student’s academic advisor will determine such eligibility in ambiguous cases. The Dean of Student Life is responsible for enforcing this regulation.

The Educational Standards Committee will notify in writing all students who have been dismissed. The Committee will hear appeals made within ten working days of the date the dismissal notifications are issued.

Questions concerning academic probation and dismissal should be directed to Dean Michael Halperin, Registrar and Associate Academic Dean, McGraw Hall, room 113, (607) 735-1895.

Note: Standards for Federal and State student financial aid eligibility, which is discussed on pages 208-209, differ from the academic standards described in this section.
Mid-Term Deficiency Grades

Progress reports are made to the students at mid-term periods during each long term. A “Warning Notice” in a subject will be issued when, in the opinion of the instructor, the student is not making satisfactory progress toward the completion of academic requirements. Students who receive a mid-term warning are expected to discuss the situation with their advisors and instructors immediately. Grades of C- and lower will be noted for warnings.

Adding Courses

1. A student may add term-long courses during Term I and Term II:
   A. Through the first week of classes by adding a course in MyEC;
   B. Through the second week of classes with the approval of the advisor and the course instructor using an add-drop form;
   C. After the second week of classes only if unusual circumstances necessitate it. Approval of the advisor, course instructor, and an Academic Dean.

2. A student may add for nine-week courses:
   A. Through the seventh day of classes by adding a course in MyEC;
   B. Beginning on the eighth day of classes students may add with the approval of the advisor and the course instructor using an add-drop form;
   C. After the eighth day of classes only if unusual circumstances necessitate it. Approval of the advisor, course instructor, and an Academic Dean.

3. A student may add for six-week courses:
   A. Through the fourth day of classes by adding a course in MyEC;
   B. Beginning on the fifth day of classes students may add with the approval of the advisor and the course instructor using an add-drop form;
   C. After the fifth day of classes only if unusual circumstances necessitate it. Approval of the advisor, course instructor, and an Academic Dean.

4. A student may add for three-week courses:
   A. Through the second day of classes by adding a course in MyEC;
   B. Beginning on the third day of classes students may add with the approval of the advisor and the course instructor using an add-drop form;
   C. After the third day of classes only if unusual circumstances necessitate it. Approval of the advisor, course instructor, and an Academic Dean.

Withdrawing From a Course

A student may withdraw from term-long courses during Term I and Term II:
A. Through the second week of classes, by dropping a course in MyEC;
B. After the second week of classes and before the eleventh week of classes, with the approval of the advisor using an add-drop form.

Withdrawals require that students submit appropriately authorized drop-add forms to the Office of the Registrar. Discontinuance of attendance without an approved withdrawal from a course will result in the student receiving the grade earned as assigned by the instructor at the conclusion of the course.

Students who because of medical reasons or other extenuating circumstances, discontinue attending a course after the deadline, may appeal to the Educational Standards Committee for an administrative withdrawal from the course. Students whose appeal is granted will receive the same grade of “W” for the
course as all other withdrawals. Administrative withdrawals may only be awarded by the Educational Standards Committee.

Students receiving financial aid should check with the Office of Financial Aid before withdrawing from a course. Students participating in intercollegiate athletics may no longer be eligible to participate without at least 12 credit hours in long terms and 6 credit hours in short terms.

There is no charge for simply withdrawing from a course. The table below describes the timing of when and how dropping or withdrawing from courses affects students’ transcripts:

<table>
<thead>
<tr>
<th>Time during which course is removed from transcript</th>
<th>Thirteen Week Term</th>
<th>Nine Week Term</th>
<th>Six Week Term</th>
<th>Three Week Term</th>
</tr>
</thead>
<tbody>
<tr>
<td>Time during which a grade of “W” is posted on the transcript at the discretion of the instructor</td>
<td>Beginning with the third week of the term</td>
<td>Beginning with the eighth day of the term through the tenth week of the term</td>
<td>Beginning with the fifth day of the term through the seventh week of the term.</td>
<td>Beginning with the third day of the term through the third day of the second week of the term.</td>
</tr>
</tbody>
</table>

**Leaves of Absence**

The College grants Leaves of Absence to students whose circumstances either prevent them from completing the term in progress or call them temporarily away from campus (for example, health problems, off-campus programs, family issues). Students may request a Leave of Absence of not more than one year by observing the following procedures:

1. Students who request a Leave of Absence for any reason, including medical reasons, must do so by contacting the Office of Student Success and Advocacy, at retention@elmira.edu, or the Office of the Registrar at registrar@elmira.edu, to complete a Request for Withdrawal or Leave of Absence form.
2. Students who are granted a Leave of Absence within the last two weeks of a term may request a grade of “Incomplete” from their faculty members as outlined on page 19. Students who are granted a Leave of Absence early in the term will be treated as withdrawn students. In emergency situations, grades of “L” may be assigned in all courses as described on page 17.
3. A temporary grade of “L” must be replaced by a grade of A-F, W, or WF within one year of the term in which it is taken. This permits time for students to correspond with faculty members and make appropriate arrangements.
4. A Leave of Absence is treated as a withdrawal for billing and financial aid purposes; thus, the cumulative grace period for guaranteed student loans will be entirely or partially exhausted based on the length of the student’s leave.
5. Students wishing to return from a Leave of Absence should request reactivation through the Office of Student Success and Advocacy or the Office of the Registrar.
6. Students on a Leave of Absence who fail to initiate contact with the Office of Retention and Advocacy or the Office of the Registrar, to become reactivated within twelve months of the date the leave was granted shall be considered withdrawn from the College.

Withdrawal From the College
A fair and equitable refund policy has been established by Elmira College for students who withdraw at any time prior to completing degree requirements. Students must follow the withdrawal procedure outlined below in order to benefit from the refund policy.

1. Any student withdrawing from the College must complete a Request for Withdrawal or Leave of Absence form through the Office of Student Success and Advocacy, retention@elmira.edu. The staff will assist the student by reviewing the need to contact academic, business, or other areas of the College for clearance. If the student is awarded a Perkins Loan, an interview must be scheduled with the appropriate Business Office representative.

2. The student will be eligible to receive refunds or transcripts as outlined in this Bulletin only when:
   A. A Request for Withdrawal or Leave of Absence Form is completed;
   B. Residence Hall room is vacated and keys returned;
   C. Student I.D. card is surrendered to the Residence Life Coordinator when checking out;
   D. Financial accounts are settled;

3. A copy of the completed Request for Withdrawal or Leave of Absence form will remain filed in the Office of the Registrar to indicate the student’s change in status. A decision not to attend classes does not constitute withdrawal from a course or the college.

4. A student who withdraws from Elmira College, does not attend another institution, and plans to return to Elmira College after a period of one year or more, must re-apply through the Office of Admissions by completing a Readmit Application.

5. A student who withdraws from Elmira College, does not attend another institution, and plans to return within the same academic year, must contact the Office of Student Success and Advocacy or the Office of the Registrar for processing;

6. A student who withdraws from Elmira College and attends another institution, must re-apply to Elmira College using the EC Online Application or Common Application.

Cancellation or Closing of Classes
The College reserves the right to close a course when there is full enrollment. The College also reserves the right to cancel a class due to insufficient registration. Classes are cancelled as infrequently as possible.

Attendance
Regular attendance at all classes and other scheduled appointments is expected of all students. Because specific class attendance policies vary, students are encouraged to understand the policy of each of their instructors. Students who, in the view of the instructor, are absent from class excessively may be required, with sufficient notice, to withdraw from the class with a grade of “W.” The College reserves the right to notify parents if class attendance jeopardizes the student’s status at the College.
Examinations

Absence from scheduled tests and examinations automatically incurs a grade of zero for that examination, unless other arrangements have been made with the instructor.

All classes are required to meet during the final examination period as scheduled by the Office of the Registrar. The time of final examinations may not be changed without permission of the Provost.

Examinations lasting one hour or more may not be scheduled within one week of the start of the final examination period.

Declaration of Major

Sophomores registering for Term I of their junior year, and all transfer students with junior or higher standing who are registering for the first time, must after consultation with their advisors complete the Declaration of Major form and file this with the Office of the Registrar. Students wishing to change a major, minor, or concentration will also use this form.

Outstanding Balance

Students owing the College for a previous term and who have not made special arrangements with the Business Office for deferred payment may not be allowed to register for subsequent terms and may not be issued grade reports, transcripts, or diplomas.

Transfer of Credits

Students at Elmira College who wish to receive credit toward an Elmira College degree for courses taken at another institution must secure prior approval from their advisor and the Registrar. Students who have earned 68 or more credits from a two-year college may not take additional course work at a two-year college. Students who have earned 90 or more credits toward an Elmira College degree may not take additional degree credit work at another college or university.

Elmira College welcomes qualified students who desire to transfer to Elmira College. To obtain a degree from Elmira College students must complete at least 30 credit hours at Elmira, including at least 15 credit hours in the major and 9 credits in the minor. No more than 68 credit hours from two-year colleges or 90 credit hours from four-year institutions will be allowed to transfer. Some students entering at the junior level may require more than 60 additional credits to complete all requirements. The Registrar evaluates transfer credits according to the following guidelines:

A. Undergraduate credit for which the student received a grade of C- or above will be considered for transfer to Elmira College only from institutions accredited by an agency that is a member of the Council for Higher Education Accreditation (CHEA).

B. Courses of a generally similar nature, content, and level to Elmira courses will be accepted. For students who are dual enrolled in high school and college, laboratory courses may be used to fulfill general education requirements, but not major requirements in Biology, Chemistry, and Physics. Narrowly vocational or remedial courses will not be accepted.

C. Courses taken at another college in which the student received a grade of D-, D, or D+ may be accepted to waive a prerequisite or a degree requirement but will not be transferred for credit toward the Elmira College degree. The Writing Program courses must be fulfilled with a grade of C- or higher. Elmira College, however, does accept “D” grades on courses which comprise part of certain associate degrees from community colleges with which Elmira College has articulation agreements.
D. If another college permitted the student to repeat a course to raise a grade, Elmira College will accept the higher grade.

E. Students who transfer to Elmira College, regardless of class rank at the time of transfer, must complete all requirements for the degree in effect at that time, for his or her entering class.

F. Elmira College accepts credit recommendations as given by the commission on the Accreditation of Service Experience, the Educational Testing Service, New York State Department of Education, and the American Association of Collegiate Registrars and Admissions Officers.

G. All other credit determinations will be made by the Registrar in consultation with the Provost, and faculty in the field from which a course is taught on the basis of guidelines recommended by the Educational Standards Committee and approved by the faculty.

H. Elmira College transfer credit policy does not distinguish courses taught in different modes of delivery.

Second Baccalaureate Degree
A graduate of any accredited college, including Elmira College, may earn a second baccalaureate degree at Elmira College by completing an additional 30 credit hours at the College, including at least 15 credit hours in the desired major, provided the work then completed fulfills all general requirements for graduation from Elmira, as well as all of the specific requirements in the major subject of the second degree as specified in The Elmira College Bulletin in effect at that time. Any student completing the above will be issued a diploma and may participate in Commencement.

Second Major
A graduate of Elmira College may return to the College for a second major, completing requirements in the second major, including at least 15 credit hours at the College, as specified in The Bulletin in effect at that time. The second major will be listed on the student’s transcript; however, a second diploma will not be issued and the student may not participate in Commencement.

Credit by Examination
General Regulations pertaining to Excelsior College, CLEP, the Elmira College Equivalency Examinations and Advanced Placement:

A. Credit will be accepted for students who have enrolled in an Elmira College degree program.

B. The maximum credit that may be earned by examination toward an associate’s degree is 15 credit hours and for a bachelor’s degree, 30 credit hours.

C. Excelsior College Examination is a college-level testing program offering single-subject examinations in a variety of subject matter fields. The examinations may be taken by anyone to validate knowledge gained outside of the formal college classroom, primarily for the purpose of earning college credit, but also for satisfying teacher certification or Regents External degree requirements, for job-related reasons, or for personal satisfaction. The Board of Regents established the program in 1961.

Examination fees vary. A complete list of examinations and fees may be obtained from Excelsior College Examinations, The University of the State of New York Cultural Education Center, Albany, New York 12230.

Upon completion of an examination, the candidate will receive a grade report and the amount of credit that has been granted by the University of the State of New York. The candidate may then request that an official transcript of the University be sent to any other institution for recognition.
Elmira College (and other institutions) may grant course credit or advanced standing for acceptable grades. Candidates are advised to check with the Registrar before taking an examination to determine its acceptability.

The University of the State of New York will send an official transcript of the candidate’s grades to Elmira College. The Registrar will review the credit like any transfer credit. The Registrar may request the University to provide a copy of the candidate’s answers to the essay or problem section of an examination for review.

Elmira College will grant credit for satisfactory performance, a grade of “C” or higher, in Excelsior College Examinations if the material covered by the examination is included in courses accepted for a degree at Elmira College and, in those cases where applicable, if there has been adequate evaluation of laboratory or other performance skills. The College will provide opportunities to demonstrate such skills. In some cases credit may be denied, but the student may be exempt from taking an equivalent course.

Excelsior College Examination credit will be given only to students who have met the College’s entrance requirements and have matriculated in a degree program. Elmira College students must obtain prior permission before taking the Excelsior College Examinations. The same procedure used to apply for permission to take summer school work at another institution will be followed.

The awarding of Excelsior College Examination credit will be approved through the Registrar by the appropriate division. This credit will be recorded on the official transcript as “Excelsior College Examination Credit.” It will not be figured in the student’s cumulative grade point average although credit hours will be recorded.

Application for the examinations, the examination schedule, and questions concerning candidate counseling should be addressed to the Excelsior College Examinations Office in Albany.

D. College-Level Examination Program (CLEP): The CLEP is a testing program of the College Entrance Examination Board. The exams, which are usually taken prior to college admission, are offered in early May and early August. There are two types of examinations:

**General Examinations:** The CLEP General Examinations provide a comprehensive measure of achievement in five basic areas of liberal arts (English, Humanities, Mathematics, Natural Sciences, and Social Sciences-History). Each examination assesses the extent to which general knowledge in an area has been mastered.

**Subject Examinations:** The CLEP Subject Examinations are achievement tests for widely offered undergraduate college courses and are similar in content and scope to many Excelsior College Examinations. They stress understanding, ability to perceive relationships, and the grasp of principles, concepts, and factual materials in the respective courses. Some cover material studied in a typical full-year course, while others are limited to material studied in a one-semester course.

At present, forty CLEP Subject Examinations are available in such fields as business law, economics, English, geology, human growth and development, statistics, and trigonometry.

The CLEP Subject Examinations may satisfy specific course requirements at Elmira College. This determination is made by the Registrar in consultation with the Division Chair or advisor in a specific field.

Information concerning registration forms, fees, and test locations may be obtained directly from (CLEP): College-Level Examination Program, PO. Box 1824, Princeton, New Jersey 08540, (609) 771-7865.
Elmira College Equivalency Examination

This program was developed to provide matriculated students at Elmira College with a method of acquiring college credits in those cases where neither Excelsior College Examination nor the College Level Examination (CLEP), administered by the College Board, is not available for a given course subject.

Students who request an equivalency or “challenge” examination must demonstrate that they have acquired the knowledge and skills on which they wish to be examined. Students must complete the examination during the term in which they register for it. The last possible date to register for such an examination in any academic year is one month before Commencement.

Any student who wishes to take an examination must proceed as follows:
1. The student must first obtain from the Office of the Registrar the proper application forms.
2. The student must seek the agreement of a full-time faculty member in the appropriate discipline that he or she is willing to administer an examination.
3. The student must seek the approval of the Provost for permission to sit for this examination. This requires submission of the following:
   A. A written statement from the faculty member who has agreed to develop, administer and evaluate the examination;
   B. The title, course number, and credits for which the examination is intended;
   C. Written evidence of the approval of the student’s academic advisor. The Provost will not grant approval for equivalency exams for courses prerequisite to those for which the student has already received credit or is currently enrolled, or those preliminary to or significantly overlapping with such courses. Students may appeal rejection of their application to the Educational Standards Committee.
4. After written approval has been granted by the Provost, the student must complete the Elmira College Equivalency Examination Application Form, which is available in the Office of the Registrar. Such application serves as the examination registration.

When the examination has been administered, the grade will be submitted to the Registrar and recorded as follows:
1. The instructor will submit a grade to the Registrar in the space provided on the application form. Current regulations stipulate that the grade must be P (Pass) in all areas except those courses used to fulfill a major requirement; in such cases the grade must be “A” through “D-.”
2. The Registrar will record the instructor’s grade on the student’s academic record as follows: “Equivalency examination, course title, number of credits, and grade awarded.” No record of failures or attempts will be maintained.

International Baccalaureate (IB)

Scores of four or higher on the Higher Level IB exams will be accepted with placement to be determined by Registrar and Division Chair or other appropriate faculty. Courses will be evaluated on an individual basis.

Advanced Placement Program

Entering students may also receive advanced placement credits through completion of certain college level courses taken through their high school or at another college. Official college transcripts must be sent to Elmira College in order to receive appropriate credits. Requirements will not necessarily be waived on this basis. Students must make sure that the AP transcript is received by Elmira College and may either check with the Office of the Registrar, McGraw Hall, room 113, (607) 735-1895, or call the College Board at (609) 771-7300.

**The Baccalaureate Degree**

The requirements for baccalaureate degrees granted by Elmira College have been established by members of the faculty so that each graduate receives a broad general education, explores different fields of knowledge, examines one or more of those fields intensively, and applies the knowledge acquired in the classroom to realistic and appropriate work experiences.
To receive a Bachelor of Arts (B.A.) or Bachelor of Science (B.S.) degree from Elmira College, a student must complete a minimum of 120 credits, with a cumulative grade-point average (G.P.A.) of at least 2.000. The last 30 of these credits must be earned at Elmira College. For the B.A. at least 90 credit hours must be in the liberal arts and sciences; for the B.S. at least 60 credit hours must be in the liberal arts and sciences. Each student must also earn a minimum grade-point average of 2.000 within the major.

Moreover, students must earn a stipulated number of credits—with a passing grade—in the completion of General Degree Requirements (as follows) and a Major pages 37-38.

Students also have the option of completing a Minor pages 39 in which case a 2.000 G.P.A. within the minor must be completed. Basic computing skills are expected upon entrance to the College.

Students entering at Elmira College are expected to have the following skills relating to the operation of a computer: (1) Operation of a computer including turning it on and off, use of the keyboard, using a mouse and graphical interface and basic file organization; (2) Word processing including entering and editing text, setting margins, headers and footers, and printing; (3) Web skills including operating a web browser and using e-mail.

**General Degree Requirements**

Courses taken to fulfill the Academic Writing Program and Core requirements fulfill no other requirements except the 120 credits required for graduation. Other General Degree requirement courses may be used to fulfill other requirements.

**A. Academic Writing Program**

3-6 credits

All students take WRT 1010 and WRT 1020 unless they have, in transfer, an equivalent course. In order to satisfy the General Education requirement, all students will be required to earn no lower than a C- in both WRT 1010 and WRT 1020. Any student who earns lower than a C- in either course will be required to repeat the course until at least a C- is achieved.

Some students, for which English is not a first language, may be asked to enroll in one or both of the following courses before they begin WRT 1010:

ENG 1050-1051 English for Non-English Speakers I-II 3 credits

**B. Mathematical and Quantitative Reasoning**

3-4 credits

The Mathematical and Quantitative Reasoning requirement is designed to ensure students have the skills necessary to apply quantitative reasoning in their lives after college. This requirement will expose students to solving quantitative problems. These courses can be in any discipline, so students will have the opportunity to apply these strategies to specific questions in specific disciplines.

**C. First-Year Seminar**

3 credits

First-Year Seminar (FYS 1010) is the foundational course in the liberal arts and sciences for entering freshmen. Offered in Term I, it serves as a gateway to the College’s General Education program and introduces students to the wider world of learning beyond the professional training of their declared majors. One of the main goals of the program is to develop intellectual skills that will be helpful to students throughout their college career and beyond. In particular, the seminar focuses on sharpening students’ skills in critical thinking and reading. Students have the opportunity to choose from a wide variety of exciting seminar-topics, ranging from the natural sciences and the humanities, to the fine arts and the social sciences. In each case, the professor draws on her or his special expertise and interests to provide a unique learning experience.

**D. The Pillars and World Engagement:**

27.0-36.0 credits

(A list of courses approved for each of these categories can be found in electronic files maintained by the Office of the Registrar)

The Pillars and World Engagement requirements provide students with the intellectual breadth in the liberal arts and sciences necessary to be a broadly educated and globally aware citizen.
The Pillars

Students will complete 27 credits of coursework among the Pillars listed below. Courses taken as part of a major or concentration will qualify for The Pillars. No more than 3 credit hours from the same field code may be applied unless that field code is for a language other than English.

1. Fine Arts 6 credits
   (ART, DAN, FAR, MUS, and THE field codes)
   The Fine Arts are the expression of our human experience through visual art, writing, language, motion, and music. Coursework from this pillar will develop a student’s skills in the creation of the fine and performing arts, present historical and cultural contexts for appreciation of the arts, and encourage students to embrace new means of expression.

2. Humanities and Languages 9 credits
   (AMS, ASL, and all languages, ENG, (other than basic composition course), LAL, HIS, HUM, and PHR field codes)
   The Humanities focus on the interpretation of the human experience with a strong emphasis on analytical, critical, and reflective approaches. Courses from this pillar contribute to a student’s understanding of the development, expression, and diversity of the human community by examining the development of a wide variety of ideas and forms of expression using literary, historical, and philosophical texts, and various artistic media.

3. Social Sciences 6 credits
   (ANT, ARC, CRJ, ECO, GEG, PSY, PSC, SOC, SSC, SST, and WMS field codes)
   The social sciences study human behavior in the context of culture and society. Courses from this pillar develop a student’s ability to use quantitative and qualitative tools to analyze material artifacts, institutions and processes, motivations, and behavior of people in past and contemporary societies.

4. Mathematics and Natural Sciences 6 credits
   (AST, BIO, CHE, ENV, GEO, MAT, NSC, and PHY field codes)
   Mathematics and the natural sciences focus on using empirical and quantitative methods and the development of those methods by way of formal logic and quantitative reasoning. Courses from this pillar enable students to better employ the scientific method, use mathematical tools, and apply knowledge of nature to understand the universe.

World Engagement 9 credits

The World Engagement component of the General Education curriculum will foster the ability to view the world from multiple perspectives and to gain an appreciation of the global interconnectedness of issues, trends, and systems. Student will complete 3 credits in:
A. Global Perspectives (GLP)
B. Non-Western Perspectives (NWP)
C. Western Perspectives (WEP)

E. Physical Education and Wellness 0-2 credits

Developing an understanding of the importance of physical health has always been an important component of an Elmira College education. Physical health and well-being impacts all aspects of our lives. Therefore, all full-time students must complete two approved Physical Education and Wellness courses.

Alternatively, participation in a Varsity sport, Junior Varsity sport, club sport or the ROTC program counts as a substitute for a Physical Education and Wellness activity or course, provided that the participation comprises at least eighteen contests, contacts, or practices. Records are maintained by the Director of Athletics and the Coordinator of the Physical Education Program. Students wishing to request a waiver in recognition of campus activities such as Orchesis, Precision Line, Danceline, or activities taken off campus, should see the Coordinator of the Physical Education Program.

F. Field Experience-Practicum* 0-12 credits

Elmira College requires its students to participate in Field Experience and Practicum programs enabling them to apply concepts learned in the classroom, explore possible career options, work alongside
professionals in an industry matching the students’ career aspirations, develop an understanding of the day-to-day operations of an organization, and gain professional networking connections. The Field Experience program is designed to provide students with real-world experience and to better prepare them for entrance into graduate schools and career fields of their choice. Satisfactory completion of the program is based on the students’ ability to demonstrate that they have accomplished the goals set by the program as assessed by themselves, their faculty sponsors, and their off-campus site supervisors. **The program has three parts:**  

**Community Service (FEX 2515)**  

Community Service provides learning opportunities, instills civic responsibility, immerses students in the local area, and helps strengthen the community of Elmira.  

All full-time students at Elmira College must complete 60 hours of Community Service in a local non-profit service organization. The organization must be within 50 miles of the Elmira College Campus. While community service is a general education requirement, and as such is required for all full-time students, it is not granted college credit. This requirement must be completed within two years of enrolling at Elmira College. Students may not be paid for their service, nor be supervised by a relative. The Office of Career Services oversees this program with established the guidelines and procedures that students must follow as they complete their community service.  

**GUIDELINES:**  
— students new to the College are registered prior to the beginning of classes in Term I or Term II  
— students can visit the Office of Career Services for assistance on the Community Service process, located in the Student Learning Commons in the Gannett-Tripp Library, (607) 735-1830  
— the experience must be supervised by an appropriate member of the student’s chosen organization, but not by a relative of the student  
— students must submit a work agreement (contract) to indicate that the student is performing Community Service at a local non-profit organization prior to starting their hours:  
  *Signed by student, organization, and Director of Career Services*  

Students will have until the end of Term II of second year at Elmira College to complete requirement:  
— Upon completion, student will receive grade of ‘P’ (Pass)  
— If deadline is missed at the end of their Sophomore year, student will receive grade of ‘F’ (Fail)  
— Once requirement is complete, F will change to P  

— the experience must meet the minimum of 60 hours of Community Service  
— the experience is evaluated on a pass-fail basis  
— the Director of Career Services will determine whether or not a student’s experience meets the Community Service criteria.  

**WAIVING THE COMMUNITY SERVICE REQUIREMENT:**  
— students in the local area may request a waiver of the Community Service requirement if they enroll at the College one year or more after graduation from high school, having already volunteered sixty or more hours with a non-profit organization during that time. Otherwise, students are automatically registered to take Community Service  
— waiver request forms are available in the Office of Career Services, Student Learning Commons in the Gannett-Tripp Library and on MyEC  
— request to waive the Community Service requirement will be considered by the Director of Career Services  
— students may submit a written appeal to the Educational Standards Committee if the request to waive the Community Service requirement is denied  
— military service can be used to waive the Community Service requirement via submission of DD214 or evidence of current military status to the Director of Career Services
The Career-Related Internship (FEX 4525)

The Career-Related Internship provides an opportunity for students to explore work experience related to the major or to potential career goals. Students may apply knowledge gained in the classroom to the specific settings of the work environment. Career-Related Internships may be completed any time after the sophomore year and do not receive academic credit, unless offered for credit by the student’s major. No essay is required. There are multiple ways to complete Career-Related Internship requirement:

GUIDELINES:
—students must register in advance by completing the appropriate contract through the Office of Career Services, Student Learning Commons in the Gannett-Tripp Library, (607) 735-1830 during the first three weeks of Term I or Term II or during the first week of Term III
— the experience must be supervised by an appropriate member of the student’s chosen organization but not by a relative of the student
— the experience is evaluated on a pass-fail basis

Pre-Graduate School Internship (FEX 4510)

A Pre-Graduate School Internship may be pursued by those students who are planning to attend graduate school and who meet the high standards of graduate study. The Pre-Graduate School Internship fulfills the Career-Related Internship requirement. Projects for the Pre-Graduate School Internship may include but are not limited to the following:
— original research in the lab sciences
— the building of an art portfolio
— statistical hypothesis testing, and or model building
— interpretation and analysis of the activities of social agencies or businesses
— graduate-level scholarship on a historical, literary or philosophical subject

The Pre-Graduate School Internship follows the current Career-Related Internship guidelines, as well as additional guidelines involving pre-project and post-project consultations. Additional information and detailed guidelines may be obtained from your advisor or from the Office of Career Services, Student Learning Commons in the Gannett-Tripp Library, (607) 735-1830.

Note: Normally, the Career-Related Internship and the Community Service are not completed at the same organization.

DEADLINES FOR GRADUATING STUDENTS:
— all appropriate documentation in connection with the Career-Related Internship or Practicum must be provided to the Office of Career Services, Student Learning Commons in the Gannett-Tripp Library, (607) 735-1830, no later than the end of registration for Term III
— if the Internship or Practicum requirement is being fulfilled in Term III, students must submit their final paper, assessment of the internship, and supervisor’s evaluation at least four class days before senior grades are due.

WAIVING THE FIELD EXPERIENCE REQUIREMENTS:

Requirement may be waived under certain conditions on the basis of equivalent past experience (including meeting the minimum number of hours required).
— students may request a waiver of the Career-Related Internship or Practicum requirement on the basis of:
  A. Internship-quality experience gained subsequent to enrolling at the College (e.g., career qualifying summer employment), or
  B. Having worked full-time one year or more after graduation from high school, including military service
— waiver request forms may be obtained in the Office of Career Services, Student Learning Commons in the Gannett-Tripp Library, (607) 735-1830 or on MyEC
— waiver requests must be submitted for approval by the Educational Standards Committee.

Note: Community Service is not required of students graduating under part time requirements, nor is the Career Related Internship, unless it is required by the major.
The Associate Degree

Associate in Arts
The Associate in Arts degree in Liberal Arts with a major in General Studies requires the following:
   A. General Degree Requirements (for a description of these requirements, see I of the Associate in Science degree.)
   B. Completion of sufficient general electives to reach a total of 60 credits.
   C. At least 45 of the 60 credit hours must be in the Liberal Arts and Sciences.

Associate in Science
General Degree Requirements
   A. Academic Writing Program 6 credits
      WRT 1010 College Composition I
      WRT 1020 College Composition II
   B. Mathematical and Quantitative Reasoning 3-4 credits
      Students will complete one course designated as MQR. This course may also overlap with the disciplinary Pillar component of General Education or the student’s major.
   C. The Pillars and World Engagement 21 credits*
      The Pillars
      *Students will complete 21 credits of coursework among The Pillars listed below. Courses taken as part of the major will qualify for The Pillars. No more than 3 credit hours from the same field code may be applied unless that field code is for a language other than English:
      1. Fine Arts 3-6 credits
      2. Humanities 3-9 credits
      3. Social Sciences 3-6 credits
      4. Natural Sciences 3-6 credits
      World Engagement* 9 credits
      *These courses can be chosen from a wide variety of disciplines and may also overlap with the disciplinary The Pillar component of General Education or the student’s major.
      A. Global Perspectives (GLP) 3 credits
      B. Non-Western Perspectives (NWP) 3 credits
      C. Western Perspectives (WEP) 3 credits

Note: Associate’s Degree students are not required to complete First Year Seminar, PE-Wellness, or Field Experience Practicum Requirements.

Major Requirements
Students must also complete an approved major, available in each of the following. After each field is the Higher Education General Information Survey (HEGIS) code number.

</table>

To receive the Bachelor of Arts (B.A.) degree, the student must earn 90 of the required 120 credits in the liberal arts and sciences; for the Bachelor of Science (B.S.), 60 of the required credits must be earned in such courses. In some majors, the student may choose the degree; in others, it is determined by the nature of the requirements. All majors require at least 12 credits of upper-level courses (those numbered 3000 and above), and at least one course in which writing appropriate to the discipline is stressed (designated as a “WRT” course).
The specific requirements for each of the majors are listed in the section titled “Majors and Courses of Instruction.” Students will be encouraged to complete their general major requirements and prerequisites for upper-level courses during their first and second years of enrollment. Completing more than one major is permitted.

If a program or major is discontinued, Elmira College will make every effort to allow students to complete the program or major in a reasonable length of time following the date of discontinuance.

See the section “Majors and Courses of Instruction,” beginning on page 39, for a description of major requirements and courses.

Baccalaureate Minors

Elmira College offers approved minors in certain academic disciplines. A minor is not required for a degree, but is offered to students to supplement the major or permit them to explore another area of knowledge in some depth. Courses that count toward the major requirements may also be counted toward completion of a minor. Students should work closely with their advisors in planning their major and complementing it with an appropriate minor. See the section “Majors and Courses of Instruction,” for minor requirements.

Minors offered by the College are:

- American Studies
- Art
- Biology
- Business Administration
- Chemistry
- Classical Studies
- Criminal Justice
- Economics
- English Literature
- Environmental Science
- Finance
- History
- Mathematics
- Music
- Philosophy
- Political Science
- Sociology
- and Anthropology
- Spanish
- Speech and Hearing
- Theatre
- Women’s Studies

Undergraduate Majors and Courses of Instruction

This section lists requirements for majors and minors and describes courses of instruction. Because courses are revised annually, their specific content will vary from year to year. To provide more detailed information upon which to base the selection of courses, the Schedule and Course Descriptions are published each term. This is available in time to examine course prerequisites, teaching procedures, objectives, and evaluation methods before registering.

The academic year in which each course is expected to be taught is indicated in this section. Courses listed without a date are offered at least once during each academic year in Term I, Term II, or both terms. Students who need a course which is offered “as needed” should consult the appropriate Division Chair.

Courses numbered 1000 and 2000 are lower-level courses that introduce subjects or provide general overviews and are open to freshmen. Courses numbered 3000 and 4000 are specialized courses, usually requiring prerequisites, and are typically not open to freshmen. Courses that are listed without a designated prerequisite have no prerequisites. Courses numbered 1900, 2900, and 3900 have been designed to be taught during Term III. A description of selected Term III courses begins on page 197.

Courses that fulfill the general degree requirement for a “WRT” course and courses that fulfill the distribution requirements will be identified prior to registration for each term.

FIELD CODES: A three-letter code is assigned for every general subject category (e.g., BIO for Biology). Codes for the present subject-major areas listed in this Bulletin are:

**COURSE NUMBERS:** Courses will be numbered in terms of thousands rather than hundreds as many systems use. In general, the number indicates the level of difficulty of the course as follows:

- **1000 - 1899** – Entry level courses: Either a course viewed as accessible to an entering Freshman or the successor to such a course.
- **2000 - 2899** – Lower division courses: An entry level course which requires special preparation, a course with prerequisites at the 1000-level, or a successor to such courses.
- **3000 - 3899** – Upper division courses: These courses should have one or more prerequisites in the discipline at the 2000-level or above.
- **4000 - 4899** – Capstone experiences

Total credits required to complete Option II: 15.0

Additional Credit Hours**: 74.0-80.0

**The Accounting Internship may not be used toward the one year experience requirement for licensure.

***Including courses to fulfill the College’s general education requirements.

Total credits required to complete major: 150.0

Note: This program is a New York State Licensure Registered Program. Students who plan to sit for the CPA examination in a state other than New York should consult with the appropriate Board of Accountancy to determine if this program will meet the requirements of that state.

### Accounting Course Descriptions

**ACC 2010  Financial Accounting  3 credits**
A study of the fundamental principles of accounting as applied in business. Included are the basic concepts of accounting systems design and use, transaction analysis, adjusting entries, and basic financial statement preparation, accounting for assets, liabilities, and owners’ equity. Prerequisite: MAT 1030. Offered every Term I.

**ACC 2021  Managerial Accounting  3 credits**
The second course of study of the fundamental principles of accounting with emphasis on managerial accounting. The student is also introduced to elements of financial analysis, responsibility accounting, cost systems, and management control; cost-volume-profit analysis is be introduced and contrasted to traditional financial accounting statements and current and contingent liabilities. Prerequisite: ACC 2010. Offered every Term II.

**ACC 3540  Intermediate Accounting I  3 credits**
This course includes accounting theory and practice as applied to the preparation of the corporate balance sheet and income statement and the reporting of current assets, fixed assets. Prerequisites: Two terms of Principles of Accounting. Offered every Term I.

**ACC-FIN 3541  Intermediate Accounting II  3 credits**
This course includes accounting theory and practice as applied to current assets, fixed assets, liabilities, net work accounts, investments, reserves, income, and sources and applications of funds. Prerequisite: ACC 3540 or permission of instructor. Offered every Term II.

Academic Writing Program Course Descriptions

WRT 1000 Writing Workshop 1 credit
Offers extra support for students who struggle with or feel unprepared for college-level writing. Deepens critical reading of texts and enhances the student’s ability to express clear and strong ideas using college-level prose. This course may be taken either before or at the same time as WRT 1010.

WRT 1010 College Composition I 3 credits
This course focuses on helping students adjust to the more rigorous expectations of college-level writing. WRT 1010 is comprised of writing a series of commonly required papers, each in a number of stages (prewriting, drafting, revision, and editing). Additionally, this course focuses on the form and rhetoric of the fundamental elements of writing, college-level grammar and mechanics, citation proficiency, research-based information literacy, and plagiarism avoidance in order to help the student meet basic collegiate standards in writing. Students must pass WRT 1010 with a grade of C- or better before they can enroll in WRT 1020.

WRT 1010H College Composition I 3 credits
This course is for those students enrolled in The Honors Program. Will focus on helping students adjust to the more rigorous expectations of college-level writing. WRT 1010 is comprised of writing a series of commonly required papers, each in a number of stages (prewriting, drafting, revision, and editing). Additionally, this course focuses on the form and rhetoric of the fundamental elements of writing, college-level grammar and mechanics, citation proficiency, research-based information literacy, and plagiarism avoidance in order to help the student meet basic collegiate standards in writing. Students must pass WRT 1010 with a grade of C- or better before they can enroll in WRT 1020. Prerequisite: Enrollment in the Honors Program or permission of the instructor.

WRT 1020 College Composition II 3 credits
This course builds upon and reinforces the writing skills in WRT 1010 and emphasizes the complexities of research-based argument and argumentative methods. It helps students augment their critical thinking skills by analyzing logical and rhetorical techniques, asking them to evaluate diverse perspectives and alternative points of view, with the intention of arriving at an informed judgment of the subject or argument at hand. Like WRT 1010, this course approaches all writing assignments as a series of tasks, including finding, evaluating, analyzing, and synthesizing appropriate academic sources by using current research methods and informational technology. The culmination of WRT 1020 is an argumentative-persuasive research paper and an accompanying in-class presentation. Prerequisite: A grade of C- or better in WRT 1010.

WRT 1020H College Composition II 3 credits
This course is for those students enrolled in The Honors Program. Will build upon and reinforces the writing skills in WRT 1010 and emphasizes the complexities of research-based argument and argumentative methods. It helps students augment their critical thinking skills by analyzing logical and rhetorical techniques, asking them to evaluate diverse perspectives and alternative points of view, with the intention of arriving at an informed judgment of the subject or argument at hand. Like WRT 1010, this course approaches all writing assignments as a series of tasks, including finding, evaluating, analyzing, and synthesizing appropriate academic sources by using current research methods and informational technology. The culmination of WRT 1020 is an argumentative-persuasive research paper and an accompanying in-class presentation. Prerequisite: Grade of C- or better in WRT 1010 and enrollment in the Honors Program or permission of the instructor.

Air Force Leadership Studies Course Descriptions

AIR 1101 Heritage and Values of the United States Air Force I 1 credit
Is a survey course designed to introduce students to the United States Air Force and provides an overview of the basic characteristics, missions, and organization of the Air Force.

AIR 1102 Heritage and Values of the United States Air Force II 1 credit
Is a survey course designed to introduce students to the United States Air Force and provides an overview of the basic characteristics, missions, and organization of the Air Force.

AIR 4401 National Security Affairs-Prep for Active Duty I 3 credits
Is designed for college seniors and gives them the foundation to understand their role as military officers in American society. It is an overview of the complex social and political issues facing the military profession and requires a measure of sophistication commensurate with the senior college level. The final semester provides information that will prepare the cadets for Active Duty.

AIR 4402 National Security Affairs-Prep for Active Duty II 3 credits
Is designed for college seniors and gives them the foundation to understand their role as military officers in American society. It is an overview of the complex social and political issues facing the military profession and requires a measure of sophistication commensurate with the senior college level. The final semester provides information that will prepare the cadets for Active Duty.

AIR 4441L Advanced Leadership Experiences 1 credit
Cadets assume command leadership responsibilities to operate a military organization. Cadets apply effective leadership and managerial techniques with individuals and groups and participate in self-analysis of leadership and managerial abilities. Distribution Requirement: PEW.

AIR 4442L Pre-commissioning Laboratory 1 credit
Factors that facilitate transition from civilian to military life are reviewed. The need for military security, base services and activities, personal finances, travel regulations, and social obligations are introduced. Distribution Requirement: PEW.

American Sign Language Course Descriptions

ASL 1010 American Sign Language I 3 credits
The fundamentals of American Sign Language (ASL) and an introduction to deaf culture. Focusing on sign production and the development of expressive and receptive fluency. Offered Term I.

ASL 1020 American Sign Language II 3 credits
A continuation of ASL 1010, this course provides students with a review, expansion, and identification of grammar, syntax and semantics of American Sign Language. Prerequisite: ASL 1010. Offered Term II.

ASL 2010 American Sign Language III 3 credits
Continued focus on specific grammatical and cultural topics using prosodic-non-manual markers. Emphasis on greater fluency in idiomatic language usage and mastery of vocabulary and syntax. Skills enhanced through in-class interactions with native language users. Prerequisite: ASL 1020. Offered Term III.

American Studies (Bachelor of Arts or Bachelor of Science)

AMS 1010 Perspective on the American Dream 3.0
One AMS course at the 2000 level 3.0
One AMS course at the 3000 level 3.0

Two courses from the following: 6.0
ENG 2042 American Literature: Beginnings to the Civil War
ENG 2043 American Literature: Civil War to 1945
ENG 2044 American Literature: 1945-Present
HIS 1400 United States History I: Through 1877
HIS 1401 United States History II: 1865 to Present

Six American content courses: 18.0
At least two courses must be at or above the 3000 level
No more than four courses may come from the same field code.
AMS 4590  Senior Seminar  3.0
Total credits required to complete major:  36.0

American Studies (Minor)
credits
AMS 1010  Perspective on the American Dream  3.0
One AMS course at the 3000 level  3.0

Two courses from the following:  6.0
ENG 2042  American Literature: Beginnings to the Civil War
ENG 2043  American Literature: Civil War to 1945
ENG 2044  American Literature: 1945-Present
HIS 1400  United States History I: Through 1877
HIS 1401  United States History II: 1865 to Present

Three American content courses  9.0
At least one course must be at or above the 3000 level
Total credits required to complete minor:  21.0

American Studies Course Descriptions

AMS 1010  Perspectives on the American Dream  3 credits
In this course we will study the set of ideas, myths, and values that comprise the American Dream. Beginning with John Winthrop's vision of America as a “city on the hill,” the definition of the American Dream, the purpose of American's “discovery,” has been contested, challenged, and continuously revised. This course introduces students to the history of that process. Distribution Requirement: WEP.

AMS-WMS 2015  Gender and Nature  3 credits
This course introduces students to a selection of American writers, artists and naturalists whose work explores the relationship between the natural world, ways of understanding and relating to the natural world, and gender. Through the material covered in this course we will explore the ways in which the constructed ideas of “nature” and “gender” have been intertwined in American culture, how certain assumptions about the essential nature of women and men have shaped opportunities for women and men to explore, study and know the natural world, and how the gendering of nature has shaped discussions of environmental topics and issues. Distribution Requirement: WEP.

AMS 2020  Individualism and Community in American Life  3 credits
Exploration of individualism in American culture, its character, sources, and moral and social implications. We will trace the development of the ethos of individualism as it has been transformed by centuries of social, political, and economic change. Distribution Requirement: WEP.

AMS-PHR 2060  Pragmatism and Classical American Philosophy  3 credits
This course provides a survey of nineteenth and twentieth century American philosophical thought. Distribution Requirement: WEP. Offered Terms I and II.

AMS-ART 2120  American Art: Colonial Period Through the Gilded Age  3 credits
A survey of the social and cultural history of American art from the colonial period through the Gilded Age. Distribution Requirement: WEP. Offered Terms I and II.
AMS-ART 2130H  American Art: 1865-1965  3 credits
A survey of the social and cultural history of American art from 1865-1965. Distribution Requirement: WEP. Prerequisite: Enrollment in the Honors Program or permission of the instructor. Offered Terms I and II.

AMS-WMS 2410  Gender and Utopia in America  3 credits
A study of the tradition of utopian thinking in American culture and how that tradition has dealt with questions of gender. Distribution Requirement: WEP.

AMS-ART 2420  The American Landscape: Art, Culture and Society  3 credits
A social and cultural history of the American landscape as it has been depicted in painting, photography, architecture and design; topics include the Hudson River School of painting, the role of landscape design in reflecting and shaping social behavior (e.g., Frederick Law Olmsted and Central Park), the role of artistic representations in promoting tourism and development in the National Parks, the relationship between landscape art and environmental politics. Note: AMS-ART 2420 and AMS-ART 3420 meet jointly, with additional work required for the 3000 level credit. This course may not be taken by students who have completed AMS-ART 1955. Distribution Requirement: WEP. Offered Terms I and II.

AMS-ENG-HIS 3000  Race and American Identity  3 credits
A study of the way in which race has influenced the question of American identity; readings include W.E.B. Du Bois, Ralph Ellison, Richard Rodriguez, Amy Tan, Louise Erdrich. Prerequisite: One previous course in History, American Studies or English. Distribution Requirement: WEP.

AMS-HIS 3015  American Environmental History  3 credits
Environmental History is the study of the interaction between human beings and the environments in which they live. In this course we will focus on the environmental history of the United States by exploring episodes of such interactions from early European contact with Native Americans to the present: Indian and colonist relations in New England, the cotton culture of the South, urban pollution and industrialization in the late nineteenth century, the near extinction of the American Bison, wilderness preservation in the twentieth century, environmental politics in the post-World War II era. In studying this material we will ask several questions: how did people living in a particular place at a particular time use and transform their environment? How has the natural environment shaped the cultural and political values and practices of the people living within it? How have groups of people organized themselves to manage or conserve resources? How have differences in race, class, gender and ethnicity influenced people’s interaction with the environment? Fulfills WRT-Course Requirement. Distribution Requirement: WEP.

AMS-ENG-HIS 3025  Nature and the American Imagination  3 credits
A study of the intellectual and cultural responses to nature from the colonial period to the present, focusing on arts, literature, and philosophy. Distribution Requirement: WEP.

AMS-ENG 3400  Recent American Fictions  3 credits
A study of American fiction since 1980, with a focus on issues of national and personal identity. Texts selected from Philip Roth, Don DeLillo, Han Ong, Lorrie Moore, Jennifer Egan, T.C. Boyle, Aimee Bender, Charles Baxter, Thomas Pynchon and Emma McLaughlin. Prerequisite: Any of ENG 2020, ENG 2021, ENG 2022, ENG 2042, ENG 2043 or 2044 or AMS 2020. Distribution Requirement: WEP.

AMS-ART 3420  The American Landscape: Art, Culture and Society  3 credits
A social and cultural history of the American landscape as it has been depicted in painting, photography, architecture and design; topics include the Hudson River School of painting, the role of landscape design in reflecting and shaping social behavior (e.g., Frederick Law Olmsted and Central Park), the role of artistic representations in promoting tourism and development in the National Parks, the relationship between landscape art and environmental politics. Note: AMS-ART 2420 and AMS-ART 3420 meet jointly, with additional work required for the 3000 level credit. This course may not be taken by students who have completed AMS-ART 1955 or AMS-ART 2420. Distribution Requirement: WEP. Offered Terms I and II.
AMS 4590  Senior Seminar: Contemporary American Culture  3 credits
Exploration of the scope and methods of American Studies as a tradition of inquiry in connection with the consideration of some particular issue, problem, or other topic from American life. Prerequisites: AMS 1010 or AMS 2020. Fulfills WRT-Course Requirement. Offered as needed.

AMS 4999  Internship in American Studies  3 or 6 credits
Internship focused in any area related to American Studies. Prerequisite: Completed Sophomore coursework in the AMS major and Instructor’s Signature Required. Also need to complete a contract with the Office of Career Services, before registering for course. Graded on pass-fail basis.

**Anthropology and Sociology (Bachelor of Arts or Bachelor of Science)**

All students wishing to major in Sociology-Anthropology must complete the following:

<table>
<thead>
<tr>
<th>Core Requirements</th>
<th>credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>ANT 1040 Cultural Anthropology</td>
<td>3.0</td>
</tr>
<tr>

</tr>
</tbody>
</table>

Electives: Six credits of electives with an ANT or SOC field code or ARC 1900. At least 3 credits must be 3000-level courses.

Total credits required to complete minor: 21.0
Anthropology Course Descriptions

**ANT 1040**  Cultural Anthropology  3 credits
An examination of human cultural diversity. Examples from societies around the world to illustrate basic principles of formation, structure, and distribution of human institutions. The course emphasizes the ideas and methods anthropologists use to develop a scientific and humanistic understanding of the world’s cultures. Distribution Requirement: NWP. Offered Terms I and II.

**ANT-HIS 1710**  Origins of Ancient Civilizations  3 credits
Will trace the emergence of early states and ancient empires around the globe. The cultural achievements linked to state development are traced through a survey of evidence from both the archaeological and historical records. Students will be introduced to anthropological theories that seek to model and explain the appearance of state-level societies and empires. Distribution Requirement: OLP.

**ANT-SOC-**  Social Inequality  3 credits
WMS 2010
Class will examine the processes by which social inequality is created and maintained in society. Will look at stratification based on gender, race, social class, sexual orientation, age, religion, and ability. Will look at inequality mainly within the context of the United States. Prerequisites: SOC 1010 or ANT 1040. Distribution Requirement: WEP. Offered Term I.

**ANT 2020**  Peoples and Cultures of Africa  3 credits
Ethnographic survey of peoples and cultures of sub-Saharan Africa, including ecology and political economy; continuing impacts of colonialism, nationalism, and current challenges for development; changes in social relations, and events in contemporary Africa. Distribution Requirement: NWP. Offered Terms I or II.

**ANT 2045**  Peoples of the Pacific  3 credits
Survey of the history and societies of the Pacific Ocean islands. Course will include the prehistory and colonial history of the region, cultural, social and linguistic characteristics; Western images (e.g., “the South Seas”); the contemporary response to modernity and globalization. Distribution Requirement: NWP. Offered Terms I or II.

**ANT 2120**  Native Peoples of North America  3 credits
Consideration of diversity of Native American cultures from the Arctic to the Mexican border, including their origins, formation, and development. A comparative focus utilizing ethnographic, ethno historical, ethnological, and archaeological materials. Distribution Requirement: NWP. Offered Terms I or II.

**ANT-PHR 2150**  Ancient Religions  3 credits
An introduction to ancient religious traditions throughout the world. Requirement: NWP. Offered Term I or II.

**ANT-PHR 2160**  Indigenous Religions  3 credits
An introduction to numerous indigenous, tribal, and ethnic religious traditions throughout the world and throughout history. Distribution Requirement: NWP. Offered Term I or II.

**ANT 2170**  Ancient Mesoamerica  3 credits
Survey of the ancient societies of Mexico and Central America, including the Maya, the Mexican (or “Aztec”), Zapotec, Mixtec, and others. Topics will include the development of these societies and their various interrelationships, the social and political organization of these societies and an introduction to their religion. Distribution Requirements: NWP. Offered Terms I or II.

**ANT 2185**  Peoples of Latin America  3 credits
Introduction to cultural patterns and diversity of Latin America with emphasis on indigenous groups, peasants, and urban residents throughout Mexico, Central America, the Caribbean and South America. Distribution Requirement: NWP. Offered Terms I or II.
ANT-WMS 3040  The Anthropology of Gender  3 credits
Discussion of the cultural construction of gender roles in simple, tribal, modernizing, and industrial societies; traditional gender roles and the impact of social, and cultural change. Prerequisite: Any lower division Social Science course or permission of instructor. Distribution Requirement: NWP. Offered Terms I or II.

ANT-SOC 3150  Social Theory  3 credits
Introduction to the theoretical perspectives of anthropology and sociology from their early development to contemporary and post-modern theory. Prerequisite: ANT 1040 or SOC 1010 and recommended for students with junior or senior status. Distribution Requirement: WEP. Offered Term I.

ANT 3200  Psychological Anthropology  3 credits
An introduction to psychological anthropology including its historical development, cross-cultural comparisons of childhood and personality, the relationship between the individual and culture, cognitive anthropology, linguistics, and symbolic anthropology. Prerequisite: ANT 1040. Distribution Requirement: NWP. Offered Terms I or II.

ANT-SOC 3250  The Culture of Global Capitalism  3 credits
Will examine the social and cultural arrangements of economic systems, with particular attention to the impact of modern global capitalism. Will explore the ways that diverse peoples have organized their economic systems, from small gathering and hunting societies to ancient chiefdoms to modern capitalist countries. Will approach economics as a set of social relationships and suggest how these relationships structure family, community and government. Will pay particular attention to how modern global capitalism frames and shapes the ways that most societies function in the contemporary world. Prerequisites: Must have Junior or Senior status, SOC 1010 or ANT 1040. Distribution Requirement: GLP. Offered Term II.

ANT-SOC 3260  Qualitative Methods in Social Sciences  3 credits
Design and execution of a research project incorporating qualitative ethnographic methods in order to comprehend qualitative social science practice. Prerequisite: ANT-SOC 3150. Fulfills WRT-Course Requirement. Offered Term II.

ANT 3450  Economic Anthropology  3 credits
Introduction to the theories and perspectives of the sub discipline of economic anthropology, including the formalist and substantivist debate, Marxism, institutional economics and cultural economics. Prerequisite: ANT 1040. Distribution Requirement: GLP.

ANT-PHR 3801  Belief, Cosmology and Religion  3 credits
Introduction to the different belief-systems, spiritual concepts and religions found in human societies cross-culturally, exploring specialized areas, including but not limited to, myth, ritual, witchcraft, magic, symbolism, totemism, altered states of consciousness, and revitalization movements. Distribution Requirement: NWP. Offered Terms I or II.

ANT 4998  Internship in Museum Studies and Public History  3 or 6 credits
Internship focused on Museum Studies and Public History. Prerequisite: Completed Sophomore coursework in the HIS major and Instructor’s Signature required. Also need to complete a contract with the Office of Career Services, before registering for course. Meets Career Related Internship and graded on pass-fail basis.
## Archaeology Course Descriptions

**ARC-ART 2175**  
**Greek Art and Archaeology**  
3 credits  
Greek Art and Archaeology focuses on the classical civilization of Greece through the evidence of material remains. It is a study of Greek painting, sculpture, and architecture from the Mycenaean to the Hellenistic periods. The course emphasizes the social, political, religious, and geographical influences on the arts and artifacts of the Hellenic peoples as uncovered through archaeology. Prerequisite: ART 2100 or HIS 2501. Distribution Requirement: WEP. Offered Terms I and II.

**ARC-ART 3175**  
**Greek Art and Archaeology**  
3 credits  
Focuses on the classical civilizations of Greece through the evidence of material remains. In this course the archaeology (architecture and art) of the Greek civilization which emerged between 3000 BCE and 200 BC in the area of the Aegean are Minoan and Mycenaean Civilizations, Classical, and Hellenistic Civilizations. Fulfills WRT-Course Requirement. Offered Term I.

Electives: Minor electives selected from courses numbered 2000 or above, 6 credits in the following disciplines:

Art History 3.0
Studio Art 3.0

Total credits required to complete minor: 21.0

Art Course Descriptions

ART 1210 Drawing I 3 credits
A foundations level studio course covering the basic technical and perceptual approaches to drawing. Students will learn to develop an understanding of both formal and conceptual elements as they relate to a traditional and representational manner of drawing, such as; composition, perspective, volume, value, etc. Working in a variety of traditional media, i.e.; graphite, charcoal, ink, etc., students will draw such subjects as; still-life, self-portraiture, single object descriptions, and working from one’s own imagination.

ART 1220 Painting I 3 credits
A foundations level studio course covering the basic technical and perceptual approaches to painting. Students will learn to develop an understanding of both formal and conceptual elements as they relate to a traditional and representational manner of painting, such as; color theory, composition, perspective, volume, value, etc., including how to build and stretch a canvas. Working in a variety of traditional media, i.e.; oil paint, acrylic and water color, students will paint such subjects as; still-life, self-portraiture, visual transcriptions (copying master paintings), and working from one’s own imagination.

ART 1230 Illustration I 3 credits
A basic studio course emphasizing the technical and conceptual skills needed to create original illustrations. A variety of media will be explored including graphite, ink, colored ink, colored pencil, and water color. Students will work from direct observation as well as imagination to produce drawings serving purposes from single object scientific illustration to book illustration.

ART 1240 Introduction to Printmaking: Etching and Relief 3 credits
An exploration into the making of original prints as a fine art medium by experimentation with various techniques including intaglio and relief etching, dry-point, and engraving. A variety of plate materials and basic skills in plate manipulation and printing techniques is explored.

ART 1241 Introduction to Printmaking: Silkscreen 3 credits
To introduce the student to silkscreen printing techniques, including paper, glue, and film stencils and tusche and glue resist methods. Photo silkscreen is an optional technique. A basic course for both majors and non-majors. Students may take Printmaking II without having had Printmaking I. Students will work mainly in color and will use a variety of techniques from experimental to traditional. Design will be stressed as well as the development of an effective working process. Students will complete a minimum of four multi-color finished prints, each using a different technique.

ART 1250 Photography I 3 credits
An introduction to the craft of photography including camera technique, film developing, printmaking, and the aesthetics of photography.

ART 1280 Computer Imaging and Graphic Design 3 credits
A foundations level computer lab course covering the basic technical and perceptual approaches to digital imaging using the Mac computer as a tool. Students will learn to develop an understanding of both formal and conceptual elements as they relate to a wide range of digital processes with an emphasis on practical design components. Using updated Adobe software programs, such as; Photoshop and Illustrator students will produce assignments based on a variety of projects including working from one’s own imagination. Lab time is available outside of class time. Prior computer experience is helpful but not required.
ART 1360  Sculpture I  3 credits
This studio course offers a wide range of basic techniques using traditional tools and materials for object-making. It will also provide an introduction to non-traditional art forms and processes including stone carving, wood carving, and repurposing methods. Sensitivity to materials and development of concepts will be emphasized.

ART 1361  Assemblage Sculpture  3 credits
The philosophy of this course is to offer a wide range of basic assemblage sculpture techniques and three-dimensional design principals using traditional tools and materials for sculptural object making. It will provide an introduction to non-traditional art forms and processes. Assemblage is the function of discarded and repurposed materials.

ART 1362  Furniture Design and Construction I  3 credits
In this course wood will be used as the primary medium, although the use of other materials is possible. Students will learn the use of hand and power tools as well as various techniques of joining, laminating, fabricating, and carving. Emphasis is placed on originality, individual concept and design, a high level of craft while working three-dimensionally. Students will be strengthening their inventiveness and creative thinking which are essential to their learning experience. Once full scale table will be designed and produced, no larger than three feet in any direction. Work will be discussed and reviewed in critique forum upon completion of the project.

ART 1370  Ceramics I  3 credits
A basic studio course emphasizing the technical and conceptual skills needed to create sound, three dimensional forms in stoneware clay. Hand building and wheel throwing techniques, glaze preparation and application, and kiln techniques are included.

ART 2000  Video Art  3 credits
Video Art is an introductory digital art class that will acquaint students with the aesthetics and techniques of digital photography as preproduction, as well as audio production, in order to create a final art video for public screening. Offered Terms II.

ART-HIS-PHR 2017H  Why Does Art Matter?  3 credits
Defining art broadly to include literature, the visual arts, and theater, this course explores one of the "enduring questions" in the history of Western thought and culture—why does art matter? Focus is on the historical debate about the value and meaning of the arts; the place of art in a democracy; the role of the arts in the twenty-first century. Prerequisite: Enrollment in the Honors Program or permission of the instructor. Distribution Requirement: WEP. Offered Terms I and II.

ART 2100  Introduction to Art History: Prehistoric to Gothic  3 credits
A survey of the history of art beginning with prehistoric and tribal art and continuing through the Middle Ages with a concentration on the Mediterranean cultures. The emphasis is on the art which was created and its social and philosophical significance. Distribution Requirement: WEP.

ART 2101  Introduction to Art History: Renaissance to Modern  3 credits
A survey of the history of art beginning with the Renaissance and continuing with the Baroque, Rococo, nineteenth and twentieth centuries. The major focus is on the European art of these periods and its social and philosophical significance. Distribution Requirement: WEP.

ART 2102  American Art  3 credits
A survey of American Art from the colonial period to the twentieth century. The course emphasis is on the paintings of the various periods although some sculpture and architecture are also included. Distribution Requirement: WEP. Offered as needed.
ART 2111  Ancient Art  3 credits
A study of the architecture, painting, sculpture, and minor arts of the civilizations around the Mediterranean Sea from the third through the first millennium B.C. The course emphasizes the social, political, religious, and geographical influences on the arts and artifacts of ancient peoples. In this course the two main areas that will be examined are Egypt and Etruria. Distribution Requirement: NWP. Offered Terms I and II.

ART-AMS 2120  American Art: Colonial Period Through the Gilded Age  3 credits
A survey of the social and cultural history of American art from the colonial period through the Gilded Age. Distribution Requirement: WEP. Offered Terms I and II.

ART 2125  Roman Art  3 credits
A study of the architecture, painting, sculpture, and minor arts of Ancient Rome and the Roman Empire from the eighth century B.C. to the fifth century A.D. The course emphasizes the social, political, religious, and geographical influences on the arts and artifacts of the Roman World. Distribution Requirement: WEP. Offered Terms I and II.

ART-AMS 2130H  American Art: 1865-1965  3 credits
A survey of the social and cultural history of American art from 1865-1965. Distribution Requirement: WEP. Prerequisite: Enrollment in the Honors Program or permission of the instructor. Offered Terms I and II.

ART-ARC 2175  Greek Art and Archaeology  3 credits
Greek Art and Archaeology focuses on the classical civilization of Greece through the evidence of material remains. It is a study of Greek painting, sculpture, and architecture from the Mycenaean to the Hellenistic periods. The course emphasizes the social, political, religious, and geographical influences on the arts and artifacts of the Hellenic peoples as uncovered through archaeology. Prerequisite: ART 2100 or HIS 2501. Distribution Requirement: WEP. Offered Terms I and II.

ART 2200  Electronic Art Studio  3 credits
An introductory electronic studio art course utilizing image-video-audio editing software in conjunction with Internet resources to create art projects that incorporate website-blog technology and on-line publishing-marketing. Offered Term I.

ART 2210  Drawing II  3 credits
An intermediate level studio course in further developing technical and perceptual approaches to drawing, with an emphasis on conceptual components. Students will learn to explore and experiment with both formal and conceptual elements as they relate to a traditional and representational manner of drawing, such as; composition, perspective, volume, value, etc. Working in a variety of traditional media, i.e.; graphite, charcoal, ink, etc., and stemming from the academic approaches of Drawing I, students will continue to draw such subjects as; still-life’s, self-portraiture, single object descriptions, and working from one’s own imagination. Prerequisite: ART 1210.

ART 2211  Figure Drawing  3 credits
An intermediate to advanced level studio course covering all technical and perceptual approaches to drawing the human form. It offers a student the opportunity to enhance their technical and perceptual skills working from direct observation of the nude model. Lecture material covers anatomy, movement, and gesture as a means of seeing, and other pertinent elements as they apply to the human form. A variety of traditional drawing media will be used, i.e.; charcoal, ink, graphite, etc. In addition to in-class studio production assignments will be given, such as; self-portraiture, visual transcriptions (copying master drawings), and working from one’s own imagination. Prerequisite: ART 1210.

ART 2220  Painting II  3 credits
An intermediate level studio course in further developing technical and perceptual approaches to painting, with an emphasis on conceptual components. Students will learn to explore and experiment with both formal and conceptual elements as they relate to a traditional and representational manner of painting, such as; color theory, composition, perspective, volume, value, etc. Working mainly in oil paints and stemming from the academic approaches of Painting I, students will continue to paint such subjects as; still-life’s, self-portraiture, single object descriptions, and working from one’s own imagination. Prerequisite: ART 1220.

**ART 2240 Printmaking II**
An intermediate printmaking course which involves techniques of color printing and a variety of plate materials. Prerequisite: ART 1240.

**ART 2250 Photography II**
An intermediate course in photography in which advanced techniques are examined and used. Works of contemporary and historical photographers are discussed. Prerequisite: ART 1250.

**ART 2280 Advanced Computer Imaging and Graphics**
An intermediate to advanced level computer lab course further developing the basic technical and perceptual approaches to digital imaging, with a strong emphasis on conceptual components, using the Mac computer as a tool. Students will learn to work in both fine as well as commercial art contexts as they relate to a wide range of digital processes. Using updated Adobe software programs, such as Photoshop and Illustrator (and in some cases Flash and Web Painter) students will produce prints and digital files based on a wide variety of assignments including working on self-motivated projects from one’s own imagination. Lab time is available outside of class time. Prerequisite: ART 1280.

**ART 2359 Wood Sculpture for Product Design**
An in-depth approach to a critical sculptural medium. Conceptual and technical competencies will be developed in carving, laminating lathe-turning construction, and bentwood techniques along with auxiliary skills in clay modeling, model making and tool making resulting in the creation of products. Meets Terms I and II.

**ART 2360 Sculpture II**
In this studio course selected media and technical processes introduced in Sculpture I will be further developed. Individual concepts and the techniques needed to pursue them will be cultivated. Emphasis will be on independent planning and art production. Prerequisite: ART 1360.

**ART 2362 Bronze Casting I**
This studio course will provide a basic understanding of “cire perdu” or “lost wax” alumni and bronze casting. Included in the overall process will be mold-making, working with clay and wax, and foundry techniques (sprueing, gating, investing, kiln-firing, melting and pouring, chasing, and patina).

**ART 2363 Figure Modeling**
This is a sculptural studio course having as its focus the human figure. Male and female models are the subjects for all work in the studio. The primary working material are clay and plaster. Emphasis will transition from short gestural poses and partial figurative studies to longer full-figure poses. As basic knowledge of the human anatomy will be developed to provide greater control of expression in the material.

**ART 2365 Furniture Design and Construction II**
Through semi-open ended assignments, students explore and develop creative solutions to functional and aesthetic design problems in furnishings. Students identify, refine and communicate the conceptual underpinnings of their projects as expressed in the discipline of furniture design. Students will design and construct one original piece of furniture at an intermediate level or beyond. Prerequisite: ART 1362. Offered Terms I and II.

**ART 2370 Ceramics II**
An intermediate studio course with emphasis on technical and conceptual growth of the intermediate ceramics student. More advanced clay forming, glazing, and firing techniques will be stressed. Prerequisite: ART 1370. Offered as needed.

**ART-AMS 2420 The American Landscape: Art, Culture and Society**
A social and cultural history of the American landscape as it has been depicted in painting, photography, architecture and design; topics include the Hudson River School of painting, the role of landscape design in reflecting and shaping social behavior (e.g., Frederick Law Olmsted and Central Park), the role of artistic representations in promoting tourism and development in the National Parks, the relationship
between landscape art and environmental politics. Note: AMS-ART 2420 and AMS-ART 3420 meet jointly, with additional work required for the 3000 level credit. This course may not be taken by students who have completed AMS-ART 1955. Distribution Requirement: WEP. Offered Terms I and II.

ART-HIS 2651 Chinese Religion and Visual Culture 3 credits
This course examines the interaction between religious and artistic practices and their impact on the cultural history of China. Distribution Requirement: NWP. Offered Terms I and II.

ART 3111 Ancient Art 3 credits
An in-depth study of the architecture, painting, sculpture, and minor arts of Egypt, Etruria, and the Aegean from the third through the first millennium B.C. The course emphasizes the social, political, religious, and geographical influences on the arts and artifacts of ancient peoples of the Mediterranean. Prerequisites: ART 2100 or HIS 2100. Fulfills WRT-Course Requirement. Offered as needed.

ART 3125 Roman Art 3 credits
An in-depth study of the architecture, painting, sculpture, and minor arts of Ancient Rome and the Roman Empire from the eighth century B.C. to the fifth century A.D. The course emphasizes the social, political, religious, and geographical influences on the arts and artifacts of the Roman World. Prerequisite: ART 2100 or HIS 2502. Fulfills WRT-Course Requirement.

ART 3150 Nineteenth Century Art 3 credits
A survey of European art of the nineteenth century beginning with the Neo-Classical and Romantic school, through the Barbizon painters and the realists, and ending with the Impressionists and Post-impressionist painters. Offered as needed.

ART 3151 Impressionism and Post-Impressionism 3 credits
An in-depth study of painting from the latter half of the nineteenth century in France focusing primarily on Impressionism and Post-impressionism. The development of Impressionism and Post-impressionism is examined, as well as the impact that these two movements had on subsequent artistic periods and styles in France and in the rest of the western world. Offered as needed.

ART 3161 Twentieth Century American Art 3 credits
A study of the painting, sculpture, and architecture of the twentieth century by such American artists as Pollack, Hopper, O'Keefe, Benton, and DeKooning. Offered as needed.

ART 3163 Contemporary Art 3 credits
An in-depth study of late Modernism and Post-Modernism (1945-present). From the end of the Second World War to the present, transitions have been increasingly more swift and directions diverse. This course will examine the relationship of these pluralized artistic directions and the social-cultural context of the artist.

ART-ARC 3175 Greek Art and Archaeology 3 credits
Focuses on the classical civilizations of Greece through the evidence of material remains. In this course the archaeology (architecture and art) of the Greek civilization which emerged between 3000 BCE and 200 BC in the area of the Aegean are Minoan and Mycenaean Civilizations, Classical, and Hellenistic Civilizations. Fulfills WRT-Course Requirement. Offered Term I.

ART 3210 Drawing III 3 credits
An intermediate to advanced level studio course in further developing technical and perceptual approaches to drawing, with an emphasis on conceptual components. Students will learn to explore and experiment with both formal and conceptual elements as they relate to a traditional and representational manner of drawing, such as; composition, perspective, volume, value, etc. Working in a variety of traditional media, i.e.; graphite, charcoal, ink, etc., and stemming from the approaches and methods of Drawing II, students will continue to draw such subjects as; still-life’s, self-portraiture, single object descriptions, and working from one’s own imagination, with a strong emphasis on self-motivated projects. Prerequisite: ART 2210.

ART 3220: An intermediate to advanced level studio course in further developing technical and perceptual approaches to painting, with an emphasis on conceptual components. Students will continue to learn to explore and experiment with both formal and conceptual elements as they relate to a representational as well as non-representational manners of painting. Working mainly in oil paints and stemming from the academic approaches of Painting I and II, students will continue to paint such subjects as still-life's and self-portraiture, including working from one's own imagination. Students will also be required to work steadily on their own, outside of class on self-motivated projects. Prerequisite: ART 2220.

ART 3240: An advanced studio course which explores one of several particular aspects of printmaking with emphasis on both original and technical facility. The development of a related body of work is emphasized. Prerequisite: ART 2420.

ART 3360: A studio course offering independent pursuit of artistic direction by the student, including concepts, processes, and materials. There will be an emphasis on presentation, as well as the development of a sound personal creative identity through content, style, and standards of critical judgement. Prerequisite: ART 2360.

ART 3362: This studio course will provide a basic understanding of “cire perdu” or “lost wax” alumni and bronze casting. Included in the overall process will be mold-making, working with clay and wax, and foundry techniques (gating, investing, kiln-firing, melting and pouring, chasing, and patina). Prerequisite: ART 2362.

ART 3370: An advanced studio course with emphasis on the technical and conceptual growth of the advanced ceramics student. Prerequisite: ART 2370. Offered as needed.

ART-AMS 3420: A social and cultural history of the American landscape as it has been depicted in painting, photography, architecture and design; topics include the Hudson River School of painting, the role of landscape design in reflecting and shaping social behavior (e.g., Frederick Law Olmsted and Central Park), the role of artistic representations in promoting tourism and development in the National Parks, the relationship between landscape art and environmental politics. Note: AMS-ART 2420 and AMS-ART 3420 meet jointly, with additional work required for the 3000 level credit. This course may not be taken by students who have completed AMS-ART 1955 or AMS-ART 2420. Distribution Requirement: WEP. Offered Terms I and II.

ART 4210: An advanced level studio course in drawing with a very strong emphasis on conceptual components. Students will continue to explore and experiment with both formal and conceptual elements as they relate to representational and non-representational manners of drawing. Students will begin to formulate individualized thoughts, feelings and ideas on what it is they want to say visually using drawing as a mode of expression. Attention is paid to a student’s knowledge of drawing history and desire to explore, experiment and challenge oneself artistically. Prerequisite: ART 3210.

ART 4220: An advanced level studio course in painting with a very strong emphasis on conceptual components. Students will continue to explore and experiment with both formal and conceptual elements as they relate to representational and non-representational manners of painting. Students will begin to formulate individualized thoughts, feelings and ideas on what it is they want to say visually, using paint as a medium of choice. Attention is paid to a student’s knowledge of drawing history and desire to explore, experiment and challenge oneself artistically. Prerequisite: ART 3220.
ART 4360  Sculpture IV  3 credits
A studio course for the advanced student and artist. In addition to further cultivation of a mastery of tools and materials, an in-depth conceptual dialogue will ensue. The philosophic, social, political, and aesthetic basis for the work will be thoroughly explored. Prerequisite: ART 3360.

ART 4362  Bronze Casting III  3 credits
This studio course will provide a basic understanding of “cire perdu” or “lost wax” alumni and bronze casting. Included in the overall process will be mold-making, working with clay and wax, and foundry techniques (gating, investing, kiln-firing, melting and pouring, chasing, and patina). Prerequisite: ART 3362.

ART 4410  Drawing V  3 credits
An advanced studio course for students to further develop their vision and fully explore the drawing medium. The course focuses on a student’s ability to challenge new ideas, apply non-traditional mediums, and experiment with new techniques and to recognize the potentialities of various emotive considerations and energies. Attention is paid to the relationships between formal issues and a student’s expressive goals. Subject matter includes; abstract representations, nude models, self-portraits, still-life, and nature. Prerequisite: ART 4210.

ART 4420  Painting V  3 credits
An advanced studio course for students to further develop their vision and fully explore the oil painting medium. The course focuses on a student’s ability to challenge new ideas, apply non-traditional techniques, experiment with diptychs, and canvas size, and to recognize the potentialities of various emotive considerations and energies. Attention is paid to relationships between formal issues and a student’s expressive goals. Subject matter includes; abstract representations, nude models, self-portraits, still-life, and nature. Prerequisite: ART 4220.

ART 4561  Advanced Sculpture Seminar  3 credits
A studio-seminar wherein the advanced art student preparing for graduate school and life as a professional artist combines concentrated studio work and intellectual exchange. The primary focus is the development of the students’ artistic pursuits in the studio. This is enhanced by specialized reading and discussions. Critical analysis of art work will be important. Prerequisite: ART 4360.

ART 4590  Seminar in Art Criticism  3 credits
This course will focus on understanding works of art by means of three activities: seeing, reading, and writing. Course content will center on modern art and post-modernism in order to gain an understanding of the range of contemporary art criticism. Essays by the most influential art critics of their day will be studied, from Baudelaire and Ruskin to Greenberg and Rosenberg, Kramer, Schapiro, Sontag, Lippard, Hughes, Tomkins, Danto and others. Articles excerpted from contemporary art magazines such as “Art Forum” and “Art in America” will be read and discussed. The Process of thinking and writing about art will be emphasized. Fulfills WRT-Course Requirement.

ART 4611  Drawing VI  3 credits
An advanced studio course designed for students in their senior year to develop a personal visual language with the drawing medium. At this level, a student proposes and develops their own individual projects, defining their philosophy towards the making of art. Prerequisite: ART 4410.

ART 4621  Painting VI  3 credits
An advanced studio course designed for students in their senior year to develop a personal visual language with the drawing medium. At this level, a student proposes and develops their own individual projects, defining their philosophy towards the making of art. Prerequisite: ART 4420.
Biology (Bachelor of Arts or Bachelor of Science)

Pending final approval from the New York State Education Department

Core Requirements: credits

BIO 1020  General Biology I  3.0
BIO 1020L General Biology Laboratory I  1.0
BIO 1022  General Biology II  3.0
BIO 1022L General Biology Laboratory II  1.0
BIO 3110  Genetics (WRT course)  4.0
BIO 3590  Junior Seminar in Biology  1.0
BIO 4605  Evolution  3.0
CHE 1505  General Chemistry I  3.0
CHE 1505L General Chemistry I Lab  1.0
CHE 1515  General Chemistry II  3.0
CHE 1515L General Chemistry II Lab  1.0
CHE 2010  Organic Chemistry I  3.0
CHE 2010L Organic Chemistry I Lab  1.0
CHE 2020  Organic Chemistry II  3.0
CHE 2020L Organic Chemistry II Lab  1.0

MAT 2090  Statistical Methods or  4.0
BIO 2300  Biostatistics

Total credits required for core requirements: 36.0

Students considering graduate school or pre-professional programs are encouraged to take calculus, physics, and other possible electives. See your academic advisor for details.

General Biology Track:

The General Biology Track, consisting of the core requirements and the sub-discipline electives below, ensures that students cover the most important areas within biology but also provides great flexibility within each area so students may tailor their biology degree towards their individual interests and goals. Completion of the general biology option will prepare students for careers in biology as well as a variety of graduate programs depending on the courses selected.

Biology Sub-Discipline Electives:

One course from the Microbiology Group: 3.0-4.0

BIO 3050  Microbiology  3.0
BIO 3050L Microbiology Laboratory  1.0
BIO 3080  Cell Biology (WRT course)  4.0
BIO 3150  The Biology of Cancer (WRT course)  3.0
BIO 3250  Immunology  3.0
BIO 3910  Virology  3.0
One course from the Molecular Biology and Biochemistry Group: 4.0

BIO 3055  Molecular Biology  (WRT course)  4.0
BIO-CHE 3042  Biochemistry I  3.0
and
BIO-CHE 3042L  Biochemistry I Lab  (WRT course)  1.0
BIO 4110  Advanced Genetics and Genomics  4.0

One course from the Ecology Group: 4.0-6.0

BIO 3120  Ecology  3.0
BIO 3120L  Ecology Laboratory  1.0
BIO 3121  Plant Ecology  (WRT course)  4.0
BIO 3930  Marine and Island Ecology  6.0

One course from the Anatomy and Physiology Group: 4.0

BIO 2010  Comparative Anatomy  3.0
BIO 2010L  Comparative Anatomy Laboratory  1.0
BIO 2050  General Botany  4.0
BIO-PSY 2141  Animal Behavior  4.0
BIO 3060  Animal Physiology  3.0
BIO 3060L  Animal Physiology Laboratory  1.0
BIO 3075  Plant Physiology  4.0
BIO 3500  Developmental Biology  4.0

Biology Elective: One additional course from any 3000 level or above Biology or Biochemistry course.  4.0-6.0

Total credits required for General Biology Track: 19.0-24.0

Total credits required to complete major with General Biology Track: 55.0-60.0

Evolution, Ecology, and Behavior Track:
The Evolution, Ecology, and Behavior Track is designed for students interested in the interactions among organisms and the environment. This track provides a strong base in a broad range of topics important for students interested in pursuing a career in such diverse areas as conservation and wildlife management, environmental studies, environmental science, and behavioral or ecological research. The evolution, ecology, and behavior track will also prepare you for doctoral or masters programs within these fields.

Required Courses:
BIO 2050  General Botany  4.0
BIO 3050  Microbiology  3.0
BIO 3050L  Microbiology Laboratory  1.0

BIO-PSY 2141  Animal Behavior  4.0
or
BIO 3930  Marine and Island Ecology  4.0

BIO 3120  Ecology
BIO 3120L Ecology Laboratory or 4.0
BIO 3121 Plant Ecology (WRT course)

At least one course from: 4.0
BIO 3055 Molecular Biology (WRT course) 4.0
BIO 3075 Plant Physiology 4.0
BIO 3080 Cell Biology (WRT course) 4.0
BIO 3500 Developmental Biology 4.0
BIO-CHE 3042 Biochemistry I 3.0

and
BIO-CHE 3042L Biochemistry I Lab (WRT course) 1.0
Total credits required for Evolution, Ecology, and Behavior Track: 20.0-22.0

Total credits required to complete major with Evolution, Ecology, and Behavior Track: 56.0-58.0

Molecular Biology Track:

The Molecular Biology Track is ideally suited for students interested in how life works at the molecular level, at the intersection between biochemistry and biology. With the rise of biotechnology and the increasing use of molecular biological applications in industry and medicine, the molecular biology track provides students with a strong background in molecular genetics and molecular laboratory techniques to facilitate their future success in the biotech industry, graduate school, medical school, the research sector, and other biological pursuits.

Total credits required for Molecular Biology Track: 22.0-26.0

Total credits required to complete major with Molecular Biology Track: 58.0-62.0
Medical Biology Track:

The Medical Biology Track is for students who intend to become health care professionals (physicians, dentists, veterinarians, etc.). After successful completion, the student will have obtained the content and skills needed for the transition to professional school in the medical field. Students should check with the graduate programs to which they are applying for a list of current pre-requisites. Consultation with the Pre-Health Professions Advisor is strongly recommended.

| BIO 3075 Plant Physiology                              | 4.0     |
| BIO 3120 Ecology                                      | 3.0     |
| BIO 3120L Ecology Laboratory                          | 1.0     |
| BIO 3121 Plant Ecology (WRT course)                    | 4.0     |
| BIO 3930 Marine and Island Ecology                     | 6.0     |

Total credits required for Medical Biology Track: 27.0-30.0

Total credits required to complete major with Medical Biology Track: 63.0-66.0
Note: There are additional courses required by medical schools.

Students must include all of the following courses in preparation for medical school:

| MAT 2010  Calculus I                                   | 4.0     |
| MAT 2010L Calculus I Lab                              | 0.0     |
| PHY 2200 Principles of Physics I                       | 3.0     |
| PHY 2150L Physics Laboratory I                         | 1.0     |
| PHY 2210 Principles of Physics II                      | 3.0     |
| PHY 2160L Physics Laboratory II                        | 1.0     |

The following courses are strongly suggested for students considering medical school:

| BIO 3400  Topics in Bioethics                          | 3.0     |
| BIO-CHE 3062 Biochemistry II                           | 3.0     |
Adolescence Education: Biology

Adolescence Education: Biology is a group of carefully selected courses which, in addition to the pedagogical courses, will provide an excellent foundation for high school biology teachers. Students completing this program will have coursework from all areas necessary for teaching biology at the high school level: the chemistry of life, cell and molecular biology, structure and function, genetics, botany, behavior, ecology, and evolution.

Required Courses:
- BIO 2050 General Botany 4.0
- BIO 3050 Microbiology 3.0
- BIO 3050L Microbiology Laboratory 1.0
- BIO 3055 Molecular Biology (WRT course) or 4.0
- BIO 3080 Cell Biology (WRT course)
- BIO-PSY 2141 Animal Behavior 4.0

One of the following: 4.0-6.0
- BIO 3120 Ecology 3.0
- BIO 3120L Ecology Laboratory 1.0
- BIO 3121 Plant Ecology (WRT course) 4.0
- BIO 3930 Marine and Island Ecology 6.0

Total credits required for Adolescence Education: Biology: 20.0-22.0

Total credits required to complete major with Adolescence Education: Biology: 56.0-58.0

Biochemistry (Bachelor of Arts or Bachelor of Science)

Electives: Students may also choose other electives from those offered under the Biology major, providing they have fulfilled the specific course prerequisites.

Total credits required to complete minor: 24.0

### Biology Course Descriptions

**BIO 1010** *The Biological World*  
A study of the human being as a living organism in relationship to the physical and biological world. This course is designed to enable non-science majors to have a sufficient grasp of basic biological concepts to enable them to operate intelligently in modern society. Offered every Term II.

**BIO 1020** *General Biology I*  
The first of a two-term introductory biology course for the science major. Co-requisite with BIO 1020L. Offered Term I.

**BIO 1020L** *General Biology Laboratory I*  
Is a two-term first-year Biology laboratory sequence designed for the science major. This is a project-based lab course. Topics covered in BIO 1020L include: Properties of diffusion and osmosis, analysis of protein and carbohydrate content in seeds, analysis of enzymatic reactions, and DNA electrophoresis and analysis. Students will learn and develop their basic laboratory skills in the context of the biological sciences. Co-requisite with BIO 1020. Distribution Requirement: MQR. Offered Term I.

**BIO 1022** *General Biology II*  
The second of a two-term introductory biology course for the science major, examining the diversity of living things. Prerequisite: BIO 1020. Co-requisite with BIO 1022L. Offered Term II.

</table>
BIO 2010L Comparative Anatomy Laboratory 1 credit

BIO 2015-4015 Research in Biology 1 credit
Theoretical aspects of scientific method supplied to practical scientific problems. Observations, descriptions from scientific literature, formulation of hypotheses, and testing hypotheses in the laboratory or field. Analysis of data and oral and written presentation of results. Prerequisite: Permission of Instructor. Open to students at any level. Graded on pass-fail basis.

BIO 2050 General Botany 4 credits
Introduction to the bacterial, protist, fungal, and plant kingdoms, with an emphasis on the latter. The evolutionary range from simple to advanced plants will be covered. Other topics will include physiology, morphology, and life cycles. Prerequisite: BIO 1020. Offered Term II.

BIO-PSY 2141 Animal Behavior 4 credits
Study of the behavior of non-human species, and influence of genetics, evolution, physiology, environment, and learning in determining those behavior patterns. Prerequisite: PSY 1010. Offered Term I.

BIO 2300 Biostatistics 4 credits
This course is designed to introduce the application of statistics to biological problems: biostatistics. The course will briefly cover hypothesis creation, data collection, distributions, probability, and statistical inference. However, the majority of the course content will be the use of statistical tests to address biological questions. Prerequisites: BIO 1020, BIO 1022, and Math Competency. Offered Term II.

BIO 3000 Epidemiology 3 credits
A study of health-related states and the biological, social and economic factors involved. Emphasis is placed on the integration of biological and statistical elements in the causes of disease, both infectious and noninfectious. Prerequisites: BIO 1110 and BIO 2300 or BIO 3050 and BIO 2300 or BIO 3050 and MAT 2090 or BIO 1110 and SSC 2502 and MAT 2090. Offered Term I.

BIO 3010 Invertebrate Zoology 4 credits
A lecture-laboratory course surveying in detail the major invertebrate phyla and some minor phyla with respect to their morphology, physiology and ecological importance. Prerequisites: BIO 1020 and 1022 or equivalent. Offered Term I odd years.

BIO-CHE 3042 Biochemistry I 3 credits
A course focusing on the structure and function of proteins, polynucleic acids and biological membranes. The course examines enzymes and their inhibition and regulation. It involves the study of metabolism emphasizing anabolic processes. Some of the major topics will be cellular signaling, glycolysis, the TCA cycle, lipid and carbohydrate biosynthesis. Prerequisite: CHE 2020. Offered Term I.

BIO-CHE 3042L Biochemistry I Lab 1 credit
A laboratory course to introduce biochemical laboratory techniques, particularly working with and separating proteins. Will also focus on scientific writing and editing. Prerequisite: CHE 2020. Lab fulfills WRT-Course Requirement. Offered Term I.

BIO 3050 Microbiology 3 credits
An upper-level general overview of microbiology with an emphasis on current concepts and literature related to the science of microorganisms. Prerequisites: BIO 1022. Co-requisite: BIO 3050L. Offered every Term I.

BIO 3050L Microbiology Laboratory 1 credit
Hands-on training in the techniques and concepts encountered in the microbiology laboratory. Co-requisite: BIO 3050. Prerequisites: BIO 1022. Offered every Term I.

BIO 3055 Molecular Biology 4 credits
Introduction of molecular genetics emphasizing the use of biochemical and recombinant DNA techniques. Topics include DNA structure and organization; replication, repair and recombination; transposable elements and transcription; RNA processing and degradation; and translation and protein biochemistry. Prerequisites: BIO 3050 and CHE 2020. Fulfills WRT-Course Requirement. Offered Term II.
BIO 3060        Animal Physiology                        3 credits
A study of the physiology of animals. Both clinical and ecological applications are examined. Emphasis is on vertebrate systems. Prerequisites: BIO 1022 and CHE 2010. Co-requisite: BIO 3060L. Offered Term II.

BIO 3060L       Animal Physiology Laboratory              1 credit
An exploration of physiological mechanisms through hypothesis testing and experimental design and analysis. Emphasis is on vertebrate systems. Prerequisites: BIO 1022 and CHE 2010. Co-requisite: BIO 3060. Offered Term II.

BIO-CHE 3062    Biochemistry II                          3 credits
The thermodynamic principles applicable to metabolic reactions as they occur in the cell are emphasized. Major pathways considered include glycolysis, the Krebs cycle, oxidative phosphorylation, and electron transport; protein and nucleic acid synthesis are also considered. Prerequisites: BIO-CHE 3042 and BIO-CHE 3042L. Co-requisite: CHE 3062L. Offered Term II.

BIO-CHE 3062L   Biochemistry Laboratory II              1 credit
A laboratory course to practice biochemical laboratory techniques, particularly working with and modifying DNA and proteins. Scientific writing is used to present results. Co-requisite: BIO-CHE 3062. Offered Term II.

BIO 3075        Plant Physiology                        4 credits
An introduction to how plants grow, survive, develop, and function. Topics include photosynthesis, plant cell function, growth regulators, nutrition, stress, and water relations. Prerequisite: CHE 2010. Offered Term II even years.

BIO 3080        Cell Biology                            4 credits
Study of the growth, physiology, biochemistry, reproduction and molecular biology of the cell with emphasis on the relationship of structure and function. Lab includes cytochemical studies, cell fractionation, cell culture procedures, and fluorescence microscopy. Prerequisites: BIO 1022 and CHE 2010 or permission of instructor. Fulfills WRT-Course Requirement. Offered Term II odd years.

BIO 3110        Genetics                               4 credits
An introduction to principles of heredity. Emphasis will be split between molecular genetics and classical aspects of mitosis, meiosis, Mendelian genetics, chromosomal and extra chromosomal inheritance and population genetics. The laboratory integrates with lecture. Prerequisites: BIO 1020 or CHE 1515. Fulfills WRT-Course Requirement. Offered Term I.

BIO 3120        Ecology                                 3 credits
An introduction to the various means by which biologists observe and use natural systems for scientific investigations. Prerequisites: BIO 1022. Offered Term I odd years.

BIO 3120L       Ecology Laboratory                      1 credit
Exploration of ecological methods, including statistics and sampling, through studying the common and important organisms and habitats of upstate New York. Prerequisites: BIO 1022. Offered Term I odd years.

BIO 3121        Plant Ecology                           4 credits
Plant ecology will study relationships among plants and their interactions with their biotic, chemical, and physical environment. Concepts and examples will be explored at the individual, population, and community levels. Lectures, laboratories, and field trips will be included. Prerequisites: BIO 1022. Fulfills WRT-Course Requirement. Offered Term I even years.

BIO 3150        The Biology of Cancer                   3 credits
Studies the effects and advances in science on cancer and its resulting pathological conditions. An exploration of cancer growth, control, genetic changes, cell progression, invasion, metastasis and tumor immunobiology. Prerequisites: Completion of a 3000 level Biology course. Fulfills WRT-Course Requirement. Offered Term II even years.

BIO 3250        Immunology                             3 credits
Introductory human immunology for junior-senior level undergraduates. We examine the role of the immune system in fighting infection, its potential to prevent cancer, and describe how through the use of vaccines we can avoid disease. Autoimmunity, allergy, and transplant rejection will be examined. Prerequisites: BIO 3050 and CHE 2020. Offered Term II odd years.
BIO-CHE 3300 Medicinal Chemistry 3 credits
The course will focus on the fundamentals of the drug discovery process. The synthesis and effectiveness of the drugs will be evaluated. Drugs affecting neurotransmission, the central nervous, cardiovascular and immune systems will be examined. Qualitative structure activity relationships (QSAR) and organic synthetic methodology will be discussed. Prerequisites: BIO 1020 and CHE 2020.

BIO-CHE 3300L Medicinal Chemistry Lab 3 credits
A laboratory study of the synthesis, extraction, and analysis of medicinal compounds. Topics will include the synthesis of analogs and antibiotics, extraction of natural plant based drugs and pharmacophores. Analysis of biological enzymes and OTC medications. Prerequisites: BIO 1020L and CHE 2020L.

BIO 3310 Human Physiology and Pharmacology 3 credits
An advanced course to correlate knowledge of physiology, pathophysiology and pharmacology. Prerequisites: BIO 1210 and 1211 or permission of the instructor. For Nursing majors BIO 3310 must be taken concurrently with or prior to NSG 3110. Offered every Term I.

BIO 3400 Topics in Bioethics 3 credits
This class is intended for Science students. It studies Bioethics, its definition, theory and applications to the various fields of modern Biology. The course requires students to master the biological principles studied (stem cell research, cloning, steroid effects on human biochemistry, gene therapy, HIV, etc.) and opens the discussion on ethical issues deriving from the technology studied. Prerequisite: Junior class standing or permission of instructor.

BIO 3500 Developmental Biology 4 credits
A lecture-laboratory course exploring the development of invertebrates and vertebrates from gamete production through the differentiation of tissues, organs, and the complete embryo, including the impact of intrinsic and extrinsic factors on the developing organism. Prerequisites: BIO 1022 and 2020. BIO 2010 and BIO 3060 recommended. Offered Term I even years.

BIO 3590 Biology Junior Seminar 1 credit
Prepares students for graduate or professional work in the biological sciences. Use of primary sources of information to prepare presentations on scientific research and portfolios of own work. Self-evaluation and preparation for upper-level work. Prerequisites: Biology, Biochemistry, Clinical Laboratory Science major in the Junior year, or permission of instructor. Offered Term I.

BIO 4015 Research in Biology 1 credit
Theoretical aspects of scientific method supplied to practical scientific problems. Observations, descriptions from scientific literature, formulation of hypotheses, and testing hypotheses in the laboratory or field. Analysis of data and oral and written presentation of results. Prerequisite: Permission of instructor. Open to students at any level. Graded on pass-fail basis.

BIO 4110 Advanced Genetics and Genomics 4 credits
An extension beyond basic Mendelian and molecular genetics, covering advanced topics such as epigenetics, genome sequencing, genomics, gene editing, and cancer genetics. Prerequisite: BIO 3110. Offered Term II.

BIO 4605 Evolution 3 credits
To synthesize the information from Biology and Chemistry in understanding the principles and mechanism of the evolutionary process. Students will study recent research in molecular evolution, along with the classical evidence in morphology, anatomy, physiology and the fossil record. Prerequisites: BIO 1022 and Junior or Senior year. Offered Term II.

BIO 4999 Internship in Biology 3 or 6 credits
Internship focused in any subfield of Biology. Prerequisite: Completed Sophomore coursework in the Biology or Biochemistry major and Instructor’s Signature Required. Also need to complete a contract with the Office of Career Services, before registering for course. Meets Career Related Internship and graded on pass-fail basis.

Total credits required to complete the Business Core: **39.0**

In addition to completing the Business Foundation, students must choose at least one concentration and complete 15.0 credits of electives at the 3000 level or higher. A maximum of two concentrations can be declared. No course can count for multiple concentrations. A course used to satisfy the Foundation cannot also be used to complete a concentration.

General Business: **15.0**

For students who want to further explore several areas in and related to Business, any combination of courses in ACC, BUS, ECO, FIN, MKT, MGT, and MIS.

Marketing: **15.0**

For students who want to acquire a deeper background in the field of Marketing, any courses in MKT and MIS.

Management: **15.0**

For students who want to acquire a deeper background in the field of Management, any courses in MGT and MIS and up to 6.0 credits of courses in ECO.

Management Accounting: **15.0**

For students who want to acquire a deeper background in the field of Management Accounting must successfully complete 9.0 required credits:
ACC 3540  Intermediate Accounting I  3.0
ACC-FIN 3541  Intermediate Accounting II  3.0
ACC-MGT 3610  Cost Accounting I  3.0

Plus choose either Option A or Option B or Option C:  6.0

Option A:
ACC 3910  Accountants as Whistleblowers!
ACC 4740  Auditing (WRT course)
or  6.0

Option B:
ACC 3730  Tax Accounting I
ACC 3735  Tax Accounting II
or  6.0

Option C:
ACC-FIN 3755  Principle Government and Non-Profit Accounting
ACC 4550  Advanced Accounting
Total credits required to complete major:  54.0-55.0

Business Administration (Minor)

ACC 2010  Financial Accounting  3.0
ACC 2021  Managerial Accounting  3.0
ECO 2010  Principles of Microeconomics  3.0
ECO 2020  Principles of Macroeconomics  3.0
MKT 2250  Principles of Marketing  3.0
MGT 2240  Principles of Management  3.0

Elective:  3000 level in any of the following:  3.0
ACC, BUS, ECO, FIN, MGT, MIS, and MKT

Total credits required to complete minor:  21.0

Business (Associate in Science)

ACC 2010  Financial Accounting  3.0
ACC 2021  Managerial Accounting  3.0
ECO 2010  Principles of Microeconomics  3.0
ECO 2020  Principles of Macroeconomics  3.0
BUS-ECO 2600  Statistics for Business and Economics  3.0
MGT 2010  Business Law I  3.0
MGT 2240  Principles of Management  3.0
MKT 2250  Principles of Marketing  3.0

Total credits required to complete major:  24.0

For descriptions of Economics courses, see pages 98-101.
Business Course Descriptions

BUS-ECO 2600  Statistics for Business and Economics  3 credits
Will introduce students to the field of statistics. Demonstrates how statistics applies to business and economics by introducing them to the language of statistics and the key elements of any statistical problem. The course involves collecting, classifying, summarizing, organizing, analyzing, and interpreting numerical and categorical information. Microsoft Excel will be used to implement statistical procedures learned in this course. Prerequisite: MAT 1030. Distribution Requirement: MQR.

Business Administration—Management Course Descriptions

MGT 2010  Business Law I  3 credits
Fundamental principles of law in relation to business; contracts, agency, sales, bills and notes, partnerships, corporations and real property. Offered every Term I.

MGT 2020  Business Law II  3 credits
Fundamental principles of law in relation to business; contracts, agency, sales, bills and notes, partnership, corporations and real property. Prerequisite: MGT 2010. Offered every Term II.

MGT 2240  Principles of Management  3 credits
An introduction to and overview of the four primary functions of management, which include planning, organizing, leading, and controlling. Students will learn about the science of management by analyzing research in regard to relevant topics such as strategic management, decision-making, organizational behavior, human resource management, and leadership. The course will also examine the art of management by studying the inherent challenges in applying theory in today’s dynamic organizational environments.

MGT-MAT 3200  Operations Analysis and Modeling  3 credits
An introduction to operations research. It includes an examination of the nature of mathematical models and their role in choosing the “best” of several possible courses of action. The primary tool in this course will be linear programming, its derivatives and applications. Other topics include PERT, queuing theory, and inventory analysis. The course also includes an introduction to computer software that is appropriate for solving problems with these techniques. Prerequisite: MAT 2090.

MGT 3410  Operations Management  3 credits
This course focuses on the business processes that contemporary managers use to plan, guide, and control the operations function in their organization. The course will cover major business planning processes such as demand forecasting, sales and operations planning, material requirements planning, and inventory management policy. Business control processes including process measurement and analysis, quality management, statistical quality control, and project management methodologies are key components of this course. Prerequisite: MAT 2090, MAT 1030 or equivalent, MGT 2240.

MGT-ACC 3610  Cost Accounting I  3 credits
A study of the theories and procedures in cost accumulation, reporting, and control, including job order and process costing systems, material, labor and overhead costing, joint and by-product costing, standard costing and variance analysis, and direct costing, the contribution margin, and operational and capital budgeting. Prerequisites: Two terms of Principles of Accounting or the permission of the instructor. Offered every Term I.

MGT-MKT 3660  Sales Management  3 credits
Sales management course recognizes and explores the expanded role of today’s sales force and sales managers. Today’s sales professional not only sell products and services, they are also involved in marketing consultation, solving customer problems, building long term relationships with clients and directing their company’s marketing program. This course provides students with the information and practical tools necessary that any successful sales force manager might need accomplish these expanded roles/responsibilities. In particular, this course develops the student’s planning, management, and decision-making abilities and encourages viewing today’s Sales Management problems as
opportunities and challenges that necessitate the utilization of creative solutions. In addition, the course reviews how sales managers handle and practically utilize the e-commerce environment and most importantly how to successfully manage and motivate your sales team. Prerequisite: MKT 2250.

MGT 3710 Organizational Behavior 3 credits
Deals with human behavior in organizations, and with practices and systems within organizations that have the potential to facilitate effective behavior. Instructional topics include motivation, group dynamics, leadership, power, organizational culture and organizational design and development. The course will introduce students to research that encompasses recent and "classic" articles in the discipline of organizational behavior. Prerequisites: MGT 2240 and PSY 1010 is strongly recommended.

MGT 3720 Human Resource Management 3 credits
This course is designed to serve as an overview of human resource management and employment relations in organizations. Course topics include the following human resource management decisions: planning, selection, compensation and benefits, performance management, training and development as well as strategic HR. The course will also examine the ethical, legal, and social considerations of human resource management. Prerequisite: MGT 2240.

MGT 4005 Seminar in International Business 3 credits
This capstone course is a vehicle for consolidating the many facets and relationships of basic business administration, and studies in the international field, to which students have been exposed during their build-up towards achieving a Specialization in International Business. Prerequisite: Junior or Senior Status. Distribution Requirement: GLP. Offered alternate Term II.

MGT 4011 Corporate Strategy 3 credits
Students learn to analyze data, prioritize goals, persuade others, and make tough business decisions through the experiences and circumstances presented in case studies. Students are required to draw upon and integrate prior course work in business administration in combination with analytical thinking and creativity to make sound business judgments. Prerequisite: This course should be taken after all other concentration requirements have been satisfied. Fulfills WRT-Course Requirement.

MGT 4020 Managerial Leadership and Supervision 3 credits
Human objectives, performance and frequently conflicting needs of employees, supervision and management within organizations are examined. Workshop techniques permit exploration of personal attitudes toward salary, motivation, life goals decision making and similar qualitative aspects of leadership. Fundamentals of effective managerial performance are studied. Role playing.

MGT 4510 Business Administration Career Internship 3 credits
The Business Administration experiential learning internship will provide valuable real-world work experiences to students and the opportunity to apply the skills learned in the classroom in a business setting, combined with written assignments and an oral presentation. Prerequisite: Junior or Senior Standing, Instructor's Signature Required, and ACC 2010, ACC 2021, ECO 2010, ECO 2020, MKT 2250, and MGT 2240. Also need to complete a contract with the Office of Career Services, before registering for course. Meets Career Related Internship and graded on S-D-F basis.

Business Administration—Management Information Systems
Course Descriptions

MIS 3010 Introduction to Management Information Systems 3 credits
Provides an introduction to computer based information systems used by management. Surveys the hardware, software, and systems used to facilitate business processes, solve business-related problems, take advantage of business opportunities, and make effective decisions. To understand the role and importance of information systems in all facets of business and electronic commerce. Demonstrate an understanding and use of the hardware and software used by information systems. Recognize, appreciate, and respond to the social implications of using information technology. Completion of the Microsoft Excel ExPrep Excel Certification. There is a cost for the ExPrep Program (97 Modules, passing score of 80% required) Prerequisites: MGT 2240 and MKT 2250. Offered every year.
Business Administration—Marketing Course Descriptions

MKT 2250  Principles of Marketing  3 credits
An introductory course that covers the concepts and practices used by marketers to create need satisfying value in the form of goods and services by determining consumer needs through marketing research, setting product/service attributes and features, determining price, establishing an effective communications program, and setting up distribution systems. Students will focus on setting strategies and tactics using the functions associated with the marketing mix (product, price, promotion, and place). Offered every Terms I and II.

MKT 3010  Service Marketing  3 credits
A study of challenges and opportunities facing managers as they market and produce services and develop strategies and tactics to attract new customers, satisfy and retain current purchasers, and create sustainable competitive advantages. Prerequisite: MKT 2250.

MKT 3250  Consumer Behavior  3 credits
Study of the economic, social, psychological, cultural variables influencing consumer behavior. External and environmental factors are explored as to their influences on “Why people buy what they do,” and their importance to the marketing function. Prerequisite: MKT 2250. Fulfills WRT-Course Requirement. Distribution Requirement: WEP.

MKT 3260  Strategic Retailing Management  3 credits
A study of the retailing segment of marketing with emphasis on concepts and structures. The objective of the course is to familiarize students with the major decisions retailers make, e.g. developing strategies, buying, merchandising, financing, location/place strategies, and the interior-exterior arrangement. Prerequisite: MKT 2250.

MKT 3270  Business-to-Business Marketing  3 credits
To acquaint students with the concepts of industrial marketing with emphasis on the wholesaling function. To gain insight into the business-to-business market through an examination of such functions as distribution, purchasing, traffic and other marketing functions. Prerequisite: MKT 2250.

MKT-MGT 3660  Sales Management  3 credits
Sales management course recognizes and explores the expanded role of today’s sales force and sales managers. Today’s sales professional not only sell products and services, they are also involved in marketing consultation, solving customer problems, building long term relationships with clients and directing their company’s marketing program. This course provides students with the information and practical tools necessary that any successful sales force manager might need accomplish these expanded roles-responsibilities. In particular, this course develops the student’s planning, management, and decision-making abilities and encourages viewing today’s Sales Management problems as opportunities and challenges that necessitate the utilization of creative solutions. In addition, the course reviews how sales managers handle and practically utilize the e-commerce environment and most importantly how to successfully manage and motivate your sales team. Prerequisite: MKT 2250.

MKT 3800  International Marketing  3 credits
With the emergence of a competitive global economy and the trend towards information-based economies, businesses around the world are faced with the complex issues of identifying and satisfying global customer needs for success in international marketing. This course is designed to provide students with a fundamental understanding of marketing in a multicultural, multinational environment. Prerequisites: MKT 2250, ECO 2010, and ECO 2020. Fulfills WRT-Course Requirement. Distribution Requirement: GLP.

MKT 3810  Market Research  3 credits
A study of the role of marketing information as the basis for decision making. Topics include cost and value of information under conditions of uncertainty, research design, methods of data gathering, design of instruments, analysis of data, inference, simulation, and forecasting. Prerequisites: MKT 2250 and one course in Statistics.
MKT 4000  Marketing Planning  3 credits
The Marketing Planning capstone course is the continuation of the study of the principles of marketing and further application of these
principles. Emphasis is placed on problem solving by use of case method and also the preparation of the marketing plan. It utilizes a strategic
perspective to examine the nature and scope of market analysis outcomes, which are an integral part of the overall marketing mix. Prerequisite:
MKT 3250 and MKT 3810.

MKT 4510  Business Administration Career Internship  3 credits
The Business Administration experiential learning internship will provide valuable real-world work experiences to students and the
opportunity to apply the skills learned in the classroom in a business setting, combined with written assignments and an oral presentation.
Prerequisite: Junior or Senior Standing, Instructor’s Signature Required, and ACC 2010, ACC 2021, ECO 2010, ECO 2020, MKT 2250,
and MGT 2240. Also need to complete a contract with the Office of Career Services, before registering for course. Meets Career Related
Internship and graded on S-D-F basis.

Chemistry (Bachelor of Arts or Bachelor of Science)
Also see Biochemistry

All students graduating with a degree in chemistry complete a set of core requirements and choose one of the following tracks,
depending on the students’ career interests:
- General-Education
- Professional Chemistry
- Chemistry for Health Sciences
- Medicinal Plant Chemistry

<table>

General-Education Track:
The General Chemistry option is designed for students desiring a career in chemistry without a graduate degree. This track
ensures that students cover many topics within chemistry in addition to providing flexibility with the general education requirements
and allows students to double major in a non-science discipline easily and is also for students interested in adolescent education in chemistry.

Total credits required for General-Education Track: 23.0-24.0
Total credits required to complete major with General-Education Track: 47.0-48.0

**Professional Chemistry Track:**

The Professional Chemistry Track is designed for students interested in attending graduate school in chemistry. This track provides students with a strong foundation in organic, analytical, inorganic, and physical chemistries and will prepare students to enter masters or doctoral programs in many fields of chemistry.

Total credits required for Professional Chemistry Track: 33.0-34.0
Total credits required to complete major with Professional Chemistry Track: 57.0-58.0

**Chemistry for Health Sciences Track:**

The Chemistry for Health Sciences Track is for students who intend to become health care professionals (physicians, dentists, veterinarians, etc.). After successful completion, the student will have obtained the content and skills needed for the transition to professional school in the medical field. Students should check with the graduate programs to which they are applying for a list of current pre-requisites, and the track is designed to contain courses, such as calculus and physics, that are currently required for professional health programs. Consultation with the Pre-Health Professions Advisor is strongly recommended.

**Total credits required for Chemistry for Health Sciences Track:** 41.0-42.0
**Total credits required to complete major with Chemistry for Health Sciences Track:** 65.0-66.0

**Medicinal Plant Chemistry Track:**
The medicinal plant chemistry track is designed for students interested in the analysis of plants for medicinal and food applications. With the rise of herbal supplements, craft breweries, and wineries, the medicinal plant chemistry track provides students with a strong background in plant biology and applications of medicinal chemistry and instrumental analysis to products derived from plants. Extraction and analysis techniques facilitate student success in industry, graduate school, and research.

Electives: Two electives chosen from courses in Chemistry at or above the 3000 level.  6.0-8.0

Total credits required to complete minor: 26.0-28.0

Students planning to attend graduate school or to practice chemistry professionally should also take MAT 3010 Calculus, MAT 3020 Ordinary Differential Equations, CHE 4005 Research in Chemistry (twice) and an additional 3000 level chemistry course.
Chemistry Course Descriptions

CHE 1008    Intro Chemistry Problem Solving  1 credit
Will cover certain aspects of inorganic chemistry, organic chemistry and biochemistry. Topics included are gas laws, acids, bases, organic chemistry, reactions, and biochemistry. Graded on pass-fail basis. Co-requisite with CHE 1010. Offered Terms I and II.

CHE 1010    Introductory Chemistry  4 credits
A lecture-laboratory course which emphasizes the application of chemical principles to living organisms. Aspects of inorganic chemistry, organic chemistry and biochemistry are covered. Distribution Requirement: MQR. Note: Not all students will need to take CHE 1008 in order to take CHE 1010. Co-requisite: CHE 1010L.

CHE 1010L   Introductory Chemistry Laboratory  0 credits
A lecture-laboratory course which emphasizes the application of chemical principles to living organisms. Co-requisite: CHE 1010.

CHE 1505    General Chemistry I  3 credits
CHE 1505 and 1515 is a two-term first-year chemistry lecture sequence designed for the science major. Topics covered include atoms and elements, stoichiometry, reactions in aqueous solution, enthalpy, atomic structure, electronic configuration, bonding and gases. Co-requisite: CHE 1505L. Distribution Requirements: MQR. Offered Term I.

CHE 1505L   General Chemistry Laboratory I  1 credit
CHE 1505L and 1515L is a two-term first-year chemistry laboratory sequence designed for the science major. Topics covered include atoms and elements, stoichiometry, reactions in aqueous solution, enthalpy, atomic structure, electronic configuration, bonding and gases. Students will learn and develop their basic laboratory skills in the context of the chemical sciences. Co-requisite: CHE 1505. Offered Term I.

CHE 1508    Problem Solving in Chemistry I  1 credit
Designed to give students enhanced practice and direction in the solution of complex chemical problems on topics encountered in an introductory chemistry course. These topics include atomic theory, molecules, compounds, the mole, stoichiometry, thermochemistry, gases, liquids, and solids. This course is not a requirement, but will serve as an elective for Chemistry and Biology majors. Graded on pass-fail basis. Co-requisite, for some students, with CHE 1505. Offered Term I.

CHE 1509    Problem Solving in Chemistry II  1 credit
Designed to give students enhanced practice and direction in the solution of complex chemical problems on topics encountered in an introductory chemistry course. These topics include solution chemistry, kinetics, chemical equilibria, acid-base chemistry, solubility, spontaneity, and electrochemistry. This course is not a requirement, but will serve as an elective for Chemistry and Biology majors. Graded on a pass-fail basis. Co-requisite, for some students, with CHE 1515. Offered Term II.

CHE 1515    General Chemistry II  3 credits
CHE 1505 and 1515 is a two-term first-year chemistry lecture sequence designed for the science major. Topics covered include thermodynamics, properties of liquids, solids and solutions, reaction kinetics, equilibria, acids, bases and electrochemistry. Prerequisite: CHE 1505. Co-requisite: CHE 1515L. Offered Term II.

CHE 1515L   General Chemistry Laboratory II  1 credit
CHE 1505L and 1515L is a two-term first-year chemistry laboratory sequence designed for the science major. Topics covered include thermodynamics, properties of liquids, solids and solutions, reaction kinetics, equilibria, acids, bases and electrochemistry. Students will learn and develop their basic laboratory skills in the context of the chemical sciences. Prerequisite: CHE 1505L. Co-requisite: CHE 1515. Offered Term II.

CHE 2010    Organic Chemistry I  3 credits
An introduction to the study of the compounds of carbon with special emphasis on mechanisms and structure-property relationships. Chemistry of the hydrocarbons is studied in greater depth. Prerequisites: CHE 1505. Co-requisite: CHE 2010L. CHE 2011 is not a requirement, for all students, in order to take CHE 2010. Offered Term I.
CHE 2010L  Organic Chemistry I Laboratory  1 credit
An introduction to the reactions and safety involved in an organic chemistry lab. Basic organic chemistry techniques and analytical tools will be explored. Prerequisites: CHE 1505L. Co-requisite: CHE 2010. CHE 2011 is not a requirement, for all students, in order to take CHE 2010L. Offered Term I.

CHE 2011  Problem Solving in Organic Chemistry I  1 credit
Designed to give students enhanced practice and direction in the solution of determining reaction sequences and designing syntheses. These topics include acid/base chemistry, radical reactions, nomenclature, substitution, elimination and alcohol reactions. Qualitative analysis (NMR and Mass spectra) will be analyzed. Prerequisites: CHE 1515. Co-requisite: CHE 2010. CHE 2011 is not a requirement, for all students, in order to take CHE 2010 or CHE 2010L. Offered Term I.

CHE 2020  Organic Chemistry II  3 credits
Emphasis on oxygen and nitrogen containing compounds, particularly acids and their derivatives, aldehydes and ketones, alcohols, and amines. Prerequisites: CHE 2010 and CHE 2010L. Co-requisite: CHE 2020L. CHE 2021 is not a requirement, for all students, in order to take CHE 2020. Offered Term II.

CHE 2020L  Organic Chemistry II Laboratory  1 credit
An exploration of the reactions and safety involved in an organic chemistry lab. Advanced organic chemistry techniques and analytical tools will be used. Prerequisites: CHE 2010 and CHE 2010L. Co-requisite: CHE 2020L. CHE 2021 is not a requirement, for all students, in order to take CHE 2020L. Offered Term II.

CHE 2021  Problem Solving in Organic Chemistry II  1 credit
Designed to give students enhanced practice and direction in the solution of determining reaction sequences and designing syntheses. These topics include alkene, alkyne, aromatic (benzene), carbonyl and amine chemistry. Prerequisite: CHE 2010. Co-requisite: CHE 2020. CHE 2021 is not a requirement, for all students, in order to take CHE 2020 or CHE 2020L. Offered Term II.

CHE 2150  Environmental Chemistry  3 credits
The effects of stress on the chemical cycles operating in the environment. Methods of measuring air and water pollution levels will be studied. Laboratory will involve the development, execution, and evaluation of a plan for a water-quality study. Prerequisites: CHE 1515.

CHE 3010  Quantum Chemistry  4 credits
Physical Chemistry I will offer a comprehensive study of the physical and mathematical principles behind the theory of quantum mechanics and its application to chemical systems. After developing a strong and logical understanding of the theory, students will learn how quantum mechanics can be used to predict and interpret several forms of spectroscopic signals. Many of the concepts initially taught in general chemistry regarding the hydrogen atom, bonding, electron orbitals, and molecular structure will be further explored using the tools of quantum mechanics as well. Lab experiments will allow students to apply concepts from lecture to chemical systems while collecting, maintaining and analyzing experimental data and practicing preparing scientific reports. Prerequisites: CHE 1515, PHY 2110 or PHY 2210, and MAT 2020.

CHE 3020  Thermodynamics and Kinetics  4 credits
Physical Chemistry II will offer a comprehensive study of the physical principles and mathematics describing thermodynamics, gases, chemical equilibrium and chemical kinetics. Applications of the laws of thermodynamics to chemical systems will be made through discussions of the chemical potential, Helmholtz and Gibbs energies, entropy, chemical equilibrium, phase equilibria and electro-chemical cells. Lab experiments will allow students to apply concepts from lecture to chemical systems while collecting, maintaining and analyzing experimental data and practicing preparing scientific reports. Prerequisites: CHE 1515, PHY 2110 or PHY 2210, and MAT 2020.

CHE 3030  Advanced Inorganic Chemistry  3 credits
Study of the periodic table, molecular and crystal structures, coordination compounds, and the specific reactions of many elements. Prerequisite: Two years of College Chemistry. Physical Chemistry is strongly recommended.
CHE 3040 Advanced Organic Chemistry 3 credits
A study of organic reaction mechanisms, the basic principles underlying organic reactions, and the most useful approaches to mechanistic studies. Types of mechanisms studied include: addition, elimination, nucleophilic and electrophilic substitution. Reactive intermediates such as carbanions, carbonations, and free radicals will be studied. Prerequisite: CHE 2020.

CHE-BIO 3042 Biochemistry I 3 credits
A study of the chemical and physical properties of biomolecules occurring in living organisms including proteins, carbohydrate, lipids and nucleic acids. Enzyme kinetics particularly emphasized. Experiences in the laboratory involve the application of techniques used in biochemical investigations. Prerequisite: CHE 2020. Offered Term I.

CHE-BIO 3042L Biochemistry I Lab 1 credit
A laboratory course to introduce biochemical laboratory techniques, particularly working with and separating proteins. Will also focus on scientific writing and editing. Prerequisite: CHE 2020. Lab fulfills WRT-Course Requirement. Offered Term I.

CHE 3062 Biochemistry II 3 credits
The thermodynamic principles applicable to metabolic reactions as they occur in the cell are emphasized. Major pathways considered include glycolysis, the Krebs cycle, oxidative phosphorylation, and electron transport; protein and nucleic acid synthesis are also considered. Prerequisites: BIO-CHE 3042 and BIO-CHE 3042L. Co-requisite: CHE 3062L. Offered Term II.

CHE-BIO 3062L Biochemistry Laboratory II 1 credit
A laboratory course to practice biochemical laboratory techniques, particularly working with and modifying DNA and proteins. Scientific writing is used to present results. Co-requisite: BIO-CHE 3062. Offered Term II.

CHE 3140 Analytical Chemistry 3 credits
This course will cover basic theories and methods of volumetric and gravimetric analysis, spectroscopy, chromatography and electrochemistry. Quantitative methods for analysis will be employed through a variety of traditional techniques in addition to the use of modern scientific equipment. Prerequisite: CHE 1515. Fulfills WRT-Course Requirement. Offered Term II.

CHE 3140L Analytical Chemistry Lab 1 credit
This course will cover basic theories and methods of volumetric and gravimetric analysis, spectroscopy, chromatography and electrochemistry. Quantitative methods for analysis will be employed through a variety of traditional techniques in addition to the use of modern scientific equipment. Prerequisite: CHE 1515. Fulfills WRT-Course Requirement. Offered Term II.

CHE 3145 Analytical Chemistry Problem Solving 1 credit
Will cover quantitative chemical analysis and the underlying principles that are presented in analytical chemistry, CHE3140. Aim to develop the skills necessary to perform effective chemical quantification. Parallel topics to be discussed include error analysis, statistics, calibration, equilibrium, and basic theories and methods of spectroscopy, chromatography, and electrochemistry. Co-requisite with CHE 3140 and/or CHE 3140L.

CHE 3150 Instrumental Analysis 4 credits
This course emphasizes the use of modern instrumental techniques for chemical analysis. Basic instrumental theory, design, and application will be studied within the context of spectroscopic chromatographic and electrophoretic methodologies. Laboratory experiments will be conducted to give us as much hands-on experience as possible while lectures will provide a brief theoretical background of each method. This course is designed to give the student the experience and confidence to tackle complex chemical problems using modern scientific instrumentation. Prerequisite: CHE 1515.

CHE-BIO 3300 Medicinal Chemistry 3 credits
The course will focus on the fundamentals of the drug discovery process. The synthesis and effectiveness of the drugs will be evaluated. Drugs affecting neurotransmission, the central nervous, cardiovascular and immune systems will be examined. Qualitative structure activity relationships (QSAR) and organic synthetic methodology will be discussed. Prerequisites: BIO 1020 and CHE 2020.
CHE-BIO 3300L  Medicinal Chemistry Lab  3 credits
A laboratory study of the synthesis, extraction, and analysis of medicinal compounds. Topics will include the synthesis of analgesics and antibiotics, extraction of natural plant based drugs and pharmacophores. Analysis of biological enzymes and OTC medications. Prerequisites: BIO 1020L and CHE 2020L.

CHE 3400  Food and Nutrition Chemistry  3 credits
Uses biology and chemistry to understand nutrition and how these concepts can affect cooking techniques.

CHE 4005  Research in Chemistry  1 credit
This course is designed to familiarize students with the practical aspects of the Scientific Method. Students will be asked to summarize recent observations from the scientific literature in a field of Chemistry, formulate hypothesis based on these observations and test these hypothesis in the laboratory, using sound laboratory practices. Analysis of data and elaboration of conclusions based on this data will be stressed. Students will be asked to present data and conclusions in a seminar. Graded on a pass-fail basis.

CHE-BIO 4020  Principles and Clinical Applications of Immunology  3 credits
Recommended to students pursuing careers in health related sciences. This course is designed to acquaint the student with concepts involved in the immune response, including antigen-antibody interaction, antibody synthesis human leukocyte antigens and tumor immunology. Prerequisites: One term of chemistry including organic and biochemistry.

CHE 4100  Medicinal Plant Analysis  3 credits
Identify and quantify compounds in plants, including polyphenols in wine, hops extracts in beer, herbal extracts, and psychoactive drugs, through modern instrumentation. Discussion and practice of quality assurance and quality control procedures. Design and execution of experiments related to plant compounds using atomic absorption spectroscopy, gas chromatography, and liquid chromatography. Prerequisite: CHE 3150.

CHE 4200  Physical Biochemistry  3 credits
Students will learn how thermodynamics, kinetics and quantum mechanics can be used to explain biological phenomena in a variety of systems. Additionally, physical chemistry fundamentals will be used to interpret and evaluate the results of modern biochemical analyses. Prerequisite: BIO-CHE 3042.

CHE 4590  Seminar: Chemistry  1.5 credits
Chemical abstracts and journals are used by the student to prepare written and oral reports on topics in chemistry of current interest and importance. Emphasis is on the interpretation of data from the current literature and on developing skill in oral presentation. Prerequisite: Senior standing in Chemistry or Biology Chemistry. Fulfills WRT-Course Requirement, course must be taken for a total of 3 credits for this requirement.

CHE 4999  Internship in Chemistry  3 or 6 credits
Internship focused in any subfield of Chemistry. Prerequisite: Completed Sophomore coursework in the Chemistry or Biochemistry major and Instructor’s Signature Required. Also need to complete a contract with the Office of Career Services, before registering for course. Meets Career Related Internship and graded on pass-fail basis.

Chinese Course Descriptions

CHI 1010  First Year Chinese I  3 credits
The objective of the course is for students to understand spoken Mandarin Chinese, speak the language with accuracy and pronunciation, intonation, and grammatical correctness, progress in reading ability, and gain an insight into selected Chinese customs and ways of life. Prerequisite: students may not take lower level foreign languages courses if they have had one year or more of study of that language at the secondary or college level without permission of the instructor. Distribution Requirements: NWP. Offered in the Term I.

CHI 1020  First Year Chinese II  3 credits
To master the basic grammar, vocabulary, and practical syntax of a language, with emphasis on its spoken equivalent to the first year level of college instruction. Students concentrate on speaking in Mandarin Chinese. Distribution Requirement: NWP. Offered Term II.
CHI 2010  Second Year Chinese I  3 credits
To master the basic grammar, vocabulary, and practical syntax of a language, with emphasis on its spoken equivalent to the first year level of college instruction. Students concentrate on speaking in Mandarin Chinese. Distribution Requirement: NWP. Offered Term I.

CHI 2020  Second Year Chinese II  3 credits
To master the basic grammar, vocabulary, and practical syntax of a language, with emphasis on its spoken equivalent to the first year level of college instruction. Students concentrate on speaking in Mandarin Chinese. Distribution Requirement NWP. Offered Term II.

Classical Studies (Bachelor of Arts)
This interdisciplinary major comprises a core of study in ancient art, classical languages, history, literature, and philosophy, as well as elective courses in these areas.

Core Requirements:
Any three courses in Greek (GRK) or Latin (LAT)  9.0

Either:
LAL 1010  Classical Mythology  3.0
LAL 1020  Classical Literature  3.0
or
ENG-LAL 1104  Ancient, Classical and Biblical  3.0

PHR 2010  Ancient Philosophy  3.0

Either:
HIS 2501  Ancient Greece  3.0
or
HIS 2502  Ancient Rome  3.0

Total credits required for core requirements:  21.0

Electives: Including 12 credits in courses at the 3000 level or above, selected from:
ARC 1900  Introduction to Archaeology
ARC-ART 3175  Greek Art and Archaeology (WRT course)
ARC 3950  Advanced Research Methods in Archaeology
ART 2100  Introduction to Art History: Prehistoric to Gothic
ART 3111  Ancient Art (WRT course)
ART 3125  Roman Art (WRT course)
GRK 2010  Socratic Dialogues
HIS 2100  Ancient Near East
HIS 2501  Ancient Greece
HIS 2502  Ancient Rome
HIS 3501  Greek Historians (WRT course)
HIS 3502  Historians of Ancient Rome (WRT course)
Any Latin course at 3000 level or above.

Total credits required to complete major:  39.0

### Clinical Laboratory Science (Bachelor of Science)

The Clinical Laboratory Science Program (CLS) provides students with a broad academic experience from education in the liberal arts to hands-on clinical laboratory experience. Clinical Lab Scientists carry out diagnostic procedures in clinical and industrial laboratories, and they are the indispensable, top-level laboratory personnel, that is, supervisors, specialists, and teachers. Many CLS graduates become active in medical research, and opportunities in independent laboratories and biotechnology industries are increasing. The Clinical Laboratory Science Program can also prepare students for graduate work leading to advanced degrees.

Students interested in obtaining certification as medical technologists from the board of Registry of Medical Technologists or the National Certification Agency for Medical Laboratory Personnel will complete a 3+1 year...
Elmira College’s 3+1 program includes a three-year concentration in Clinical Laboratory Science at the College, followed by twelve months of hospital training in preparation for certification. Students electing this program receive a Bachelor of Science degree from Elmira College at the end of the four years of combined college and hospital instructional programs. Students are strongly encouraged to meet with the CLS Program Advisor, Dr. Bezotte, on a yearly basis.

Financial arrangements for the combined college-hospital program include two options. Students are advised to select the option which is commensurate with their financial circumstances. Students must apply for acceptance to one of our clinical affiliations after completion of three years at E.C. Upon acceptance they may choose to withdraw from the college and pay their fourth year of tuition to the clinical program. An optional arrangement is for students to register for and pay the fourth year tuition to Elmira. Students selecting this option will register for the 32 credit clinical internship. The College will, in turn, pay the Program tuition. Program’s registration fee and room and board are the responsibility of the student. Elmira College has affiliation agreements with the Clinical Laboratory Sciences Program at Robert Packer Hospital, Sayre, Pennsylvania, directed by Mr. Brian Spezialetti, M.S. MT (ASCP); The UPMC Chautauqua School of Medical Technology, Ms. Nancy Mitchell, M.S., MT (ASCP), Program Director. Rochester NY.; The UPMC Chautauqua WCA, Medical Laboratory Science Program, Jamestown, New York, Ms. Michelle Harms MT (ASCP), Program Director; and New York Methodist Hospital, Center for Allied Health Education, New York, New York, Mr. Mitchell Zaretsky, Director of Development and Planning.

At least one additional course from the following: 3.0-4.0

Cell-Molecular Group:
BIO 3080  Cell Biology  (WRT course)
BIO 3110  Genetics  (WRT course)
BIO 3150  The Biology of Cancer  (WRT course)
BIO 3500  Developmental Biology

Required Clinical Professional Internship at one of Elmira College’s approved Clinical Affiliations 32 credit hours.
Total credits required to complete major at Elmira College: 55.0-56.0

In addition, students considering other professional programs or graduate school are encouraged to take calculus, physics, and other possible electives that suit their future needs. See the program advisor for details.

For students in the Clinical Laboratory Sciences Major, the senior year hospital clinical training program is required.

The completion of the clinical training program (not to be confused with the Career Related Experience) is a specific degree requirement of the Clinical Laboratory Sciences Profession. Admission to the Clinical Affiliate Professional Programs is competitive by application. Full information on the clinical training program and its administration can be obtained by contacting the program advisor, Dr. Christine Bezotte, (607) 735-1852.

Students choosing the CLS 3 + 1 major option [3 years at EC + 1 year clinical training] who successfully complete the Clinical Training Program will receive a waiver for the Career Related Experience general degree requirement.

Communications Course Description

COM 1008  Octagon 1 credit
This course is reserved for staff of The EC Octagon. If you are interested in becoming a regular contributor to the student newspaper, please contact the faculty advisor or current Editor-in-Chief. By registering, Octagon staff commit to attending weekly staff meetings, meeting deadlines established in consultation with editors, actively cultivating high journalistic standards, and contributing to the paper as both reporters and copy-editors. No Prerequisites. Will be graded on S-D-F basis. Offered Terms I, II, and III.

Communication Sciences and Disorders

The Elmira College undergraduate program in Communication Sciences and Disorders provides students with two routes to the B.S. degree. The non-teaching major, Speech and Hearing, prepares students for entry into graduate programs in Speech-Language Pathology or Audiology. The Speech and Language Disabilities major leads to the New York State initial teaching certificate in Speech and Language Disabilities. Both options provide students with a sound basis for continued study and ultimately for certification by the American Speech-Language-Hearing Association.

Total credits required to complete major: 52.5

Student Teaching:  
- CSD 4515 Student Teaching and Seminar in Speech-Language Pathology  
- 12.0

During Term I of the junior year, students interested in completing the Speech and Language Disabilities major will submit an application to student teach. Approval for enrollment in student teaching (CSD 4515) will provide the student with the opportunity to complete the Speech and Language Disabilities major. In the event that approval is denied, the student may continue in the Speech and Hearing major, but may not complete the Speech and Language Disabilities major.
Teacher Certification:
The initial teaching certificate in Speech and Language Disabilities is granted by the State of New York to students who have successfully completed the Speech and Language Disabilities major and who receive institutional recommendation for that certificate. Additional requirements for certification include:
1. Qualifying scores on New York State Examinations for Initial Certification
2. Successful completion of study of a foreign language* (6 college credits or equivalent)
3. Completion of a certification application.
4. Successful fingerprint-supported criminal history background check

Note: This program provides students with information about Common Core State Standards and the relevance of these to school-based programs.

*ASL is considered a foreign language for this certification.

Electives: Communication Sciences Disorders courses at or above the 3000 level: 9.0 credits

Total credits required to complete minor: 24.0 credits

Communication Sciences and Disorders Course Descriptions

CSD 1910 Augmentative and Alternative Communication 3 credits
An introduction and overview of augmentative and alternative communication (e.g., sign language, gestures, communication boards, speech generating devices), covering terminology, application, assessment and intervention. Prerequisite: None. Offered Term III.

CSD 2100 Introduction to Communicative Disorders 3 credits
A survey of speech-language pathology and audiology for both majors and non-majors. The communicative process, both normal and disordered, is covered with emphasis on classification characteristics and etiology of disorders. Prerequisite: None. Offered Term I.

CSD 2150 Anatomy and Physiology for Speech and Language 3 credits
A study of the anatomy and physiology of the systems of communication. Included are the structures and processes involved in respiration, phonation, articulation, resonation, and an overview of the central and peripheral nervous system. Prerequisite: None. Offered Term II.

CSD 2250 Language Development 3 credits
An overview of the development of communication skills from birth through seven years of age. Prerequisite: None. Offered Term II.

CSD 2320 Principles of Phonetics 3 credits
A course of study in which the theories of phonetics as a branch of linguistics are emphasized with consideration given to formation, classification, and acoustic characteristics of speech sounds. The use of International Phonetic Alphabet is an integral part of the course. Prerequisites: CSD 2100 and CSD 2250 or permission of the instructor. Offered Term I.
CSD 2350  Speech and Hearing Science  3 credits
A study of acoustics and the physics of sound as well as the anatomy and physiology of the hearing mechanism and a cursory review of the anatomy and physiology of the vocal tract. This course will also explore the perception of speech and the science of speech production. Prerequisites: Sophomore standing, CSD 2100 and CSD 2150. Offered Term I.

CSD 2700  Introduction to Audiology  3 credits
Introduction to the practice of audiology and to basic diagnostic and assessment techniques. Students will learn the theoretical principles of audiolc assessment as well as how to read and interpret audiometric data. Prerequisite: Sophomore standing and CSD 2100, CSD 2150, and CSD 2350. Offered Term II.

CSD 2900  Speech-Language Services in the Schools  3 credits
An overview of speech-language pathology services provided within the public educational system with emphasis on the impact of federal and state legislation on the education of children with disabilities. Prerequisites: CSD 2100 and EDU 1010. Offered Term III.

CSD 3000  Neurogenic Disorders of Communication  3 credits
A study of various neurologically-based disorders, such as aphasia, traumatic brain injury, apraxia, dysarthria, and dysphagia, which can be acquired throughout the life span. Etiologies, differential diagnosis, impact on communication, and treatment approaches are issues to be covered. Prerequisites: CSD 2100, CSD 2150, CSD 2250 and CSD 2350. Offered Terms I or II.

CSD 3230  Diagnosis and Appraisal  3 credits
A study of the procedures involved in the evaluation of speech and language disorders in children and adults. Test administrations and report writing are integral parts of this course. Prerequisites: CSD 2100, CSD 2150, CSD 2250, and CSD 2320. Offered Term I.

CSD 3505  Auditory Pathologies  3 credits
An exploration of auditory pathologies and the process of differential diagnosis of various pathologies that impact the auditory and vestibular systems. Prerequisites: CSD 2100, CSD 2150, CSD 2350, and CSD 2700. Offered Terms I or II.

CSD 3590  Articulation and Phonology Disorders  3 credits
A study of the etiology and nature of developmental and acquired articulation and phonology disorders, including diagnosis and therapeutic management. Prerequisites: CSD 2100, CSD 2150, CSD 2250, and CSD 2320. Offered Term II.

CSD 3591  Disorders of Language  3 credits
A course focusing on factors which disrupt language or hinder language acquisition. Symptomatology, etiology, evaluation, and therapy are issues to be covered. Prerequisites: CSD 2100, CSD 2150, CSD 2250, and CSD 2320. Fulfills WRT-Course Requirement. Offered Term I.

CSD 3595  Aural Rehabilitation  3 credits
A study of the management of children and adults with hearing impairments, with emphasis on the development and maintenance of functional communication through amplification, auditory training, speech reading, and speech and language intervention. Prerequisites: CSD 2100, CSD 2150, CSD 2250, CSD 2350, CSD 2320, and CSD 2700. Offered Term I and-or Term II.

CSD 3596  Stuttering  3 credits
A study of contemporary interpretation of stuttering and methods of treatment. Pertinent research and etiological theories of stuttering are considered. Prerequisites: CSD 2100, CSD 2150, CSD 2250, and CSD 3590.

CSD 3750  Clinical Practice in Audiology  1.5 credits
A supervised clinical experience with audiological assessment of hearing disorders. Prerequisites: CSD 2100, CSD 2350, CSD 2700, completion of 25 hours of clinical observation, and permission of instructor. Offered all terms.
CSD 3751  Clinical Practice in Speech Pathology  1.5 credits
Practical application of the theoretical knowledge of speech and language disorders to the therapeutic situation. Students work with clients under the supervision of faculty clinical supervisors. Prerequisites: CSD 2100, CSD 2150, CSD 2250, CSD 2320, completion of 25 hours of clinical observation, and permission of instructor. Offered all terms.

CSD 4515  Student Teaching and Seminar in Speech Language Pathology  12 credits
Students completing the Speech and Language Disabilities major are required to complete a full time 12 credit student teaching experience and attend a weekly seminar. (This also satisfies the Elmira College Career-Related Internship requirement.) During Term I or Term II of the senior year, students are placed in local educational settings under the supervision of cooperating New York State certified speech therapists. Decisions regarding admission to student teaching will be made by the Communication Sciences and Disorders faculty at the beginning of Term II of the junior year. Prerequisites: Minimal requirements for student teaching include overall grade point average of 3.000, grade point average of 3.000 in the major, satisfactory completion (i.e. grade of C - or better) of all non-elective Communication Sciences and Disorders requirements for the major, and approval by the members of the Communication Sciences and Disorders faculty. Offered Terms I and II.

CSD 4590  Seminar in Audiology  3 credits
A concentrated study for upperclass students in one of several advanced areas in the field of audiology or related areas. Prerequisites: Junior or senior standing in the major.

CSD 4591  Seminar in Speech Pathology: Intellectual and Developmental Disabilities  3 credits
A concentrated study for upperclass students in one of several advanced areas in the field of speech pathology or related areas. Prerequisite: Junior or Senior standing in the major.

CSD 4999  Speech and Hearing Internship  3 or 6 credits
The career-related internship is a paid or unpaid experience relating to the students’ major or career interest. The internship can be taken for 3 credits (120 hours) or for 6 credits (240 hours) and will be graded on a pass-fail basis. Prerequisites: Instructor’s Signature Required. Also need to complete a contract with the Office of Career Services, before registering for course.

Community Health and Wellness Course Descriptions

HLS 2030  Health Care Ethics  3 credits
This course prepares health science students to identify and address multiple ethical issues arising within professional practice and the dynamic health care delivery system. With the use of ethical theories and principles the student will apply ethical decision making models to address dilemmas within practice, health care systems, and global communities. Distribution Requirement: WEP. Offered in Term I and II.

HLS 3030  Nutrition Across the Lifespan  3 credits
Provides students with the ability to explain the relationship of nutritional decisions to current and future health outcomes. Changing nutritional needs and problems across the lifespan will be examined. Specific health conditions that are affected by nutrition are discussed. Prerequisites: BIO 1070 or BIO 1210 and BIO 1211. Distribution Requirement: PEW. Offered Term I.

PSC 1010  Introduction to Politics  3.0
or
PSY 1010  Introductory Psychology  
or
SOC 1010  Introductory Sociology  
Total credits for required courses: 22.0

Electives:  At least seven courses for a minimum of 21 credits, 21.0
selected as follows:
At least two courses totaling 6 credits must be at the 3000 level or above.
For a course to count as an elective, it must be at least 3 credits, 6 credit
courses count as one 3 credit course.
At least three elective courses must have the CRJ (Criminal Justice), or
others may be chosen from the list below:
Any CRJ course
CRJ-PSC 3041  Constitutional Law I: Foundations (WRT course)
ECO 3250  Law and Economics
HMS 2010  Chemical Dependency: Treatment and Rehabilitation
HMS 3010  Management of Human Service Agencies
HMS-PSY 3300  Basic Counseling Techniques
PHR 1006  Ethics
PHR 2050  Justice in America
PSC 1040  American Government and Politics
PSC 2020  State and Local Government and Politics
PSC 3050  International Law and World Politics
PSY 3140  Abnormal Psychology
SOC-ANT-  Social Inequality
WMS 2010  Power, Institutions, and Social Reproduction
Total credits required to complete major: 43.0

Criminal Justice  (Minor)

Note:  This minor may not be chosen by students majoring in either Sociology and Anthropology or
Criminal Justice.

Elective:  Nine credits of CRJ courses, at least 3 credits must be at the 3000 level or above.
For a course to count as an elective, it must be at least 3 credits, 6 credit courses count
as one 3 credit course.

Total credits required to complete minor: 21.0
Criminal Justice Course Descriptions

CRJ-PSC 1000  Student Conduct and Discipline: Laws, Regulations, and Procedures  1 credit
As noted in Tinker v. Des Moines, “students do not lose their rights at the school house gate.” However, a student’s rights differ depending on their age and the type of institution they attend. This course seeks to explore the rights of all students, while focusing on students at a private institution of higher education such as Elmira College.

CRJ 1010  Introduction to Criminal Justice  3 credits
A course introducing the various components of the criminal justice system and presenting a broad overview of the processing of the accused through confrontation, arrest, detention, prosecution, defense, adjudication, sentencing, incarceration, probation and parole. The rights and responsibilities of defendants, citizens, suspects and agents of the Criminal Justice system are reviewed. Systemic issues are addressed. Offered Terms I and II.

CRJ-PSC 1200  The Judicial Process  3 credits
A general overview of the United States judicial system, including recent innovations, future trends, and the process of criminal adjudication from arrest through appeal and collateral proceedings; comparisons will be made to the process of civil adjudication where appropriate.

CRJ-SOC 2050  Norms, Deviance, and Social Control  3 credits
Class will examine how social norms are created and enforced. Will also look at who is seen as deviant and why, and how deviance is punished by society. Offered as needed.

CRJ-SOC 2068  Crime and the Media  3 credits
Course will evaluate representations of crime in the media. Students will examine how the media reports, distorts, and filters crime and justice issues. Analysis of the relationship between crime theory and the media. Prerequisites: CRJ 1010 or SOC 1010.

CRJ 2210  Comparative Criminal Justice  3 credits
Examines issues related to crime and criminal justice throughout the world. Social, cultural, and political background of different systems of justice will be analyzed. Prerequisite: CRJ 1010. Distribution Requirement: GLP. Offered as needed.

CRJ 2700  Penology  3 credits
This course covers a brief history of corrections, current policies, and practices in today’s correctional facilities, the various philosophies of punishment, current attitudes towards punishment, the role of criminological theories in the execution (no pun intended) of punishment, and important Supreme Court cases relative to inmates and prison conditions. Prerequisites: CRJ 1010. Offered Term II.

CRJ 3020  Police Administration  3 credits
A study of the history, development, organization, operations, and functions of American police agencies, federal, state, and local, as well as an overview of private security. The patrol, traffic management, investigation, and community-relations functions of policing are analyzed. This course spans the wide spectrum of law enforcement and will emphasize both institutional and occupational aspects of policing in our society. Students will be introduced to critical issues, policies and procedures, legal parameters and contemporary concerns of law enforcement. Special issues include the hiring process, police discretion, culture, stress, ethics and deviance, suicide, and women and minorities in policing, as well as key commissions such as the Knapp Commission, Wickersham Commission, Kerner Commission, and studies such as the Kansas City Study. Special emphasis will be placed on police and the law, and the Supreme Court cases which define police conduct. Prerequisite: CRJ 1010. Offered Term I.

CRJ-PSC 3041  Constitutional Law I: Foundations  3 credits
An introduction to the legal system as a whole, the functions of courts, lawyers, and other actors in the legal system. Most importantly the course focuses on the judicial branch, particularly the Supreme Court, and its place in the Constitutional order. How has the Court helped to structure the powers of the federal government and its own relationship with the other branches? Also, how has the Court interpreted the Constitution’s grant of authority to the government generally, and each of the branches specifically? Distribution Requirements: WRT and WEP.
CRJ 3042  Constitutional Law II: Civil Rights and Liberties  3 credits
This course employs a case method approach to analyze Supreme Court decisions relevant to civil liberties and civil rights. The course explores seminal Supreme Court cases to inform contemporary civil rights and civil liberties jurisprudence. The readings will examine values including freedom of speech and of the press, the takings clause, discrimination based on race, gender, and sexual orientation, the right to privacy, reproductive freedom, the right to die, and equal protection. Students will have the opportunity to see how these rights evolved under the Constitution. Distribution Requirement: WEP.

CRJ 3110  Criminal Investigation  3 credits
This course will acquaint students with an overview of the basic approaches utilized in a criminal investigation. Students will be made aware of the participants in a criminal investigation, while addressing a variety of investigative topics centered on homicide investigation. This course will contain graphic images and materials. Prerequisite: CRJ 1010. Offered Term II.

CRJ 3200  Juvenile Delinquency and Juvenile Justice  3 credits
Provide students with an overview of the “forth arm” of the Criminal Justice System, the Juvenile Justice System. Will address the differences in philosophy, processes, criminal offenses, and more between the adult system and the juvenile system. Will cover the history of the Juvenile Justice System, how the philosophy has changed over the years, and the important cases that have brought about changes in the system, such as the increased rights of the juvenile offender in the criminal justice process. Prerequisite: CRJ 1010.

CRJ 3225  The Child, The Family, and The Law  3 credits
An examination of basic areas in which the law and other outside forces impact the child, the family and the interaction between the two: domestic abuse and neglect, family composition, and Juvenile delinquency, as well as various social, economic, legal, psychological and behavioral factors as they apply to the concept of “at-risk youth.” An examination of the role of the state in family issues, and the consideration of a number of often conflicting rights, such as the rights of the child versus parental rights, the governmental right to parent (parens patriae), rights of the adoptive vs. the biological parents, rights of the unmarried father vs. the unmarried mother, rights of foster parents, and even the rights of grandparents. The course examines the role of the state in protecting children and preserving or dismantling the family, and the role of the family in the final outcome of the child. Prerequisites: CRJ 1010. Offered Term II.

CRJ 3300  International Human Rights Law  3 credits
An examination of international human right through a legal perspective. Focusing on the foundations of human rights in relation to the United Nations, the International Criminal Court, and specific international treaties including the Genocide Convention, Elimination of Discrimination Convention, Rights of the Child. Prerequisite: CRJ 1010 or PSC 1010 or SOC 1010. Distribution Requirement: GLP. Offered in Term III.

CRJ-SOC 3311  Criminology  3 credits
An overview of the study of criminology: how crime is defined, the nature and extent of crime, the correlates of crime (such as social class, race, gender and age), various types of offenders and offenses (such as violent crime, property crime, white collar crime, and public order crime), and various theories of crime causation. An overview of both sociological and non-sociological theories. Prerequisite: CRJ 1010. Fulfills WRT-Course Requirement. Offered Term I.

CRJ 3400  Crime, Criminal Justice and Disasters  3 credits
This course encompasses two important and vital fields of study: criminal justice and emergency disaster management, and addresses the particular problems and situational issues related to law enforcement response during disasters. With both natural and man-made disasters, as well as the crimes that accompany them, on the increase, the need for law enforcement becomes a particularly critical and timely topic of study. Prerequisite: Junior or Senior status; CRJ 1010 or permission of instructor. Offered Term II every other year.
CRJ-PSC 3820  Criminal Law I: Constitutional Criminal Procedure  3 credits
Examines the general principles and theories of criminal procedure, including concepts of due process, arrest, search and seizure, wiretapping, lineups, and other recent developments. Focusing on federal constitutional criminal procedure with some time dedicated to exploring differences in procedure among the states.

CRJ-PSC 3821  Criminal Law II: Substantive Criminal Law  3 credits
A survey of the general principles of criminal law including general assumptions, elements of a crime, defenses. Problems in the operation of criminal law are illustrated by case examples drawn from various states and the federal system.

Dance Course Descriptions

DAN 1010  Introduction to Dance I  1.5-3 credits
The objectives of this course are to direct the students toward an understanding of the basic fundamentals of dance movement and to develop the skills necessary for a strong expressive body.

DAN 1020  Introduction to Dance II  1.5-3 credits
The objectives of this course are to direct the students toward an understanding of the basic fundamentals of dance movement and to develop the skills necessary for a strong expressive body.

DAN 2000  Intermediate Modern Dance  1.5 credits
To allow student to pursue a more in-depth approach to the art of dance through creative involvement and exploration in addition to more advanced technical work than is possible in the introductory classes. Students will be exposed to different styles of modern dance as well as various established techniques and their bases.

DAN 2010  Intermediate Dance I: Jazz  3 credits
To allow student to pursue a more in-depth approach to the art of dance through creative involvement and exploration in addition to more advanced technical work than is possible in the introductory classes. Students will be exposed to different styles of jazz dance as well as various established techniques and their bases.

DAN 3000  Orchesis  1.5-3 credits
Orchesis is an advanced level dance course. A major concert production, demonstrations and workshops become a part of the student’s experience. The student is given the opportunity to compose and perform in a solo or group choreographic project.

Students considering graduate study in economics are encouraged to consult early with a member of the economics faculty. A strong background in mathematics is required and completion of the minor in Mathematics is recommended. Several mathematics courses are essential for entry into an economics graduate program including Calculus I, II, III, Linear Algebra, and Real Analysis. Courses in Differential Equations and Probability Theory are also recommended. Please note that many of these courses will require prerequisites.

**Economics Course Descriptions**

**ECO 2010**  
**Principles of Microeconomics**  
This course introduces the economic way of thinking. This encompasses the basic principles of microeconomic theory including opportunity cost, scarcity and marginal analysis. These and other principles will be used to understand the theories of supply and demand, utility, the consumer, the producer, the invisible hand, perfect and imperfect competition, externalities and market failure. In order to enhance an understanding of the theory it will concurrently be applied to everyday issues and situations. The course has the dual role of preparing economics majors for more advanced courses and enabling non-majors to analyze rationally economic problems that are usually discussed at an emotional level. Distribution Requirement: MQR. Offered every Term I.

**ECO 2020**  
**Principles of Macroeconomics**  
This course studies the economy from a macroeconomic perspective. Starting with a basic understanding of GDP, standards of living and inflation, the determination of economic growth in the long-run is examined followed by an in-depth analysis of short-run fluctuations of
output and the price level. The latter includes a detailed understanding of the Federal Reserve System and its role in formulating monetary policy. In addition the government’s role in setting fiscal policy is discussed and the effects of both types of policy on the economy are examined. Distribution Requirement: MQR. Offered every Term II.

**ECO 2320**  
**The Global Economy**  
3 credits  
Survey of the world economy from a global perspective. Topics include international flows of goods, services and capital. Effects of Foreign Direct Investment (FDI) and multinational firms on economic growth and international development will be analyzed. Other topics include globalization and its impact on the environment, natural resources and inequality. Distribution Requirement: GLP

**ECO-BUS 2600**  
**Statistics for Business and Economics**  
3 credits  
Will introduce students to the field of statistics. Demonstrates how statistics applies to business and economics by introducing them to the language of statistics and the key elements of any statistical problem. The course involves collecting, classifying, summarizing, organizing, analyzing, and interpreting numerical and categorical information. Microsoft Excel will be used to implement statistical procedures learned in this course. Prerequisite: MAT 1030. Distribution Requirement: MQR.

**ECO-FIN 3030**  
**Money and Financial Institutions**  
3 credits  
This course is designed to enable students to have an understanding of financial institutions, money markets, and monetary policy in the United States. A detailed treatment of monetary theory and policy and such technical topics as the term structure of interest rates will be included. Prerequisites: ECO 2010 and ECO 2020.

**ECO 3040**  
**Intermediate Microeconomics**  
3 credits  
An extension and refinement of ECO 2010, Principles of Microeconomics and is primarily theoretical in its approach, although applications to the “real world” are an integral part of the course. A review of supply and demand concepts will be followed by a rigorous presentation of the theory of consumer behavior, including cardinal and ordinary utility functions, indifference curves, Engel curves, elasticity of demand and Giffen Goods. This will be followed by a discussion of the theory of the firm including perfect competition, monopoly, oligopoly, and imperfect competition. Finally, factor markets will be explored. Prerequisites: ECO 2010 and ECO 2020. Offered every year.

**ECO 3041**  
**Intermediate Macroeconomics**  
3 credits  
This course is designed to provide a comprehensive understanding of advanced macroeconomic theories and concepts. After examining national income accounting measures the behavior of the economy is studied in the long run, followed by the determination of output in the short run. Particular attention will be paid to the IS-LM model of aggregate demand but more contemporary models of aggregate supply will also be examined. Ends with debates about government policy, debt and deficits and finally recent developments in the theory of macroeconomic fluctuations. Prerequisites: ECO 2010 and ECO 2020. Offered every year.

**ECO 3070**  
**Econometrics**  
3 credits  
Econometrics deals with the application of statistical methods to economics. In this course we will further develop the tools of statistics to estimate economic relationships, test claims of economic theory, and forecast the behavior of economic variables. We will introduce the techniques of econometrics and deal with the problems and solutions to common problems in economic data. A major focus of the class will be a research paper where each student will collect data to test his or her own hypothesis. Students who successfully complete this course will have strong skills in handling data and gain a significant exposure to empirical research in the field. Prerequisites: ECO 2010, ECO 2020, and MAT 2090 with a grade of C– or higher. Fulfills WRT-Course Requirement. Offered every other year.

**ECO 3080**  
**Sports Economics**  
3 credits  
Apply economic theory to study markets of professional and intercollegiate athletics. Demand for, cost of, sports both individual and team. Analyze sports labor markets and labor relations. Consider public finance of sports facilities. Oligopoly and monopoly theory of sports institutions. Prerequisites: ECO 2010 and ECO 2020.
ECO 3090  Health Care Economics and Policy  3 credits
Provides an economic framework for thinking about public policies on health care. Examines demand and supply for health care services. Considers moral hazard and adverse selection as they impact health markets. Studies government policies, including private insurance programs and public transfer programs such as Medicare, Medicaid, the Affordable Care Act, and health care savings accounts. Policy debates include tradeoffs between the public funding of healthcare services and the private provisioning of health care. Prerequisite: ECO 2010.

ECO 3140  Development Economics  3 credits
This course is designed to provide an understanding of the concepts of economic development and the obstacles faced by countries undergoing the process of development. This includes evaluating different indicators of development and studying classical and contemporary theories and models of economic development. After gaining this basic knowledge the following important issues are examined and addressed: economic growth and inequality; population growth and its consequences; unemployment and migration; agricultural development; environmental concerns; education; and international macroeconomic issues. Each question is discussed critically in the context of case studies and articles. Prerequisites: ECO 2010 and ECO 2020. Fulfills WRT-Course Requirement. Distribution Requirement: GLP. Offered every other year.

ECO 3151  Labor Economics  3 credits
Labor Economics is the study of the economics of the markets for workers. This includes topics in educational attainment, firm’s hiring practices and the influence of public policy. In this course we will introduce and use the methodology commonly used in the field to address the issues and debates that arise in labor markets. Prerequisites: ECO 2010 and ECO 2020.

ECO 3200  International Trade and Finance  3 credits
A survey of international trade from both economic and political viewpoints. Topics to be discussed will include the Ricardian Trade Model, the Ohlin Trade Model, tariffs and quotas, the international monetary system, multinational corporations, East-West and North-South trade, and the effects on the domestic economy of international trade. Prerequisites: ECO 2010 and 2020. Distribution Requirement: GLP.

ECO 3210  Environmental Economics  3 credits
A study of environmental problems and approaches to them. Alternatives such as user charges, tax subsidy schemes and regulation will be examined. Cost-benefit analysis, the theory of the public good and externalities, and the problems in shadow pricing will be explored. Prerequisites: ECO 2010 and 2020.

ECO 3300  Industrial Organization  3 credits
Industry Organization is the study of the strategic interaction of firms. Examples of such interaction include strategic pricing behavior, collusion (both explicit and implicit), entry deterrence, and product differentiation. In this course we will introduce and use game theory as the primary method to evaluating this strategic interaction and cover many issues and topics of the field. Prerequisite: ECO 2010.

ECO-MAT 3350  Game Theory  3 credits
Game Theory is the tool used to study the strategic interaction between players in a game. Used first in military strategy during World War II, it currently dominates economic theory and is beginning to be used in other fields such as Political Science, Biology, Law and Anthropology. This course is designed to be a thorough introduction to Game Theory. Emphasis will be put on applications in Economics, Political Science and Biology. Prerequisites: ECO 2010 and ECO 2020, or permission of the instructor.

ECO-PAF 4591  Public Affairs Advanced Seminar  3 credits
Advanced-level course in policy analysis. Topic areas will vary (e.g. defense policy, health care, taxation, and redistribution of income, national autonomy and international debt, justice, the public interest, rationality and irrationality in decision making). Pre-supposes coursework in economics, politics, and philosophy. Prerequisites: ECO 2010 and ECO 2020.
ECO 4999  Internship in Economics  3 or 6 credits
Internship focused in any area related to Economics. Also need to complete a contract with the Office of Career Services, before registering for course. Meets Career Related Internship and graded on pass-fail basis. Additional prerequisites: Successful completion of ECO 3040, ECO 3041, a course in statistics and at Junior or Senior standing.

Education (Bachelor of Arts or Bachelor of Science)
Certification in Education

Elmira College offers the following undergraduate teacher education certificate programs:
  Childhood Special Education (Students With Disabilities Grades One Through Six)
  Childhood Education (Grades One Through Six)
  Adolescence Education (Grades Seven Through Twelve)
  Visual Arts (Art Education) (All Grades)

To be eligible for institutional recommendation to the New York State Department of Education for initial teacher certification under any one of the aforementioned titles, students must successfully complete all degree requirements for the specific certification title being sought. These include the Teacher Education requirements (Pedagogical Core), the approved Major or Concentration requirements (Content Core), and the college-wide General Degree Requirements (Liberal Arts and Sciences Core). Each program combines an excellent liberal arts foundation with innovative, evidence-based instructional and assessment practices to prepare beginning teachers for the challenges of educating all children in today’s society. Furthermore, all programs leading to New York State certification prepare students to teach to the appropriate State and National Learning and Common Core Standards. Whenever possible, students are placed in schools where they have the opportunity to work with diverse populations across a variety of developmental levels.

Because the requirements for each certificate title are complex and leave little room for error, students must assume an active participatory role in their academic advising. According to the subsection on Student Responsibility under Academic Services and Regulations in The Elmira College Bulletin, students must fully understand and adhere to the following policy:

“Although the academic advisor as well as other members of the faculty and administration are available to help the student plan a program and work toward the completion of a degree, ultimate responsibility for knowing and complying with these regulations and for meeting all requirements rest with the student.”

</tr>
</tbody>
</table>

The Extension (grades seven through nine) prepares students in Childhood Education who complete an approved Major that includes at least thirty hours of study in a subject area (not a concentration) for an extension to teach a subject in grades seven through nine.

Note: Childhood Education students pursuing an Extension will need to pass the Educating All Students Test (EAS), the Content Specialty Test (CST) Multi-Subject: Teachers of Childhood, the Content Specialty Test in their content core (e.g., biology), and the Education Teacher Performance Assessment (edTPA).

This Extension requires one of the following majors:

<table>
<thead>

<td>Invertebrate Zoology</td>
<td>4.0</td>
</tr>
<tr>
<td>NSC 1902</td>
<td>Marine and Island Ecology</td>
<td>6.0</td>
</tr>
</tbody>
</table>

Total credits required to complete Biology concentration: 35.0-36.0

**English Literature Concentration:**

| Electives: Introductory English Elective | 3.0 |
| Any one of: ENG 2010 The Craft of Writing Fiction | 3.0 |
| ENG 2015 The Craft of Writing Poetry | 3.0 |
| ENG 2025 The Craft of Creative Non-Fiction | 3.0 |
| Any one of: ENG 2042 American Literature: Beginning to the Civil War | 3.0 |
| ENG 2043 American Literature: Civil War to 1945 | 3.0 |
| ENG 2044 American Literature: 1945 to Present | 3.0 |
| Either: ENG 2210 English Literature Before 1800 | 3.0 |
| or ENG 2220 English Literature After 1800 | 3.0 |
| ENG 4590 Senior Seminar: The Literary Canon | 3.0 |
| Electives: Additional English Electives at 2000 level or above | 15.0 |

Total credits required to complete English Literature concentration: 30.0

**Mathematics Concentration:**

| Required Courses: Pre-Calculus II | 4.0 |
| or Pre-Calculus II Lab | 0.0 |
| or Calculus I | 4.0 |
| or Calculus I Lab | 0.0 |
| or Mathematical History: Ancient to Medieval | 3.0 |
| or Mathematical History: Renaissance to Modern | 3.0 |
| or Statistical Methods | 4.0 |
| or Discrete Mathematics | 4.0 |
| or Operations Analysis and Modeling | 3.0 |
| or Introduction to Classical and Modern Geometry | 3.0 |

Total credits for required courses: 24.0
Students will select any one of the following course groupings:

Either:

- **BIO 1020** General Biology I
- **BIO 1020L** General Biology Laboratory I
- **BIO 1022** General Biology II
- **BIO 1022L** General Biology Laboratory II

or

- **CHE 1505** General Chemistry I and
- **CHE 1505L** General Chemistry I Lab

- **CHE 1515** General Chemistry II and
- **CHE 1515L** General Chemistry II Lab

or

- **PHY 2200** Principles of Physics I and
- **PHY 2210** Principles of Physics II

or

- **CHE 1010** Introductory Chemistry and
- **PHY 1030** The World of Physics

Total credits for electives: 8.0-11.0

Either:

- **ECO 2010** Principles of Microeconomics
- **ECO 2020** Principles of Macroeconomics

Total credits required to complete Mathematics concentration: 35.0-38.0

Social Studies Concentration:

**Required Courses:**

Nine credits in courses in American History:

- **HIS 1400** United States History I Through 1877
- **HIS 1401** United States History II 1865 to Present

One 3000 level American History course* 3.0

Six credits in courses in European History:

- **HIS 1500** European History I
- **HIS 1501** European History II

One 3000 level European History course* 3.0

Six credits in courses in Non-Western History:

- **HIS 1600** Asian History I
- **HIS 1601** Asian History II

One 3000 level Non-Western History course* 3.0
Nine credits in courses in Social Sciences:

- PSC 1040 American Government and Politics 3.0
- SOC-SSC 1492 Introduction to Geography 3.0

One of the following:
- ANT 2020 Peoples and Cultures of Africa 3.0
- ANT 2170 Ancient Mesoamerica
- ANT 2185 Peoples of Latin America

Total credits required to complete Social Sciences concentration: 30.0

*Must take one 3000 level WRT course.

Visual and Performing Arts Concentration:

Core Requirements:

One of the Following:
- ART 2100 Introduction to Art History: Prehistoric to Gothic 3.0
- ART 2101 Introduction to Art History: Renaissance to Modern

One of the Following:
- MUS 1101 Music Appreciation 3.0
- MUS 1110 Music Theory I
- MUS 1920 Fundamentals of Music

One of the Following:
- THE 1010 Introduction to Theatre 3.0
- THE 1011 Play Production
- THE 1012 Stagecraft

Six credit hours of courses at the 3000 level or higher that focus on the historical, cultural, and critical influences of the arts in society with the following course codes: ART, FAR, MUS, or THE.

Total credits required for core requirements: 15.0

Creation and Performance:

Eighteen credit hours of courses in at least two of the following areas: 18.0
ART, MUS, FAR, THE, and DAN that involve artistic creation and-or performance.
At least 3 credit hours must be at the 2000 level or higher and at least 3 credit hours at the 3000 level or higher.

Total credits required for Creation and Performance requirements: 18.0

Total credits required to complete Visual and Performing Arts Concentration: 33.0

Education Course Descriptions

New York State Learning Standards are embedded in all Teacher Education courses.

EDU 0100 Child Abuse Training 0 credits
Non-credit Workshop.

EDU 0101 Child Abuse Identification and Reporting 0 credits
Non-credit Workshop. Each course participant completes two hours of course work and training in the area of identification and reporting of suspected child abuse in accordance with Sections 3003(4) and 3004 of New York’s Education Law. Course content includes: identifying children at risk, identifying indicators of abuse, and reporting procedures and the implications of not filing a report when it is necessary. Two clock hours required.

EDU 0200 Safe Schools Against Violence in Education 0 credits
Non-credit Workshop. Each course participant completes a two hour school violence prevention training session in accordance with Section 3004 of New York’s Education Law. Course content includes: the SAVE legislation and its impact on schools, promising education strategies, and techniques for identifying and assisting troubled or potentially violent students. Two clock hours required.

EDU 0301 Alcohol and Drug Abuse Prevention 0 credits
Non-credit Workshop. This workshop presents key elements of drug abuse and prevention curricula. Topics include identification, prevention, intervention, and disciplinary measures. Satisfies Section 804 of New York’s Education Law. Two clock hours required.

EDU 0401 Safety and Fire and Arson Prevention 0 credits
Non-credit Workshop. This workshop in Safety and Fire and Arson Prevention details strategies for protecting life and property against loss or damage. Additionally, information on highway and bicycle safety and traffic regulations is presented. Fulfills Sections 806 and 808 of New York’s Education Law. One and one-half clock hours required.

EDU 0501 Child Abduction Prevention 0 credits
Non-credit Workshop. This workshop provides instruction in child abduction prevention. Age level, developmental needs and abilities of pupils are considered in the content presented. Fulfills Section 803-a of New York’s Education Law. One clock hour required.

EDU 0601 Career Development and Occupational Studies 0 credits
Non-credit Workshop. This workshop enables preservice teachers to assist their students in developing an awareness of the working world, investigating career options, and exploring personal skills and abilities to make a career decision. Areas such as personal, thinking, people, basic, information, resource, system, and technology skills will be especially emphasized. Fulfills New York State Career Development and Occupational Studies Learning Standards 1, 2, 3a, and 3b and Health, Physical Education, and Family and Consumer Sciences Learning Standard 3.

EDU 0701 Health and Safety Education 0 credits
Non-credit Workshop, Health, Physical Education, and Family and Consumer Sciences Training. Participants in this workshop examine various methods to include the New York State Standards and regulations as they pertain to Personal Health, Safety Education, HIV, AIDS, and Communicable Diseases. Fulfills New York State Health, Physical Education, and Family and Consumer Sciences Learning Standards 1 and 2.

EDU 0801 Dignity For All Students 0 credits
Non-credit Workshop. During the Dignity for All Students training, pre-service teachers will gain an understanding of the social patterns of harassment, bullying and discrimination. Additionally, they will learn about marginalization and microaggressions, including but not limited
to those acts based on a person’s actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender, or sex as defined under Article 2, Section 11 of New York State’s Education Law.

<td>Teaching Students with Disabilities in the Inclusive Classroom</td>
<td>3</td>
</tr>
<tr>
<td></td>
<td>This course provides teacher education candidates with a background in special education in order to develop the skills necessary to provide instruction that promotes the participation and progress of students with disabilities in the general education curriculum. The fundamentals of special education are reviewed, including special education laws and regulations, the knowledge and skills to work collaboratively with special education teachers and other supportive colleagues, and all categories of students with disabilities and special learning needs. Candidates also examine effective inclusive classroom strategies and tools such as differentiated instruction, behavior management, maximizing academic engagement time, and types of assessments and modifications. Additionally, they study the challenges posed by specific content area curriculum and develop the appropriate accommodations and modifications to insure classroom success. Candidates examine the impact that State and National Standards have on the inclusive classroom curriculum. Prerequisites: EDU 1010 and PSY 1010. Co-requisite with EDU 2621. Offered Term I.</td>
<td></td>

Assessing Students With Disabilities: Childhood Special Education

EDU 3351

In this course, pre-service teacher candidates learn and apply skills in developing, implementing, and interpreting alternative and adaptive assessment techniques and strategies for students with disabilities, including students with autism, in grades one through six. Additionally, candidates carefully select appropriate formal and informal testing materials to assess, diagnose, and correct learning problems. Prerequisites: EDU 1010, EDU 2020, EDU 2222, and PSY 2060. Offered Term I.

Curriculum, Instruction, and Assessment in Childhood Education: Mathematics, Science, and Technology

EDU 3355

This course enables students to develop knowledge and skills in the methods of teaching math, science, and technology to elementary school children in grades one through six. Students plan, implement, and assess mathematics and science lessons that emphasize hands-on inquiry experiments and problem solving strategies that are based on State, Common Core, and National Standards. Students integrate appropriate technology in their instructional practices and improve their knowledge of both math and science content and processes by applying these concepts to teaching. Prerequisites: Junior class standing, EDU 3335 and EDU 3345. Co-requisite with EDU 3655. Offered every Term II.

Methodologies of Teaching: Middle Childhood Education

EDU 3356

This course focuses on methods of instruction used in middle school classrooms. Emphasis is on designing, developing, implementing, and assessing lessons based on State Learning and Common Core Standards. Students study and apply these instructional practices in-depth to their respective content area. Prerequisites: Junior class standing, EDU 3335 and EDU 3345; or Junior class standing, EDU 3336 and EDU 3347; or Junior class standing, EDU 3337 and 3347. Offered every Term II.

Methodologies of Teaching: Adolescence Education

EDU 3357

This course focuses on methods of instruction used in Adolescent classrooms. Emphasis is on designing, developing, implementing, and assessing lessons based on State Learning and Common Core Standards. Students study and apply these instructional practices in-depth to their respective content area. Prerequisites: Junior class standing, EDU 3337 and EDU 3347. Co-requisite with EDU 3657. Offered every Term II.

Methodologies of Teaching: Visual Arts

EDU 3358

The course consists of demonstrations of studio projects designed around the following art concepts: line, shape and form, texture, value, color, space and depth, and composition. The course addresses the integration of art into the curriculum based on State Learning and Common Core Standards and is aimed at art teachers, elementary school teachers, and those in other fields. Prerequisite: EDU 3338 and Co-requisite with EDU 3658. Offered Term II.

Family, Community, and School Relationships in Indigenous Communities

EDU 3360

An investigation into creating responsible-responsive relationships between families, communities, and schools rooted in Indigenous epistemologies, and perspectives of community and education.

Teaching Literacy in the Elementary Schools

EDU 3365

Prospective teachers examine curriculum and instructional theories of and practices in acquiring and developing literacy in grades four through six based on State Learning and Common Core Standards. The major focus is on assisting all students to use listening, speaking, reading, and writing for acquiring information, developing understandings, constructing literary responses, creating literary expressions, conducting critical analyses, performing evaluations, and developing social interactions. Prerequisites: Junior class standing, EDU 3335 and EDU 3345. Offered every Term II.

Content Area Literacy in the Secondary Schools

EDU 3367

Preservice teachers seeking Adolescence Education certification examine literacy instruction in grades nine through twelve based on State Learning and Common Core Standards. Emphasis is placed on incorporating reading, writing, speaking, and listening skills across the curriculum. Further, preservice teachers interface New York State Standards with methods of assessment and instruction to strengthen content area literacy skills. Prerequisites: Junior class standing, EDU 2020 and EDU 3347. Offered every Term II.
EDU 3631 Practicum in Curriculum Design and Instruction in Childhood Special Education: Mathematics, Science, Social Studies, and the Arts
A college-supervised field experience with a minimum of thirty-four hours in a childhood-level special education classroom setting in conjunction with EDU 3331. Co-requisite with EDU 3331. Offered Term II.

EDU 3645 Practicum in Literacy Education: Childhood Education
A college-supervised field experience with a minimum of thirty-four hours in an elementary school setting in conjunction with EDU 3345. Co-requisite with EDU 3345. Offered Term I.

EDU 3647 Practicum in Literacy Education: Adolescence Education
A college-supervised field experience with a minimum of thirty-four hours in a middle-high school setting in conjunction with EDU 3347. Co-requisite with EDU 3347. Offered Term II.

EDU 3655 Practicum in Curriculum, Instruction, and Assessment in Mathematics, Science and Technology: Childhood Education
A college-supervised field experience with a minimum of thirty-four hours in an elementary setting in conjunction with EDU 3355. Co-requisite with EDU 3355. Offered Term II.

EDU 3657 Practicum in Methodologies of Teaching in Adolescence Education
A college-supervised field experience with a minimum of thirty-four hours in an adolescence education setting in conjunction with EDU 3357. Co-requisite with EDU 3357. Offered Term II.

EDU 3658 Practicum in Methodologies of Teaching: Visual Arts
A college-supervised field experience with a minimum of thirty-four hours in a Visual Arts K-12 educational setting in conjunction with EDU 3358. Co-requisite with EDU 3358. Offered Term II.

EDU 3931 Student Teaching I and Seminar: Childhood Special Education
This course provides pre-service teachers with classroom instruction in a special education setting within the appropriate grade range (e.g., grades 1-3 or grades 4-6). Pre-service teachers work with cooperating teachers to plan, implement, and assess lessons based on New York State Learning and Common Core Standards as well as to participate in other daily school activities. Additionally, they attend and participate in workshops and weekly seminars that address a series of topics, including classroom instruction and management. Prerequisites: Junior class standing, completion of EDU 3351 and EDU 3365, timely completion and submission of an application for Student Teaching I, and a minimum overall GPA of 3.000. Offered in Term III.

EDU 3935 Student Teaching I and Seminar: Childhood Education
This course provides pre-service teachers with classroom instruction within the grade range of their respective certification area. Students work with cooperating teachers to plan, implement, and assess lessons based on State Learning and Common Core Standards as well as to participate in other daily school activities. Whenever possible, students are placed in schools where they work with diverse populations across a variety of developmental levels, including students with special learning needs. Additionally, they participate in workshops and weekly seminars that provide a series of topics, including classroom instruction and management. Prerequisites: Junior class standing, completion of EDU 3355 and EDU 3365, timely completion and submission of an application for Student Teaching I, and a minimum overall GPA of 3.000. Offered every Term III.

EDU 3937 Student Teaching I and Seminar: Adolescence Education
This course provides pre-service teachers with classroom instruction within the grade range of their respective certification area. Students work with cooperating teachers to plan, implement, and assess lessons based on State Learning and Common Core Standards as well as to participate in other daily school activities. Whenever possible, students are placed in schools where they work with diverse populations across a variety of developmental levels, including students with special learning needs. Additionally, they participate in workshops and weekly seminars that provide a series of topics, including classroom instruction and management. Prerequisites: Junior class standing, completion of EDU 3357 and EDU 3367, timely completion and submission of an application for Student Teaching I, and a minimum overall GPA of 3.000. Offered every Term III.
EDU 3938  Student Teaching I and Seminar: Visual Arts  6 credits
This course provides pre-service teachers with classroom instruction within the grade range of their respective certification area. Students work with cooperating teachers to plan, implement, and assess lessons based on State Learning and Common Core Standards as well as to participate in other daily school activities. Whenever possible, students are placed in schools where they work with diverse populations across a variety of developmental levels, including students with special learning needs. Additionally, they participate in workshops and weekly seminars that provide a series of topics, including classroom instruction and management. Prerequisites: Junior class standing, completion of EDU 3338, EDU 3345 or EDU 3347, and EDU-Art 3358, timely completion and submission of an application for Student Teaching I, and a minimum overall GPA of 3.000. Offered every Term III.

EDU 3955  Literacy Intervention and Enrichment: Childhood Education  1 credit
This field course emphasizes observing literacy behaviors and devising strategies for developing and enriching literacy learning based on State Learning and Common Core Standards. Students must register for the corequisite EDU 3935. Prerequisites: Junior class standing, completion of EDU 3355 and EDU 3365, and a minimum overall GPA of 3.000. Offered every Term III.

EDU 4391  Student Teaching II and Seminar: Childhood Special Education  12 credits
This course is the second of two student teaching experiences in a special education setting within the appropriate grade range (e.g., Grades 4-6 or Grades 1-3). Pre-service teachers demonstrate their teaching knowledge, dispositions, and performances as they assume a significant instructional load from their cooperating teachers and are given the responsibility to design, implement, and assess a wide range of learning experiences in mathematics, English language arts, science, social studies, and art for students with disabilities. These learning experiences align with and are based on the New York State Learning and Common Core Standards and the Next Generation Science Standards. Whenever possible, pre-service teachers are placed in schools where they work with diverse populations across a variety of developmental levels. Additionally, pre-service teachers attend seminars and workshops at Elmira College to discuss such topics as classroom instruction and management; student learning; child abduction prevention; alcohol, tobacco, and other drug abuse prevention; safety instruction; fire and arson prevention; child abuse identification and reporting; safe schools against violence in education (SAVE); and Dignity for All Students Act (DASA). Prerequisites: Senior class standing, completion of EDU 3931 or EDU 3935 and EDU 3955, timely completion and submission of an application for Student Teaching II, and a minimum overall GPA of 3.000. Offered Terms I and II.

EDU 4395  Student Teaching II and Seminar: Childhood Education  12 credits
This course is the second of two student teaching experiences. Pre-service teachers demonstrate their teaching knowledge, dispositions and performances as they assume the full instructional load of their cooperating teachers and are given the responsibility to design, implement, and assess a wide range of learning experiences that include national, Common Core, and New York State Learning Standards. Additionally, pre-service teachers attend seminars and workshops to discuss such topics as classroom instruction and management; child abduction prevention; alcohol, tobacco, and other drug abuse prevention; safety instruction; fire and arson prevention; child abuse identification and reporting; safe schools against violence in education (SAVE); and Dignity for All Students Act (DASA). Prerequisites: Senior class standing, completion of EDU 3935 and EDU 3955 or EDU 3931, timely completion and submission of an application for Student Teaching II, and a minimum overall GPA of 3.000. Offered Terms I and II.

EDU 4397  Student Teaching II and Seminar: Adolescence Education  12 credits
This course is the second of two student teaching experiences. Pre-service teachers demonstrate their teaching knowledge, dispositions and performances as they assume the full instructional load of their cooperating teachers and are given the responsibility to design, implement, and assess a wide range of learning experiences that include national, Common Core, and New York State Learning Standards. Additionally, pre-service teachers attend seminars and workshops to discuss such topics as classroom instruction and management; child abduction prevention; alcohol, tobacco, and other drug abuse prevention; safety instruction; fire and arson prevention; child abuse identification and reporting; safe schools against violence in education (SAVE); and Dignity for All Students Act (DASA). Prerequisites: Senior class standing, completion of EDU 3937, timely completion and submission of an application for Student Teaching II, and a minimum overall GPA of 3.000. Offered Terms I and II.

EDU 4398  Student Teaching II and Seminar: Visual Arts  12 credits
This course is the second of two student teaching experiences. Pre-service teachers demonstrate their teaching knowledge, dispositions and performances as they assume the full instructional load of their cooperating teachers and are given the responsibility to design, implement, and assess a wide range of learning experiences that include national, Common Core, and New York State Learning Standards. Additionally, pre-service teachers attend seminars and workshops to discuss such topics as classroom instruction and management; child abduction
prevention; alcohol, tobacco, and other drug abuse prevention; safety instruction; fire and arson prevention; child abuse identification and reporting; safe schools against violence in education (SAVE); and Dignity for All Students Act (DASA). Prerequisites: Senior class standing, completion of EDU 3938, timely completion and submission of an application for Student Teaching II, and a minimum overall GPA of 3.00. Offered Terms I and II.

Educational Studies Major (Bachelor of Arts or Bachelor of Science)

A major in Educational Studies requires the completion of one of the academic majors approved for teacher certification or in the case of Childhood Education, either an approved major or an approved academic concentration. Students must also complete the professional Education courses in one of the certification areas (e.g., Childhood) as listed below. Included in the professional courses is a 6 credit hour internship. The Teacher Education Department in conjunction with Career Services will determine appropriateness of the 6 credit hour internship. Guidelines for Career-Related Internships will be used.

including one course at or above the 3000 level.
ENG 1050 and ENG 1051 are excluded from the elective courses.
ENG 4590 may be taken as of these courses.
Total credits required to complete English minor: 21.0

English Literature Course Descriptions

ENG 1028 Magic Realism 3 credits
An introduction to the contemporary international community of writers and filmmakers who integrate supernatural elements from comic books, popular genre fiction, and movie franchises with the activist ethos of social realism and naturalism. Distribution Requirements: GLP. Offered Terms I and II.

ENG 1050 English for Non-Native Speakers 3 credits
These courses prepare students for a variety of academic reading and writing tasks. Students practice every stage of the writing process from developing a topic, researching, and outlining to drafting, revising, and editing. Students are required to read and prepare written responses to college level articles. Prerequisite: Permission of Instructor.

ENG 1051 English for Non-Native Speakers 3 credits
These courses prepare students for a variety of academic reading and writing tasks. Students practice every stage of the writing process from developing a topic, researching, and outlining to drafting, revising, and editing. Students are required to read and prepare written responses to college level articles. Prerequisite: Permission of Instructor.

ENG 2044 American Literature: 1945 to Present 3 credits
This course introduces students to American literature written between the years 1945 and the present. It covers the range of literary movements that took shape during the second half of the twentieth century and early twenty-first century. Distribution Requirement: WEP.

ENG 2045 Transatlantic Literature 3 credits

ENG 2180 Expository Writing 3 credits
Designed to help students organize and develop and subject thoughts to analysis and to demonstrate methods of organization which will lead to concrete, concise, and logical writing. This course is taught through workshop methods.

ENG-WMS 2155 Contemporary Latina Literature 3 credits
This is a course on the work of Hispanic women authors who write in English. Topics to be covered are: the construction of identity influenced by race, class gender and sexuality; bilingualism and the experience of immigration and exile; and feminist literature as activism.

ENG 2210 English Literature Before 1800 3 credits
This course surveys significant developments in the history of English literature, from the Middle Ages through the eighteenth century. It includes the literature of the Anglo-Saxon period, the Renaissance and the Enlightenment. Distribution Requirement: WEP. Offered Terms I, II, or III, as needed.

ENG 2220 English Literature After 1800 3 credits
This course surveys significant developments in the history of English literature, from the nineteenth century to the present. It includes the literature of the Romantic period, the Victorian period and Modernism. Distribution Requirement: WEP. Offered Terms I, II, or III, as needed.

ENG 2250 Shakespeare 3 credits
An investigation into Shakespeare’s dramaturgy including comedies, tragedies, history plays and romances in which we will study structural aspects (plot, characterization, themes, language devices, etc.) of Shakespeare’s plays as well as the milieu of Elizabethan England that fosters such activity. Distribution Requirement: WEP.

ENG 2260 Shakespeare and His Contemporaries 3 credits
A study of Shakespeare’s major tragedies as well as one or more works of other great Elizabethan tragedians in an effort to understand what constitutes dramatic tragedy in the age of Elizabethan and Jacobean Dramatists. Distribution Requirement: WEP.

ENG 2300 African-American Literature: A Survey 3 credits
A survey of African-American literature that spans the period from the early Colonial era to the present. Readings will chart the evolution of a distinct African-American literary tradition giving special attention the nineteenth century slave narratives and abolitionist narratives, late nineteenth and early twentieth century narrative and poetry that explore the question of identity, and mid-twentieth century narratives that run through the Civil Rights movement. Distribution Requirement: WEP. Offered Terms I and II.

ENG-PHR 2310 After Empire: Postcolonial Theory and Literature 3 credits
One of the characteristic features of the modern period is the expropriation of wealth from poorer nations by wealthier ones. The course surveys various attempts in literature and theory to make sense of this process. Distribution Requirement: GLP. Offered Terms I and II.

ENG 2400 Twentieth Century American Confessional Poetry 3 credits
In this course, we explore mid-century American Confessionalism, including the lives and poetry of Robert Lowell, Sylvia Plath, Anne Sexton, John Berryman. Distribution Requirement: WEP. Offered Terms I and II.

ENG-PHR 2430 Rhetorical Economics 3 credits
An introduction to influential writing by economists from the eighteenth century to the present, including Adam Smith, John Stuart Mill, John Maynard Keynes, and Milton Friedman. Readings represent efforts by economists to persuade the public about the nature and importance of their profession and the conflicting worldviews within it. Offered Terms I and II.
ENG-WMS 2450 The Brontë Sisters 3 credits
An introduction to the groundbreaking work of three British women writers: Charlotte, Emily and Anne Brontë. Focus on their novels, including Jane Eyre, Wuthering Heights and Agnes Grey. The course emphasizes close reading and situating the novels in their nineteenth-century contexts. It pays particular attention to gender and women’s experience. Distribution Requirement: WEP.

ENG-WMS 2460 Jane Austen 3 credits
This course is an introduction to the influential work of Jane Austen. It focuses on her novels, including Pride and Prejudice, Emma and Persuasion. The course emphasizes close reading and situating the novels in their eighteenth- and nineteenth-century contexts. It pays particular attention to gender and women’s experience. Distribution Requirement: WEP.

ENG-AMS- HIS 3000 Race and American Identity 3 credits
A study of the way in which race has influenced the question of American identity. Prerequisite: One previous course in History, American Studies or English. Distribution Requirement: WEP.

ENG 3015 Advanced Creative Writing 3 credits
This is an advanced workshop in strategies, techniques and the art of writing fiction and poetry, including in-depth discussions of contemporary fiction and poetry, developments and movements in creative writing as an art, and current trends in theories and schools of fiction and poetry. Prerequisites: ENG 2015 or ENG 2010 or ENG 2025.

ENG 3023 American Modernism 3 credits
A detailed study of works of prose and poetry authored by Americans, including expatriates, associated with the historical, formal, and ideological characteristics of Literary Modernism. Prerequisite: Any of ENG 2022, ENG 2042, ENG 2043, or ENG 2044. Distribution Requirement: WEP. Offered Terms I, II, III.

ENG-AMS- HIS 3025 Nature and the American Imagination 3 credits
A study of the intellectual and cultural responses to nature from the colonial period to the present, focusing on arts, literature, and philosophy. Distribution Requirement: WEP.

ENG 3032 Individual Writers: D. H. Lawrence 3 credits
A detailed study of the life and writings of David Herbert Lawrence. Students will sample the variety of Lawrence’s writings, including novels, short stories, poetry, drama, essays and letters, with attention to prominent themes, literary techniques, critical reception, and relevant biographical, cultural and other contexts. Prerequisite: ENG 1075. Distribution Requirement: WEP. Offered Terms I and II.

ENG 3035 Mark Twain, Cosmopolitan and Contrarian 3 credits
An overview of life and works of Elmira’s most renowned resident, focusing on works through which Twain antagonized the conventions of his time and depicted encounters with unfamiliar cultures. Distribution Requirement: WEP. Offered Terms I and II.

ENG 3070 Nineteenth Century British Novel 3 credits
A study of the development of the English novel from the late eighteenth century to the early twentieth century. Will examine the novel in the contexts of the Romantic, Victorian and Modernist periods, noting how these historical contexts shape and inform the novel. Three particular contexts will include industrialism, imperialism, and evolution. Authors include Mary Shelley, Charles Dickens, George Eliot, Thomas Hardy, and D. H. Lawrence. Fulfills WRT-Course. Distribution Requirements: WRT and WEP.

ENG 3073 Modern British Novel 3 credits
This course studies works by six major modern British novelists: E.M. Forster, Joseph Conrad, Ford Madox Ford, James Joyce, Virginia Woolf, and D.H. Lawrence as well as the radical re-definition of the novel undertaken by many writers of prose fiction in the early part of the twentieth century. Distribution Requirement: WEP.
ENG-WMS 3075  Twentieth Century British Women Writers  3 credits
A study of selected writings by twentieth century British women authors, with attention to prominent themes, contemporary theoretical issues, literary techniques and genres, and relevant cultural and historical contexts. Prerequisite: WRT 1020 and one prior course in literature. Distribution Requirement: WEP. Offered in Terms I and II.

ENG 3094  Contemporary American Poetry  3 credits
A detailed study of the works of several recent major American poets, representing a variety of poetic styles and trends. Prerequisite: Any of ENG 2020, ENG 2021, ENG 2022, ENG 2042, ENG 2043 or ENG 2044. Fulfills WRT-Course Requirement. Distribution Requirement: WEP.

ENG 3096  Contemporary British Fiction  3 credits
A study of selected works of British fiction since 1945, with attention to prominent themes, literary techniques and genres, contemporary theoretical issues, and relevant cultural and historical contexts. Prerequisite: Any 2000-level English course. Distribution Requirement: WEP.

ENG-LAL- PHR 3319  History of Literary Criticism and Theory  3 credits
An introduction to the history of literary theory and criticism, beginning with the classical approaches of Plato and Aristotle, and an introduction to modern literary theory, covering influential approaches to reading and thinking about literature. Prerequisite: Any of ENG 2020, ENG 2021, ENG 2022, ENG 2042, ENG 2043 or ENG 2044. Distribution Requirement: WEP.

ENG-AMS 3400  Recent American Fictions  3 credits
A study of American fiction since 1980, with a focus on issues of national and personal identity. Prerequisite: Any of ENG 2020, ENG 2021, ENG 2022, ENG 2042, ENG 2043 or ENG 2044 or AMS 2020. Distribution Requirement: WEP.

ENG 4590  Senior Seminar: The Literary Canon  3 credits
A course that focuses on the debate over both the definitions and descriptions of culture and how that debate shapes our notion of literary canon, considers why and how and what we read, and the relationship between reading, literary criticism, and literary theory. Prerequisites: Senior standing and 18 credits of ENG (at least one 3000 level course). Fulfills WRT-Course. Distribution Requirement: WEP.

ENG 4999  Internship in English  3 or 6 credits
Internship focused in any area related to English. Prerequisite: Completed Sophomore coursework in the ENG major, Junior or Senior Standing, and Instructor’s Signature Required. Also need to complete a contract with the Office of Career Services, before registering for course. Meets Career Related Internship and graded on S-D-F basis.

Environmental Course Description
ENV 1010 Introduction to Environmental Studies 4 credits
A lecture-laboratory course introducing basic biological, chemical and physical scientific concepts and principles from an environmental perspective. Additionally, the roles and responsibilities of humans will be examined with regard to scientific, political, economic, and ethical issues involved in the attainment of a sustainable future.
ENV 1020  Introduction to Environmental Science  3 credits
An introduction to the field of environmental science. This course will cover how humans affect ecosystems, trophic cascades, nutrient cycling, climate, the ocean, animal and plant populations, and critically examine ways to mitigate some of these issues.

ENV 2310  Introduction to Geographic Information Systems (GIS)  3 credits
Presents an introduction to the concepts behind Geographic Information Systems (GIS) that emphasizes analytical capabilities of GIS in vector and raster domains. Provides background information on the roots of GIS in analytical cartography. Applies geographic information to answer questions and solve problems in fields related to ecology, environmental science, wildlife management, agriculture, geology, and other specialties.

ENV 2320  Climatology  3 credits
This course is designed to help students gain a scientific understanding of the physical aspects of Earth's climate system Includes climate change, balance of energy and transfer of radiation in the atmosphere through quantitative analysis. It will include the hydrologic cycle and the general circulation of the oceans and atmosphere.

ENV 3000  Hydrogeology  3 credits
Discusses the occurrence, movement, and properties of subsurface water while placing emphasis on geological aspects. Introduces practical aspects in groundwater flow including groundwater quality, salt-water intrusion, groundwater modeling, groundwater contaminant transport and remediation, and topography-driven groundwater flow.

ENV 4998  Internship in Environmental Science  3 or 6 credits
Internship focused in any area related to Environmental Science. Prerequisite Completed Sophomore coursework in the Environmental major and Instructor’s Signature Required. Also need to complete a contract with the Office of Career Services, before registering for course and graded on pass-fail basis.

Field Experience Course Descriptions

FEX 2515  Community Service  0 credits
Community Service is the experience of sharing, without remuneration, the student’s time, abilities, and compassion in meeting human needs within the community through a recognized service organization so that the Office of Career Services can be certain that all graduates have had actual experience helping others in need.

FEX 4525  Career Related Internship  0 credits
The career-related internship provides an opportunity for students to explore work experience related to the major or to potential career goals. Career-related internships may be completed any time after the sophomore year and do not receive academic credit, unless offered for credit by the student’s major. No essay is required.

<td></td>
</tr>
<tr>
<td>FIN-ECO 3030</td>
<td>Money and Financial Institutions</td>
<td>3</td>
</tr>
<tr>
<td></td>
<td>This course is designed to enable students to have an understanding of financial institutions, money markets, and monetary policy in the United States. A detailed treatment of monetary theory and policy and such technical topics as the term structure of interest rates will be included. Prerequisites: ECO 2010 and ECO 2020.</td>
<td></td>
</tr>
<tr>
<td>FIN 3110</td>
<td>Financial Mathematics</td>
<td>3</td>
</tr>
<tr>
<td></td>
<td>Course covers the mathematics used in the theory covered in FIN 3010, Financial Management. Elementary mathematics will be reviewed in preparation for more advanced material. Significant time will be spent using algebra for solving word problems. Elementary matrix algebra and its applications for portfolio management will be introduced. Prerequisite: FIN 3010. Offered Terms I or II or III.</td>
<td></td>
</tr>
<tr>
<td>FIN 3150</td>
<td>Financial Modeling</td>
<td>3</td>
</tr>
<tr>
<td></td>
<td>Teaches the methods involved in creating financial models in Excel. Develops students’ spreadsheet skills far beyond a basic level without requiring computer programming skills. Offers practical applications for the theories studied in FIN 3010, Financial Management. Students will build analytical skills that can be listed on their resumes. Prerequisite: FIN 3010. Offered Term I.</td>
<td></td>
</tr>
<tr>
<td>FIN 3250</td>
<td>Investment Analysis</td>
<td>3</td>
</tr>
<tr>
<td></td>
<td>Begins with a history of the stock market from the seventeenth century to today. Students will conduct their own analysis of a company and its stock. Topics include assessing the risks of the firm, its industry and the stock market, forecasting target price ranges, analyzing stock charts, and assessing the profitability and financial fitness of the firm. Students refine these exercises into individual stock reports that are presented to the class at the end of the semester. Prerequisites: ECO-FIN 3030, FIN 3010, and MAT 2090. Fulfills WRT-Course Requirement. Offered Term II.</td>
<td></td>
</tr>
<tr>
<td>FIN-ACC 3541</td>
<td>Intermediate Accounting II</td>
<td>3</td>
</tr>
<tr>
<td></td>
<td>This course includes accounting theory and practice as applied to current assets, fixed assets, liabilities, net work accounts, investments, reserves, income, and sources and applications of funds. Prerequisite: ACC 3540 or permission of instructor. Offered every Term II.</td>
<td></td>
</tr>
<tr>
<td>FIN-ACC 3755</td>
<td>Principles of Government and Non-Profit Accounting</td>
<td>3</td>
</tr>
<tr>
<td></td>
<td>A comprehensive examination of accounting and reporting principles and practices for “non business” entities, with the objective of providing students with knowledge and skills necessary to take advantage of the many opportunities in this area of accounting. The differences between accounting of governmental and non-profit entities and accounting for business enterprises will be emphasized. Budgetary controls, fund accounting, cash management, and financial reporting will be major areas of study. Prerequisites: ACC 2010 and ACC 2021. Offered every other Term III.</td>
<td></td>
</tr>
<tr>
<td>FIN 4000</td>
<td>Risk Management</td>
<td>3</td>
</tr>
<tr>
<td></td>
<td>Takes a close look at how the misuse or misunderstanding of risk has brought about financial crises. Covers operational risk, financial risk and model risk. Includes such methods as Value at Risk (VaR) and stress testing. Prerequisite: FIN 3010. Offered Term I.</td>
<td></td>
</tr>
<tr>
<td>FIN 4110</td>
<td>Financial Derivatives</td>
<td>3</td>
</tr>
<tr>
<td></td>
<td>Will explain the basics of forward contracts, futures and options. Also how both stocks and options can be created synthetically by combining other securities and derivatives. Will show how options can be used both to hedge risk and speculate on market movements. Short cases will be used to discuss strategic issues related to the use and abuse of derivatives in business. Students will use a simulation to give them experience with making trades using derivatives. Prerequisites: FIN 3150 and FIN 3250. Offered Terms I or II or III.</td>
<td></td>
</tr>
<tr>
<td>FIN 4200</td>
<td>Case Problems in Financial Management</td>
<td>3</td>
</tr>
<tr>
<td></td>
<td>A case-study course in which students apply financial theory and knowledge to real-world situations to recommend strategic and tactical decisions to upper management that are rational and that ultimately maximize shareholder value. Prerequisite: FIN 3010. Offered Term II.</td>
<td></td>
</tr>
</tbody>
</table>
FIN 4510 Finance Internship 3 or 6 credits
The Finance Internship is either 120 hours (3 credit hours) or 240 hours (6 credit hours) of supervised field experience in a position using financial theories and practices at firms such as providers of financial services, investment management companies, insurance firms, private or public companies, and government agencies. To enroll in FIN 4510, students must meet with and have the written approval of an appropriate full-time Business and Economics Division faculty member. Students must have upper division standing. Prerequisites: FIN 3010, ECO-FIN 3030, and FIN 3100. Also need to complete a contract with the Office of Career Services, before registering for course. Meets Career Related Internship and graded on pass-fail basis.

Fine Arts Course Descriptions

FAR 1915 Stage Voice and Diction 3 credits
A study of voice production and projection for the actor or professional voice artist.

FAR 2608 American Film in the Age of Terrorism 3 credits
It was believed that 9/11 made certain kinds of film obsolete. What kinds of movies have been made in response to 9/11, and are they factual? Specifically, this course will explore capsule history of the events of 9/11/2001, basic film terminology, literary criticism, and technical criticism. Distribution Requirement: WEP.

FAR 2609-2915 Great International Film Directors 3 credits
The purpose of this course is to introduce the art of cinema as it applies to general culture and civilization.

FAR 2610 Suspense Films 3 credits
The purpose of this course is to introduce the art of cinema as it applies to Suspense Films. Studies of the development of the motion picture medium through various themes genres. Full-length movies are shown in class for illustration of craft elements and critical analysis of artistic contributions. Distribution Requirement: GLP.

FAR 2611 Great American Film Directors 3 credits
The purpose of this course is to introduce the art of cinema as it applies to the Great American Film Directors. Full-length movies are shown in class for illustration of craft elements and critical analysis of artistic contributions. Distribution Requirement: WEP.

FAR 2612 Great Film Performances 3 credits
The purpose of this course is to introduce the art of cinema as it applies to Great Film Performances. Studies of the development of the motion picture medium through the analysis of film performances. Full-length movies are shown in class for illustration of craft elements and critical analysis of artistic contributions.

FAR 2613 Classic Horror Films 3 credits
The purpose of this course is to introduce the art of cinema as it applies to Classic Horror Films. Studies of the development of the motion picture medium through the genres of horror films. Full-length movies are shown in class for illustration of craft elements and critical analysis of artistic contributions. Distribution Requirement: GLP.

FAR 2614 Great Non-Western Film Directors 3 credits
The purpose of this course is to introduce the art of cinema as it applies to non-western culture and civilization. Distribution Requirements: NWP.

FAR 2616 Films of Central Europe (1945-1989) 3 credits
The purpose of this course is to introduce the art of cinema as it applies to the period of Central European culture and civilization from 1945-1989. Distribution Requirement: WEP.
FAR 3010  Digital Studio: Art Without Borders  3 credits
A digitally based fine arts course investigating the impact of globalization on art and artists in the 21st Century. Students produce and publish art projects (visual, aural and-or written forms) on the Internet that focus on the global cross-pollination of ideas and events as gleaned from assigned readings. Distribution Requirement: GLP.

Core Program Course Description

FYS 1010  First-Year Seminar  3 credits
This course is the foundational experience in the liberal arts and sciences for entering freshmen, providing students a gateway to the College's General Education program, and introducing them to the wider world of learning beyond the professional training of their declared majors. Each section of the course is specially designed by the instructor to provide a unique learning experience that sharpens students' skill in critical thinking and reading. Students have the opportunity to choose from a wide variety of exciting seminar-topics, ranging from the natural sciences and the humanities, to the fine arts and the social sciences. Distribution Requirement: LAS. Offered Term I.

French Course Descriptions

FRE 1010  First-Year French I  3 credits
An initiation to comprehension, speaking, reading, and writing skills, with abundant oral and written drills. Students may not take lower level foreign language courses if they have one year or more of study of that language at the secondary or college level without permission of the instructor. Distribution Requirement: WEP.

FRE 1020  First-Year French II  3 credits
An initiation to comprehension, speaking, reading, and writing skills, with abundant oral and written drills. Students may not take lower level foreign language courses if they have one year or more of study of that language at the secondary or college level without permission of the instructor. Distribution Requirement: WEP.

FRE 2010  Second Year French I  3 credits
Continued cultivation of ability to comprehend, speak, read, and write French. Review of basic grammar. Selections from important French writers. Reading about life in modern France. Prerequisite: FRE 1020 or equivalent. Distribution Requirement: WEP.

FRE 2020  Second Year French II  3 credits
Continued cultivation of ability to comprehend, speak, read, and write French. Review of basic grammar. Selections from important French writers. Reading about life in modern France. Prerequisite: FRE 2010 or equivalent. Distribution Requirement: WEP.

FRE-LAL-SPA 3295  Magical Realism in Short Fiction  3 credits
A study of a major international current in twentieth century fiction. Focuses on a lesser-known, but highly influential sub-genre, as well as its manifestations in the visual arts. Prerequisite: SPA 2040.

Geology Course Descriptions

GEO 1050  Environmental Geology  3 credits
This introductory level course provides an overview of our planetary environment with a focus on geological processes. It relates geological studies to human activities, and examines how changes in the earth influence human activities and how human activities alter natural processes. The extent of human impact on the earth's surface will be evaluated and the use and development of mineral and energy resources will be reviewed. Students will also study geological concepts, waste disposal, water and air pollution, environmental law, land use, and soil as a resource. NOTE: this course does not meet the lab science requirement.
German Course Descriptions

GER 1010 First Year German I 3 credits
An introduction to the German language using German poems and songs, customs and cultures, films and slides, simple conversation, reading, and writing. Students may not take lower level foreign language courses if they have one year or more of study of that language at the secondary or college level without permission of the instructor. Distribution Requirement: WEP.

GER 1020 First Year German II 3 credits
An introduction to the German language using German poems and songs, customs and cultures, films and slides, simple conversation, reading, and writing. Students may not take lower level foreign language courses if they have one year or more of study of that language at the secondary or college level without permission of the instructor. Distribution Requirement: WEP.

GER 2010 Second Year German I 3 credits
A continuation of first year German using the same media on a more advanced level. Stresses translation, reading of journals and newspapers as well as literature. Prerequisite: GER 1020 or equivalent. Distribution Requirement: WEP. Offered as needed.

GER 2020 Second Year German II 3 credits
A continuation of first year German using the same media on a more advanced level. Stresses translation, reading of journals and newspapers as well as literature. Prerequisite: GER 1020 or equivalent. Distribution Requirement: WEP. Offered as needed.

Greek Course Descriptions

GRK 1010 Introductory Greek I 3 credits
The fundamentals of Classical Greek language, stressing grammar, translation, and English derivatives from Greek. Distribution Requirement: WEP.

GRK 1020 Introductory Greek II 3 credits
The fundamentals of Classical Greek language, stressing grammar, translation, and English derivatives from Greek. Prerequisite: GRK 1010. Distribution Requirement: WEP.

GRK 1050 Introductory Modern Greek 3 credits
This course is an introduction to the modern Greek language, concentrating on basic reading and conversation skills using everyday scenarios. Offered Term II.

GRK 2010 Socratic Dialogues 3 credits
Reading and translation of Plato’s Apology of Socrates and selections from other dialogues in Greek. Prerequisite: GRK 1020 or equivalent.

Italian Course Descriptions

ITA 1010 First Year Italian I 3 credits
An initiation to comprehension, speaking, reading, and writing skills, with abundant oral and written drills. Students may not take lower level foreign language courses if they have one year or more of study of that language at the secondary or college level without permission of the instructor. Distribution Requirement: WEP.

ITA 1020 First Year Italian II 3 credits
An initiation to comprehension, speaking, reading, and writing skills, with abundant oral and written drills. Students may not take lower level foreign language courses if they have one year or more of study of that language at the secondary or college level without permission of the instructor. Distribution Requirement: WEP.
Japanese Course Descriptions

JPN 1010  First Year Japanese I  3 credits
To understand spoken Japanese, speak the language with accuracy and pronunciation, intonation, and grammatical correctness, progress in reading ability, and gain an insight into selected Japanese customs and ways of life. Prerequisite: Students may not take lower level foreign languages courses if they have had one year or more of study of that language at the secondary or college level without permission of the instructor. Distribution Requirement: NWP. Offered Term I.

JPN 1020  First Year Japanese II  3 credits
To master the basic grammar, vocabulary, and practical syntax of a language, with emphasis on its spoken equivalent to the first year level of college instruction. Students concentrate on speaking and listening in Japanese. Prerequisite: JPN 1010. Distribution Requirement: NWP. Offered Term II.

JPN 2010  Second Year Japanese I  3 credits
Provides a review, expansion, and intensification of pronunciation, intonation, and grammatical principles. Students will understand Japanese when spoken to by the instructor and native speaker, speak the language with correctness, as responses to statements and questions read prose in Japanese, write Japanese in systematic ways, and gain insight into Japanese customs and ways of life. Prerequisite: JPN 1020. Distribution Requirement: NWP.

JPN 2020  Second Year Japanese II  3 credits
To master the basic grammar, vocabulary, and practical syntax of a language, with emphasis on its spoken equivalent to the first year level of college instruction. Students concentrate on speaking and listening in Japanese. Prerequisite: JPN 2010. Distribution Requirement: NWP. Offered Term II.

Latin Course Descriptions

LAT 1010  Introductory Latin I  3 credits
The fundamentals of the Latin language, presented intensively, with readings chosen for their literary merit. Emphasis on Latin derivatives in English and the Romance languages. Students may not take lower level foreign language courses if they have one year or more of study of that language at the secondary or college level without permission of the instructor. Distribution Requirement: WEP. Offered as needed.

LAT 1020  Introductory Latin II  3 credits
The fundamentals of the Latin language, presented intensively, with readings chosen for their literary merit. Emphasis on Latin derivatives in English and the Romance languages. Students may not take lower level foreign language courses if they have one year or more of study of that language at the secondary or college level without permission of the instructor. Distribution Requirement: WEP. Offered as needed.

LAT 2010  Intermediate Latin I  3 credits
A rapid review of fundamentals at the beginning of the course. Readings in the first term are from classical Latin prose. Prerequisite: LAT 1020 or its equivalent. Distribution Requirement: WEP. Offered as needed.

LAT 2020  Intermediate Latin II  3 credits
A rapid review of fundamentals at the beginning of the course. Readings in the second term are from Vergil’s Aeneid. Prerequisite: LAT 1020 or its equivalent. Distribution Requirement: WEP. Offered as needed.

Seneca Language Course Descriptions

SEN 1010  Seneca Language I  3 credits
An introductory investigation of the Seneca Language through high frequency words and phrases, grammar patterns, and verb stems. Speaking and listening skills for comprehension will be emphasized through a culturally appropriate oral language paradigm. Distribution Requirement: NWP.
SEN 1020 Seneca Language II 3 credits
A continuation of Seneca I and includes investigation of the Seneca Language through high frequency words and phrases, grammar patterns, and verb stems. Speaking and listening skills for comprehension will be emphasized through a culturally appropriate oral language paradigm. Distribution Requirement: NWP.

General Studies (Bachelor of Arts or Bachelor of Science)

The General Studies major will be available to students who choose not to or are unable to fulfill the requirements of a specific major and will serve in such cases as a more practical and viable alternative to the Individualized Major. For students whose degrees will be conferred in June, the major can be declared no earlier than Term I of the senior year and no later than the beginning of the Term III of the senior year. For students who will be graduating at a different time of the year, the Registrar will determine what the correct time frame is.

A minimum of 36 credit hours is required, twelve or more of which must be at or above the 3000 level. Fifteen credits must be from one discipline or from closely related disciplines. A writing intensive course (a previously designated WRT course) is required. A student earning the B.A. degree must have at least 90 liberal arts and science credits and a student earning the B.S. degree must have at least 60 liberal arts and science credits.

A student interested in declaring and graduating with this major must use the form that is available in the Office of the Registrar and have the signature of an advisor endorsing the choice of major.

Geology Course Description

GEO 1010 Physical Geology 4 credits
An introduction to the origin, evolution, and physical structure of the earth; plate tectonic theory and mountain building; geologic time; the genesis and description of major minerals and rock types; the processes of weathering, erosion, and deposition; economic geology; and planetary geology.

History Course Descriptions

HIS 1400 United States History I Through 1877 3 credits
A survey stressing the significant movements, events, and people in American history from the earliest settlements to 1877. Distribution Requirement: WEP. Offered Term I annually.

HIS 1401 United States History II 1865 to Present 3 credits
A survey stressing the significant movements, events, and people in American history from 1865 to the present. Distribution Requirement: WEP. Offered Term II annually.

HIS WMS 1402 United States Women’s History to 1865 3 credits
An introductory survey course exploring how racial, class, and regional differences shaped the lives of different groups of American women from the early seventeenth to the mid-nineteenth centuries. Distribution Requirement: WEP.

HIS WMS 1403 United States Women's History: 1865 to the Present 3 credits
An introductory survey of the work and family roles of different groups of American women from the post-Civil War era to the present. This course also discusses the historical development of the modern feminist movement in the United States. Distribution Requirement: WEP.

HIS 1500 European History I 3 credits
A study of the creation of European civilization from earliest times until the mid-seventeenth century, with special focus upon medieval Europe and the Reformation era. Distribution Requirement: WEP. Offered Term I annually.

HIS 1501 European History II 3 credits
The development of modern European civilization from the mid-seventeenth century until recent times, with attention to issues of paramount concern to contemporary Europe. Distribution Requirement: WEP. Offered Term II annually.

HIS 1600 Asian History I 3 credits
An introduction to Pre-modern Asia, giving special attention to the religious and cultural traditions that make the major civilizations of that region unique, as well as the ways in which these civilizations influenced each other. Distribution Requirement: NWP. Offered Term I annually.

HIS 1601 Asian History II 3 credits
An introduction to Modern Asia, focusing particularly on the interaction between Asian and Western civilizations, the rise of nation-states, and the problems of modernization in Korea, China, and Japan. Distribution Requirement: NWP. Offered Term II annually.

HIS 1700 World History 3 credits
This course explores the human story not predominantly as a collection of separate stories but as a long process of appropriation and exchange of practices, ideas, material, and people across space and time. The course will focus on case studies in global exchange from Buddhism to the AK47. Distribution Requirement: GLP. Offered Terms I and II.

HIS ANT 1710 Origins of Ancient Civilizations 3 credits
Will trace the emergence of early states and ancient empires around the globe. The cultural achievements linked to state development are traced through a survey of evidence from both the archaeological and historical records. Students will be introduced to anthropological theories that seek to model and explain the appearance of state-level societies and empires. Distribution Requirement: GLP.

HIS ART-PHR 2017H Why Does Art Matter? 3 credits
Defining art broadly to include literature, the visual arts, and theater, this course explores one of the “enduring questions” in the history of Western thought and culture—why does art matter? Focus is on the historical debate about the value and meaning of the arts; the place of art
in a democracy; the role of the arts in the twenty-first century. Prerequisite: Enrollment in the Honors Program or permission of the instructor. Distribution Requirement: WEP. Offered Terms I and II.

HIS 2100  Ancient Near East  3 credits
An overview of the principal political and cultural achievements of the peoples of Mesopotamia, Egypt, Anatolia, Persia and their neighbors from the fourth millennium to the fifth century B.C. Distribution Requirement: NWP.

HIS-WMS 2115  Women in Asia Pre-Modern  3 credits
The principal goal of this course is to emphasize the value of comparative study for a meaningful understanding of different social and cultural traditions especially as they relate to the roles and status of women in Asia. This course will focus on the pre-modern period, a period that covers from the pre-imperial period of Confucius to the closing days of the dynastic system. Distribution Requirement: NWP. Fulfills WRT-Course Requirement. Offered Terms I and II.

HIS-WMS 2116  Women in Asia Modern  3 credits
The principal goal of this course is to emphasize the value of comparative study for a meaningful understanding of different social and cultural traditions especially as they relate to the roles and status of women in Asia. This course will focus on the modern period, a period that covers from closing days of the dynastic system, through the period of Western imperialism, to the middle of the twentieth century. Distribution Requirement: NWP. Fulfills WRT-Course Requirement. Offered Terms I and II.

HIS 2400  History of Colonial and Revolutionary America  3 credits
A study of the formative years of American history from the earliest settlements to the adoption of the Constitution, with special emphasis on such topics as Puritanism, the rise of American Nationalism, black-white relations, the American Revolution, and the formation of the national government. Distribution Requirement: WEP. Offered as needed.

HIS 2501  Ancient Greece  3 credits
A comprehensive study of ancient Greek culture, with special emphasis on the political and artistic achievements of the Classical and Hellenistic periods. Distribution Requirement: WEP.

HIS 2502  Ancient Rome  3 credits
An examination of Rome's ancient culture from the Monarchy period to the end of the Roman Empire, emphasizing the political and social trends. Distribution Requirement: WEP.

HIS 2503  History of England to 1688  3 credits
A survey and analysis of the leading events in English history from Stonehenge to the Glorious Revolution. Distribution Requirement: WEP. Offered alternate years.

HIS 2504  History of England Since 1688  3 credits
A survey and analysis of the leading events in English history from the Glorious Revolution to contemporary times. Distribution Requirement: WEP. Offered alternate years.

HIS 2505H  The Golden Age of Athens: Politics, Society, and Culture  3 credits
Periclean Athens, also known as the Golden Age of Athens, describes fifth century B.C. Athens, when the Greek city-state experienced cultural flowering and enlightenment. This course examines the state and society of Athens at its peak, discussing such topics as: Athenian democracy in practice; the role of religion and women, family and marriage in Athenian society; Classical drama; the art and architecture of Periclean Athens and its political significance. Prerequisite: Enrollment in the Honors Program or permission of the instructor. Distribution Requirement: WEP. Offered Term II.
HIS 2506  Modern Russian History  3 credits
A survey and analysis of the leading events in Russian history since Peter the Great, with special attention to the origins and nature of the Soviet Union and post-Soviet Russia. Offered alternate years.

HIS 2602  History of China  3 credits
A study of Chinese civilization from Confucius to the People’s Republic, discussing China’s magnificent traditions, Western colonialism’s impact, and the Chinese response to Colonialism.

HIS 2603  History of Japan  3 credits
A study of the events and traditions that made Japan what she is today, from the refined culture of the Nara and Heian periods through the disciplined and rigorous Tokugawa era, to the miracle that is Japan today. Distribution Requirement: NWP.

HIS 2639H  Globalization in the Pacific Basin  3 credits
Course covers the period from 1500 to 1949 focusing on the impact of a new phase of globalization on the cultures of the Pacific Basin through an examination of firsthand accounts from a range of cultural perspectives. Prerequisite: Enrollment in the Honors Program. Distribution Requirement: GLP Offered Terms I and II.

HIS-ART 2651  Chinese Religion and Visual Culture  3 credits
This course examines the interaction between religious and artistic practices and their impact on the cultural history of China. Distribution Requirement: NWP. Offered Terms I and II.

HIS 2660  History of China to 1600  3 credits
A survey of Chinese history from the pre-historic period through 1600 covering the major social, cultural, political, and economic developments that animate this long period of history. Distribution Requirement: NWP. Offered Terms I and II.

HIS 2670  History of China Since 1600  3 credits
A survey of Chinese history from 1600 to the present covering the major social and political developments that coalesced to produce the striking changes in China over the past two centuries. Distribution Requirement: NWP. Offered Terms I and II.

HIS-AMS-ENG 3000  Race and American Identity  3 credits
A study of the way in which race has influenced the question of American identity; readings include W.E.B. Du Bois, Ralph Ellison, Richard Rodriguez, Amy Tan, Louise Erdrich, and Toni Morrison. Prerequisite: One previous course in History, American Studies or English. Distribution Requirement: WEP.

HIS-AMS 3015  American Environmental History  3 credits
Environmental History is the study of the interaction between human beings and the environments in which they live. In this course we will focus on the environmental history of the United States by exploring episodes of such interactions from early European contact with Native Americans to the present: Indian and colonist relations in New England, the cotton culture of the South, urban pollution and industrialization in the late nineteenth century, the near extinction of the American Bison, wilderness preservation in the twentieth century, environmental politics in the post-World War II era. In studying this material we will ask several questions: how did people living in a particular place at a particular time use and transform their environment? How has the natural environment shaped the cultural and political values and practices of the people living within it? How have groups of people organized themselves to manage or conserve resources? How have differences in race, class, gender and ethnicity influenced people’s interaction with the environment? Fulfills WRT-Course Requirement. Distribution Requirement: WEP.
HIS-AMS-3025  
**Nature and the American Imagination**  
A study of the intellectual and cultural responses to nature from the colonial period to the present, focusing on arts, literature, and philosophy. Distribution Requirement: WEP.

**HIS 3403**  
**The United States as a Global Power, 1945 to the Present**  
A study of selected topics in American diplomatic history including the rise of the United States as a world power and its role in world affairs in modern times Offered as needed. Fulfills WRT-Course Requirement. Distribution Requirement: GLP.

**HIS 3405**  
**The Enlightenment: Revolution in Eighteenth Century Europe and America**  
An exploration of the major intellectual and political aspects of enlightenment thought in eighteenth century Western Europe and North America. Discussion of major thinkers such as Locke, Voltaire, Rousseau, Diderot, Jefferson, Smith, Jefferson, Madison and Wollstonecraft. Fulfills WRT-Course Requirement. Distribution Requirement: WEP.

**HIS 3411**  
**Reforming America, 1815-1860**  
A study of the major reform movements which transformed American culture and politics during the first half of the nineteenth century. Discussion of efforts to eradicate slavery, drunkenness, crime, prostitution, child abuse, illiteracy, and various other ills. The role of evangelical Christianity and women’s activism in shaping reform will merit particular study. Fulfills WRT-Course Requirement. Distribution Requirement: WEP.

**HIS 3412**  
**The Transformation of American Culture, 1870s-1910s**  
A study of the major issues which transformed the cultural and political life of the U.S. during the late nineteenth and early twentieth centuries. Topics include the impact of Darwinism, feminism, consumer capitalism and World War I on American society. Discussion of leading thinkers such as William James, Oliver Wendell Holmes, Thorstein Veblen, Charlotte Perkins Gilman and W.E.B. DuBois. Distribution Requirement: WEP. Fulfills WRT-Course Requirement.

**HIS 3501**  
**Greek Historians**  
An in-depth study of Greek Historians from the fifth and fourth centuries B.C., specifically Herodotus, Thucydides, Xenophon, and Arrian, with emphasis on the historiography of Classical times. Prerequisite: HIS 2501 or HIS 1500. Fulfills WRT-Course Requirement.

**HIS 3502**  
**Historians of Ancient Rome**  
An in-depth study of historians of Ancient Rome from the first century B.C. to the fourth century A.D., focusing on Julius Caesar, Livy, Tacitus, and Ammianus Marcellinus, with emphasis on Roman historiography. Prerequisite: HIS 2502 or HIS 1500. Fulfills WRT-Course Requirement.

**HIS 3510**  
**Renaissance Italy**  
A study of the thought, culture, and art of the Renaissance in Italy, in the context of Italian history from the 1300s to 1550. Fulfills WRT-Course Requirement. Distribution Requirement: WEP. Offered Term I.

**HIS 3515**  
**Tudor England**  
A detailed study of the major developments in sixteenth century England, especially in the fields of politics, society, and culture. Offered as needed. Fulfills WRT-Course Requirement. Distribution Requirement: WEP.

**HIS 3520**  
**The French Revolution and Napoleon**  
An in-depth analysis of the major developments in Europe during the French Revolution and Napoleonic era, and of the competing interpretations of these events. Offered as needed. Fulfills WRT-Course Requirement. Distribution Requirement: WEP.

Internship:
Students must have a minimum of 120 hours in an approved internship related to the major. Junior or Senior status required. This internship may be taken for credit, or have the credit waived. If taken for credit, students must enroll in one of the following internship field codes:

- HMS 4998  Human Service Management  3.0 or 6.0
- HMS 4999  Applied Human Services  3.0 or 6.0

Total credits required to complete major: 36.0-42.0
Human Services (Associate in Science)

Human Services Course Descriptions

HMS 1000 Human Services in Contemporary America 3 credits
An examination of community response to selected social problems, including poverty and public welfare services, emotional problems and counseling, early childhood services, child abuse-neglect and protective services, racism and sexism, crime and correctional services, physical and mental disabilities, rehabilitation and treatment, drug use, and gerontological services. The roles of the individual and societal values in policy formation and implementation are considered.

HMS 1010 Services to Families With Young Children 3 credits
A survey of prevention and intervention services for families with young children (birth to five years of age). The course is organized around four major areas of service: health care services, child care services, parenting education, and early childhood education. Topics include: prenatal prevention programs for at-risk parents, routine child health programs, parenting education programs, and developmentally appropriate curricula and environments in preschool settings.

HMS 1020 Getting Sick, Getting Well: The Illness Experience in Literature and Film 3 credits
A literature and film-based exploration of the many ways in which people in the United States understand and respond to becoming ill and their experience in the US healthcare system. How physicians and other healthcare providers deal with the challenges of treating illness will also be incorporated.

HMS 2010 Chemical Dependency: Treatment and Rehabilitation 3 credits
An examination of the medical, psychological, and sociological aspects of drug abuse, chemical dependency, treatment and rehabilitation at all levels and among all age groups in American society.

HMS 2020 Mental Health Services 3 credits
An examination of the mental health services delivery system in the United States. Topics include the historical development of the mental health system, with special attention to the community mental health movement. A range of mental health interventions will be discussed, from inpatient services to self-help and advocacy. Special areas of mental health practice will also be addressed, such as substance abuse, psychogeriatric services and psychoeducation.
### HMS 2025  
**Death and Dying**  
3 credits  
Examines death, dying, grief, and bereavement. Cultural differences in attitudes toward death and funeral practices as well as services for those who are dying and those coping with grief and loss will be explored. Ethical issues surrounding suicide and euthanasia will also be considered.

### HMS-NSG 2030  
**End-of-Life Issues**  
3 credits  
Examination of end-of-life issues from a multidisciplinary perspective including physical, psychological, social, cultural, and spiritual aspects of dying. Open to non-nursing majors. Distribution Requirement: GLP.

### HMS-SOC 2350  
**Poverty in America**  
3 credits  
Poverty in the United States explored. Focus on structural causes of poverty, as well as cultural and social causes. Theories explaining poverty will be discussed. Experiences and outcomes of poverty will be part of class. Poverty alleviation policies and programs will be debated. Prerequisite: SOC 1010 or HMS 1000. Distribution Requirement: WEP.

### HMS-SOC-WMS 2620  
**The Family**  
3 credits  
Looks at relationships, marriage, and child-rearing in terms of changing norms and values. Focuses on the social reproduction function of families and on challenges facing modern families today. Distribution Requirement: WEP.

### HMS-SOC 3000  
**Social Policy**  
3 credits  
An examination of the formation and implementation of social policy and controversial policy issues such as social welfare, universal health care, capital punishment, mandatory sentencing, gay rights, right-to-die, and reproductive rights are examined. Policy-making is considered as both a rational and a political process. The roles of government employees, elected officials, the media, professionals, and the public are considered. Selected U.S. policies are compared with those of other western nations. Prerequisite: SOC 1010 or HMS 1000. Distribution Requirement: WEP.

### HMS-HLS 3001  
**Adult Learning: Educating Clients and Communities**  
3 credits  
Intended for upper division students in which students demonstrate skills in the development, implementation, and evaluation of informational-educational programs for individuals, agency-organizational staff or community groups. This is a senior-level course in which students develop and present educational program for a community group.

### HMS 3005  
**Family Assessment**  
3 credits  
This upper level course focuses on frameworks for understanding normal family processes. The structural, functional, and developmental properties of the family will be discussed, with readings drawing upon the field of family theory and upon research on family stressors and discontinuities (e.g. becoming parents, death, and divorce). Prerequisites: At least three courses in Human Services or Psychology or permission of instructor.

### HMS 3006  
**Observing Child Development**  
3 credits  
A study of the development of preschool children in the areas of physical, social, emotional, language, cognitive, and creative development. Students learn to observe and record this development in a preschool setting and complete a case study of a single child. Prerequisites: HMS 1010 and PSY 2060.

### HMS 3010  
**Management of Human Service Agencies**  
3 credits  
This course examines not-for-profit management and the challenges facing the not-for-profit executives. Key course topics that are relevant to not-for-profit leaders will include board governance, board development, management principles, fiscal management, budget development, ethics, program services, fund raising, marketing and entrepreneurship. Prerequisites: Junior Level Status.
HMS 3025 Services for Children and Youth 3 credits
Defines the needs of school-age children and their families and the ways in which human service agencies respond to these needs. Includes discussions of current social problems facing children and adolescents, such as: decision-making about drug use, sexual behavior, school retention, and youth violence. Prerequisites: PSY 1010 and PSY 2060.

HMS-SOC 3120 Community Organization 3 credits
An examination of the role of community organizing in defining social problems and initiating social change. Methods of community organization including social movements, protests, consciousness raising, legal advocacy, lobbying, self-help, action research, and “whistle blowing” are discussed. Organizing at both the local and the national level are considered. Prerequisite: Upper level human service or sociology majors. Other students with an interest in social movements and community organizing are welcome to enroll.

HMS 3140 Social Group Work 3 credits
An examination of social group work as a method in social work for meeting human needs and interests. An analysis of the dynamics of the group process and the forces that influence group decisions. Prerequisite: HMS-PSY 3300.

HMS 3150 Social Casework 3 credits
A course that provides fundamental casework skills necessary to work with clients as individuals, families or groups. Topics include: rapport and the worker-client relationship, psychosocial assessment and client interviews, problem identification and problem solving, evaluation, and termination of the therapeutic relationship. Working with culturally diverse populations and avoiding burnout will also be addressed.

HMS-PSY 3300 Basic Counseling Techniques 3 credits
This course will assist students to acquire basic skills or techniques used in one-on-one counseling sessions by professional counselors. In addition to practicing interventions in simulated situations, topics of study include the role(s) of the professional helper, ethics in counseling, multicultural issues, and working with special populations. It is especially appropriate for those who intend to enter a helping field. Prerequisite: PSY 1010, junior and senior class status.

HMS 4000 Program Planning and Evaluation 3 credits
An examination of the theory and applied techniques for planning and evaluating human service programs. Topics covered include: planning in human service settings, components of plans, needs assessment, funding, grant writing, and evaluation research design. Each student prepares a proposal for a hypothetical program. In addition to human service majors, students with an interest in management of not-for-profit organizations may benefit from this course. Prerequisite: Senior-level standing or permission of instructor. Fulfills WRT-Course Requirement. Offered Term II.

HMS 4998 Human Service Management 3 or 6 credits
Internship is focused on the applied aspects of human service work, such as case-work, observations, programming, interventions at an individual or group level, direct care, etc. Meets Internship Requirement. Prerequisite: Junior or Senior class standing and Instructor’s Signature required and graded on pass-fail basis.

HMS 4999 Applied Human Services 3 or 6 credits
Internship is focused on management or administration of human service organizations. Prerequisite: Junior or Senior class standing and Instructor’s Signature Required. Also need to complete a contract with the Office of Career Services, before registering for course. Meets Career Related Internship and graded on pass-fail basis.
Human Services and Nursing Workshops Course Descriptions

HMS-NSG 1201 Gerontological Programs 1 credit
An overview of programs for the elderly provided by the community including health and nutrition, housing, recreation, and transportation programs.

HMS-NSG 1202 Child Care Programs 1 credit
An overview of child care programs including both center-based and family day care programs.

HMS-NSG 1203 Community Corrections and Alternatives to Incarceration 1 credit
An overview of community-based corrections and alternatives to incarceration including probation and parole, community service programs, intensive supervision, local release and pretrial release.

HMS-NSG 1204 Counseling Programs 1 credit
An overview of community counseling programs, including discussion of counseling settings and theories of counseling.

HMS-NSG 1205 Program Serving Developmentally Disabled 1 credit
An overview of programs for the developmentally disabled, including institutional and alternative residential programs, educational and employment programs.

HMS-NSG 1206 Substance Abuse Programs 1 credit
An examination of programs serving persons who abuse drugs, including alcohol.

HMS-NSG 1207 Programs for Adolescents 1 credit
An overview of programs for adolescents who are having difficulties with their families, the schools, and the law. Alternatives to family living, such as foster care and group homes, and dispositional alternatives, such as home bound detention, are considered.

HMS-NSG 1208 Developmental Screening Programs 1 credit
An overview of approaches and programs for assessing child development. Skills and techniques for screening children from birth to age six in various areas of their development are explored.

HMS-NSG 1209 Sexuality Education Programs 1 credit
An examination of family planning counseling and sexuality education programs for adults, parents, teens, younger children, developmentally and physically disabled persons, and human service professionals.

HMS-NSG 1210 Hospice Programs 1 credit
An overview of programs addressing the needs of the terminally ill. Topics include the history of the hospice movement, dying, death with dignity, family and mental issues around death and dying.

HMS-NSG 1211 Mental Health Programs 1 credit
An examination of the delivery of programs including both community mental health and institutional programs for those with acute or chronic mental illness.

HMS-NSG 1212 Victim Abuse Programs 1 credit
An examination of programs for those who are victims of abuse including battered women, abused and neglected children, and victims of sexual abuse.
HMS-NSG 1213  Programs for Special Needs Children  1 credit
Programs for abused children, for gifted children, and for bilingual-bicultural preschool children are presented. Issues such as mainstreaming vs. segregated programs, types of curricula, and staff training are discussed.

HMS-NSG 1214  Art Therapy Programs  1 credit
An overview of the field of art therapy in theory and practice, including assessment and treatment of various client populations of diverse settings.

**Individualized Studies (Bachelor of Arts or Bachelor of Science)**

The Baccalaureate degree in Individualized Studies (B.A. or B.S.) is awarded to students who have developed a major designed to meet specific personal and career goals. For the B.A., at least 90 of the required credits for the degree must be in the liberal arts and sciences. For the B.S., at least 60 credits must be in the liberal arts and sciences. For both, the major must consist of no fewer than 36 credits. At least 12 credits must be earned in courses numbered 3000 or above, and at least 18 credits must be selected from one discipline or from closely related disciplines. All Individualized Majors must include a writing intensive (WRT) course.

The student, in close consultation with advisor, will choose the courses comprising the major so as to accomplish the specific objectives and attain one or more specific educational and personal goals. When a proposed major is of an interdisciplinary nature, advisors from more than one area will be required to endorse the major. An outline of the major, with a written rationale explaining its purposes and objectives, shall be submitted for approval to the Provost no later than the registration date for Term II of the junior year. These documents must bear the recommendation of the advisor and be accompanied with a formal request for approval from the division.

**Total credits required to complete Individualized Studies major:** 36.0

**International Studies (Bachelor of Arts or Bachelor of Science)**

Students majoring in International Studies will complete the core requirements and the requirements for one of the three options: (A) European, (B) Asian, (C) General. It is strongly recommended that electives include upper-level foreign language study, and that students plan to participate in an educational experience off-campus. Those choosing European Studies or Asian Studies may participate in the Junior Year Abroad program or other study abroad opportunities. In making arrangements for such experiences, students should consult closely with their advisor in order to ensure that requirements for the major will be met.

**Core Requirements:**

Electives: These must be selected from a list of related electives. 12.0
At least 9 credits must be in courses at the 3000 level or higher. The list of approved related electives is maintained in the Office of the Registrar and is available upon request. Students may also acquire the list of approved electives from faculty teaching in the disciplines related to International Studies.

Total credits required to complete Option A: 45.0

Option B: Asian Studies, Required Courses:

Two years of language courses in one Asian language, such as:

CHI 1010-1020 First-Year Chinese I-II
CHI 2010-2020 Second-Year Chinese I-II

or 12.0
JPN 1010-1020 First-Year Japanese I-II
JPN 2010-2020 Second-Year Japanese I-II

HIS 1601 Asian History II 3.0
PSC 2040 Comparative Politics - Asian 3.0

Either:
PHR 2130 Hinduism and Buddhism 3.0
or
PHR 2140 Chinese and Islam

Either:
PSC 3030 The United States in the World Arena 3.0
or
HIS 3403 The U.S. as a Global Power, 1945 to the Present (WRT course)

Total credits required to complete Option B core requirements: 24.0

Electives: These must be selected from a list of related electives. 12.0
At least 9 credits must be in courses at the 3000 level or higher. The list of approved related electives is maintained in the Office of the Registrar and is available upon request. Students may also acquire the list of approved electives from faculty teaching in the disciplines related to International Studies.

Total credits required to complete Option B: 45.0

Option C: General, Required Courses:

Either:
PSC 2030 Comparative Politics - European 3.0
or
PSC 2040 Comparative Politics - Asian
Either:
HIS 1501    European History II
or
HIS 1601    Asian History II

Either:
PSC 2910, 2911, 2912, 2913-3900 or PSC 3050  
Model U.N. Security Council
or  
International Law and World Politics

Either:
PSC 3030    The United States in the World Arena
or
HIS 3403    The US as a Global Power, 1945 to the Present (WRT course)

Either:
PSC 3070    Developmental Politics (WRT course)
or
ECO 2010    Principles of Microeconomics
and
ECO 3140    Development Economics (WRT course)

Total credits required to complete Option C core requirements: 15.0-21.0

Language:
Students must either take the First-Year courses (I and II) in a foreign language, or demonstrate equivalent proficiency in an examination administered by the Foreign Language faculty.

Electives:
These must be selected from a list of related electives. 18.0
At least 6 credits must be in courses at the 3000 level or higher. The list of approved related electives is maintained in the Office of the Registrar and is available upon request. Students may also acquire the list of approved electives from faculty teaching in the disciplines related to International Studies.

Total credits required to complete Option C: 42.0-48.0

Language and Literature Course Descriptions

LAL 1010    Classical Mythology     3 credits
A study of the chief myths of ancient Greece and Rome, including tales of creation, transformation, and heroic exploits. Attention is given to parallel myths from other cultures to the influence of classical myths upon history, religion, and the fine arts. Distribution Requirement: WEP.

LAL 1020    Classical Literature     3 credits
The principal authors of ancient Greece and Rome in English translation. Knowledge of Greek or Latin is not required. Distribution Requirement: WEP.
LAL-ENG 1104  Ancient, Classical and Biblical  3 credits
The course provides students with a measure of familiarity with landmarks of literature from the ancient Middle East, Greece, Rome, Celtic Europe, and Israel. Distribution Requirement: WEP.

LAL 3220  Introduction to Linguistics (English)  3 credits
An introduction to structural and generative theories of grammar.

LAL-SPA-FRE 3295  Magical Realism in Short Fiction  3 credits
A study of a major international current in twentieth century fiction. Focuses on a lesser-known, but highly influential sub-genre, as well as its manifestations in the visual arts. Prerequisite: SPA 2040.

LAL-PHR-  History of Literary Criticism and Theory
ENG 3319  3 credits
An introduction to the history of literary theory and criticism, beginning with the classical approaches of Plato and Aristotle and an introduction to modern literary theory, covering influential approaches to reading and thinking about literature. Prerequisite: Any of ENG 2020, ENG 2021, ENG 2022, ENG 2042, ENG 2043 or ENG 2044. Distribution Requirement: WEP.

LAL 4999  Internship in Classical Studies  3 or 6 credits
Internship focused in any area related to Classical Studies. Prerequisite: Completed Sophomore coursework in the Classical Studies major, Junior or Senior Standing, and Instructor’s Signature Required. Also need to complete a contract with the Office of Career Services, before registering for course. Meets Career Related Internship and graded on S-D-F basis.

Latin
See page 131.

Learning Resource Studies Course Descriptions

LRS 1010  EC Experience  1.5 credits
Facilitates intellectual and social integration of students into the academic community. Provides specific methods and strategies which students may adopt to promote personal growth and success both in the college environment and throughout life. Offered Terms I, II, and III.

LRS 1050  Success Strategies Seminar  3 credits
Facilitates intellectual and social integration of students into the academic community. Provides specific methods and strategies which students may adopt to promote personal growth and success both in the college environment and throughout life. Offered Terms I and II.

LRS 1400  Career Exploration  1.5 credits
Facilitates decision-making process as it relates to major choice. Provides self-assessment and reflection opportunities to identify appropriate academic program paths based on needs, values, interests, and abilities. Offered Terms I and II.

LRS 1450  Job Search Strategies  1.5 credits
A comprehensive job-graduate school search strategies course involving skills assessment, resume and cover letter development, networking, interviewing techniques, applications, and the use of Internet resources for research and the job-school search process.

LRS 1800  Writing Center Tutoring  1 credit
Trains students to become effective peer tutors in the Writing Center. Required of all first-time Writing Center tutors. Graded on pass-fail basis. Prerequisites: WRT 1020, and instructor permission. Student must have been hired as a Writing Center tutor.

### Legal Studies Course Descriptions

**LAW 1010 Survey of American Law**

This course provides a survey of American law, introducing students to Constitutional Law, Criminal Law, Torts, Property Law, Contracts and Business Law, Family Law, Civil Procedure, Evidence, Criminal Procedure, and Administrative Law and Procedure.

**LAW 1050 Legal Reasoning and Argumentation**

Designed to introduce students to the use of legal reasoning and argumentation in the context of civil or criminal mock trial advocacy. Course fee associated with course for licensing.
Legal Research and Writing 3 credits
Students will learn that legal research and writing are processes, with discrete steps, articular strategy choices, and discernible standards of excellence. To this end the students will learn how to understand and interpret legal authority structures, identify legal issues, assess sources’ credibility and accuracy, and formulate a line of legal reasoning using those sources. Emphasis will be placed on legal research and the key role it plays in legal problem solving, as well as on effective writing. Distribution Requirement: WRT. Offered Term II.

Evidence 3 credits
A critical examination of the law and practice relating to evidence in civil and criminal proceedings in the United States. Will seek to develop students’ knowledge of evidence law and the ability to understand how it operates in practice. Offered Term II.

Management
See page 72 and 74-75.

MAT 3050 Linear Algebra 4.0

Electives: Two mathematics courses at the 2000 level or above
6.0-8.0
Total credits required to complete minor: 26.0-28.0

Placement recommendations for 1000 and 2000 level mathematics courses will be made on the basis of diagnostic tests such as the mathematics skills inventory given during orientations. Tutorial assistance for many mathematics courses is available in the Math Lab and the Student Tutorial Center.

Mathematics Course Descriptions

MAT 1000-1001 Essential Mathematical Skills I-II 1 credit each term; total 2 credits

A modified tutorial program intended to improve the basic quantitative skills of freshmen and other students. The subject matter includes pre-algebra and elementary algebra. The mathematics skills inventory administered during orientations for new students provides one basis for this recommendation. Offered every Terms I and II.
MAT 1030 College Algebra 3 credits
Development of facility in computational and problem-solving procedures by examining the fundamental operations of the real number system. Topics include a review of basic operations with real numbers, rules of exponents and scientific notation, combining and factoring polynomials, solving linear and quadratic equations, solving systems of linear equations, inequalities, and absolute values and exponential and logarithmic functions. Prerequisites: MAT 1000 or an adequate score on the departmental placement test. Distribution Requirement: MAT. Offered every Terms I and II.

MAT 1070 Finite Mathematics 3 credits
Designed to meet the mathematical quantitative reasoning requirement for students without a strong mathematical background. This course will expose students to a variety of mathematical ideas with an emphasis on real-world applications. As "Finite Mathematics" is a collective term for mathematics outside of the traditional calculus sequence, a wide variety of topics may be included including logic, set theory, bases other than ten, counting techniques and probability, but different topics may be chosen at the discretion of the instructor. Prerequisites: MAT 1030 or successful completion of the Mathematics Competency Requirement.

MAT 1091 Pre-Calculus I 4 credits
The first course in a two term sequence designed to prepare students for the study of calculus. Topics will include analytic geometry, polynomial and rational functions, exponential and logarithmic functions, graphing and problem solving. Course includes a computer lab. Fulfills Math Competency. Prerequisites: MAT 1030 or an adequate score on the departmental placement test. Must be taken with a MAT 1091L lab. Distribution Requirement: MAT. Offered every Term I.

MAT 1091L Pre-Calculus I Lab 0 credits
Is the first course in a two term sequence is designed to prepare students for Calculus courses. Topics include analytic geometry, polynomial and rational functions, exponential and logarithmic functions, graphing and problem solving. Course includes computer lab. The computer lab exercises are designed to help students master the material and increase their facility at mathematical calculations and problem solving. Lab assignments will often be done in groups to provide additional support to the students as they work on mastering the material. Prerequisite: College Algebra, MAT 1030, the equivalent or an adequate score on the Math Placement Exam. Fulfills Math Competency. Prerequisites: MAT 1030 or an adequate score on the departmental placement test. Must be taken with a MAT 1091 lecture. Distribution Requirements: MAT. Offered every Term I.

MAT 1092 Pre-Calculus II 4 credits
A continuation of the sequence designed to prepare students for calculus. Topics will include angles and their measures, trigonometric and inverse trigonometric functions, triangle trigonometry and trigonometric identities. Course includes a computer lab. Prerequisites: MAT 1091 or an adequate score on the departmental placement test. Must be taken with a MAT 1092L lab. Offered every Term II.

MAT 1092L Pre-Calculus II Lab 0 credits
Is the second in a two term sequence is designed to prepare students for Calculus courses. Topics will include angles and their measures, trigonometric and inverse trigonometric functions, triangle trigonometry and trigonometric identities. Course includes computer lab. The computer lab exercises are designed to help students master the material and increase their facility at mathematical calculations and problem solving. Lab assignments will often be done in groups to provide additional support to the students as they work on mastering the material. Prerequisites: MAT 1091 or an adequate score on the departmental placement test. Must be taken with a MAT 1092 lecture. Offered every Term II.

MAT 2003 Mathematical History: Ancient to Medieval 3 credits
A survey of the historical development of mathematics from antiquity to the twelfth century. Contributions of mathematics to the sciences and interactions between mathematics and other aspects of human civilization (such as the arts or the social sciences). Considerable mathematical content, including problem-solving using historical and modern methods. Prerequisites: MAT 1092 or an adequate score on the departmental placement test. Offered every Term I.

An overview of number systems and numerical operations, intended to give pre-service elementary teachers a deeper understanding of numbers and an ability to communicate that knowledge. Topics will include sets, historical, and other numeration systems, arithmetic operations, and problem solving. Prerequisite: MAT 1030. Offered Term I.

This course continues the study of Mathematical content which begins with MAT 2005 (Mathematics for Elementary Teachers I: Number Systems). The development of number systems and numerical operations is continued and extended to concepts in Geometry and Measurement. As with the first course in the sequence this is intended to give pre-service elementary school teachers and understanding of numbers and geometric figures. It is also intended to instill an ability to communicate that knowledge. Topics will include sets, and problem solving. Geometry as Shape, Transforming Shapes and Measurement. Prerequisite: MAT 2005. Offered Term II.

A survey of the historical development of mathematics from the twelfth century to the nineteenth century. Contributions of mathematics to the sciences and interactions between mathematics and other aspects of human civilization (such as the arts or the social sciences). Considerable mathematical content, including problem-solving using historical and modern methods. Prerequisites: MAT 1092 or an adequate score on the departmental placement test. Offered every Term II.

The first course in a unified three-term calculus sequence involving functions of one variable. Limits, continuity, and derivatives of algebraic, trigonometric, and exponential functions and their inverses. Applications of differentiation to geometry and to the natural and social sciences. Three hours of computer laboratory per week using mathematical and productivity software. Prerequisites: MAT 2010 or an adequate score on the departmental placement test. Must be taken with a MAT 2010L lab. Offered every Term I.

The first course of a (three-term) sequence in calculus of functions of one variable. Students will understand the basic concepts, apply ideas to solving problems in sciences, and develop the technical facility for the above applications. Topics to be included are: functions and their graphs, limits and continuity, derivatives and applications of differentiation, and anti-differentiation. Prerequisite: MAT 1092 or an adequate score on the departmental placement test. Must be taken with a MAT 2010 lecture. Offered every Term I.

The second course in a unified three-term calculus sequence involving functions of one variable. Antiderivatives and definite integrals of algebraic, trigonometric, and exponential functions and their inverses, and an introduction to differential equations, with applications to geometry and to the natural and social sciences. Three hours of computer laboratory per week using a mathematical programming language and a symbolic algebra system. Prerequisites: MAT 2010 or an adequate score on the departmental placement test. Offered every Term II.

This is the second course in a unified sequence of courses on the calculus of functions of one variable. Topics will include antiderivatives, definite integrals and their applications, the calculus of transcendental functions, techniques of integration and an introduction to numerical integration. Prerequisite: MAT 2010 or an adequate score on the departmental placement test. Must be taken with MAT 2020 lecture. Offered every Term II.

A survey of the principal means of providing and evaluating quantitative data. Topics include descriptive statistics, design and sampling in statistical studies, probability and probability distributions, estimation and hypothesis testing, and correlation and regression. Prerequisites: MAT 1030 or an adequate score on the departmental placement test. Distribution Requirement: MQR. Offered every Terms I and II.
MAT 2100 Discrete Mathematics 4 credits
Discrete mathematics includes a number of topics which do not belong to the traditional calculus sequence, but which are important to future educators and all wishing to deepen their understanding of mathematics. This course is an introductory survey. Topics include sets, number systems, logic, and proof techniques, combinatorics (counting arguments), and introductory graph theory. This course includes laboratory time where students work together to study the theory and practice of these topics. Prerequisites: MAT 1092 or an adequate score on the departmental placement test. Offered every Term I.

MAT 3010 Calculus III 4 credits
The third course in a unified three-term calculus sequence involving functions of one variable. Sequences and series of numbers, power series and Taylor’s theorem. Polar coordinates, vectors in two and three dimensions, and parametric equations. Three hours of computer laboratory per week using a mathematical programming language and a symbolic algebra system. Prerequisites: MAT 2020 or an adequate score on the departmental placement test. Offered every Term I.

MAT 3020 Ordinary Differential Equations 4 credits
Methodology and theory for solving linear and non-linear ordinary differential equations using analytic, numerical and graphical techniques. Various applications to real world problems discussed. Includes computer lab using specialized software designed to solve and analyze differential equations. Prerequisite: MAT 3010. Offered alternate Term II beginning 2018-2019.

MAT 3030 Vector Calculus 4 credits
An introduction to the calculus of functions of several variables and vector analysis—the mathematical framework for modern physics. Topics include an introduction to the geometry of Euclidean space, vector valued functions (divergence, gradient and curl), line and surface integrals, Green’s Theorem, Stokes’ Theorem, and applications to physics. Prerequisite: MAT 3010. Offered alternate Term II beginning 2017-2018.

MAT 3045 Introduction to Probability 3 credits
A calculus-based introduction to probability theory, including axiomatic probability theory, random variables and functions of random variables, conditional probability, moments and moment-generating functions, and the Central Limit Theorem. Prerequisites: MAT 2100 and MAT 3030. Offered alternate Term I beginning 2018-2019.

MAT 3046 Introduction to Mathematical Statistics 3 credits
An introduction to statistics based upon calculus and probability theory. Topics will include the theories and practices of: estimation, hypothesis testing (including likelihood ratio tests), estimation and prediction with linear models, the analysis of variance, the analysis of categorical data (time permitting), nonparametric statistics, and Bayesian methods. Prerequisite: MAT 3045. Offered Term II in alternate years, beginning 2016-2017.

MAT 3050 Linear Algebra 4 credits
A transition from computational mathematics to more theoretical mathematics, but also some powerful mathematical tools that can be applied in the natural and social sciences. Specific topics include matrix algebra and linear transformations, determinants, systems of linear equations, finite-dimensional vector spaces, eigenvalues and eigenvectors, and the geometry of Euclidean spaces. This course includes lab component. Prerequisites: MAT 2100 and MAT 2020. Offered every Term II.

MAT 3060 Abstract Algebra 4 credits
An introduction to the study of abstract algebraic structures. Algebraic properties of familiar number systems are formalized into axiomatic systems, and abstract theory is then developed on the basis of the axioms alone. Topics include groups, rings, fields, isomorphisms and homomorphisms, and quotient structures. This course includes labs to study the theory of algebraic structures. Prerequisite: MAT 3050. Offered alternate Term I beginning 2018-2019.

MAT 3155 Numerical Methods 3 credits
An introduction to numerical methods of solving problems for which analytic solutions are either too cumbersome or nonexistent. Emphasis will be placed on the mathematical development of algorithms suitable for computer application. Various classes of problems common in the natural sciences and economics will be considered. Prerequisite: MAT 2020. Offered as needed.
MAT-MGT 3200 Operations Analysis and Modeling 3 credits
An introduction to operations research. It includes an examination of the nature of mathematical models and their role in choosing the “best” of several possible courses of action. The primary tool in this course will be linear programming, its derivatives and applications. Other topics include PERT, queueing theory, and inventory analysis. The course also includes an introduction to computer software that is appropriate for solving problems with these techniques. Prerequisite: MAT 2090.

MAT 3210 Actuarial Mathematics I: Financial Mathematics 3 credits
A study of the basic financial mathematics used by actuaries. Topics include: interest, annuities, loans, bonds, rates of return, cash flows, and swaps. This course develops some of the material covered on Exam FM of the Society of Actuaries. Prerequisite: MAT 2020.

MAT 3260 Introduction to Classical and Modern Geometry 3 credits
A systematic and axiomatic study of Euclidean and Non-euclidean geometries. Topics will include Euclid’s geometry and the controversy about the fifth postulate; alternatives such as the taxicab geometry, hyperbolic geometry, and elliptic geometry. Prerequisite: MAT 2100. Offered every Term II.

MAT-ECO 3350 Game Theory 3 credits
Game Theory is the tool used to study the strategic interaction between players in a game. Used first in military strategy during World War II, it currently dominates economic theory and is beginning to be used in other fields such as Political Science, Biology, Law and Anthropology. This course is designed to be a thorough introduction to Game Theory. Emphasis will be put on applications in Economics, Political Science and Biology. Prerequisites: ECO 2010 and ECO 2020.

MAT 3610 Introduction to Real Analysis 3 credits
In this course, students are introduced to the analytical techniques of mathematics that depend upon the topology of the real numbers. The course covers: set theory, including cardinality; the axioms of the real number system and their consequences; the concept of the limit and its applications in calculus, including integration theory; the convergence of sequences and series of functions of a real variable; and an introduction to metric spaces as a generalization of real analysis. Prerequisites: MAT 2100 and MAT 3010. Offered alternate Term I beginning 2017-2018.

MAT 4510 Internship in Mathematics 3 or 6 credits
A supervised experience related to mathematics in the public or private sector. Prerequisite: MAT 2090 and MAT 3050 or permission of the supervising member of the mathematics faculty and Junior or Senior Standing and supervising instructor’s signature required. Also need to complete a contract with the Office of Career Services, before registering for course. Meets Career Related Internship and graded on S-D-F basis.

MAT 4590 Mathematics Seminar 1.5 credits each term; total 3 credits
A capstone experience for senior mathematics students requiring an extension of their mathematical knowledge into more advanced areas of study. Oral and written presentations by students are an integral part of this experience. Fulfills WRT-Course Requirement. Offered Terms I and II.
MAT 4601  Topology  3 credits
An introduction to the study of geometric properties that are independent of the concepts of shape and size. Topics include set theory, metric spaces, continuity of functions in general topological spaces, compactness, connectedness, and separation properties, with applications to Euclidean space. Prerequisites: MAT 2100 and MAT 3010. Offered as needed.

MAT 4605  Theory of Numbers  3 credits
An investigation of the properties of integers. Topics include divisibility, unique prime factorization, the Euclidean algorithm, linear congruences and linear Diophantine equations, multiplicative number-theoretical functions, and primitive roots. Prerequisites: MAT 2100 and MAT 2020. Offered as needed.

MAT 4610  Real Analysis  3 credits
An in-depth study of fundamental concepts and theorems of calculus. Topics include fundamental theorems on limits and continuity, differentiation, integration, implicit functions, and convergence. Prerequisite: MAT 3610. Offered as needed.

MAT 4620  Complex Analysis  3 credits
A survey of the theory and selected applications of classical complex analysis. Topics include the arithmetic of complex numbers, analytic function theory, differentiation and integration of complex functions, complex power series, and the theory of residues. Prerequisites: MAT 2100 and MAT 3010. Offered as needed.

MAT 4630  An Introduction to Field Theory and The Classical Problems of Antiquity  3 credits
An overview of the ideas from introductory level field theory that lead to the study of Galois Theory. Topics will be traced historically, beginning with the three classical problems of antiquity, squaring the circle, doubling the cube and trisecting an angle. Discussions will proceed through some extremely important ideas and mathematical results such as the transcendental nature of e and π and investigations of constructible numbers and solving polynomials by radicals. Prerequisite: MAT 3050 or 3060 or permission of the instructor. Offered as needed.

MAT 4650  Applied Combinatorics  3 credits
An investigation of advanced counting techniques that are useful in fields such as computer science, discrete operations research, and probability. Enumerative methods will be developed and their logical structure investigated. Topics may include graph theory, generating functions, recurrence relations, combinatorial modeling, and combinatorial proofs. Prerequisites: MAT 2100 and MAT 2020. Offered as needed.

Military Science and Leadership Course Descriptions

MSL 1101  Foundations of Officership  1 credit
Students examine the US defense structure in terms of organization, mission, personnel, and relationships among and between military forces and branches and departments of the government. The U.S. Army force structure is examined at all levels. The complexities and magnitude of operating the defense organization are studied to provide a framework for subsequent instruction. Students develop skills in conducting oral and written presentations.

MSL 1101L  Foundations of Officership Lab  2 credits
Students examine the US defense structure in terms of organization, mission, personnel, and relationships among and between military forces and branches and departments of the government. The U.S. Army force structure is examined at all levels. The complexities and magnitude of operating the defense organization are studied to provide a framework for subsequent instruction. Students develop skills in conducting oral and written presentations.
### MSL 1102  
**Foundations in Leadership**  
1 credit

Students develop a basic understanding in theories of social-organizational psychology and behavior as they apply to the military setting. Students learn by examining different types of leaders; the sources and exercise of authority; and the impact of varying leadership styles, resource management, motivation, and organizational effectiveness. This course imparts conceptual knowledge of integrity, ethics, and professionalism, and includes discussion of historic military events and strategies.

### MSL 1102L  
**Foundations in Leadership Lab**  
2 credits

Students develop a basic understanding in theories of social/organizational psychology and behavior as they apply to the military setting. Students learn by examining different types of leaders; the sources and exercise of authority; and the impact of varying leadership styles, resource management, motivation, and organizational effectiveness. This course imparts conceptual knowledge of integrity, ethics, and professionalism, and includes discussion of historic military events and strategies.

### MSL 2201  
**Individual Leadership Studies-Teamwork**  
1 credit

Students explore the dimensions of creative and innovative tactical leadership strategies and styles by examining team dynamics and historical leadership theories. The focus of this course is on the continued development of each teach member's individual leadership skills while developing the leadership skills required in leading a squad-sized element.

### MSL 2201L  
**Individual Leadership Studies-Teamwork Lab**  
2 credits

Students explore the dimensions of creative and innovative tactical leadership strategies and styles by examining team dynamics and historical leadership theories. The focus of this course is on the continued development of each teach member's individual leadership skills while developing the leadership skills required in leading a squad-sized element.

### MSL 2202  
**Small Organizational Operation**  
1 credit

Students are introduced to the fundamentals of Army leadership and management techniques. Focus is placed on mission, organization, and composition of small unit teams; principles of offensive and defensive operations while utilizing firepower, movement techniques, and operational communications; and introduction to troop leading procedures.

### MSL 2202L  
**Small Organizational Operation Lab**  
2 credits

Students are introduced to the fundamentals of Army leadership and management techniques. Focus is placed on mission, organization, and composition of small unit teams; principles of offensive and defensive operations while utilizing firepower, movement techniques, and operational communications; and introduction to troop leading procedures.

### MSL 3301  
**Leadership and Problem Solving**  
2 credits

Students are given a detailed introduction to the Leadership Development Program (LDP). The LDP guides the student through the application of leadership principles and teamwork while managing a military organization. Students will use the Army's small unit decision making model (Troop Leading Procedures) to develop solutions to complex situations, and communicate their solutions using the 5-Paragraph Operation Order format. This course also provides continued improvement upon basic military skills, rifle marksmanship, land navigation, drill and ceremony.

### MSL 3301L  
**Leadership and Problem Solving Lab**  
2 credits

Students are given a detailed introduction to the Leadership Development Program (LDP). The LDP guides the student through the application of leadership principles and teamwork while managing a military organization. Students will use the Army's small unit decision making model (Troop Leading Procedures) to develop solutions to complex situations, and communicate their solutions using the 5-Paragraph Operation Order format. This course also provides continued improvement upon basic military skills, rifle marksmanship, land navigation, and drill and ceremony.
**MSL 3302  Leadership and Ethics**  2 credits
Students analyze the nature of decision-making and how to tactically employ a military team. With the use of interactive discussions and extensive practical exercises, the students will comprehend the factors that influence a leader’s decision; master the processes of planning, coordinating, and directing the operations of military units; and demonstrate these abilities as they create and execute Operation Plans and Operation Orders.

**MSL 3302L  Leadership and Ethics Lab**  2 credits
Students analyze the nature of decision-making and how to tactically employ a military team. With the use of interactive discussions and extensive practical exercises, the students will comprehend the factors that influence a leader’s decision; master the processes of planning, coordinating, and directing the operations of military units; and demonstrate these abilities as they create and execute Operation Plans and Operation Orders.

**MSL 4401  Leadership and Management**  2 credits
Through dynamic instruction, the student will master the requirements of all small-unit leaders; communication skills; Army operations; logistical support to the Army in the field; and the Army training system. Additionally, planned seminars and detailed case study will impart knowledge of the law of war, ethics, leadership fundamentals, and professionalism.

**MSL 4401L  Leadership and Management Lab**  2 credits
Through dynamic instruction, the student will master the requirements of all small-unit leaders; communication skills; Army operations; logistical support to the Army in the field; and the Army training system. Additionally, planned seminars and detailed case study will impart knowledge of the law of war, ethics, leadership fundamentals, and professionalism.

**MSL 4402  Officership**  2 credits
This is a continuation of MSL 4401. Conferences and seminars examine the techniques of effective military leadership. Special attention is given to professionalism and ethical considerations of the Armed Forces during times of peace and times of conflict. Skills that have been developed throughout the four-year US Army ROTC curriculum are honed and a final emphasis is placed on mastering Army operations and basic Army doctrine. This is a capstone course designed to prepare the Cadet for commissioning as a Second Lieutenant in the US Army.

**MSL 4402L  Officership Lab**  2 credits
This is a continuation of MSL 4401L. Conferences and seminars examine the techniques of effective military leadership. Special attention is given to professionalism and ethical considerations of the Armed Forces during times of peace and times of conflict. Skills that have been developed throughout the four-year US Army ROTC curriculum are honed and a final emphasis is placed on mastering Army operations and basic Army doctrine. This is a capstone course designed to prepare the Cadet for commissioning as a Second Lieutenant in the US Army.

**Music (Bachelor of Arts)**

The music major requires completion of the major core requirements and additional credits in an area of specialization. All music majors must audition for the music faculty on their major instrument before enrolling in advanced private lessons. The Elmira College Music Department reserves the right to limit the number of auditions a student is allowed to attempt.

**Core Requirements:**

MUS 3021  Advanced Private Piano*  4.5

Ensemble Electives**  6.0

Total credits required to complete Performance Specialization:  18.0-22.5

*All applied courses are 1.5 credits each. For the major or minor instruments, they must be repeated in the same instrument (four times for 6 credits, twice for 3 credits). Performance majors may only choose voice or piano as their major instrument.

**All ensemble courses are 1.5 credits each. They may be taken in combination or repeated for credit. Ensemble electives will be selected from:
MUS 1015  Instrumental Ensemble
MUS 1017  Chamber Singers

Total credits required to complete major with Specialization in Performance: 41.0-45.5

Music (Minor)  credits

Three credits from (any combination):  3.0
MUS 1011  Class Piano Lessons I
MUS 1025  Class Piano Lessons II
MUS 1021  Private Piano*
MUS 3021  Advanced Private Piano*

MUS 1110  Music Theory I  3.0
MUS 1120  Music Theory II  3.0
MUS 2010  History and Literature: Ancient to Classical  3.0
MUS 2020  History and Literature: Classical to Modern  3.0

Private Lessons (major instrument)*  3.0

Electives:  Ensemble Electives**  3.0
Electives:  Additional electives chosen from music, at least 3 credits at the 3000 level or above  6.0

Total credits required to complete minor:  27.0

Note: For descriptions concerning * and **, please see the key listed above.

Music Course Descriptions

MUS 1001  Private Cello  1.5 credits
For beginning to intermediate students in cello. May be repeated for credit.

MUS 1002  Private Flute  1.5 credits
For beginning to intermediate students in flute. Limited enrollment. May be repeated for credit.

MUS 1003  Private Guitar  1.5 credits
For beginning to intermediate students in guitar. May be repeated for credit.
MUS 1009  Private Violin  1.5 credits
For beginning to intermediate students in violin. May be repeated for credit.

MUS 1011  Class Piano Lessons I  1.5 credits
Only for beginning students with little or no previous background in piano. Basics of note-reading and keyboard technique are stressed. Enrollment is limited to four students per section. Meets once a week on a regularly scheduled basis.

MUS 1015  Instrumental Ensemble  1.5 credits
Small ensembles, made up of the various instrumentalists available, provide an opportunity for performances and research into earlier periods of music. This course may be repeated for credit. Audition and instructor approval necessary.

MUS 1016  Private Saxophone  1.5 credits
For beginning to intermediate students in saxophone. May be repeated for credit.

MUS 1017  Chamber Singers  1.5 credits
To provide individuals who are capable the experience of singing in a choral ensemble, and to sing the great wealth of music literature designed to be sung by such an ensemble. To provide to the College community another opportunity for musical growth and experience, and to perform for others in concert those pieces of literature rehearsed. Prerequisite: Prior Ensemble singing experience.

MUS 1018  Private Clarinet  1.5 credits
For beginning to intermediate students in clarinet. May be repeated for credit.

MUS 1020  Private Voice  1.5 credits
For beginning to intermediate students in voice. Enrollment limited to twelve students per section. May be repeated for credit.

MUS 1019  EC Jazz Band  1.5 credits
An ensemble with standard jazz band instrumentation intended to perform on campus and within the Elmira community. Prerequisite: Previous instrumental solo and ensemble or band experience. Offered Terms I and II.

MUS 1021  Private Piano  1.5 credits
For early to advanced students in piano. Enrollment limited to twelve students per section. May be repeated for credit.

MUS 1025  Class Piano Lessons II  1.5 credits
A continuation of MUS 1011, but students with sufficient background (i.e. those who can already read piano music) may enroll with permission of instructor. Basic technical exercises and elementary piano literature will be studied. Enrollment is limited to six students per section. Meets once a week on a regularly scheduled basis.

MUS 1050  American Popular Music  3 credits
An introduction to popular music in the United States, including brief surveys of American popular song, musical theater, jazz styles, country music and Rock. Distribution Requirement: WEP.

MUS 1101  Music Appreciation  3 credits
The objective is to form an appreciation and understanding of the great musical forms and their composers from c. 850 c.e. to the present. Distribution Requirement: WEP.

MUS 3005  Twentieth Century Music  3 credits
A study of the various techniques and materials of composition from about 1880 to present through analysis of representative music. Prerequisite: MUS 1120. Offered alternate years.

MUS 3016  Advanced Private Clarinet-Saxophone  1.0-1.5 credits
Only for advanced students in clarinet or saxophone. Limited enrollment. May be repeated for credit.

MUS 3020  Advanced Private Voice  1.0-1.5 credits
Only for advanced students in voice. Limited enrollment. May be repeated for credit.

MUS 3021  Advanced Private Piano  1.0-1.5 credits
Only for advanced students in piano. Limited enrollment. May be repeated for credit.

MUS 3115  Form and Analysis  3 credits
A study of the formal structures of composition through analysis of representative music before 1900. Prerequisite: MUS 1120. Offered alternate years.

MUS 3150  Seminar in Music History-Theory  3 credits
A course in historical score recognition, figured bass reading, and research methods. Prerequisite: MUS 3115. Offered as needed.

MUS 4999  Internship in Music  3 or 6 credits
Internship focused in any area of Music. Prerequisite: Completed 24 hours of coursework in the Music major and Instructor's Signature Required. Also need to complete a contract with the Office of Career Services, before registering for course. Meets Career Related Internship and graded on pass-fail basis.

Natural Sciences

NSC 2000H  Problem Solving With Microprocessors`  3 credits
An introduction to the Arduino prototyping platform and C++ programming. Topics will include developing prototypes with sensors and modules, programming the sensors in C++ (including compiling and debugging code), and using 3D printing to create users-specific cases and housings. Prerequisite: Enrollment in the Honor's Program or Permission of the Instructor.

Nursing (Bachelor of Science)

The major in Nursing provides learning opportunities that assist the student in developing professional competencies. Concepts from natural and behavioral sciences, liberal arts, and nursing science are integrated throughout the curriculum.

The program:
1. Offers a major in nursing grounded in a liberal arts education.
2. Prepares graduates for professional practice in a variety of health care settings.
3. Provides a foundation for graduate study in nursing.

Upon successful completion of the four-year basic program, the graduate is required to take the National Council of State Boards Examination to be licensed as a Registered Nurse.

The Nurse Education Program is fully accredited by NYSED and by the Accreditation Commission for Education in Nursing Inc., 3343 Peachtree Road, NE, Suite 850, Atlanta, Georgia 30326, phone number 404-975-5000, www.acenursing.org, and is a member of the American Association of Colleges of Nursing and the National League of Nursing.
Courses:
- NSG 2010* Introduction to Professional Nursing 3.0
- NSG 2640 Foundations of Quality and Safety for Nursing Practice 4.0
- NSG 3110 Nursing Care of Adult Clients 6.0
- NSG 3111 Nursing Care of Women’s Health Clients 3.0
- NSG 3112 Nursing Care of Critically Ill Clients 3.0
- NSG 3115 Health Assessment of Clients Across the Life Span 3.0
- NSG 3210 Professional Seminar 3.0
- NSG 3900 Nursing Care of Mental Health Clients 3.0
- NSG 4009 Nursing Care of Family Clients 3.0
- NSG 4011 Nursing Care of Pediatric Clients 3.0
- NSG 4120 Nursing Care of Community Clients (WRT course) 6.0
- NSG 4510 Nursing Career Related Field Experience 6.0

Prerequisite and Co-requisite Courses:
- BIO 1110 Introduction to Microbiology 3.0
- BIO 1110L Introduction to Microbiology Lab 1.0
- BIO 1210 Anatomy and Physiology I 4.0
- BIO 1210L Anatomy and Physiology I Lab 0.0
- BIO 1211 Anatomy and Physiology II 4.0
- BIO 1211L Anatomy and Physiology II Lab 0.0
- BIO 3000 Epidemiology 3.0
- BIO 3310 Human Physiology and Pharmacology 3.0
- CHE 1010 Introductory Chemistry 4.0
- CHE 1010L Introductory Chemistry Lab 0.0
- PHR 1006* Ethics 3.0
  or 3.0
- HLS 2030* Health Care Ethics
- PSY 1010 Introductory Psychology 3.0
- SOC 1010 Introductory Sociology 3.0
- NSG-EDU 2400 Introduction to Research 3.0
- MAT 2090 Statistical Methods 4.0

There is an advanced placement option for Registered Nurses who seek a Bachelor of Science degree with a major in Nursing.

Students who hold a current RN License must take the following nursing courses:
- NSG 3000 Perspectives of Professional Nursing Care (WRT course) 3.0
- NSG 3115 Health Assessment of Clients Across the Life Span 3.0
- NSG 3210 Professional Seminar 3.0
- NSG 4009 Nursing Care of Family Clients 3.0
- NSG 4120 Nursing Care of Community Clients (WRT course) 6.0

Total credits to complete the major: 84.0

*Required of non-licensed students only.
Elective - Recommended:
NSG 4210  Critical Thinking and Clinical Decision  1.0-3.0
Making in Nursing

Transfer students must contact the Director of Nurse Education for proper placement of transfer nursing credit.

To be admitted to the first required nursing course in the major a student must have an overall GPA of 2.7 and “C” (2.0) in each required course for the major and have taken two required science courses for the major. Students must maintain a “C” (2.0) in each required course in the major and maintain a GPA of 2.7 throughout the program.

Students must earn a 2.0 in each required nursing (NSG) course to progress to the next required nursing course. Only one nursing course can be repeated. A student who does not earn a “C” (2.0 or higher) in the repeated course is dismissed from the nursing program. A student who does not earn a “C” in two required nursing courses is dismissed from the program.

Students must meet program requirements including, but not limited to, child abuse and criminal background checks, health status and requirements, and Professional CPR.

Students must provide their own transportation for clinical experiences. Prior to graduation, non-licensed students are required to take a NCLEX review course, which is arranged by the Program. Additional expenses and policies specific to the Nurse Education Program are in the Nurse Education Program Student Handbook. Policies and requirements are subject to change at any time.

Note: An applicant who has been convicted of a crime may not be eligible for clinical placement that is required for the program. Graduates of the program who have been convicted of a crime may not be eligible for licensure as a Registered Professional Nurse. For information, contact the state in which licensure is desired.

Nursing Course Descriptions

NSG 1000  Perspectives on the American Health Care System  3 credits
An overview of factors affecting health in contemporary American society. Students examine the health care system from the perspective of the consumer as well as from the perspectives of various health care providers. Open to non-nursing majors. Distribution Requirement: WEP.

NSG 1010  Position Yourself for Success in Nursing  1 credit
This course is designed to give beginning nursing majors the tools to be successful in the Nurse Education curriculum. Offered Terms I and II.

NSG 1600  Complementary Health Therapies  3 credits
A study of the nature and philosophies that underlie Non Western Complementary Health Therapies. Modalities such as guided imagery, reflexology and therapeutic touch are discussed. Open to non-nursing majors. Distribution Requirement: NWP.

NSG 1070  Healing Hands  3 credits
This course is designed for students entering the field of health care. The major emphasis will be on learning techniques, developing skills to practice selected complementary therapies. Prerequisite: None. Distribution Requirement: NWP.

NSG 2010  Introduction to Professional Nursing  3 credits
This introductory nursing course centers on theories and concepts relevant to professional nursing practice. Students will focus on self-assessment and the internal and external factors which influence the role of the student nurse and the transition to professional practice. Prerequisites: Sophomore standing in nursing. Distribution Requirement: WEP.

NSG-HMS 2030  End-of-Life Issues  3 credits
Examination of end-of-life issues from a multidisciplinary perspective including physical, psychological, social, cultural and spiritual aspects of dying. Open to non-nursing majors. Distribution Requirement: GLP.

</tbody>
</table>
NSG 4009  Nursing Care of Family Clients  3 credits
A clinical course focusing on the effects of developmental and situational disruption within a family. Prerequisite: NSG 3900. Must be taken concurrently with NSG 4011 for pre-licensure students.

NSG 4011  Nursing Care of Pediatric Clients  3 credits
A clinical course focusing on the effects of developmental and situational disruption of children and adolescents within a family. Prerequisites: NSG 2640.

NSG 4120  Nursing Care of Community Clients  6 credits
A clinical course which studies the community system's adaptive abilities in health promotion, health maintenance, and health restoration. The student will have the opportunity to utilize the nursing process identifying the community as the client, assessing internal and external disruptions of the community. Students are expected to provide own transportation during clinical rotations, some travel is involved. Prerequisite: NSG 4009, 4011, and BIO 3000. Fulfills WRT-Course Requirement.

NSG 4200  Health and Aging  3 credits
Exploration of physiological and psychosocial issues related to aging. Health and illness needs discussed with a focus on the resources needed and available. Nursing role emphasized. Prerequisites: BIO 1210 and BIO 1211.

NSG 4210  Critical Thinking and Clinical Decision Making in Nursing  1 to 3 credits
This course synthesizes concepts from the biological, psychological, social and nursing sciences as a foundation for enhancing the student’s ability to solve complex clinical problems. Meta-cognitive theory and use of meta-cognitive strategies will be stressed as key to critical thinking and clinical decision making. Prerequisite: NSG 4009 and NSG 4011.

NSG 4510  Nursing Career Related Field Experience  6 credits
This capstone experience provides the student the opportunity to explore a career role in nursing. Principles of nursing leadership are incorporated into a synthesis of all previous nursing coursework and experiences. Prerequisites: All other Nurse Education Program requirements.

### Philosophy and Religion Course Descriptions

**PHR 1005 Logic**
Basic formal logic with applications to law, philosophy, and social policy. Distribution Requirements: MQR and WEP.

**PHR 1006 Ethics**
A study of moral theory and its history. Moral issues, including abortion, preferential treatment, sexual morality, privacy, and capital punishment are considered. Distribution Requirement: WEP.

**PHR 1020 Introduction to Religion**
Introduction to the academic and comparative study of religion. Distribution Requirements: WEP. Offered Terms I and II.

**HR 1100 Religion and The Modern World**
Introduction to how religious traditions shape and are shaped by the global dimensions of modernity. Distribution Requirement: GLP. Offered Terms I, II or III, as needed.

**PHR 1200 Religion and Popular Culture**
An introduction to the relationship between religion and popular culture. Distribution Requirement: GLP. Offered Terms I or II.

**PHR 2010 Ancient Philosophy**
Philosophical issues arising in Greek thought during the Fifth and Fourth Centuries. Distribution Requirement: WEP. Offered alternate years.

**PHR-ART- HIS 2017H Why Does Art Matter?**
Defining art broadly to include literature, the visual arts, and theater, this course explores one of the “enduring questions” in the history of Western thought and culture—why does art matter? Focus is on the historical debate about the value and meaning of the arts; the place of art in a democracy; the role of the arts in the twenty-first century. Prerequisite: Enrollment in the Honors Program or permission of the instructor. Distribution Requirement: WEP. Offered Terms I and II.

**PHR 2020 Modern Philosophy**
Philosophical issues arising in Europe, from the sixteenth century through the eighteenth century. Prerequisite: FYS 1010. Distribution Requirement: WEP. Offered alternate years.

**PHR 2025 Reason, Revolt, and the Death of God**
This course examines philosophical issues arising in Europe during the nineteenth century. Distribution Requirement: WEP. Offered alternate years.
PHR 2030  Old Testament  3 credits
The development of the important doctrines of Judaism in the context of their historical development from the Exodus to the Roman occupation and in relation to the cultural influences of Egypt, Mesopotamia, and Canaan.

PHR 2040  New Testament  3 credits

PHR-AMS 2060  Pragmatism and Classical American Philosophy  3 credits
This course provides a survey of nineteenth and twentieth century American philosophical thought. Distribution Requirement: WEP. Offered Terms I and II.

PHR 2085  Social and Political Philosophy  3 credits
Classic sources and contemporary cases treating justice, freedom, rights, equality, and power. Prerequisite: At least one course in philosophy or political science. Offered as needed.

PHR 2130  Hinduism, Buddhism  3 credits
A study of the development of Indian religious thought and the systems of Hindu and Buddhist thought and practice. Distribution Requirement: NWP. Offered as needed.

PHR 2140  Chinese Religions and Islam  3 credits
An examination of the origins, development, and influences of Confucianism and Taoism in ancient China and later, and of Islam in the Arabic World. Distribution Requirement: NWP.

PHR-ANT 2150  Ancient Religions  3 credits
An introduction to ancient religious traditions throughout the world. Distribution Requirements: NWP. Offered Term I or II.

PHR-ANT 2160  Indigenous Religions  3 credits
An introduction to numerous indigenous, tribal, and ethnic religious traditions throughout the world and throughout history. Distribution Requirement: NWP. Offered Term I or II.

PHR-ENG 2310  After Empire: Postcolonial Theory And Literature  3 credits
One of the characteristic features of the modern period is the expropriation of wealth from poorer nations by wealthier ones. The course surveys various attempts in literature and theory to make sense of this process. Distribution Requirements: GLP. Offered Terms I and II.

PHR-ENG 2430  Rhetorical Economics  3 credits
An introduction to influential writing by economists from the eighteenth century to the present, including Adam Smith, John Stuart Mill, John Maynard Keynes, and Milton Friedman. Readings represent efforts by economists to persuade the public about the nature and importance of their profession and the conflicting world views within it. Offered Terms I and II.

PHR 3010  Contemporary Philosophy  3 credits
Philosophical issues arising in Europe and the United States in the latter half of the twentieth century and the beginning of the twenty-first century. Prerequisite: One course in philosophy or religion, or permission of instructor. Fulfills WRT-Course Requirement.

PHR 3050  Philosophy of Religion  3 credits
Classic issues in interpreting the meaning of religion: faith and reason, existence of God, philosophical-scientific truth and religious truth, natural and supernatural. Prerequisite: Prior coursework in Philosophy, Religion, English, or Classics.

PHR 3070  Philosophy of the Natural and Social Sciences  3 credits
A consideration of the nature of scientific theories, the possibility of objectivity, the dynamics of scientific change, the moral limitations on scientific inquiry; treatment of classic and historical case studies. Prerequisite: At least one course in philosophy or permission of instructor.

**Physical Education Athletic Coaching**

The below classes meet the New York State Education Department requirements to receive a coaching certificate and coach in the public schools. Once courses are complete, an application process to the state education department must take place. This application process is done through the public schools. The certificate candidate is not qualified to teach physical education. For example, a person with certification as an English Teacher, by completing the requirements for this certification, could coach in the public schools.

Students interested in seeking coaching certification should contact Ms. Rhonda Faunce, Associate Director of Athletics Enrollment and Education, Emerson Hall, (607) 735-1732, rfaunce@elmira.edu. The HEGIS number is 5506.10.
The requirements for this certificate are:
PED 1112  CPR, First Aid, and Professional Rescuer  3.0
PED 2604  Philosophy, Principles and Organization of  
          Athletics in Education  3.0
PED 3110  Prevention and Care of Athletic Injuries  3.0
PED 3115  Theory and Techniques of Coaching  3.0
Total credits required to complete certificate:  12.0

Physical Education Course Descriptions

PED 1002  Badminton Skills  1 credit
To develop the fundamental skills—grips, types service, strokes, net play, offensive and defensive single and double strategies. Terminology, equipment, etiquette and rules of play. Distribution Requirement: PEW.

PED 1007  Introductory Bowling  1 credit
In bowling, the student will learn the correct fundamentals of the three, four, or five-step approach, proper techniques for picking up splits, and the rules of scoring. Fees associated with course. Distribution Requirement: PEW.

PED 1012  Beginning Yoga I  1 credit
This course will explore the way in which Yoga affects the physical, mental, emotional, and spiritual centers of human beings. Students will learn the fundamental way to relax and energize through practicing yoga poses, breathing techniques, and meditation. Distribution Requirement: PEW.

PED 1013  Beginning Yoga II  1 credit
Will introduce additional basic practices of yoga. It will include postures, breathing techniques and other related practices. Participants will learn the fundamental way to relax and energize through mind, body, and breath. This course is intended to be a continuation of Beginning Yoga I. Prerequisite: PED 1012. Distribution Requirement: PEW.

PED 1015  Horsemanship  1 credit
The primary purpose of Horsemanship is to provide students with skills and knowledge in handling of horses, caring for horses, and nutritional needs of horses, riding of horses in the safest possible way. Students will also learn Horse Anatomy, kinds of tack and tack parts. Fees associated with course. Distribution Requirement: PEW. Offered Terms I and II.

PED 1025  Ice Skating Skills  1 credit
Techniques, knowledge and skills—to learn or improve what student already knows. Glides and rotation, balance on all four edges, demonstrate proper stop, turns, spins. Skating backward, forward. Equipment selection, care. Distribution Requirement: PEW.

PED 1030  Pilates  1 credit
Pilates is a total body conditioning exercise. Pilates from both western and eastern cultures will be studied. Distribution Requirement: PEW.

PED 1039  Racquetball Skills  1 credit
Designed to develop an understanding of the basic rules, scoring, and the stroke skills needed to play the game. The course will deal with types of courts, rules basic to playing singles, doubles, and cut throat and the fundamental stroke skills for serving, return serve, forehand, and backhand. Distribution Requirement: PEW. Offered Terms II and III.

PED 1040  Table Tennis  1 credit
To develop skills to play singles and doubles games. Knowledge of rules, etiquette, equipment and terminology. Distribution Requirement: PEW. Offered Term II.
PED 1041 Volleyball Skills 1 credit
Upon completing this course, the student will be able to demonstrate all the basic skills needed to play volleyball in game situations. Distribution Requirement: PEW. Offered Term I.

PED 1044 Physical Conditioning 1 credit
Designed to enable the student to gain insight into the physiological, psychological and aspects of conditioning to study the energy systems, cardiovascular and respiratory conditioning systems, weight training, stretching, and overall conditioning programs. Distribution Requirement: PEW.

PED 1065 Beginning Self-Defense 1 credit
This course is a basic self-defense course that requires no previous self-defense training. It is a basic confrontation management program. The students will learn that proper awareness and avoidance tactics are the best tactics for safety. The student will perform basic blocking, parrying and strikes as well as evasions and escapes. The course will emphasize the three aspects of self-defense: emotional, psychological, and physical. The course will include ways one can increase their awareness, manage confrontations in a positive manner, and give one options in threatening situations. No prerequisites. Distribution Requirement: PEW. Offered Terms I, II and III.

PED 1080 Beginning Taekwondo 1 credit
Beginning taekwondo is an introductory course covering the basic tenets and techniques of taekwondo. Distribution Requirement: PEW.

PED 1112 CPR, First Aid, and Professional Rescuer 3 credits
An introduction to the concepts and skills necessary to administer proper First Aid, Cardiopulmonary Resuscitation, and Basic Life Support. The course is taught using American Red Cross materials as well as additional information provided by the instructor. Fees associated with course.

PED 1070 Karate 1 credit
This course is designed to teach a basic knowledge of the techniques and philosophy of Karate. Distribution Requirement: PEW.

PED 1135 American Red Cross Lifeguard Training 3 credits
The individual will be provided with knowledge and skills in preventive life guarding, emergencies, water rescues, and special situations as prescribed by the American Red Cross Lifeguarding/Lifesaving course. Persons receiving grade of “B” or better will receive a life guarding card from the American Red Cross. Distribution Requirement: PEW.

PED 1140 Open Water Scuba 1.5 credits
The purpose is to provide the student with the knowledge and skills training safely to gain experience in the diving environment. Training takes place in the classroom pool, and the open water environment. Prerequisite: permission of instructor. Distribution Requirement: PEW. Fees associated with course. Offered Terms I and II.

PED 1142 Skin Diving 1 credit
A course designed to provide students with the basic knowledge and skills involved in exploratory and scientific skin diving. Includes the selection and the use of proper equipment, understanding the hazards and safeguards involved in skin diving, mastery of the basic skills involved, and the development of stamina in the water. Distribution Requirement: PEW. Fees associated with course. Offered Term II.

PED 1151 Beginning Tennis 1 credit
Designed to enable the student to acquire a basic knowledge and understanding of tennis and to develop basic tennis skills and techniques. Distribution Requirement: PEW. Offered Terms I and II.

PED 1154 Beginning Golf 1 credit
To develop an understanding of basic skills—swings, putting. Knowledge of equipment, rules of golf, etiquette, scoring, basic handicapping methods, history and current golf personalities. To play a respectable game of golf. Distribution Requirement: PEW. Fees associated with course. Offered Term III.
PED 1162  Physical Education For the Classroom Teacher  1.5 credits
The course introduces prospective teachers to concepts of physical education that can be incorporated into a curriculum that helps school-age students to understand that regular lifelong physical activity is a foundation for a healthy, productive, and fulfilling life. Pre-service teachers will actively participate in physical education activities that demonstrate their understandings of key concepts learned. No prerequisites. Distribution Requirement: PEW. Offered Terms I and II.

PED 2012  Yoga III  2 credits
Yoga III studies a variety of yoga styles as well as the history, philosophy, and science of yoga. Students will practice yoga postures and apply facts and concepts derived from recent studies about fitness and yoga. Prerequisites: PED 1012 and 1013. Offered Terms I and II.

PED 2604  Philosophy, Principles and Organization of Athletics in Education  3 credits
Basic philosophy and principles as integral parts of physical education and general education; state, local and national regulations and policies related to athletics; legal considerations; function and organization of leagues and athletic associates in New York State; personal standards for the responsibilities of the coach as an educational leader; public relations; general safety procedures, general principles of school budgets, records, purchasing, and use of facilities. Offered Term I.

PED 3051  Sports Statistics, Scoring and Records  1.5 credits
This course covers compiling of statistics, the scoring of games, and the essentials of record keeping, as all three relate to intercollegiate varsity sports. Offered Term II. Several overnight trips and course fees associated with course.

PED 3110  Care and Prevention of Athletic Injuries  3 credits
This course is an introduction to the basic concepts of Sports Medicine. Will explore the prevention, evaluation, treatment and rehabilitation of athletic injuries. Will include extensive hands-on experience, guest speakers and field trips to local hospitals and Sports Medicine Clinics. Fees associated with course. Offered Term II.

PED 3115  Theory and Techniques of Coaching  3 credits
This course can include an internship in the specific sport under the supervision of a master coach or director of physical education as a substantial portion of the course hours. However, an introductory classroom phase must be provided to cover the basic concepts common to all sports. This course should include a brief history of interschool sports in New York State, objectives, rules, regulations and policies; teaching methods; performance skills; special training and conditioning of athletics in specific sports; covered fitting of equipment; special safety precautions; and officiating methods. Offered Term II.

PED 3210  Games for Elementary Pupils  1.5 credits
The student will become familiar with a wide range of indoor and outdoor games for the elementary level and be able to organize, teach and supervise these games. Distribution Requirement: PEW. Offered Term II.

Physics Course Descriptions

PHY 1030  The World of Physics  4 credits
This course is meant to acquaint students outside the sciences with some current ideas on the nature of the physical world. Algebra and a bit of trigonometry will be used. Substantial use will be made of demonstrations and visual aids. Typical topics will include motion, energy, matter, sound, light, electricity, magnetism, and modern physics and the universe.

PHY 2100  Physics for the Life Sciences I  3 credits
Is the first course in a two term sequence in algebra-based introductory physics. Topics include classical mechanics, fluid mechanics, wave phenomena, temperature, and heat. Prerequisites: MAT 1092 or an adequate score on the departmental placement test. Co-Requisite: PHY 2150L. Students cannot take both PHY 2100 and PHY 2200 for credit.

PHY 2110  Physics for the Life Sciences II  3 credits
Is the second course in a two term sequence in algebra-based introductory physics. Topics include electromagnetism, electromagnetic waves, optics, special relativity, and modern physics. Prerequisites: PHY 2100 or PHY 2200. Co-Requisite: PHY 2160L. Students cannot take both PHY 2110 and PHY 2210 for credit.
PHY 2150L  Physics Laboratory I  1 credit
Is the first course in a two term sequence of laboratory courses coordinated with physics lecture courses. Activities include experiments to support theories in classical mechanics, fluid mechanics, wave phenomena, temperature, and heat. Co-Requisites: PHY 2100 or PHY 2200. Offered Term I.

PHY 2160L  Physics Laboratory II  1 credit
Is the second course in a two term sequence of laboratory courses coordinated with physics lecture courses. Activities include experiments to support theories in electricity, magnetism, electric circuits, geometric and physics optics, and modern physics. Co-requisites: PHY 2110 or PHY 2210. Offered Term II.

PHY 2200  Principles of Physics I  3 credits
Is the first course in a two term sequence in introductory physics using calculus to describe the basic laws of physics. Calculus will also be used to solve applied problems. Topics include classical mechanics, fluid mechanics, wave phenomena, temperature, and heat. Prerequisite: Instructor's Signature. Co-Requisites: PHY 2150L. Students cannot take both PHY 2100 and PHY 2200 for credit. Offered Term I.

PHY 2210  Principles of Physics II  3 credits
Is the second course in a two term sequence in introductory physics using calculus to describe the basic laws of physics. Calculus will also be used to solve applied problems. Topics include electromagnetism, electromagnetic waves, optics, special relativity, and modern physics. Prerequisites: PHY 2200. Co-Requisite: PHY 2160L. Students cannot take both PHY 2110 and PHY 2210 for credit. Offered Term II.

Total credits required to complete the Core Requirements: 24.0
American Politics Concentration:

Either:
- HIS 1400 United States History I Through 1877  
  or
- HIS 1401 United States History II 1865 to Present  
  3.0

Any five courses from the following:
- CRJ-LAW-PSC 2955 Rights Now! Your Rights as College Student  
  3.0
- CRJ-PSC 3041 Constitutional Law I: Foundations  (WRT course)  
  3.0
- PSC 2020 State and Local Government and Politics  
  3.0
- PSC 2410 Public Policy  
  3.0
- PSC 3013 Political Communication  
  3.0
- PSC 3400 American Political Parties  
  3.0
- PSC 3540 Congress: Legislative Strategy and Behavior  
  (WRT course)  
  3.0
- PSC 3550 The American Presidency (WRT course)  
  3.0

Total credits required to complete the American Politics Concentration: 18.0

Students taking the American Politics Concentration are encouraged to take courses in American History, American Literature, American Studies, Economics, Psychology, Sociology, or Women’s Studies in fulfillment of their General Education requirements.

World Politics Concentration:

One of the following:
- HIS 1500 European History I  
  3.0
- HIS 1501 European History II  
  3.0
- HIS 1600 Asian History I  
  3.0
- HIS 1601 Asian History II  
  3.0

One of the following that was not used to meet the Core Requirements:
- PSC 2030 Comparative Politics - European  
  or  
  3.0
- PSC 2040 Comparative Politics - Asian

Any four courses from the following:
- PSC* Model U.N. Security Council  
  3.0
- PSC 3030 The United States in the World Arena  
  3.0
- PSC 3050 International Law and World Politics  
  3.0
- PSC 3060 International Conflict and Cooperation  
  (WRT course)  
  3.0
- PSC 3070 Developmental Politics (WRT course)  
  3.0
- ECO 3200 International Trade and Finance  
  3.0

Total credits required to complete the World Politics Concentration: 18.0
*With at the most one Model UN course. The Model U.N. Security Council course numbers to choose from are PSC 2910, 2911, 2912, 2913, and 3900.

Students taking the World Politics Concentration are encouraged to take courses in European or Asian History, Anthropology, Languages, Economics, or other related fields in fulfillment of their General Education Requirements.

Nine credits of PSC courses, which two courses must be at the 3000 level or above: 9.0

Total credits required to complete minor: 24.0
Political Science Course Descriptions

PSC-CRJ 1000  Student Conduct and Discipline: Laws, Regulations, and Procedures 1 credit

As noted in Tinker v. Des Moines, "students do not lose their rights at the school house gate." However, a student’s rights differ depending on their age and the type of institution they attend. This course seeks to explore the rights of all students, while focusing on students at a private institution of higher education such as Elmira College.

PSC 1010  Introduction to Politics 3 credits

An introduction to the study of Political Science and the ideas which motivate political action. Topics include elections and political parties, strategies of participation (campaigning, pressure, protest, revolution), philosophies underpinning modern government and contemporary American ideologies (conservatism, liberalism, socialism, etc.). Offered Term I.

PSC 1021  International Relations 3 credits

An introduction to the study of international relations. Learn how “actors” of international politics interact with each other. Learn the dynamics of the politics on the world stage. Distribution Requirement: GLP. Offered annually in Term II.

PSC 1040  American Government and Politics 3 credits

The aim of this course is to give the student a thorough understanding of American political life: the main governmental institutions, the channels for elite and non-elite participation, and the context of social and economic power which shapes political activity. Most significantly, the aim of this course is to give the student an understanding of the structure of political institutions and the relationships between them especially in the context of American culture. Prerequisite: PSC 1010 is recommended. Distribution Requirement: WEP. Offered annually in Term II.

PSC-CRJ 1200  The Judicial Process 3 credits

A general overview of the United States judicial system, including recent innovations, future trends, and the process of criminal adjudication from arrest through appeal and collateral proceedings; comparisons will be made to the process of civil adjudication where appropriate.

PSC 2012  Research Methods in Political Science 3 credits

This course is designed to help you acquire skills to critically evaluate various (i.e. economic, social, and political) aspects of life in a scientific manner. It teaches the students some of the techniques to test the validity of “hypothesis.” By using empirical data, the student will examine one aspect-issue of life that is of interest to her-him. Fulfills WRT-Course Requirement. Offered as needed.

PSC 2020  State and Local Government and Politics 3 credits

A study of the principal political institutions and processes of state, county, and municipal governments. Federal-state and interstate relations are explored and comparisons drawn between New York political institutions and those of other states. Prerequisite: PSC 1040. Generally offered biannually in Term II.

PSC 2030  Comparative Politics – European 3 credits

Designed to introduce students to the study of Comparative Politics by using the examples of five of the political systems in Europe—the United Kingdom, France, Germany, Russia—and the European Union. Comparative Politics seeks to find unique characteristics of different political systems. Achieves this by examining domestic as well as international factors that affect politics in each political system. There are numerous issues different issues that affect the politics of any state. Because of time constraints, however, this course will focus our attention on a few of the most important issues that have affected political life in Europe. In order to provide students with enough analytical tools, a substantial amount of time is spent on examining the political, economic, cultural, and social backgrounds of the political systems. Through comparisons, students are expected to come to grasp with certain patterns of political decision making under different political settings. Distribution Requirement: WEP. Offered biannually in Term I.

PSC 2040  Comparative Politics – Asian 3 credits

Designed to introduce students to the study of Comparative Politics by using the examples of two of the major political systems in Asia—the People’s Republic of China (PRC) and Japan and their relations with the rest of the world. As one of the sub-fields of Political Science, Comparative Politics seeks to find unique characteristics of different political systems. Achieves this by examining domestic as well as international factors that affect politics in each political system. There are numerous different issues that affect politics of any state. Because
of the time constraints, however, this course will focus our attention on a few of the most important issues that have affected the politics of the two countries. In order to provide students with enough analytical tools, a substantial amount of time is spent on examining political, economic, cultural, and social backgrounds of the two political systems. Through comparisons, students will come to understand certain patterns of political decision making under different political settings. Distribution Requirement: NWP. Offered biannually in Term I.

PSC 2110 Political Thought 3 credits
An introduction to the tradition of theorizing about political society. Selected classics of political theory (from Plato to Marx) are read, focusing on their historical significance as well as their lasting intellectual importance. Prerequisite: PSC 1010 or permission of the instructor. Distribution Requirement: WEP. Offered biannually in Term I.

PSC/WMS 2400 Women in U.S. Politics 3 credits
The course examines women in contemporary American politics by first looking to the early foundations of feminist theory and a brief history of the women’s movement. It also examines the differences in behavior between the genders noted in much scholarly work in Political Science. The course concludes with an examination of the role of women in recent American campaigns and asks what the future holds for women in politics. Prerequisite: PSC 1040. Offered as needed.

PSC 2410 Public Policy 3 credits
A study of American politics from the perspective of public policy-making. How and why are public policies adopted, and what are their consequences? Topics include the stages of the policy process, important groups and institutions in policy formation, and the socioeconomic context of policy. Prerequisites: PSC 1040. Distribution Requirement: WEP. Generally offered biannually in Term II.

PSC 3011 Public Administration 3 credits
A study of the organization and management of public agencies at the various levels of government. The emphasis may vary from local to state or national administration and different policy areas may provide a focus. In addition, the basic principles of public administration, important differences in approach, and proposals for reform are treated. Prerequisites: PSC 1040 or permission of the instructor. Fulfills WRT-Course Requirement. Distribution Requirement: WEP. Offered as needed.

PSC 3030 The United States in the World Arena 3 credits
A systematic analysis of the sources of foreign policy, such as idiosyncrasy, organizational-institutional framework of decision making and the impacts of domestic and international economic, political, and social changes. Special attention is given to American response to the changing issues of global politics. Prerequisite: Previous study in American History or International Relations. Distribution Requirement: WEP. Offered as needed.

PSC-CRJ 3041 Constitutional Law I: Foundations 3 credits
An introduction to the legal system as a whole, the functions of courts, lawyers, and other actors in the legal system. Most importantly the course focuses on the judicial branch, particularly the Supreme Court, and its place in the Constitutional order. How has the Court helped to structure the powers of the federal government and its own relationship with the other branches? Also, how has the Court interpreted the Constitution’s grant of authority to the government generally, and each of the branches specifically? Distribution Requirements: WRT and WEP.

PSC-CRJ 3042 Constitutional Law II: Civil Rights and Liberties 3 credits
This course employs a case method approach to analyze Supreme Court decisions relevant to civil liberties and civil rights. The course explores seminal Supreme Court cases to inform contemporary civil rights and civil liberties jurisprudence. The readings will examine values including freedom of speech and of the press, the takings clause, discrimination based on race, gender, and sexual orientation, the right to privacy, reproductive freedom, the right to die, and equal protection. Students will have the opportunity to see how these rights evolved under the Constitution. Distribution Requirement: WEP.

PSC 3050 International Law and World Politics 3 credits
This course is designed to introduce the students to the studies of international law. Among the topics covered are legal processes of international court, issues involved in the creation and enforcement of law, territoriality, states’ responsibilities, extradition, problems of nationality, and human rights. Distribution Requirement: GLP. Offered as needed.
PSC 3060  International Conflict and Cooperation  3 credits
A study of various aspects of international conflict and cooperation. In depth analysis of different models of world order, investigating integration and fragmentation of states, development and maintenance of international regimes, and the influence of international and regional organizations. Prerequisite: PSC 1021. Fulfills WRT-Course Requirement. Distribution Requirement: GLP. Offered as needed.

PSC 3070  Developmental Politics  3 credits
An in-depth study of the politics of developing nations. Special attention is given to the issues of political and economic modernization and development among the lesser developed countries. Further, the significance of such issues for the global community of nations is discussed. Prerequisite: PSC 1021. Fulfills WRT-Course Requirement. Distribution Requirement: GLP. Offered as needed.

PSC-CRJ 3300  International Human Rights Law  3 credits
An examination of international human right through a legal perspective. Focusing on the foundations of human rights in relation to the United Nations, the International Criminal Court, and specific international treaties including the Genocide Convention, Elimination of Discrimination Convention, Rights of the Child. Prerequisite: CRJ 1010 or PSC 1010 or SOC 1010. Distribution Requirement: WEP. Offered Terms I and II.

PSC 3400  American Political Parties  3 credits
A study and analysis of the political party system in the United States. Special emphasis on the electoral role of parties, including political leadership and organization, nominations, campaigns, finance, and party programs. Prerequisite: PSC 1040. Distribution Requirement: WEP. Generally offered bi-annually in Term I.

PSC 3540  Congress: Legislative Strategy and Behavior  3 credits
An analysis of the history, meanings, and significance of the concept of representation and the behavior of individual participants. Particular emphasis on the dynamics, organization, and policy-making processes of the American Congress. Prerequisite: PSC 1040. Fulfills WRT-Course Requirement. Distribution Requirement: WEP. Generally offered bi-annually in Term I.

PSC 3550  The American Presidency  3 credits
A study of the presidency’s history, place in American life, organization, and powers; as well as presidential strategy, the dynamics of presidential elections, and the psychology of successful and unsuccessful presidential candidates and presidents. Prerequisite: PSC 1040. Fulfills WRT-Course Requirement. Distribution Requirement: WEP. Generally offered bi-annually in Term II.

PSC-CRJ 3820  Criminal Law I: Constitutional Criminal Procedure  3 credits
Examines the general principles and theories of criminal procedure, including concepts of due process, arrest, search and seizure, wiretapping, lineups, and other recent developments. Focusing on federal constitutional criminal procedure with some time dedicated to exploring differences in procedure among the states.

PSC-CRJ 3821  Criminal Law II: Substantive Criminal Law  3 credits
A survey of the general principles of criminal law including general assumptions, elements of a crime, defenses. Problems in the operation of criminal law are illustrated by case examples drawn from various states and the federal system.

PSC 4000  Contemporary Political Theory  3 credits
A study of various issues, problems, and approaches of contemporary political theory. The specific context may vary. Possible approaches include languages and conceptual analysis in political theory, empirical theories of politics, Marxism and critical theory, and social science and political theory. Prerequisite: PSC 1040 or PHR 2085. Offered as needed.

PSC 4595  Senior Seminar and Thesis I  1 credit
Provides a capstone experience, allowing students to demonstrate mastery of the overall field of political science through completion of the Major Field Test (MFT) from Educational Testing Services. Also allows the student to demonstrate a mastery of specialized material, critical thinking, and written communication skills through the completion of a senior thesis. Prerequisites: Completion of two PSC. Fulfills WRT-Course Requirement. Offered Term I.
PSC 4596  Senior Seminar and Thesis II  1 credit

Provides a capstone experience, allowing students to demonstrate mastery of the overall field of political science through completion of the Major Field Test (MFT) from Educational Testing Services. Also allows the student to demonstrate a mastery of specialized material, critical thinking, and written communication skills through the completion of a senior thesis. Prerequisite: PSC 4595. Offered Term II.

Electives: Elective courses may include any 3-6 credit course with a PSY field code; however, courses over 3 credits only count as 3 credits toward the major. PSY 2060 (Child and Adolescent Psychology) and PSY 4999 (Internship in Psychology) do not count toward the major. 9.0

Total credits required to complete major: 39.0

Psychology Course Descriptions

PSY 1010  Introductory Psychology  3 credits

An introductory overview of the scientific study of behavior. Numerous topics within the field of psychology are surveyed. Possible topics include biological bases of behavior, perception, language and thinking, learning and memory, development of behavior through the lifespan, personality, social interactions and influences, dysfunctional behavior, emotions, and psychotherapy.

<tr>
<td></td>
<td>An exploration of major accomplishments and continuing challenges in the emerging field of artificial cognitive systems. The course draws on theory and research in related fields such as cognitive psychology and artificial intelligence to establish an understanding of how artificial cognitive systems can be created by modeling human cognition. Prerequisite: Enrollment in the Honors Program or Permission of the Instructor. Offered Terms I and II.</td>
<td></td>
</tr>
<tr>
<td>PSY 2602</td>
<td>Quantitative Methods in Psychology</td>
<td>3</td>
</tr>
<tr>
<td></td>
<td>Statistical procedures are the tools used by psychologists to analyze and interpret experimental findings. This course provides an introduction to the most frequently encountered techniques for describing data and making inferences in psychological research. In addition, it introduces the use of SPSS for Statistical Analysis. Prerequisites: PSY 1010, college algebra or equivalent. This course is intended for Psychology majors only.</td>
<td></td>
</tr>
</tbody>
</table>
PSY 2650 The Psychology of Learning 3 credits
The purpose of the course is to provide students with an overview of learning theory and research. Introductory coverage will include information on the basic philosophical and historical basis of modern learning theory. Respondent, instrumental and operant conditioning literature will be covered extensively. Further study of cognitive models of learning and memory will be included. In addition, problems with current models will be studied.

PSY 2700 Cultural Psychology 3 credits
A survey of the concepts, theoretical perspectives, methodological complexities, and empirical findings relevant to the psychological study of culture. Prerequisites: PSY 1010. Distribution Requirement: WEP. Offered Term I.

PSY 2750 Psychological Statistics 4 credits
Descriptive and inferential statistical analysis and hypothesis testing applied to psychological research data. Includes in-class problem solving, use of handheld calculators, and statistical software. Prerequisites: PSY 1010 and MAT 1030. This course is intended for psychology majors. Distribution Requirement: MQR. Offered Terms I and II.

PSY 2800 Health Psychology 3 credits
This course surveys the newly emerging field of behavior and health. Topics covered include the psychology of health care and research; psychoneuroimmunology; issues of stress, pain and coping; the role of behavior and chronic disease (heart, AIDS, cancer, etc.); and behavioral health (the use of tobacco, drugs, extreme eating control measures, and exercise). Prerequisite: PSY 1010.

PSY 3000 Adult Development and Aging 3 credits
A study of the psychological changes that occur with maturing and aging. Adult development is examined with special emphasis on the physical, emotional, social and cognitive changes that occur from early adulthood through death. Life transitions, problems in contemporary society, and methods of coping are discussed. Prerequisite: PSY 1010. Highly recommended: PSY 2060.

PSY 3010 Social Psychology 3 credits
A review of contemporary thinking and research on the ways in which people affect one another in various social situations. Topics include the formation of social impressions, the development of attitudes and beliefs, interpersonal influence, conformity, stereotyping and prejudice, aggression, helping, interpersonal attraction and love, and group behavior. Prerequisite: Introductory course in one of the social sciences, health sciences, education, or Criminal Justice.

PSY 3080 Experimental Psychology 3 credits
A development of skills necessary to conduct experimental research and to communicate research results in standard form. Students write reports of experimental research carried out in class and of an original research project conducted outside the classroom. Prerequisite: PSY 2602 or MAT 2090. Fulfills WRT-Course Requirement.

PSY 3100 Physiological Psychology 3 credits
A study of the biological, genetic, neurochemical, and evolutionary bases of behavior. This course involves an exploration of the nervous system, specifically examining the ways in which it receives, processes, and integrates information so as to produce coordinated sensory, cognitive, and motor experiences. It further examines the results of damage and diseases of the nervous system. Prerequisites: PSY 1010.

PSY 3140 Abnormal Psychology 3 credits
Using an approach that stresses an integrative, biopsychological-environmental model, this course surveys the major categories of psychiatric disorders-disabilities, including affective disorders (i.e., anxiety, disorders), mood disorders (i.e., major depression, bipolar) schizophrenia-spectrum disorders, personality disorders, sexual-gender disorders, cognitive disorders, developmental disorders, and drug addiction. In addition, it examines the treatment of psychiatric disorders. Particular emphasis is given to what it means to live with a psychiatric illness.

PSY 3210 Child Psychopathology 3 credits
An examination of child psychological disorders, including mood and anxiety disorders, ADHD, learning disabilities, disruptive behavior disorders, mental retardation, and autism spectrum disorders. The course will emphasize recent research on the characteristics and causes of these disorders, as well as how professionals assess, diagnose, and treat children with these disorders. Prerequisites: PSY 1010 and PSY 2060 is recommended. Offered Terms I and II.
PSY 3220  Theories of Human Development  3 credits
This course examines the major theories and theoretical perspectives that have shaped thought and scholarship throughout the history of developmental psychology. Included will be the psychoanalytic tradition, behavioral and social learning models, cognitive-developmental theory, information-processing theories, humanistic conceptions of the self, ecological and ethnological perspectives, perceptual-development theory, theories of moral development, and cultural-psychological perspectives. Prerequisites: PSY 1010. PSY 2060 highly recommended.

PSY-HMS 3300  Basic Counseling Techniques  3 credits
This course will assist students to acquire basic skills or techniques used in one-on-one counseling sessions by professional counselors. In addition to practicing interventions in simulated situations, topics of study include the role(s) of the professional helper, ethics in counseling, multicultural issue, and working with special populations. The course is required for Human Services majors and is an elective for Criminal Justice major. It is especially appropriate for those who intend to enter a helping field. Prerequisite: PSY 1010, Junior and Senior class status.

PSY 3410  Cognitive Psychology  3 credits
A concentration on the study of human information processing. Students learn about research evidence and theories which explain the thought process. Prerequisite: PSY 1010.

PSY 4010  History and Systems of Psychology  3 credits
A study of the historical development of psychological thought and its philosophical antecedents. The major schools and systems are reviewed with emphasis on biographical analysis so that the history of psychology may be seen in the lives, ideas and works of leaders in the field. Prerequisites: Declared major in psychology and multiple courses completed in psychology, or permission of the instructor. Distribution Requirement: WEP.

PSY 4590  Advanced Seminar  3 credits
A detailed study of an advanced topic in psychology pursued in the seminar format. The emphasis is on independent scholarly activity by the student, including seminar leadership. Topics vary, but typically represent a synthesis of differing viewpoints and strategies to accommodate the interests and strengths of individual students and the instructor. This course is designed primarily as a capstone experience for advanced psychology majors. Prerequisite: Senior Standing or instructor’s permission. Fulfills WRT-Course Requirement.

PSY 4999  Internship in Psychology  3 or 6 credits
External internship focused in any subfield of psychology. Prerequisite: Junior or Senior Standing and Instructor’s Signature Required. Also need to complete a contract with the Office of Career Services, before registering for course. Meets Career Related Internship and graded on S-D-F basis.

Social Science Course Descriptions

SSC 2100  Global Environmental Issues  3 credits
This course follows a case-study approach to exploring environmental issues that—like the air we breathe and the water we drink—do not respect national borders. Topics will be drawn from: fisheries depletion; food security; atmospheric ozone depletion and CFC regulation; endangered species protection; deforestation; energy use; water use; climate change. Distribution Requirement: GLP.

SSC 2502  Evaluating Social Science Research  3 credits
Provides students with the ability to evaluate social science research reports appearing in mass media and professional journals, and to integrate different sources of evidence on a topic. Covers the knowledge required for critically examining the competence, importance, and ethics of research. Prerequisite: An introductory course in one of the social sciences, health sciences, education, or Criminal Justice. Fulfills WRT-Course Requirement.

SSC-SOC 1492  Introduction to Geography  3 credits
Geography studies the Earth, its people and environments. It asks “where” and “why” questions about social life, about the physical world, and about the cultural meaning of places and environments. This course asks questions that integrate the physical sciences, social sciences, and humanities. Distribution Requirement: GLP. Offered Term II.
SSC-EDU 2300  Historical and Contemporary Context of  
American Education for Indigenous Peoples  
An exploration of the major historical influences on the contemporary context of 
education for Indigenous peoples in the United States. Distribution Requirement: NWP. 
Note: Approved course fee due to some travel to communities that will be required. Offered Term I.

SSC-EDU 3350  Historical and Contemporary Context of  
American Education for Indigenous Peoples  
An exploration of the major historical influences on the contemporary context of 
education for Indigenous peoples in the United States. Distribution Requirement: NWP. Note: Approved course fee due to some travel to communities that will be required. Offered Term I.

SSC 3590  Junior Seminar in the Social and Behavioral Sciences  
A course to prepare students for graduate or professional work in the social or 
behavioral sciences. Focus on use of primary sources of information to create 
presentations on social scientific research; individual research on social science disciplines and careers. Prerequisite: Junior or Senior major or minor in a social or behavioral science field. Offered Term II.

Social Studies (Bachelor of Arts or Bachelor of Science)  
Pending final approval from the New York State Education Department

Required Courses:

Nine credits in courses in American History:

HIS 1400  United States History I Through 1877  
3.0
HIS 1401  United States History II 1865 to Present  
3.0
One 3000 level American History course*  
3.0

Six credits in courses in European History:

HIS 1500  European History I  
or  
3.0
HIS 1501  European History II

One 3000 level European History course*  
3.0

Six credits in courses in Non-Western History:

HIS 1600  Asian History I  
or  
3.0
HIS 1601  Asian History II

One 3000 level Non-Western History course*  
3.0
*Must take one 3000 level WRT course.

Eighteen credits in courses in Social Sciences:

PSC 1040  American Government and Politics  
3.0
SOC-SSC 1492  Introduction to Geography  
3.0

Total credits required for core requirements: 15.0
Electives: Six credits of electives with an ANT or SOC field code or ARC 1900. At least 3 credits must be 3000-level courses.

Total credits required to complete minor: 21.0

Sociology Course Descriptions

**SOC 1010** Introductory Sociology 3 credits
An introduction to the basic modes of analysis, concepts, and explanations for human behavior and human organization used in the scientific discipline of sociology. Distribution Requirement: WEP. Offered Terms I and II.

**SOC 1021** Media and Society 3 credits
Will consider a variety of social problems and examine the social construction of social problems in print media. Journalistic and sociological perspectives will be compared. Distribution Requirement: WEP.

**SOC-SSC 1492** Introduction to Geography 3 credits
Geography studies the Earth, its people and environments. It asks "where" and "why" questions about social life, about the physical world, and about the cultural meaning of places and environments. This course asks questions that integrate the physical sciences, social sciences, and humanities. Distribution Requirement: GLP. Offered Term II.

**SOC-ANT-WMS 2010** Social Inequality 3 credits
Class will examine the processes by which social inequality is created and maintained in society. Will look at stratification based on gender, race, social class, sexual orientation, age, religion, and ability. Will look at inequality mainly within the context of the United States. Prerequisites: SOC 1010 or ANT 1040. Distribution Requirement: WEP. Offered Term I.

**SOC 2110** Medical Sociology 3 credits
This class will examine the social factors in the cause and distribution of diseases and illnesses. Will focus on the cultural components of how illnesses are understood and treated, and how the state of illness itself is socially constructed. Will look at how patients, doctors, caregivers, and family members understand the roles and social relationships that revolve around the status of sickness. Also look at how lay beliefs contribute to health, illness, treatment, and recovery. Finally, the class will turn to an examination of how different societies organize the delivery of healthcare and the disparities in the distribution of medical resources. Distribution Requirement: WEP. Offered Term II.

**SOC 2020** Social Change 3 credits
Class will examine the causes, courses, and consequences of social and cultural change. Prerequisites: SOC 1010 or ANT 1040. Offered as needed.

**SOC-CRJ 2050** Norms, Deviance, and Social Control 3 credits
Class will examine how social norms are created and enforced. Will also look at who is seen as deviant and why, and how deviance is punished by society. Offered as needed.

**SOC-CRJ 2068** Crime and the Media 3 credits
Course will evaluate representations of crime in the media. Students will examine how the media reports, distorts, and filters crime and justice issues. Analysis of the relationship between crime theory and the media. Prerequisites: CRJ 1010 or SOC 1010.

**SOC 2220** Globalization 3 credits
Course will examine growing international interdependence from both conflict and functionalist theoretical perspectives. Will also examine the processes and result of globalization. Distribution Requirement: GLP.

**SOC 2230** Power, Institutions, and Social Reproduction 3 credits
Course will focus on the process of social reproduction, or how society transmits itself from generation to generation. Will examine role of families, schools, religion, media, and the criminal justice system. Prerequisites: ANT 1040 or SOC 1010. Offered as needed.
SOC-HMS 2350  Poverty in America  3 credits
Poverty in the United States explored. Focus on structural causes of poverty, as well as cultural and social causes. Theories explaining poverty will be discussed. Experiences and outcomes of poverty will be part of class. Poverty alleviation policies and programs will be debated. Prerequisite: SOC 1010 or HMS 1000. Distribution Requirement: WEP.

SOC-HMS-WMS 2620  The Family  3 credits
Looks at relationships, marriage, and child-rearing in terms of changing norms and values. Focuses on the social reproduction function of families and on challenges facing modern families today. Distribution Requirement: WEP.

SOC-HMS 3000  Social Policy  3 credits
An examination of the formation and implementation of social policy and controversial policy issues such as social welfare, universal health care, capital punishment, mandatory sentencing, gay rights, right-to-die, and reproductive rights are examined. Policy-making is considered as both a rational and a political process. The roles of government employees, elected officials, the media, professionals, and the public are considered. Selected U.S. policies are compared with those of other western nations. Prerequisite: SOC 1010 or HMS 1000. Distribution Requirement: WEP.

SOC-PHR 3100  The Frankfurt School  3 credits
This course surveys key writings of members the Frankfurt School including Walter Benjamin, Theodor Adorno, Max Horkheimer, Herbert Marcuse, and Jürgen Habermas. Together, these philosophers sought to provide a philosophical critique of various modern institutions. Offered Terms I and II.

SOC-HMS 3120  Community Organization  3 credits
An examination of the role of community organizing in defining social problems and initiating social change. Methods of community organization including social movements, protests, consciousness raising, legal advocacy, lobbying, self-help, action research, and "whistle blowing" are discussed. Organizing at both the local and the national level are considered. Prerequisite: Upper level human service or sociology majors. Other students with an interest in social movements and community organizing are welcome to enroll. Distribution Requirement: LAS.

SOC-ANT 3150  Social Theory  3 credits
Introduction to the theoretical perspectives of anthropology and sociology from their early development to contemporary and post-modern theory. Prerequisite: ANT 1040 or SOC 1010 and recommended for students with junior or senior status. Distribution Requirement: WEP. Offered Term I.

SOC 3210  Money, Work, and Social Class  3 credits
Course will focus on the nature, social experience, and consequences of social class. Role of money (wealth, income, ownership) will be contrasted with role of work in forming social class difference. Will also examine the process and experiences of labor. Prerequisites: SOC 1010 or ANT 1040. Distribution Requirement: WEP. Offered as needed.

SOC 3220  Race, Identity, and Difference  3 credits
Class will focus on race as a social construction. Role of biology, religion, culture, colonialism, nationalism, and identity will be analyzed. Will also look at opposing theories of race and difference. Prerequisites: SOC 1010 or ANT 1040. Distribution Requirement: WEP. Offered as needed.

SOC-ANT 3250  The Culture of Global Capitalism  3 credits
Will examine the social and cultural arrangements of economic systems, with particular attention to the impact of modern global capitalism. Will explore the ways that diverse peoples have organized their economic systems, from small gathering and hunting societies to ancient chiefdoms to modern capitalist countries. Will approach economics as a set of social relationships and suggest how these relationships
structure family, community and government. Will pay particular attention to how modern global capitalism frames and shapes the ways that most societies function in the contemporary world. Prerequisites: Must have Junior or Senior status, SOC 1010 or ANT 1040. Distribution Requirement: GLP. Offered Term II.

SOC-ANT 3260 Qualitative Methods in Social Science 3 credits
Design and execution of a research project incorporating qualitative ethnographic methods in order to comprehend qualitative social science practice. Prerequisite: ANT-SOC 3150. Fulfills WRT-Course Requirement. Offered Term II.

SOC-WMS 3300 Gender and Society 3 credits
The course will analyze the social construction of gender, looking at gender socialization, gender performance, social reproduction, and the role of social institutions in the maintenance of gender differences. Will also deconstruct basic binary ideas of gender using cross-cultural and historical material. Prerequisite: SOC 1010. Distribution Requirement: NWP. Offered as needed.

SOC-CRJ 3311 Criminology 3 credits
A consideration of the major theories of crime and deviance including functionalist, interactionist and critical theories. The theories are applied to measures of crime in American societies. The methods by which crimes are counted are evaluated. A research topic in criminology is developed during the course and will be presented in a final oral presentation and paper. Prerequisite: CRJ 1010. Fulfills WRT-Course Requirement. Offered Term I.

SOC 4998 Internship in Museum Studies and Public History 3 or 6 credits
Internship focused on Museum Studies and Public History. Prerequisite: Completed Sophomore coursework in the HIS major and Instructor’s Signature Required. Also need to complete a contract with the Office of Career Services, before registering for course. Meets Career Related Internship and graded on pass-fail basis.

SOC 4999 Internship in Sociology 3 or 6 credits
Sociological knowledge is applied in an internship setting. Prerequisite: Past Sophomore year in coursework and Instructor’s Signature Required. Also need to complete a contract with the Office of Career Services, before registering for course. Meets Career Related Internship and graded on S-D-F basis.

Spanish and Hispanic Studies (Bachelor of Arts)

Skills Courses:
- SPA 2030 Spanish Conversation and Grammar 3.0
- SPA 2040 Spanish Composition and Reading (WRT course) 3.0

Survey and Civilization Courses:
- SPA 3025 Survey of Hispanic Literature 3.0

Immersion Courses:
- SPA 3310 Latin American Culture and Civilization 3.0

Internship:
- 3.0

In Spain, Latin America or locally at an organization approved by the Spanish-Hispanic Studies professor.
SPA 4599 Practical Application of Spanish 3.0

Electives in SPA Field Code: 15.0
SPA 3025 Survey of Hispanic Literature 3.0
SPA 3045 Children’s Literature of the Hispanic World 3.0
SPA 3130 Novel and Prose of the Golden Age 3.0
SPA 3190 Twentieth Century Peninsular Literature 3.0
SPA 3270 Hispanic Literature and Film 3.0
SPA-WMS 3155 Contemporary Latina Literature 3.0
SPA 3310 Latin American Culture and Civilization 3.0

(WRT course)
SPA 3600 Women’s Voices in Testimonial Narrative 3.0

Electives in another field code: (ANT, PSC, HIS, ART, PHR) approved by the Spanish Program such as: 3.0
ANT 2170, 2185, 2120
ART 2100, 2101
HIS 1500, 1600
PHR 2020
PSC 2030, 2110

Total credits required to complete major: 39.0

Spanish (Minor)
Twenty-one credits at 1030 and above, minimum of 6 credits at 3000.
Total credits required to complete minor: 21.0

Spanish Course Descriptions

SPA 1010 First Year Spanish I 3 credits
Initiation to comprehension, speaking, reading, and writing skills, with abundant oral and written drills. Students may not take lower level foreign language courses if they have one year or more of study of that language at the secondary or college level without permission of the instructor. Distribution Requirement: WEP. Offered Term I.

SPA 1020 First Year Spanish II 3 credits
Initiation to comprehension, speaking, reading, and writing skills, with abundant oral and written drills. Students may not take lower level foreign language courses if they have one year or more of study of that language at the secondary or college level without permission of the instructor. Prerequisite: SPA 1010. Distribution Requirement: WEP. Offered Term II.

SPA 1030 Second Year Spanish I 3 credits
Continued cultivation of basic skills of understanding, speaking, reading, and writing, accompanied by study of topics in Hispanic civilization. Extensive review and amplification of grammar. Prerequisites: SPA 1020 or equivalent preparation (two to three years of study at secondary level). Distribution Requirement: WEP. Offered Term I.

SPA 1040 Second Year Spanish II 3 credits
Continued cultivation of basic skills of understanding, speaking, reading, and writing, accompanied by study of topics in Hispanic civilization. Extensive review and amplification of grammar. Prerequisites: SPA 1030 or equivalent preparation (two to three years of study at secondary level). Distribution Requirement: WEP. Offered Term II.
SPA 2030  Spanish Conversation and Grammar  3 credits
Focuses on developing the skills of listening to and speaking Spanish while reinforcing the use of correct grammar and the understanding of more complex grammatical structures and vocabulary. Prerequisite: SPA 1040. Distribution Requirement: WEP. Offered Term I.

SPA 2040  Spanish Composition and Reading  3 credits
Will develop both reading comprehension and writing skills in the Spanish language through the reading of and writing on a diverse selection of texts from the Hispanic world. Prerequisites: SPA 1040 or test into this level with freshman placement test. Fulfills WRT-Course Requirement. Distribution Requirement: WEP. Offered Term II.

SPA 2300  Latinx Music of Resistance  3 credits
Students will study music rooted in some of the many socio-political movements of the Americas in the 20th and 21st Centuries. Also study Spanish-language lyrics of music that reflects the socio-political movements of the Americas in the 20th and 21st Centuries and the historical background to each socio-political movement. Distribution Requirement: WEP.

SPA 2600/3600  Women’s Voices in Testimonial Narrative  3 credits
Features accounts by women authors of some of the most momentous moments in recent Latin American and Caribbean history. Students will study diverse forms of what is considered testimonial narrative while uncovering the more unspoken parts of the history of this region. All materials will be read in Spanish and all written work will be in Spanish. Distribution Requirement: NWP. Offered Term II.

SPA 3025  Survey of Hispanic Literature  3 credits
This course surveys the literature from the Hispanic world: its literary movements, themes, styles, and genres (narrative form, poetry, drama and essay) of Spain and Latin America, from the Middle Ages to the present. Taught in Spanish. Prerequisite: SPA 2040. Distribution Requirement: WEP. Offered Terms I and II.

SPA 3045  Children’s Literature of the Hispanic World  3 credits
Offers a selection of readings from Hispanic children’s literature. Students will read, analyze, and discuss literature written for children and young adults throughout the Spanish-speaking world. Students will also create their own original prose or poetry in Spanish intended for young readers. Prerequisite: SPA 2040. Distribution Requirement: WEP. Offered Terms I and II.

SPA 3130  Novel and Prose of the Golden Age  3 credits
Taught in Spanish, an exploration of the chief novelistic formations of the Sixteenth and Seventeenth Centuries with an emphasis on Don Quixote. Prerequisite: SPA 2040. Distribution Requirement: WEP.

SPA/WMS 3155  Contemporary Latina Literature  3 credits
Contemporary Latina Literature investigates the literary expressions of women writers born in the US of Hispanic heritage and who write in English. It studies a variety of genres and a diverse range of Latina ethnic groups in the United States. Prerequisites: SPA 2040. Distribution Requirement: WEP. Offered Terms I and II.

SPA 3190  Twentieth Century Peninsular Literature  3 credits
The Generation of 1898 to present-day literary trends, including major authors, ideas, and influences in poetry, the novel, the drama, and the essay. Prerequisite: SPA 2040. Distribution Requirement: WEP.

SPA 3270  Hispanic Literature and Film  3 credits
This course covers a variety of literary genres and their representation through film. Students will read seven original works in Spanish spanning from short stories to novels to chronicles to theater, after which they will view the film version. Prerequisite: SPA 2040. Distribution Requirement: WEP. Offered Terms I and II.

SPA-FRE-LAL 3295  Magical Realism in Short Fiction  3 credits
A study of a major international current in twentieth century fiction. Focuses on a lesser-known, but highly influential sub-genre, as well as its manifestations in the visual arts. Prerequisite: SPA 2040.
### SPA 3310  
**Latin-American Culture and Civilization**  
3 credits  
The course focuses on both historical and contemporary aspects of Latin American culture. In addition, it attempts to help students strengthen and refine their knowledge of the Spanish language. Prerequisite: SPA 2040. Fulfills WRT-Course Requirement.

### SPA 3600/2600  
**Women’s Voices in Testimonial Narrative**  
3 credits  
Features accounts by women authors of some of the most momentous moments in recent Latin American and Caribbean history. Students will study diverse forms of what is considered testimonial narrative while uncovering the more unspoken parts of the history of this region. All materials will be read in Spanish and all written work will be in Spanish. Prerequisite: SPA 2040. Distribution Requirement: NWP. Offered Term II.

### SPA 3690  
**Seminar on Contemporary Hispanic Issues**  
3 credits  
This course traces the sociopolitical movements in Spain and Latin America from the twentieth century to the present. It is based on a series of films supported by readings whose themes center on current historical events in the Spanish-speaking world. This is also a writing course in which students will develop their skills writing well organized, informative and grammatically correct essays in Spanish. Prerequisite: SPA 2040. Fulfills WRT-Course Requirement. Distribution Requirement: WEP. Offered Terms I and II.

### Speech Communications Course Descriptions

<table>

Total credits required to complete Production Track: 12.0

Total credits required to complete minor: 24.0

**Theatre Course Descriptions**

**THE 1001** Theatre Practicum: Performance 1 credit
Faculty supervised performance work on Gibson Theatre and Watson Arena productions. May be repeated for credit. Prerequisite: None.

**THE 1002** Theatre Practicum: Production 1 credit
Faculty supervised technical work on Gibson Theatre and Watson Arena productions. May include scenery, costumes, properties, lighting, etc. May be repeated for credit. Prerequisite: None.

**THE 1003** Theatre Practicum: Arts Management 1 credit
Faculty supervised management work on Gibson Theatre and Watson Arena productions. Assignments may include promotions, PR, etc. May be repeated for credit. Prerequisite: None.

**THE 1010** Introduction to Theatre 3 credits
The development of the student’s critical skills as a theatre goer and reader of dramatic literature, insight into the relationship between the theatre and human experience, information on current and past theatre happenings, and experiences in the theatre as an audience member and participant. Distribution Requirement: WEP.
THE 1011 Play Production 3 credits
A study of all aspects of theatre which are directly involved during the planning, organizing, and execution of a piece of theatre. The areas of study include an in-depth examination of play selection, funding, casting, directing, rehearsing, acting, designing, scenic construction, costume construction, properties, lighting, sound engineering, makeup, advertising, public relations, technical execution, and box office management. As each subject area is examined and discussed, the individual student mentally and physically participates. There are also discussions on the theatre as a profession and the television and movie industries.

THE 1012 Stagecraft 3 credits
An introduction to the technical aspects of theatre production crews for Theatre Arts productions. Students are expected to complete one crew assignment as a requisite to successful completion of this course. Distribution Requirement: MQR.

THE 1013 Acting I 3 credits
An introduction to the basic skills and techniques of the actor. Improvisations and exercises are used to develop the student’s awareness, sensitivities, imagination and spontaneity, and their application to truthful portrayals in realistic texts.

THE 2010 Dramatic Literature 3 credits
Designed to give students exposure to and experiences with a variety of styles and genres of dramatic literature, exploring the works of classic and contemporary playwrights writing in either mainstream or experimental formats. Distribution Requirement: WEP. Offered alternate years.

THE 2015 Directing I 3 credits
Acquisition and application of the steps whereby the director translates his concept of a play into theatrical presentation. Analysis of script, settings, casting, director's work script, various problems at different phases of the rehearsal period, and performance.

THE 2070 Stage Costume and Makeup 3 credits
A study, both theoretical and applied, of the basic principles of costume and makeup for the stage, including work with basic techniques including sewing, pattern cutting, and fabric selection as well as a survey of makeup techniques and application. Students are expected to complete one costume or makeup crew in order to pass this course. Prerequisite: None.

THE 2100 Stage Lighting and Sound 3 credits
A study, both theoretical and applied, of the basic principles of lighting and sound for the stage, including work with color media, dimming systems, scenic projections as well as sound reinforcement and reproduction systems. Students are expected to complete one lighting or sound crew in order to pass this course. Prerequisite: None. Distribution Requirement: MQR.

THE 2113 Acting II 3 credits
The application, through the playing of scenes from a wide variety of plays, of performance skills and techniques. Develops increased competency in performance through the analysis, rehearsal, performance, and critique of scenes.

THE 2120 Introduction to Theatrical Design 3 credits
A study, both theoretical and applied, of the basic principles of design for the theatre. Students will be required to complete elementary design projects in scenery, costumes, makeup, lighting and props. Distribution Requirement: MQR.

THE 2121 Scenic Design (for Non-Majors) 3 credits
The underlying purpose of this course is to study scenic design for the theatre. This course will explore esthetic, historic, ethnic, and financial factors as they apply to scenic design. Different forms of theatre (absurdism, realism, expressionism, etc.) will be studied as well as multiple set shows and the particular problems raised. Prerequisite: None for non-majors only.
THE 2131  Stage Lighting and Sound Design (for Non-Majors)  3 credits
The underlying purpose of this course is to study stage lighting and sound design for the theatre. This course will explore esthetic, historic, ethnic, and financial factors as they apply to stage lighting and sound design. Different forms of theatre (absurdism, realism, expressionism, etc.) will be studied as well as multiple set shows and the particular problems raised by each. Prerequisite: None for non-majors only.

THE 2141  Stage Costume Design (for Non-Majors)  3 credits
A survey of historical fashion as it applies to the stage. Students will study theories of costume design and basic techniques including sewing, pattern cutting, fabric selection, and makeup. Prerequisites: None for non-majors only.

THE 3000  Directing II  3 credits
The study and application of directorial concepts, techniques, and skills to various types of plays—in rehearsal and performance—with an emphasis on scene work resulting in production of a one act play. Prerequisite: THE 2015 or permission of instructor.

THE 3010  Theatre History I  3 credits
A study of the development of theatre in the Western world from its beginning through the Renaissance with the concomitant developments of methods and styles of staging, production, and acting. Distribution Requirement: WEP. Offered alternate years.

THE 3011  Theatre History II  3 credits
A study of the development of theatre in the Western world from the English Restoration and French Neo-Classic period to the present with the concomitant development of methods and styles of staging, production, and acting. Distribution Requirement: WEP.

THE 3013  Acting III - Topics in Acting  3 credits
Advanced techniques and theories of acting. Specific topics and subjects of study will change each time the course is offered, based upon student needs. Topics might include Acting in Musical Theatre, Non-Realist Theatre, Period Styles, Theatre Performance and Social Change, etc. Prerequisite: THE 1013 or THE 2113.

THE 3050  Stage Movement  3 credits
Movement techniques and sensory awareness employed in actor training (including physical warm-up and stage combat) are presented in an experiential format with textural support. Distribution Requirement: PEW.

THE 3090  Theatre Management  3 credits
One part of the course deals with the standard operations of the theatrical-management organization including budgeting, ticket sales, front-of-house operation, and auditing procedures. Another part of the course deals with promotions, publicity, subscription planning, and audience development. Students study materials dealing with contracting union affiliations, etc.

THE 3121  Scenic Design (for Theatre Majors)  3 credits
The underlying purpose of this course is to study Scenic Design for the theatre. This course will explore esthetic, historic, ethnic, and financial factors as they apply to scenic design. Different forms of theatre (absurdism, realism, expressionism, etc.) will be studied as well as multiple set shows and the particular problems raised. Prerequisites: THE 1012 and THE 2120.

THE 3131  Stage Lighting and Sound Design (for Theatre Majors)  3 credits
The underlying purpose of this course is to study stage lighting and sound design for the theatre. This course will explore esthetic, historic, ethnic, and financial factors as they apply to stage lighting and sound design. Different forms of theatre (absurdism, realism, expressionism, etc.) will be studied as well as multiple set shows and the particular problems raised by each. Prerequisites: THE 2100 and THE 2120.
THE 3141  Stage Costume Design (for Theatre Majors)  3 credits
A survey of historical fashion as it applies to the stage. Students will study theories of costume design and basic techniques including sewing, pattern cutting, fabric selection, and makeup. Prerequisites: THE 2120 and THE 2070.

THE 4001  Dramatic Theory and Criticism  3 credits
A study of dramatic theory and criticism from ancient Greece to today’s modern theatre. The canon of dramatic literature from its beginnings to the newest of works is employed to consider the impact of the theories studied. Prerequisite: Junior standing. Fulfills WRT-Course Requirement. Distribution Requirement: WEP.

THE 4590  Theatre Seminar  3 credits
An advanced seminar for upper-level students and Theatre majors. Topics of special interest to students and faculty or topics not covered in other courses are considered.

THE 4999  Internship in Theatre  3 or 6 credits
Prerequisites: Completed 24 hours of coursework in the Theatre major, Junior or Senior Standing, and Instructor’s Signature Required. Need to also complete a contract with the Office of Career Services, before registering for course. Meets Career Related Internship and graded on S-D-F basis.

Women’s Studies (Minor)
The Women’s Studies minor is comprised of 21 credit hours, six of which are fulfilled by the required WMS 1000 and WMS 4590 courses (3 credits each). The remainder of the minor consists of 15 credit hours consist of electives from courses listed or cross-listed as WMS, at least 3 credits of which must be in courses at the 3000 level or higher. Independent studies approved by the Coordinator of Women’s Studies are acceptable as electives in the minor.

Women’s Studies Course Descriptions

WMS 1000  Women and Society: An Introduction to Women’s Studies  3 credits
An introduction to the field of Women’s Studies which focuses on the social and psychological implications of gender differences as culturally defined. The course will examine past and present literature, social institutions, intellectual history, and the contributions of women to science, art, and other disciplines. Distribution Requirement: WEP. Offered Term I.

WMS-ENG 1120  LGBTQ Stories  3 credits
An exploration of nonconformity through quasi-autobiographical LGBTQ fiction.

WMS 1205  Feminist Argumentation  1 credit
An introduction to major feminist arguments from history and how to make your own feminist arguments in everyday conversation.

An introduction to the issues, research and practice of women in leadership.

An introduction to the issues surrounding race and gender wage inequality and an overview of the advocacy and activism for greater equality.

An introduction to the history of reproductive planning, and learning to advocate for reproductive rights.

An introductory survey course exploring how racial, class, and regional differences shaped the lives of different groups of American women from the early seventeenth to the mid-nineteenth centuries. Distribution Requirement: WEP.

Class will examine the processes by which social inequality is created and maintained in society. Will look at stratification based on gender, race, social class, sexual orientation, age, religion, and ability. Will look at inequality mainly within the context of the United States. Prerequisites: SOC 1010 or ANT 1040. Distribution Requirement: WEP. Offered Term I.

Will introduce students to a selection of American writers, artists and naturalists whose work explores the relationship between the natural world, ways of understanding and relating to the natural world, and gender. Through the material covered in this course we will explore the ways in which the constructed ideas of “nature” and “gender” have been intertwined in American culture, how certain assumptions about the essential nature of women and men have shaped opportunities for women and men to explore, study and know the natural world, and how the gendering of nature has shaped discussions of environmental topics and issues. Distribution Requirement: WEP.

An introductory survey of the work and family roles of different groups of American women from the post-Civil War era to the present. This course also discusses the historical development of the modern feminist movement in the United States. Distribution Requirement: WEP.

The principal goal of this course is to emphasize the value of comparative study for a meaningful understanding of different social and cultural traditions especially as they relate to the roles and status of women in Asia. This course will focus on the pre-modern period, a period that covers from the pre-imperial period of Confucius to the closing days of the dynastic system. Distribution Requirement: NWP. Meets WRT-Course Requirement. Offered Terms I and II.

The principal goal of this course is to emphasize the value of comparative study for a meaningful understanding of different social and cultural traditions especially as they relate to the roles and status of women in Asia. This course will focus on the modern period, a period that covers from closing days of the dynastic system, through the period of Western imperialism, to the middle of the twentieth century. Distribution Requirement: NWP. Fulfills WRT-Course Requirement. Offered Terms I and II.

This course takes a lifespan and thematic approach to the female experience. Topics include sexual dimorphism, childhood experiences, role identification, moral development, sexuality, motherhood, career options, aging, and the interplay of gender and psychological disorders. Prerequisites: Any of the following: PSY 1010, SOC 1010, or WMS 1000.
WMS-ENG 2155  Contemporary Latina Literature  3 credits
This is a course on the work of Hispanic women authors who write in English. Topics to be covered are: the construction of identity influenced by race, class gender and sexuality; bilingualism and the experience of immigration and exile; and feminist literature as activism.

WMS-PSY 2250  Global Perspectives of Sexual Health and Identity  3 credits
Examination of global beliefs and practices linked to aspects of sexual health and well-being, including identity, beliefs, and practices. Theoretical lenses of psychology and transnational feminism applied. Influence of globalization on indigenous conceptions explored. Prerequisites: PSY 1010 or WMS 1000 or SOC 1010 or ANT 1040. Distribution Requirement: GLP.

WMS-PSC 2400  Women in U.S. Politics  3 credits
The course examines women in contemporary American politics by first looking to the early foundations of feminist theory and a brief history of the women’s movement. It also examines the differences in behavior between the genders noted in much scholarly work in Political Science. The course concludes with an examination of the role of women in recent American campaigns and asks what the future holds for women in politics. Prerequisite: PSC 1040. Offered as needed.

WMS-AMS 2410  Gender and Utopia in America  3 credits
A study of the tradition of utopian thinking in American culture and how that tradition has dealt with questions of gender. Distribution Requirement: WEP.

WMS-ENG 2450  The Brontë Sisters  3 credits
Is an introduction to the groundbreaking work of three British women writers: Charlotte, Emily and Anne Brontë. Focus on their novels, including Jane Eyre, Wuthering Heights and Agnes Grey. The course emphasizes close reading and situating the novels in their nineteenth-century contexts. It pays particular attention to gender and women’s experience. Distribution Requirement: WEP.

WMS-ENG 2460  Jane Austen  3 credits
This course is an introduction to the influential work of Jane Austen. It focuses on her novels, including Pride and Prejudice, Emma and Persuasion. The course emphasizes close reading and situating the novels in their eighteenth- and nineteenth-century contexts. It pays particular attention to gender and women’s experience. Distribution Requirement: WEP.

WMS-ANT 3040  The Anthropology of Gender  3 credits
Discussion of the cultural construction of gender roles in simple, tribal, modernizing, and industrial societies; traditional gender roles and the impact of social and cultural change. Prerequisite: Any lower division Social Science course or permission of instructor. Distribution Requirement: NWP. Offered Terms I or II.

WMS-HMS-SOC 2620  The Family  3 credits
Looks at relationships, marriage, and child-rearing in terms of changing norms and values. Focuses on the social reproduction function of families and on challenges facing modern families today. Distribution Requirement: WEP.

WMS-ENG 3075  Twentieth Century British Women Writers  3 credits
A study of selected writings by twentieth century British women authors, with attention to prominent themes, contemporary theoretical issues, literary techniques and genres, and relevant cultural and historical contexts. Readings will vary, but they will include such authors as Virginia Woolf, Jean Rhys, Doris Lessing, Iris Murdoch, Angela Carter, A.S. Byatt, Pat Barker, Jeanette Winterson, and Zadie Smith. Readings may be supplemented with selected works of contemporary feminist theory and criticism and with the writings of relevant twentieth century pre-cursors, such as Mary Wollstonecraft and Charlotte Bronte. Prerequisite: WRT 1020 and one prior course in literature. Distribution Requirement: WEP. Offered Terms I and II.

WMS-SPA 3155  Contemporary Latina Literature  3 credits
Contemporary Latina Literature investigates the literary expressions of women writers born in the US of Hispanic heritage and who write in English. It studies a variety of genres and a diverse range of Latina ethnic groups in the United States. Prerequisites: SPA 2040. Distribution Requirement: WEP. Offered Terms I and II.
WMS-SOC 3300 Gender and Society 3 credits
The course will analyze the social construction of gender, looking at gender socialization, gender performance, social reproduction, and the role of social institutions in the maintenance of gender differences. Will also deconstruct basic binary ideas of gender using cross-cultural and historical material. Prerequisite: SOC 1010. Distribution Requirement: NWP. Offered as needed.

WMS-PHR 3333 Feminist Philosophy 3 credits
This course serves as an introduction to feminist thought as it relates to philosophical questions. This course will be an historical and topical introduction with a focus on recent feminist thought in the United States and Europe. Prerequisite: WMS 1000. Offered Terms I and II.

WMS 4590 Feminist Issues and Theories 3 credits
A capstone seminar which integrates the theories and ideas introduced in previous coursework in Women’s Studies. Will focus on feminist theoretical approaches and on major issues confronting women today, relating them to past history and future prospects. Offered Term II.

Term III Course Descriptions
During Term III, Elmira College offers courses which do not lend themselves to conventional instructional approaches, but which offer unusual educational opportunities—both on and off campus. A list of courses offered in the spring will be published prior to advising and registration for Term III in March. Following are some courses that have been offered:

AMS 1940 American Appetites: Food, Culture and History in the US 6 credits
A cultural history of American patterns of producing, eating and relating to food, with a focus on: class, ethnicity and gender; regional foodways; food movements. Field trips to local farms and farmer’s markets, Farmer’s Museum, CIA in Hyde Park, NY and New York City.

AMS-ART 1960 The Landscape of Photography
The Photography of Landscape 6 credits
A critical survey of the history of American landscape photography, from the scientific surveys of the late nineteenth century to the present, coupled with an introduction to the techniques of landscape photography and structured experience in the making of photographs. Must have own camera (35mm SLR or digital camera); course fee to cover field trips.

AMS 1970 American Countercultures: Beyond the 1960s 6 credits
A study of the history of counter cultural practices and movements in the United States, focusing on the historical antecedents to the counterculture of the 1960’s, the events of the 1960’s themselves, and post-1960’s expressions of counterculture. The course will incorporate field trips to places that reflect the history or practice of counterculture, such as Ithaca Ecovillage, The Woodstock Museum, the Shaker Historic Trail, and the Oneida Community Mansion House.

AMS-HIS 2960 Doing Public History: Theory and Practice 6 credits
An introduction to the theory and practice of public history; focus on topics relating to the history of Chemung County and the city of Elmira; completion of a significant project drawing on the resources of the Chemung County Historical Society and Museum.

ARC 1900 Introduction to Archaeology 6 credits
An introduction to the study of archaeology through classroom instruction and excavation at Quarry Farm. The course focuses on archaeological field methods and recording systems.

This course is a follow-up course to “Introduction of Archaeology,” in which the excavation findings of Quarry Farm and the 1897 Firehouse, and the tombstones of a Burdett Cemetery, are researched and published into preliminary form. Prerequisite: ARC 1900. Fulfills the WRT-Requirement.

Beginning and advanced students will concentrate on the concept of art furniture through the design and construction of functional objects. Furniture design will focus on both historical references and contemporary theory. Created works in the course will range from utilitarian to non-utilitarian furniture forms. Prerequisite: ART 1360 or ART 1300 are recommended, but not required.

This course will cover what we know and don’t know about life, from possibilities about the origins of life, through evolution to the present day, and hypotheses about future evolution and life on other planets. The focus will be conceptual and available for students with all scientific backgrounds.

This course is intended for any student interested in investigating the characteristics of local plant communities and the species that occur there. Emphasis will be placed on identification of woody and herbaceous plants in natural habitats. Topics covered will include plant-environment interactions, natural history, invasive plants, succession, plant adaptation, and the economic value of native plants. Several field trips to local natural areas will serve to acquaint students with native flora and habitats.

Genetic fingerprinting in the courtroom, GMO foods on our tables, cancer genes, genetic testing and the spread of antibiotic resistance in medicine: what are these and how do they affect us as a society? Through a combination of lecture, reading, discussion and lab, the student will learn the fundamentals of the history of genetics as a science, how our genes make us who we are, how traits are inherited and spread through a population, how biotechnology really works, and how this all impacts our society. Current events will serve as a starting point for many of the lectures and discussions, where emphasis will be placed on ethics as well as science.

An overview of basic genetic principles as relates to human biology as well as to society, focusing on applications of biotechnology, such as genetic testing and personalized medicine, made possible by the sequencing of the human genome. Prerequisite: Enrollment in the Honors Program or permission of instructor.

A comprehensive field course that focuses on aspects of marine and island ecology. Participants will explore the various terrestrial and marine habitats of San Salvador Island in the Bahamas as a way to examine fundamental ecological concepts in an unique field environment. Additionally under the guidance of participating faculty, students will participate in an ongoing scientific research project and present the results of their research to the group. Note: Non-Science majors should register for NSC 1902.

Travel course that examines the natural resources and wildlife of the Kenai Peninsula in Alaska. The course includes field work, hiking, and classroom lectures on Alaskan history, wildlife and ecology. Prerequisites: BIO 1020 and BIO 1022.

This course is designed to introduce an advanced topics in ecology through reading and discussion of seminal works in the field of ecology as well as extensive independent research design and execution in the field, with special reference to marine organisms and environments on the island of San Salvador, Bahamas. Prerequisite: BIO 3930.

Students will use current WALL STREET JOURNAL articles and related current and historical readings as the basis for studying the effects of major political, economic, and legal events on businesses and their stakeholders.

Will provide a systematic framework for making appropriate career decisions for those who wish to consciously and explicitly "manage" their career. The course will provide students with concrete skills for managing career-skills at self assessing opportunities, making career and job related choices, and managing this process in both the short term and long run.

An emphasis on modern chemical analysis, students will gain experience in modern instrumental techniques such as spectroscopy, chromatography and electrochemical techniques. Prerequisite: CHE 2020 and CHE 3140.

Examination of the political and legal, development of students’ rights and its modern application in the United States, including: the evolution of students’ rights, analysis of major U.S. Supreme Court cases on point, and an examination of related issues surrounding students’ rights both on and off of campus. Distribution Requirement: WEP.

An overview of speech-language pathology services provided within public school systems including a discussion of the impact of federal and state legislation, testing and referral procedures, therapy programming, accountability, and certification requirements.

Introduction to the Scope of Practice and Code of Ethics for Speech Language Pathologists and Audiologists as established by the American Speech-Language Hearing Association. Throughout the course, students will explore legal, ethical, and moral dilemmas through case studies, discussion, and written assignments. Prerequisites: CSD 2100.

An introduction to the history and steps of ballroom and Latin and swing dance. Prerequisite: None (wear comfortable shoes, no flip-flops).

Analyses the impact of globalisation on the economies and societies of Thailand and Cambodia. Studies the economic rationale for globalisation as well as its effects, both positive and negative, on social norms, cultures and traditions. Deeper understanding of these perspectives is gained by travel to Thailand and Cambodia and immersion in the culture and society of these countries through experiential and service learning opportunities. Distribution Requirement: WEP. Co-requisite courses Eco 1936 and SOC 1936.

Discusses the reasons for and the state of financial inequality in America today. The course is built on the work of Joseph Stiglitz (Nobel prize-winning economist) and Robert Reich (former Secretary of Labor and Professor of Public Policy at the University of California at Berkeley). Distribution Requirement: WEP.
ECO-PHR 2900 Business and Society: Does the Corporation Have a Conscience? 6 credits

This course deals with the following sorts of issues: A) Should the only concern of business be profit, or should the corporation be socially responsible? B) What are the moral limits on product advertising? Should the advertising industry be allowed to regulate itself? C) Should business take the initiative in affirmative action? D) Should corporations be responsible for our environmental wellbeing?

EDU 3950 Education Policy: A Global Perspective 6 credits

Class will analyze the role of education policy in various countries throughout the world with a focus on how culture, history and geography shape national education priorities. Prerequisite: EDU 1010. Distribution Requirement: GLP.

ENG 1922 Writing About Rock ‘n’ Roll 6 credits

Will read articles and essays by music journalists, historians and writers. Will listen to music samples and watch video and documentary clips of music and musicians. Will write intensively in the style, spirit and craft of the music genre essay. Fulfills WRT-Course Requirement.

ENG 1939 Comic Books and Graphic Novels 3 credits

An introduction to comic books and graphic novels. It introduces students to selected major authors, illustrators, themes and genres. The emphasis is on critical reading and writing, including textual and visual literacy. Students will employ formal as well as cultural analysis. Distribution Requirement: WEP.

ENG 1945 Science Fiction and Fantasy 3 credits

An introduction to speculative fiction focusing on individual and societal responses to technology. Will discuss the nature of basic science fiction and fantasy themes and will relate those themes to the sociopolitical “realities” of the worlds encountered. Distribution Requirement: WEP.

ENG 2908 The Culture of Global Recession 6 credits

Is a multimedia examination of the global financial crisis which began in 2007-2008 and its aftermath. It covers various potential causes and consequences of the crisis around the world, but focuses on the interpretation of cultural forms—films, television, journalism, novels, etc. which depict and analyze the events, both as they happen and retrospectively. Distribution Requirement: GLP.

ENG 2925 Horror, Gender, and Sexuality 3 credits

A selective study of British, American, and European horror fiction and film from the late eighteenth century to the present, with a focus on the political implications of the portrayal of gender and sexuality. Readings to be selected from such authors as the Marquis de Sade, Edgar Allan Poe, E.T.A. Hoffman, Charlotte Brontë, Sheridan Le Fanu, Charlotte Perkins Gilman, Bram Stoker, Oscar Wild, Charlotte Mew, Shirley Jackson, Angela Carter, Iain Banks, Anne Rice, and Clive Barker. Distribution Requirement: WEP.

ENG 2940 Shakespeare on Film 6 credits

A close reading of a number of Shakespeare’s plays and then an examination of how they have been adopted into film. Prerequisite: A prior literature course.

ENG 2980 Reading Darwin 3 credits

Seeks to understand Charles Darwin’s key ideas about evolution by studying how he developed and presented them in his writing. Explores how Darwin’s approach to writing both reflects and compliments his approach to science, concentrating mainly on The Origin of Species. Attempts to foster an inclusive, interdisciplinary notion of literacy by showing how writing, literary studies, and scientific inquiry can work together to create a reasonable framework for communicating, collaborating, and achieving consensus in our shared pursuit of truth. Distribution Requirement: WEP.

FAR 1900, 2900, 3900 Musical Comedy: Rehearsal and Performance 3 or 6 credits

Students participate in the production, rehearsal and performance of a musical theatre production in assigned areas of performance, scenic construction, property building, costuming and make-up, publicity, lighting and sound. A student may participate in two areas.
FAR 1915  Stage Voice and Diction  3 credits
A study of voice production and projection for the actor or professional voice user. Prerequisites: None.

FAR 2910  The Archaeology of Greece and Turkey: A Study Tour  6 credits
A study tour of principal archaeological and artistic sites on Mainland Greece, the Aegean Islands and Western Turkey, stressing the evidence for Ancient Greek life, continuity and change in the modern Greek experience and an appreciation of timeless masterpieces of Greek Art.

FIN 1900  Introduction to Investments  3 credits
Emphasizing practical employment of investment analyses, this course is designed to provide both a basic understanding of alternative types of investments and a structure from which decisions can be made. Cases involving the institutions and techniques utilized by the investment community will supplement text material. A mathematical background beyond intermediate algebra is helpful but not necessary. Offered Term III alternate years.

FIN 3901  Financial Modeling With Excel  3 credits
Teaches the methods involved in creating financial models in Excel. Develops students’ spreadsheet skills far beyond a basic level without requiring computer programming skills. Offers practical applications for the theories studied in Corporation Finance and Investments. Students will build analytical skills that can be listed on their resumes. Prerequisites: FIN 3010 and FIN 3100.

FIN 4900  Student Managed Investment Fund  3 credits
This course permits students to use the knowledge and skills developed in FIN 3100, FIN 3200 and FIN 4100 to manage a portfolio of stocks. Students would use the top-down approach to analyze the overall macroeconomy, one or more sectors of industry, and several firms, with the intention of making recommendations for investment purposes. Prerequisite: A grade of B+ or better in FIN 4100.

HIS 1938  The Holocaust and Twentieth Century Genocide  3 credits
An examination of the Holocaust in its social and historical context and from a comparative perspective, with the aim of determining how and why it happened. Distribution Requirements: QR and WEP.

HIS 1977  China East to West - Past to Present  6 credits
Immerse yourself in Chinese history and culture through intense study and extensive travel experiences. This course is intended to introduce students to Chinese history and modern Chinese culture challenging common assumptions and give students an opportunity to meet in person the complex of things that we often lump under the term ‘China’ and the diversity of folk that we often simply call “the Chinese.” Distribution Requirement: NWP.

HIS 2902  History of Recent America  3 credits
This course will explore the major domestic and foreign policy developments in United States history from the early 1960s to present times. Distribution Requirement: WEP.

HIS 2925  Contemporary Guatemalan History  3 credits
Survey of contemporary Guatemalan history from approximately World War II to the present day. Key foci include the rise of democracy; the role of the U.S. in Guatemalan affairs; the interrelationships between indigenous and non-indigenous Guatemalans, and the place of human rights in contemporary Guatemala. Distribution Requirement: NWP.

HIS 2965H  The Chinese Revolution  3 credits
Will explore the rise of China as a global power from the fall of the imperial system to the policies of Xi Jinping. Prerequisite: Enrollment in the Honor's Program or Permission of the Instructor. Distribution Requirement: NWP.
HMS 1900  Perspectives on Intellectual and Developmental Disabilities  3 credits
A study of developmental disabilities from both interdisciplinary and historical perspectives to include discussion of such issues as intelligence, education of the handicapped, legal rights of the handicapped and the place of the mentally retarded in society.

HMS 1940  Mental Illness in the Media  3 credits
A survey of American films dealing with mental illness and its treatment. The role of both the “patient” and “therapist” will be analyzed. Films will be critiqued for accuracy of representation of psychiatric conditions, the affect of these conditions on individuals and families, and the roles and interventions of psychotherapists. Prerequisite: None.

HMS-NSG 1967  Global Humanitarian Issues  3 credits
This course will explore humanitarian aid in the contexts of disaster response and on-going conflict. Based on guidelines established by international responders, we will explore the consequences of mass population displacement and the potential difficulties, among them, epidemics, starvation, and disrupted education. Legal and ethical issues including international law as it applies to humanitarianism will be discussed and well as organizations available to provide aide Distribution Requirement: GLP.

HUM 2910  The Archaeology of Greece and Turkey: A Study Tour  6 credits
A study tour of principal archaeological and artistic sites on Mainland Greece, the Aegean Islands and Western Turkey, stressing the evidence for Ancient Greek life, continuity and change in the modern Greek experience and an appreciation of timeless masterpieces of Greek Art.

MAT 1940  A Mathematician Looks at American History  3 credits
An in depth look at certain events in American History and how mathematics can be used to get a different or deeper understanding of these events. Topics may include “Elementary Game Theory and the Cuban Missile Crisis”, “Elementary Probability and the 2000 Presidential Election” and “Apportionment and The Election of 1876.” Prerequisite: Successful completion of the mathematics competency requirement.

MAT 1970  Finite Mathematics  3 credits
Designed to meet the mathematical quantitative reasoning requirement for students without a strong mathematical background. This course will expose students to a variety of mathematical ideas with an emphasis on real-world applications. As "Finite Mathematics" is a collective term for mathematics outside of the traditional calculus sequence, a wide variety of topics may be included including logic, set theory, bases other than ten, counting techniques and probability, but different topics may be chosen at the discretion of the instructor. Prerequisites: MAT 1030 or successful completion of the Mathematics Competency Requirement. Offered Terms I, II, and III.

MAT 1980H  The Essentials of Chaos Theory  3 credits
An introduction chaos theory: its history and practice. Mathematical and algebraic analysis of chaotic systems. Experimental observation of chaotic phenomena. Comparison of the history of chaos theory with those of other scientific revolutions. Applications of chaos theory. Prerequisite: MAT 1030 or equivalent; enrollment in the Honor program or permission of instructor.

MAT 3940  Voting Theory  3 credits
An overview of the central ideas of Voting Theory. In this course we will study different voting procedures, apply them to specific elections and model them using geometric methods such as the Saari Representation Triangle. We will also consider paradoxes that can occur, various fairness criteria and prove a number of impossibility theorems including Arrow’s. Other topics will be discussed if time permits. Prerequisite: MAT 2100.

MGT 2940  Effective Negotiation  3 credits
In this course students will learn the fundamental techniques to effectively plan, conduct, control, and evaluate a negotiation. Course topics include environmental scanning, internal evaluation, strategy formulation, strategy implementation and strategic control and evaluation. Students will learn the underlying importance of managing negotiation sub-processes including effective communication, relationship
building, conflict resolution, and ethics. Students will also learn how to manage the barriers to effective negotiation by employing the strategy of "principled negotiation" to move beyond the traditional strategy of positional bargaining. Finally, students will gain "hands on" negotiating experience through in-class negotiating exercises that are designed to deepen their understanding of the basic negotiation concepts.

MGT 2960  
**Team Building for Managers**  
6 credits

Team Building for Managers is an application course in which business students will learn the basic tools on how to develop effective teams. This is a highly hands on course environment where every topic will be teach through a combination of groups exercises, in classroom simulations, theory and practice. Students will learn how to create truly effective teams to increase the performance level of the organization. Prerequisite: MGT 2240.

MKT 3915  
**Entertainment, Media, and Sports Marketing:**  
An Experiential Learning Experience  
6 credits

Students will examine the best marketing practices and leading marketing strategies utilized in the entertainment, media, and sports industries. Through a series of real-life case studies, experiential learning experiences and interactive lectures involving experts in the industries, the student will achieve a better understanding of the marketing practices and strategies of these industries, to better prepare students for a possible professional career in one of these fields. Prerequisite: MKT 2250 and MGT 2240.

MUS 1901  
**The Virtuoso Musician**  
3 credits

An introduction to some of the great performers in the world of music and their influence on society. Emphasis will be on the lives of various musicians and their influence on the music, performance habits and instruments of their generations as well as their relationships with the general public. Use of recorded examples will increase the student’s aural perception and appreciation of stylistic differences in the music of the artists studied. Distribution Requirement: WEP.

MUS 1919  
**Music in the United States**  
3 credits

An introduction to music and musicians of the United States. Distribution Requirement: WEP.

MUS 1920  
**Fundamentals of Music**  
3 credits

An introduction to musical notation and the keyboard. For beginners in music theory and recommended as a prerequisite for Music Theory I. Offered Term III alternate years.

MUS 1957  
**Rock and Roll: A History**  
3 credits

A study of the history and stylistic development of Rock and Roll from approximately 1950 to the 1990s. Distribution Requirement: WEP.

NSC 1902  
**Marine and Island Ecology**  
6 credits

For Non-Science majors. A comprehensive study of tropical marine and terrestrial organisms, the environments in which they live, and the interactions between the organisms and their environments. The students will explore the various terrestrial and marine habitats of San Salvador Island, and keep a field journal in which will be recorded observations of the organisms and their habitats. Prerequisites: PED 1140 or PED 1142, and instructor’s signature is required.  
Note: Science majors should register for BIO 3930.

NSC 1960  
**Impact of Sustainable Agriculture on Italy’s History and Culture**  
6 credits

Will introduce sustainable agriculture. Students will study the meaning of dietary terms and nutritional characteristics using the Scientific Method. The class integrates the natural and physical sciences and social sciences. Students learn “farm to table” ideals with agricultural specialists committed to sustainable agriculture. The Italian peoples, culture and economics have adopted sustainability and thrived.

NSC 1975  
**Applied Science for Teachers**  
3 credits

The study of the natural sciences (Physical, Life, and Earth sciences) and their applications in the world. Will provide a fundamental knowledge in the disciplines and hands-on activity-experiments in the scientific disciplines.
NSC 2929  Making and Using Telescopes  6 credits
A practical introduction to telescopes and astronomical viewing. The history of telescopes. Design and construction of telescopes and telescope mounts. The optics of refracting and reflecting telescopes. Eyepiece design and construction. Mapping the night sky. Observations of the Sun, the Moon, the planets, bright and faint stars, nebulae, and galaxies.

NSG-HMS 1967  Global Humanitarian Issues  3 credits
This course will explore humanitarian aid in the contexts of disaster response and on-going conflict. Based on guidelines established by international responders, we will explore the consequences of mass population displacement and the potential difficulties, among them, epidemics, starvation, and disrupted education. Legal and ethical issues including international law as it applies to humanitarianism will be discussed and well as organizations available to provide aide. Distribution Requirement: GLP.

NSG-HLS-HMS 2920  Health Perspectives on Vulnerable Populations  3 credits
Features an exploration of global health and wellness needs of vulnerable populations. Emphasis is placed upon local (regional), national, and global issues as they relate to the World Health Organization’s social determinants of health. Will focus on health indicators of global health and wellness of vulnerable and underserved populations. Distribution Requirement: GLP.

PED 1902  Outdoor Adventure  6 credits
In this course will learn the skills necessary to take part in outdoor adventure activities. Specifically will learn many outdoor skills necessary for survival, camping, hiking, etc. Will explore a specific pre-determined geographical area of the world. Also, learn how to organize adventure trips and participate in several different adventures and/or a multi-day adventure trip. Each year the course explores a different region and the adventures vary and change. Distribution Requirement: PEW. Fees may be associated with course.

PHR 3940  Environmental Ethics  3 credits
This course examines the relationship between ethics and the environment, in both a global sense and in terms of the value of nonhuman beings that populate it. Possible topics covered include animal rights, environmental justice, biodiversity, population consumption, and ecofeminism. Prerequisite: PHR 1006. Distribution Requirement: GLP.

PSC-ECO 1940  War and International Negotiations  3 credits
Is war profitable? How can we stop the buildup of weapons? Why do countries go to war? Can the U.N. operate without an international government? These are a few of the questions that will be addressed in this course. We will study issues related to the strategic interaction of countries in conflict through readings, discussion and film. Emphasis in addressing these topics will be placed on the theoretical results and unexplained problems remaining.

PSC 2910  Model U.N. Security Council - Non-Western  3-6 credits
This course consists of three separate but related activities: 1) a study of the United Nations, in general, and the Security Council, in particular; 2) co-learning with and tutoring of high school students, who simulate representing the member-states of the Security Council, on the issues and problems of the world and the organizational procedures in dealing with them; and 3) organization and execution of a five-day, four-night conference in May. Students wishing to be assigned to a non-western country should register for this course number. Prerequisite: None for PSC 2900; for PSC 3900, either PSC 2900 or PSC 1021 and PSC 2140 or the equivalent and permission of instructor.

PSC 2911  Model U.N. Security Council- European  3-6 credits
This course consists of three separate but related activities: 1) a study of the United Nations, in general, and the Security Council, in particular; 2) co-learning with and tutoring of high school students, who simulate representing the member-states of the Security Council, on the issues and problems of the world and the organizational procedures in dealing with them; and 3) organization and execution of a five-day, four-night conference in May. Students wishing to be assigned to a European country should register for this course number. Prerequisite: Permission of instructor.

PSC-PSY 2970  Political Motives: The Psychology and Rationality of Political Behavior  3 credits
The course provides an introduction to a number of concepts from psychology that help us to understand political behavior. Topics include personality in politics, individual and group decision-making, the role of emotion in politics, and how psychological explanations can add
deeper understanding to the concept of rational decision-making. Such topics will aid students in understanding a wide range of political behavior from media coverage of politics to campaign strategy. Prerequisites: PSC 1010 or PSY 1010 are recommended.

PSY 2980  Drugs and Behavior  3 credits
Studying the effects of psychoactive drug use on the brain and behavior may help us understand human behavior from a biopsychosocial perspective. Draws on theory and research in related fields such as psychology, biology, pharmacology, neuroscience, chemistry, anthropology, history, law, sociology, and political science to understand the effects of drug use on human behavior.
Co-requisite with SOC 2980.

SOC 2930  Sociology of Sports  3 credits
Course will focus on gender, race and social class aspects of organized sports. Issues such as drug use and geographic inequality will also be discussed. Theories of institutions, social reproduction, bureaucracy, inequality and other important concepts will be applied to the world of athletics. Course will look at the importance of organized sports for society. Distribution Requirement: WEP.

SOC 2980  Drugs and Behavior  3 credits
Studying the effects of psychoactive drug use on the brain and behavior may help us understand human behavior from a biopsychosocial perspective. Draws on theory and research in related fields such as psychology, biology, pharmacology, neuroscience, chemistry, anthropology, history, law, sociology, and political science to understand the effects of drug use on human behavior.
Co-requisite with PSY 2980.

SSC 1915  Behind the Headlines: Understanding the Contemporary World  3 credits
An introduction to the analysis of contemporary world and national affairs, placing special emphasis on the historical and geographical determinants of modern social, political, and economic developments. Distribution Requirement: GLP.

SSC 1980  Natural and Social History of Eastern Australia  6 credits
A non-technical introduction to the natural history and culture of Australia. The geology of Australia will be introduced and several ecosystems will be visited. Students will observe the unique flora and fauna of the continent. The indigenous people and European cultures will be observed as will the relationships between the two. Students will have the opportunity to experience contemporary Australian culture.
Distribution Requirements: 3 NWP and 3 WEP.

WMS 2901  WWW.Women  6 credits
This Term III course will engage students in a scholarly exploration of women’s creative traditions in western New York. Students will work in teams to explore and share traditions, via interviews, archival research, discussion, and creation of a World Wide Web site on the Internet. A major focus of the course will be the conducting of oral histories of living women. No previous knowledge of computers or the Internet required.

Payment Schedule

All new students are required to pay a non-refundable enrollment deposit of $300, in order to confirm their enrollment plans. This fee will be applied to the cost of attendance.

The following schedule lists important payment dates:

July 31st - Charges for Term I are due and payable.
A carrying fee will be assessed on any balance remaining on or after September 3rd
November 30th - Charges for Term II and Term III are due and payable.
A carrying fee will be assessed on any balance remaining on or after January 7th.

The carrying fee is non-refundable and will be assessed on a monthly basis as a percentage of the total outstanding balance. For Term I billing, this outstanding balance may be adjusted for anticipated financial aid awards, i.e., offers of financial aid not yet credited to the tuition account balance. This will not be the case for Term II billing, as any outstanding issues pertaining to financial aid awards should be resolved by that time.
For part-time students, by arrangement with the Business Office, tuition may be paid on the Deferred Payment Plan.

Students who are not in good financial standing with the College, will be ineligible to receive grades, transcripts, diplomas, and if a student’s account becomes seriously delinquent, the Bursar may declare the student on financial probation which will carry the same limitations to activities as academic probation see page 22. Checks received from students or their financially responsible parent or guardian, which are returned to the College unpaid by reason of insufficient funds, will result in the student being placed on financial probation.

Term I enrollment, as well as participation in the housing and board programs, will be viewed as a commitment for the entire academic year. Notification to the contrary must be made in writing by completing a Request for Withdrawal or Leave of Absence Form with the Office of Student Success and Advocacy, retention@elmira.edu.

Refund Schedule

When a student notifies the College of their intent to withdraw and completes the appropriate withdrawal or Leave of Absence process, charges will be made in accordance with the following schedule.

**Term I 2019:**

- During Orientation week: 90% of basic charges refunded
- First week of class: 70% of basic charges refunded
- Second week of class: 50% of basic charges refunded
- Third week of class: 30% of basic charges refunded
- Fourth week of class: 10% of basic charges refunded
- Fifth week of class: no refund given

**Term II 2020:**

- During Orientation week: 90% of basic charges refunded
- First week of class: 70% of basic charges refunded
- Second week of class: 50% of basic charges refunded
- Third week of class: 30% of basic charges refunded
- Fourth week of class: 10% of basic charges refunded
- Fifth week of class: no refund given

**Term III 2020***:

- First week of class: 50% of basic charges refunded
- Second week of class: 25% of basic charges refunded
- Third week of class: no refund given

*Applicable only if charged for Term III.

Students receiving DOD Tuition Assistance please refer to the refund schedule from the Business Office.
NOTES:

1. The week of withdrawal is the week in which written communication is received by the Office of Student Success and Advocacy, Gannett-Tripp Library, retention@elmira.edu, (or a later date if the notice so stipulates). The first week of classes is the week in which the first day of classes’ falls. The class week starts at 12:01 a.m. on Monday.

2. The standard refund policy will apply to students who have been suspended or dismissed for disciplinary reasons.

3. All scholarships, grants, and loans received through Elmira College will be pro-rated based on the college refund schedule if the student withdraws during the academic year. Refunds for Federal Title IV financial aid (PELL Grant, SEOG Grant, TEACH Grant, Federal Direct Subsidized/Unsubsidized Loans, Federal Perkins Loans and Federal PLUS Loans) are governed by federal law and a federal refund schedule. Students who withdraw or take a leave of absence from the College during an enrollment period should contact the Bursar, McGraw Hall, room 118, (607) 735-1762. The Bursar completes the Department of Education worksheet for Return of Title IV funds using the withdrawal or leave date to determine the amount of federal aid the student is eligible to receive based on the percentage of time enrolled in the term. All days during the term (except for scheduled breaks of five days or more) are counted. Federal aid is prorated on a daily basis until the student has completed 60% of the term (at which time, the student has earned 100% of Title IV funds). For Military Tuition Assistance refund policy see “Veterans’ Information.”

All unearned federal aid is refunded back to the federal programs in the prescribed order.
   A. Unsubsidized Direct Stafford Loan
   B. Subsidized Direct Stafford Loan
   C. Perkins Loan
   D. Direct PLUS Loan (Graduate Student)
   E. Direct PLUS Loan (Parent of an Undergraduate Student)
   F. Pell Grant
   G. SEOG Grant
   H. TEACH Grant

Elmira College will debit the student account for any Title IV program funds that the school was required to return.

The refund policies for Title IV Funds and Elmira College are separate. Therefore, a student may still owe funds to Elmira College to cover unpaid institutional charges.

4. Students attending both Term I and Term II, but not Term III, will receive a refund of Term III board only. Tuition, room, and fees are not charged separately for Term III and therefore are not refundable.

5. Student employment is based on job availability, scheduling, and skills and is not guaranteed. Students are paid federal minimum wage for hours worked, by direct deposit or check on a monthly basis. To help pay your educational expenses, earning may be applied to your bill by payroll deduction or cash payment. Scholarships and grants awarded by organizations and agencies other than the College, and paid directly to the College, will not be deducted from charges due until actually received. The Office of Financial Aid must be notified of any scholarship or grant awarded by organizations and agencies other than Elmira College.

6. Credit balances may be requested beginning five weeks after the term begins (three weeks for Term III). Elmira College does not automatically issue refunds unless required under Title IV (federal aid
exceeds allowable billing charges), or the student graduates or withdraws. For students who receive Title IV aid, credit balance refunds (min. $1.00) will automatically be refunded starting no later than fourteen days after the start of class for each term.

Questions concerning Title IV guidelines should be directed to the Office of the Bursar. If a student does not request a refund, the credit balance will remain on the student’s account to offset future charges.

**Academic Requirements for Aid Eligibility**

It is important that financial aid recipients read and understand the following information. If you have any questions, please contact the Office of Financial Aid. In addition, please refer to the Index in the Elmira College Bulletin for more information on the College’s Academic Regulations.

For State financial aid purposes, **full-time** is defined as being enrolled for a minimum of 12 credits Term I and 12 credits Term II (or a combination of 12 credits Term II and Term III if a written Plan of Study is filed with the Office of the Registrar prior to the start of Term II). New York State Enhanced Tuition Award (ETA) recipients must be enrolled in at least 12 credits Terms I and II complete at least 30 credits each year (successively), applicable toward his or her degree program. Federal Pell and TEACH Grant recipients must register for a minimum of 12 credits Term I, 12 credits Term II, and 6 credits Term III. Students who fail to enroll for the minimum credit hours or the number of credits specified by the governing agency could face possible reduction in their Federal and State Grants. A drop or withdrawal from a course may result in a decrease or cancellation of awards.

Students must meet grade point average requirements outlined in the Financial Aid Award message on MyEC or contract for continuance of aid. The academic records of financial aid recipients will be reviewed at the end of the Fall Term for continuance of State Grants and at the end of the academic year for continuance of all financial aid.

As outlined below, the minimum standards for Satisfactory Academic Progress, currently approved by the N.Y. State Commissioner of Education require that a student achieve a specified cumulative grade point average (qualitative measure) and accrue a specified number of credits (credits accrued or earned versus credits attempted, quantitative measure or pace). In addition, the Higher Education Act requires that at the end of the student’s second academic year or its equivalent, the student must have a GPA of at least a 2.0 or have academic standing consistent with the College’s graduation requirements. The maximum time frame to maintain financial aid eligibility cannot exceed 150% of published length of the program. For example, a student enrolled in an undergraduate program normally consisting of 120 credit hours must complete their program after attempting a maximum of 180 credit hours, measured by credits attempted and transfer credits (accepted and applied to the degree).

**Program Pursuit - New York state-sponsored grant recipients must also receive** a passing or failing grade (A – F letter grade) in a certain percentage of courses each term, depending on the number of state award payments the student has received.

- For the first and second payments, 50 percent of the minimum full-time requirement (i.e., 6 credit hours).
- For the third and fourth payments, 75 percent of the minimum full-time requirement (i.e., 9 credit hours).
- For five or more payments, 100 percent of the minimum full-time requirement (i.e., 12 credit hours).
Satisfactory Academic Progress

Applies to students’ first receiving aid in 2010-2011 and Thereafter.

Regulations provide for a one-time waiver of the financial aid standards in exceptional cases. Written documentation, addressed to the Director of Financial Aid, must demonstrate extenuating circumstances such as injury, illness or undue hardship, during the term that prevented the student from meeting the standards. There must also be a reasonable expectation that the student will meet future requirements. Third party documentation must support the waiver request. The Director of Financial Aid is the designated official to grant or deny the waiver request, based on submitted documentation and consultation with the Registrar and other College officials.

Emeriti Faculty and Administration:

Stephen Francis Coleman
B.A., Boston University; M.A., Boston University; M.S., Boston University; Ph.D., Boston University; Vice President Emeritus of Academic Affairs and Dean of Faculty, Professor of Political Science (1994)

Maureen Ann Donohue-Smith
B.A., Pennsylvania State University; B.S., University of Pennsylvania; M.S., Colorado University; Ph.D., Cornell University; Associate Professor Emerita of Human Services

Jerry Bates Gapp
M.S., Colgate University; CPA, Vice President Emeritus Leonard Tydings Grant B.A., Rutgers University; B.D., Princeton Theological Seminary; S.T.M., Temple University; Ph.D., Edinburgh University; L.H.D., ’87, Elmira College; Vice President Emeritus

Marybeth Alves Gillis
B.S., Northeastern University; M.S., Syracuse University; Associate Professor Emerita of Nurse Education

David T. Graves
B.A., M.A., University of Kansas; Ph.D., The Union Institute; Professor Emeritus of Mathematics

James David Gray
B.A., M.S. in Ed., Syracuse University; Director Emeritus of the Gannett-Tripp Library

Douglas Holtgrewe

Phyllis Holtgrewe
B.S. Cornell University; M.S., Ithaca College; Associate Professor Emerita of Speech and Hearing (1974)

Margaret Leahy Hopkins
B.S., State University of New York at Albany; M.S., State University of New York at Binghamton; Associate Professor Emerita of Nurse Education

Teruo Kobayashi
A.A., Hiwassee College; B.A., Chattanooga; M.A., Emory University; Ph.D., University of Florida; Matsumiya Professor Emeritus of International Relations

Joseph John Koczan
M.A., University of Northern Colorado in Business Administration; Vice President of Finance and Dean of Administration Emeritus

Gary C. LaPointe
A.B., The College of the Holy Cross; M.A., Boston College; Ph.D., Case Western Reserve University; Associate Professor Emeritus of English

John Farrell McLaughlin
B.A., Boston University; Ph.D., Brandeis University; Professor Emeritus of Philosophy and Religion

Linda Pratt
B.A., M.Ed., Ed.D., University of Massachusetts at Amherst; Dana Professor Emeriti of Education

Bryan DeWitt Reddick
B.A., University of Iowa; M.A., Syracuse University; Ph.D., University of California at Davis; Academic Vice President, Professor Emeritus of English

Christine Rosner
B.S., Columbia University; M.A., Ph.D., University of Connecticut; Associate Professor Emerita of German

Thomas Kane Rutan
B.A., Rutgers University; M.B.A., Seton Hall University; Vice President Emeritus

Lois Schoener
D.N.Sc., Doctor of Nursing Science; Professor Emerita of Nursing and Director of Nurse Education
Peter C. Schwartz  
B.A., Mount Saint Mary’s College; M.S., Washington State University; Ph.D., Bowling Green State University; Associate Emeritus Professor of English

Gretchen Ehle Sharlow ’91  
M.S., Elmira College, Director, Center for Mark Twain Studies Emerita

Norman Smith, Ph.D., President Emeritus

Lawrence James Stephens  
B.S., Loyola University of Chicago; Ph.D., University of Nebraska Lincoln; Georgia Harkness Professor of Natural Science, Professor Emeritus of Natural Science

Elizabeth Margaret Wavle-Brown  
B.M., State University of New York at Potsdam; A.M.L.S., University of Michigan; M.S. Elmira College; Dean and Director Emeriti of the Library

Karen Sue Wheaton  
B.S., State University of New York at Albany; M.S., State University of New York at Geneseo; Associate Professor Emeriti of Communication Sciences and Disorders

Mark Brooks Woodhouse  
B.A., The Catholic University of America; M.S. Rochester Institute of Technology; M.L.S. State University of New York at Buffalo; Technical Services and Archives Librarian Emeritus

Resident Tenure-Track Faculty and Librarians:

James Baer  
B.S., SUNY Cortland; AuD University of Louisville; Assistant Professor of Communication Sciences and Disorders (2015)

Nathaniel Ball  
B.S., SUNY Geneseo; M.S., Kent State University; Archivist and Curator (2015)

Krista A. Barzen-Hanson  
B.A., College of Saint Benedict; Ph.D., Oregon State University; Assistant Professor of Chemistry (2018)

Christine Bezotte  
B.S., Clarkson University; M.Ed., St. Lawrence University; Ph.D., Clarkson University; Associate Professor of Biology (2002)

Tammy Bocek  
B.S. Pennsylvania College of Technology; M.S., SUNY Stony Brook Pathways to Midwifery; Assistant Professor of Nurse Education (2018)

Kathleen G. Brown  
B.S., M.B.A., University of Scranton; C.P.A.; Associate Professor of Accounting (1978)

Matthew W. Burr  
A.S., Tompkins Cortland Community College, B.S., Elmira College, M.B.A., Syracuse University; Assistant Professor of Business Administration (2018)

Derek Chalfant  
B.A., Herron School of Art, Indiana University; M.F.A, University of Notre Dame; Associate Professor of Art (2003)

Eileen Choi  
B.S., Villanova University, M.S., LeMoyne College, Ph.D., Villanova University (2017)

Daniel N. Clay  
B.A., Drury University; M.S., University of New Hampshire School of Law; M.S., Ph.D., Suffolk University; Assistant Professor of Criminal Justice (2016)

George H. de Falussy  
B.A., George Williams College; M.F.A., Wayne State University, Detroit; Associate Professor of Theatre (1984)

Heidi Maria Carla Dierckx  
B.A., M.A., University of Durham, England; Ph.D., University of Pennsylvania; Professor of Classical Civilizations (1998)
Martha Anderson Easton  
B.A., Swarthmore College; Ph.D., University of Minnesota; Associate Professor of Sociology (2005)  

Todd Patrick Egan  
B.S., Heidelberg College; M.S., Botany-Miami University; Ph.D., Ohio University; Professor of Biology (2001)  

Tina Gain  
B.S. Mansfield University; M.S., Mansfield University; Assistant Professor of Nurse Education (2018)  

Adam Giambrone  
B.S., Hobart and William Smith College; Ph.D., Michigan State University, Assistant Professor of Mathematics (2018)  

Lynn Louise Gillie  
B.S., University of Minnesota; Ph.D., Southern Illinois University at Carbondale; Professor of Biology, Pre-Health Coordinator, and Coordinator of Term III Travel (1997)  

Myra Glenn  
B.A., Canisius College; M.A., Ph.D., State University of New York at Buffalo; Professor of American History (1985)  

Susan Elizabeth Wurzer Gustafson  
B.S., West Chester State College; M.S., Keuka College; Ph.D., Saint John Fisher College; Assistant Professor of Nurse Education (2013)  

Kunihiro Imai  
B.A., Meiji Gakuin University; B.A., Lock Haven University; M.A., Ph.D., SUNY Binghamton; Associate Professor of International Relations (1997)  

J. Charles Jacobson  
B.A., Southern Illinois University; Ph.D., Northwestern University; Associate Professor of Mathematics (1990)  

Rebecca Johnson  
B.S., University of Wisconsin-Madison, M.S., Cornell University, Ph.D., Syracuse University, Assistant Professor of Adolescence Education (2013)  

Margaret Christine Kappanadze  
B.A., College of Wooster, M.L.S., Drexel University; Director of the Library (2008)  

Mariam Khawar  
B.A., Knox College; M.A., Ph.D., Johns Hopkins University; Professor of Economics (1997)  

Daniel Kjar  
B.S., Northern State University; M.S., Georgetown University; Ph.D., Georgetown University; Associate Professor of Biology (2006)  

Joseph Kolacinski  
B.S., Florida Atlantic University; M.S., Ph.D., University of Miami; Assistant Professor of Mathematics (2008)  

Philip A. Kovak  
B.S., Ball State University; Ph.D., University of Oregon; Assistant Professor of Chemistry (2018)  

Hollie Kulago  
B.S., Northern Arizona University; M.S.Ed., Purdue University; Ph.D, Purdue University; Associate Professor of Teacher Education (2012)  

Debra Karen Lebel  
B.A., Adelphi University; M.S., Adelphi University, Assistant Professor of Speech and Hearing (2017)  

Carol Lenhart  
B.S., SUNY at Brockport; M.A., University of Delaware; Ph.D., University of Delaware; Associate Professor of Criminal Justice (2006)  

Mitchell Ray Lewis  
B.A., M.A., California State University, Fullerton; Ph.D., University of Oklahoma; Associate Professor of English (2003)  

Amy Lyndaker  
B.A., Goucher College; Ph.D., Cornell University; Associate Professor of Biology (2015)
Mary Josephine Mahoney  
B.A., SUNY Stony Brook, M.F.A., Sarah Lawrence College, Ph.D., University of Houston; Associate Professor of English (2000)

Diane Maluso  
B.A., M.A., Ph.D., University of Rhode Island; Associate Professor of Psychology (1996)

Corey Randall McCall  
B.A., B.F.A., Truman State University; M.A., Boston College; Ph.D., Southern Illinois University; Associate Professor of Philosophy (2006)

Charles Edward Mitchell  
B.A., Williams College; Ph.D., Claremont Graduate School; Professor of American Studies (1993)

Patricia Pavlick Morrow '96  
B.S.N., Elmira College; M.S.N., Binghamton University; Assistant Professor of Nursing Education (2019)

James Nageldinger  
B.S., Grand Valley State University, M.S., University of Washington, Ph.D., Kent State University; Assistant Professor of Literacy Education (2014)

Deborah Duncan Owens  
B.S., Mississippi State University; M.S., Mississippi State University Meridian; Ph.D., Mississippi State University, Associate Professor of Teacher Education Literacy and Executive Director of Teacher Education (2013)

Mark Gerald Pitner  
B.A., University of Wisconsin – Milwaukee; MA, Ph.D., University of Washington; Associate Professor of History (2011)

Gennaro Rendino  
B.S., M.B.A., Cornell University, Assistant Professor of Business Administration (2017)

John Andrew Savash  
B.S., Canisius College; M.B.A., Ohio University; Associate Professor of Accounting (1999)

Matthew Seybold  
B.A., Washington University; M.A., University of California-Irvine; Ph.D., University of California–Irvine; Assistant Professor of English (2015)

Amarendra Kumar Sharma  
B.A., Ramajas College; M.A., Delhi School of Economics; M.A., University of Cincinnati; Ph.D., University of Cincinnati; Associate Professor of Economics (2007)

Lauren Shaw  
B.A., University of Connecticut; M.S., Wesleyan University; University of Connecticut; Ph.D., City University of New York; Associate Professor of Spanish and Hispanic Studies (2008)

Betsy Ashbrook Smith  
B.A., Princeton University; M.S., Ph. D., Yale University; Assistant Professor of Biochemistry (2014)

Martha Christina Smith  
B.A., Wellesley College; M.A., Indiana University; M.L.S., Rutgers University, Instruction and Outreach Librarian (2001)

Mark Joseph Spicer  
B.M., University of Wisconsin Eau Claire; M.M., Michigan State University; Ph.D., University of North Texas; Professor of Music (1986)

Corey Eugene Stilts  
B.S. University of Pittsburgh; Ph.D., University of Buffalo; Provost and Associate Professor of Chemistry (2009)

Joel Stoker  

Christopher Paul Terry  
B.S., Towson University; M.S., Syracuse University; Ph.D., Syracuse University; Assistant Professor of Psychology and Coordinator of Academic Advising (2009)

Minjeong Kim  
B.A., Ewha Woman’s University; M.A., Ph.D., Binghamton University; Lecturer in Academic Writing Program (2016)

Christopher Longwell  
A.A.S., Corning Community College; B.F.A., Alfred University; M.F.A., Edinborough College; Lecturer in Art

Christine Mary Mecke  
B.S., M.S.Ed., Pennsylvania State University - State College; Ed.D., University of Rochester; Lecturer in Education - Special Education (2012)

Mihai Miroiu  
B.A., University of Bucharest; M.A., University College London; Ph.D. University of Bucharest; Lecturer in French (2004)

Jesse D. Ozog  
A.S., Corning Community College; B.A., State University of N.Y. at Binghamton; M.A., State University of New York at Buffalo; Lecturer in Academic Writing Program (2013)

Erin Leigh Riddle  
B.A., Ithaca College; M.A., Ph.D., Binghamton University; Lecturer in Academic Writing Program (2013)

Katrina Shilts  
B.A., Lake Superior State University; M.A., Ph.D., Binghamton University; Director of the Academic Writing Program and the Writing Center (2004)

**Part-Time Lectures:**

The faculty is composed of persons from within the College and from the community. Part time lecturers teach in the Undergraduate and Graduate divisions of the College. Each part time lecturer is carefully selected on the basis of professional competence, academic training, and interest in teaching.

The following are part time lecturers who have taught for Elmira College on a regular basis for at least ten years:

Shirley Brodginski  
B.S., Houghton College; M.A., University of Hartford; Lecturer in Psychology
Maryann Bullett  
M.S., University of Wyoming, Lecturer in Audiology (1978)

Louis Coccagna  
B.M., University of Rochester; M.Mus., Catholic University; Lecturer in Music (2000)

Karen Colegrove  
M.S., Syracuse University, Lecturer in Nursing (1994)

Jean A. DeSio  
R.N., Robert Packer School of Nursing; B.S.N., Elmira College; M.S.N. Syracuse University; Lecturer in Nurse Education (2004)

Peter C. Haskell  
Lecturer in Music (2001)

Carrie M. Hooper  
B.A., Mansfield University; M.A., State University of New York at Buffalo; Lecturer in German (2003)

Jane A. LeClair  
B.A., D.Ed., Syracuse University; M.S.Ed., State University of New York College at Oswego; M.B.A., City University; Lecturer in Adult Education

Richard J. Marchesani  
B.A., Utica College of Syracuse University; M.S., Syracuse University, Ed.D., Nova Southeastern University; Lecturer in Education (2008)

Jennifer Forrest Meekins  
B.S., College of William and Mary; Ph.D., Ohio University; Lecturer in Biology (2003)

Cheryl Meyer  
M.S., Syracuse University, Clinical Nurse Specialist in Trauma and Critical Care, Lecturer in Nursing (1995)

Thomas M. Miller  
Lecturer in Education (2004)

Bonnie Morse  
M.S., Syracuse University, Clinical Nurse Specialist in Cardiology, Lecturer in Nursing (1994)

Joan Ostrander  
B.S., State University of New York College at Geneseo; M.S.Ed., Elmira College; Lecturer in Early Childhood Services

Suzanne Urban  

Lorraine M. Williams ‘72  
M.S., Elmira College, Lecturer in Education (1972)

Mia Wise ‘92  
Lecturer in Dance (1998)

Deborah M. Woglom  
B.S.N., University of Delaware; M.S.N., Binghamton University; Lecturer in Nursing

**Affiliate Faculty:**

Cathy Bartoszek  
Florida Regional Medical Center, Naples, Director of Nursing

Karyn Besegai  
Massachusetts General, Nursing Project Coordinator

Candis Contetto  
B.S., R.N., UHS-United Health Services, Inc., Nurse Educator

Debbie Day  
M.S., R.N., UPMC Susquehanna Soldiers and Sailors Memorial Hospital (SSMH), Hospital Charge Nurse and Nursing Administration

Nicole DeRenda  
R.N, MBA, ECMC, Erie County Medical Center, Assistant Vice President of Critical Care and Emergency Services /Director of Med/Surg Nursing Education

Maegan Franco  
Saint Anthony’s Community Hospital, Warwick NY, in Worcester Medical Center, Nurse Educator
Barbara Goodwin  
  R.N., Cayuga Medical Center, Director of Staff Education

Michele Harms  
  M.S., MT(ASCP), Program Director, The UPMC Chautauqua WCA Medical Laboratory Science Program

Tonya M. Lawrence  
  R.N., Northwell Health - Institution for Nursing - Long Island Jewish Medical Center - Forrest Hills - New York City and Northwell Health - Institution for Nursing - Southside - New York City, Assistant Director of Corp Nursing Education

Sarah Lesniak  
  R.N. B.C., Strong Memorial, Rochester University Medical Center and Golisano’s Children’s Hospital, Senior Nurse Educator-Affiliated Schools Coordinator

Kaitlyn Levasseur  
  Our Lady of Lordes Hospital, Nurse Manager

Brian Spezialette  
  M.S, MT (ASCP), Program Director, Clinical Laboratory Sciences Program at Robert Packer Hospital, Sayre, Pennsylvania

Wendy Windsor  
  Dartmouth-Hitchcock Medical Center, Clinical Placement Coordinator

Kim Winne  
  R.N., M.S., CMSRN, Saratoga General, Clinical Educator

Carla Wyllie  
  Ellis Hospital, Nurse Manager

Mitchell Zaretsky  
  New York Methodist Hospital Center for Allied Health Education; Director of Development and Planning

Non Discrimination Statement

In compliance with Title VI of the Civil Rights Act of 1964; Title IX of the Education Amendments of 1972 and the Age Discrimination Act of 1975, and other state, federal, and local laws, Elmira College does not discriminate on the basis of age, color, race, gender identity or gender expression, pregnancy, familial status, sex, sexual orientation or expression, religion, national origin (ancestry), citizenship, military status, genetic information or disability in any phase of its employment process, and of its admission or financial aid programs, or any aspects of its educational programs or activities.

For concerns related to students contact the College’s Title IX Coordinator Ms. Karen Johnson, Vice President of Institutional Research, Planning, and Assessment at (607) 735-1827 or e-mail kajohnson@elmira.edu, McGraw Hall, room 114. For concerns related to employees contact Ms. Jessica Carpenter, Director of Human Resources, at (607) 735-1810 or e-mail jcarpenter@elmira.edu, McGraw Hall, room 115, the College’s compliance officer for employees. More detail can be found in the Student and Employee Handbooks.

Ms. Karen Johnson, is also the individual designated by the College to coordinate its efforts to comply with Section 504 of the Rehabilitation Act of 1973. In compliance with Section 504 of the Rehabilitation Act of 1973, Elmira College prohibits discrimination on the basis of physical or mental disability. Questions or concerns regarding the College’s obligations under Section 504 and Title II of the Americans with Disabilities Act of 1990 (ADA) should be directed to Ms. Karen Johnson at (607) 735-1827 or e-mail kajohnson@elmira.edu, McGraw Hall, room 114.
Safety and Security

In Compliance with The Crime Awareness and Campus Security Act of 1990 as amended in 1992, the Elmira College Safety and Security Report is published annually and provides detailed information about the Elmira College Security Staff, relationships with local, state and federal law enforcement agencies, crime prevention education programs, procedures for reporting crimes and other emergencies, campus resources for victims of assault, including sexual assault, fire safety, and general campus safety. Statistics concerning crimes on campus for the most recent three calendar years are included in this report. A copy of the Elmira College Safety and Security Report may be obtained from the Office of Admissions.

In compliance with Article 129-A of New York’s Education Law, the Advisory Committee on Campus Security will provide on request all campus crime statistics as reported to the United States Department of Education. These statistics can also be obtained online by going to www.ope.ed.gov/security/.

Missing Student Notification Policies and Procedures

It is the policy of Elmira College to investigate any report of a missing student who is enrolled and attending classes. This policy, with its accompanying procedures, establishes a framework for cooperation among members of the College community aimed at locating and assisting students who are reported missing.

A student will be deemed missing when reported absent from the College (including trips and athletic events) without any known reason. All reports of missing students must be directed to Elmira College’s Office of Campus Safety at 607-735-1816. Campus Safety, in collaboration with various Student Life departments, will lead in investigating each report and make a determination whether the student is missing in accordance with this policy.

All students have the option to identify a confidential contact person or persons who will be notified within 24 hours in the event that a determination is made by the College that the student is missing. This contact information may be added through an online form through the Dean of Student’s Office. Only those authorized by the Dean of Students and law enforcement officers in furtherance of a missing person investigation may have access to this information.

If a missing student is under 18 years of age, and not an emancipated individual, the institution will notify a custodial parent or guardian of the missing student not later than 24 hours after the determination that the student is missing.

Elmira College will contact local police and other law enforcement agencies no later than 24 hours after the institution receives a report that any student is missing.

Given the various housing options at Elmira College, there is no formal procedure or prescribed timelines for monitoring whether students are present in their assigned student housing. Student welfare and safety is paramount to Elmira College; however, the institution recognizes and makes known its limitations in obtaining accurate and timely information on the whereabouts of students.

The Office of Student Life shall have the responsibility to make the provisions of this policy and the procedures set forth below available to students.
Procedures:

Any report of a missing student, from whatever source, must immediately be directed to the Office of Campus Safety.

When a student is reported missing the Office of Campus Safety will:

1. Initiate an investigation to determine the validity of the missing person report;
2. Inform the Office of Student Life;
3. Make a determination as to the status of the missing student;
4. Notify local police or other appropriate law enforcement agencies within 24 hours after the institution receives a report that the student is missing;
5. If the student is missing from a trip sponsored by the institution, the Office of Campus Safety, in collaboration with the staff member on the trip, will contact local law enforcement.

Upon determining the student is missing the Office of Student Life will:

1. Notify the person(s) identified by the missing student as the confidential contact within 24 hours of making the determination that the student is missing;
2. If the missing student is under the age of 18, and not an emancipated individual, notify the student's custodial parent or guardian as contained in the institutions records within 24 hours of the determination that the student is missing;
3. Inform Senior Officers as needed; and
4. Initiate whatever other action is deemed appropriate under the circumstances to be in the best interest of the missing student.

The Office of Student Life shall initiate whatever action is deemed appropriate under the circumstances to be in the best interest of the missing student.

Student Contact Information:

In addition to having the option to identify a “confidential contact person” as provided in this policy, all students are asked to submit emergency contact information and update it yearly. The Office of Residence Life will verify and collect emergency contact information from residential students during fall move in.

Student Notification of This Policy:

- Included on the Student Life and Campus Safety webpages and on the student tab in MyEC Portal.
- Discussed during mandatory housing meetings at the beginning of each semester.
- Included in the Annual Campus Security and Fire Safety Report.

Data:

Graduation rate and transfer out data from Elmira College is available upon request in the Office of Institutional Research, Planning and Assessment.
